A clear and simple manual of precise instructions for accessing the Akashic Records and confirming the accuracy of the information you receive • Details exercises, tools, and techniques to clear the energies blocking your access and tune to your Akashic Record Keepers • Explains the specific markers that allow you to recognize your Record Keepers and to validate the information you receive, rather than "trusting" it to be true • Provides guidance on accessing the Akashic Records on behalf of other people, how to ask questions, and how to handle the information as it comes in The Akashic Records are a vast domain of energetic imprints much like a movie library, a living vibrational field that stores all possible futures, the present, and the past. As soon as your soul begins its life experience, a field of energy is released that records every thought, word, action, desire, and emotion. In this guide to opening the Akashic Records, Maureen St. Germain provides precise instructions explaining how to connect with your personal Record Keepers, gain clear access to the Akashic Records, discover information about you and your loved ones, and learn your soul's purpose. The author explains how outside energies can influence your connection to the Akashic Records. She details energetic clearing exercises to remove the energies blocking or shadowing your access and teaches the Higher Self Protocol to ensure an authentic channel of communication. She explores how to find the Record Keepers who will be the most helpful to you and provides techniques and tools, such as guided energy work, to prepare you for Akashic Record access, initiate you into the 5D mindset, and invite more accuracy and a stronger connection. She details the specific markers to look for to recognize genuine Akashic Librarians and to validate and confirm the information you receive, rather than simply "trusting" it to be true. She also provides guidance on accessing the Akashic Records on behalf of other people, how to ask questions, and how to handle the information as it comes in. Explaining why the Ascended Masters opened access to the Akashic Records to all of humanity and how their presence assists you, St. Germain shows how the intended purpose for working with the Akashic Records is for soul growth, not to "repair" your karma debts. By seeing your records and working with your Record Keepers, not only will you learn your soul's purpose and help solve the problems that crop up in everyday life and relationships, but you will amplify your spirituality and begin operating at a higher level in consciousness. Your work in the Akashic Records aids and assists in Earth's ascension.

Centuries have passed and time has taken its toll on Mars. Conflict burns across the landscape. A war of supremacy and genocide at the hands of a brutal despot has brought the planet to the edge of collapse. A search party has finally located an aged John Carter and Dejah Thoris, living in quiet seclusion on a desert moon, in perpetual mourning for their lost son. How could they be Mars' last hope? Introducing a John Carter story like you've never seen before, from co-writers Brian Wood (Star Wars, DMZ, Northlanders) and Alex Cox (Adventure Time), joined by artist Hayden Sherman (Civil War II: Kingpin). Reviews: "Hayden Sherman does a great job... It is primitive and powerful. Each panel looks dangerous, like you could be sliced to ribbons by the cliff faces." - Comic Crusaders "It never occurred to me that John Carter and Batman would have much in common, but I hadn't read John Carter: The End yet." - Slack Jaw Punks "A perfect continuation for the stories of Edgar Rice Burroughs and the characters of Barsoom. This should please, delight and thrill old and new fans alike." - Outright Geekery

The world is now populated by a wide array of species, including the human-like Transparents--and one in particular, a young woman named Orane. But as time passes, the Great Oak begins to weaken, and Tho wants to acquire its power...and then there are Yz and Meth, two hybrid demons who threaten to turn the world upside down.

Energy is the center of all life, and your energy is the center of all that you attract. You project this energy ahead of you in time and space, magnetically determining whom you will meet, as well as what the dynamics of any particular relationship will be like. In Secrets of Attraction, you'll discover what makes up your personal energy field, how you broadcast it, and why it has much more impact on your relationships than your looks, intellect, or financial status. No matter what you've been through in the past, you do have the power to change your relationship energy and manifest the intimacy and true love that has been eluding you for so long!

This theory recognizes the evolution of the soul as a process that is quite continuous in itself, though carried out partly through the instrumentality of a great series of dissociated forms. Putting aside for the moment of profound metaphysics of the theory which trace the principle of life from the original first cause of the cosmos, we find the soul as an entity emerging from the animal kingdom, and passing into the earliest human forms, without being at that time ripe for the higher intellectual life with which the present state of humanity renders us familiar. But through successive incarnations in forms whose physical improvement, under the Darwinian law, is constantly fitting them to be its habitation at each return to objective life, it gradually gathers that enormous range of experience which is summed up in its higher development. In the intervals between its physical incarnations it prolongs and works out, and finally exhausts or transmutes into so much abstract development, the personal experiences of each life. This is the clue to the true explanation of that apparent difficulty which besets the cruder form of the theory of reincarnation which independent speculation has sometimes thrown out. Each man is unconscious of having led previous lives, therefore he contends that subsequent lives can afford him no compensation for this one. He overlooks the enormous importance of the intervening spiritual condition, in which he by no means forgets the personal adventures and emotions he has just passed through, and in the course of which he distills these into so much cosmic progress. In the following pages the elucidation of this profoundly interesting mystery is attempted, and it will be seen that the view of events now afforded us is not only a solution of the problems of life and death, but of many very perplexing experiences on the borderland between those conditions - or rather between physical and spiritual life - which have engaged attention and speculation so widely of recent years in most civilized countries.
