#1 New York Times Bestseller * An Amazon Best Book of the Year There's no such thing as safe in a city at war, a city overrun with monsters. In this dark urban fantasy from acclaimed author Victoria Schwab, a young woman and a young man must choose whether to become heroes or villains—and friends or enemies—the future of their home at stake. The first of two books, *This Savage Song* is a must-have for fans of *Holly Black*, *Maggie Stiefvater*, and *Laini Taylor*. Kate Harker and August Flynn are the heirs to a divided city—a city where the violence has begun to breed actual monsters. All Kate wants is to be as ruthless as her father, who lets the monsters roam free and makes the humans pay for his protection. All August wants is to be human, as good-hearted as his own father, to play a bigger role in protecting the innocent—but he's one of the monsters. One who can steal a soul with a simple strain of music. When the chance arises to keep an eye on Kate, who's just been kicked out of her sixth boarding school and returned home, August jumps at it. But Kate discovers August's secret, and after a failed assassination attempt the pair must flee for their lives. In *This Savage Song*, Victoria Schwab creates a gritty, seething metropolis, one worthy of being compared to Gotham and to the four versions of London in her critically acclaimed fantasy for adults, *A Darker Shade of Magic*. Her heroes will face monsters intent on destroying them from every side—including the monsters within.

Can true love conquer all in this adventure romance spanning Europe and the high seas?

Toward the end of the year 1920 the Government of the United States had practically completed the programme, adopted during the last months of President Winthrop's administration. The country was apparently tranquil. Everybody knows how the Tariff and Labour questions were settled. The war with Germany, incident on that country's seizure of the Samoan Islands, had left no visible scars upon the republic, and the temporary occupation of Norfolk by the invading army had been forgotten in the joy over repeated naval victories, and the subsequent ridiculous plight of General Von Gartenlaube's forces in the State of New Jersey. The Cuban and Hawaiian

investments had paid one hundred per cent and the territory of Samoa was well worth its cost as a coaling station. The country was in a superb state of defence. Every coast city had been well supplied with land fortifications; the army under the parental eye of the General Staff, organized according to the Prussian system, had been increased to 300,000 men, with a territorial reserve of a million; and six magnificent squadrons of cruisers and battle-ships patrolled the six stations of the navigable seas, leaving a steam reserve amply fitted to control home waters. The gentlemen from the West had at last been constrained to acknowledge that a college for the training of diplomats was as necessary as law schools are for the training of barristers; consequently we were no longer represented abroad by incompetent patriots. The nation was prosperous; Chicago, for a moment paralyzed after a second great fire, had risen from its ruins, white and imperial, and more beautiful than the white city which had been built for its plaything in 1893. Everywhere good architecture was replacing bad, and even in New York, a sudden craving for decency had swept away a great portion of the existing horrors. Streets had been widened, properly paved and lighted, trees had been planted, squares laid out, elevated structures demolished and underground roads

built to replace them. The new government buildings and barracks were fine bits of architecture, and the long system of stone quays which completely surrounded the island had been turned into parks which proved a god-send to the population. The subsidizing of the state theatre and state opera brought its own reward. The United States National Academy of Design was much like European institutions of the same kind. Nobody envied the Secretary of Fine Arts, either his cabinet position or his portfolio. The Secretary of Forestry and Game Preservation had a much easier time, thanks to the new system of National Mounted Police. We had profited well by the latest treaties with France and England; the exclusion of foreign-born Jews as a measure of self-preservation, the settlement of the new independent negro state of Suanee, the checking of immigration, the new laws concerning naturalization, and the gradual centralization of power in the executive all contributed to national calm and prosperity. When the Government solved the Indian problem and squadrons of Indian cavalry scouts in native costume were substituted for the pitiable organizations tacked on to the tail of skeletonized regiments by a former Secretary of War, the nation drew a long sigh of relief. When, after the colossal Congress of Religions, bigotry

Instead, you will find sword-wielding women warriors, intrepid women fighter pilots and far-ranging spacewomen, deadly female serial killers, formidable female superheroes, sly and seductive femmes fatale, female wizards, hard-living Bad Girls, female bandits and rebels, embattled survivors in Post-Apocalyptic futures, female Private Investigators, stern female hanging judges, haughty queens who rule nations and whose jealousies and ambitions send thousands to grisly deaths, daring dragonriders, and many more." From New York Times bestselling author Meghan March comes a new deliciously dangerous alpha hero in *The Fall of Legend*, the first book in the utterly addictive Legend trilogy. We come from two different worlds. I'm from the streets. She might as well live in an ivory tower. I made my living with my fists. I doubt she could even throw a punch. Our paths never should have crossed. We never should have met. That doesn't change the facts. I would sell my soul to taste those red lips. Fight the devil himself to hear her laugh. Burn in hell to have a single night. Scarlett Priest shouldn't even know men like me exist, but sometimes temptation is stronger than will. If this is how I go down, it'll be worth every second of the fall. *The Fall of Legend* is the first book in the Legend Trilogy.

As the people of Achlev struggle to survive the instability fueled by Dominic Castillion, Aurelia is determined to save them and her loved ones at any cost.

Guilty as Sin is the second book in New York Times bestselling author Meghan March's epically romantic and addictive Sin Trilogy. Guilty until proven innocent. That's the way the world works, right? I'm tired of being convicted without evidence, all because my last name is Gable. The Riscoffs might own this town, but I'm done following their rules. If only I could forget just how easily Lincoln Riscoff can

From New York Times bestselling author Meghan March comes a saga of forbidden love and second chances. They say a Riscoff and a Gable can never live happily ever after. Not with a family feud that is the stuff of legends. I used to believe that—until I caught a glimpse of a woman who took my breath away. I didn 't know or care what her name was. Like any man who sees and knows what he wants, I went after her. I certainly didn 't expect her to be Whitney Gable. We burned like a flash fire until everything went sideways, and she married another man. She hates me now, and she should. I objected on her wedding day. She was out of my reach for years, but now she 's home again—and there 's no ring on her finger.
