Written in New York City at the end of the First World War, this has been described by Crowley as an extended and elaborate commentary on The Book of the Law, in the form of a letter from the Master Therion to his magical son.

Role in Jewish tradition, text, and prayer

Throughout his life Rebbe Nachman penned succinct, powerful and challenging epigrams containing the distilled wisdom of the Torah on all areas of life, spiritual and physical. Calling his collection "My dearly beloved friend, " he used it to inspire himself along the path that led him

to greatness. Also available in the original Hebrew with expanded source references.

Piracy and Intellectual Property in Latin America is the first sustained effort to present an alternative framework for understanding piracy and contemporary challenges to global discourses on intellectual property (IP) in the Americas. While piracy might just look like theft and derivative reproduction from the perspective of many right-holders, the contributors to this volume go beyond this economic-driven logic and show how practices of copying are in fact practices of reinvention that reflect the rich social networks and forms of creativity, authorship,

commerce, and consumption that characterize informal economies. From a perspective informed by contemporary scenarios in Mexico, Brazil, Chile, Argentina, Peru, Guatemala, and the United States, they engage in a discussion of alternatives that—predicated on the importance of protecting culture—allow for other ways of conceiving prosperity at local, national, regional, and global levels. Examples discussed include video games, clothing, trinkets, music, film, TV, and books. Designed to help understand the broader implications of IP and piracy for the field of Latin American studies, this book will be a major contribution to

Global South studies, as well as to the growing bibliography on globalization, informal markets, and piracy.

The acclaimed author of *García Márquez* delivers “a compulsively readable account of the life and works of our greatest . . . “writer of fantasy” (New York Daily News). Since its first publication in 1981, *Borges and His Fiction* has introduced the life and works of this Argentinian master-writer to an entire generation of students, high school and college teachers, and general readers. Responding to a steady demand for an updated edition, Gene H. Bell-Villada has significantly revised and expanded the book to incorporate new information that has become available since Borges’ death in 1986. In particular, he offers a more

complete look at Borges and Peronism and Borges' personal experiences of love and mysticism, as well as revised interpretations of some of Borges' stories. As before, the book is divided into three sections that examine Borges' life, his stories in *Ficciones* and *El Aleph*, and his place in world literature. "Of the scores of Borges studies by now published in English, Bell-Villada's excellent book stands out as one of the freshest and most generally helpful . . . Lay readers and specialists alike will find his book a valuable and highly readable companion to *Ficciones* and *El Aleph*." –Choice

"This is a tale of two cities-Madras and Chennai. In this book, the author braids together the essential aspects of Madras and Chennai to

give us an exquisite portrait of the iconic city on the Coromandel Coast. The story of Madras, founded by the British almost four hundred years ago, gives way to that of Chennai in 1996, but the two are so intertwined that it is impossible to tell them apart. The history of the city is populated with fascinating characters-writers, builders, thinkers; British traders, luminaries and rogues; freedom fighters and political leaders who changed the city's political milieu. In independent India, the political life of Madras was marked by battles for equality, the demolition of unjust caste structures, and a remarkable spirit of secularism, all of which the author brings to vivid life. But the

city's unique flavour is not limited to its history and politics, it owes much to its rich cultural, religious, gastronomic and sporting heritage-highlights of which include the largest classical music festival in the world, a remarkable array of cuisines, both native and imported, from the crisp dosai to spicy Chicken 65, a passion for cricket, tennis and chess and the best filter coffee on the planet. Sharply observed, yet meditative and personal, Degree Coffee by the Yard brings a great city to rare and refreshing life. Interesting Facts : A tale of two cities-Madras and Chennai which expertly braids together the Sub category: Indian Writing, Travel Writing essential

aspects of the two. Sharply observed, yet meditative and personal, Degree Coffee by the Yard brings a great city to rare and refreshing life. This book will appeal to all who love the city of Chennai and also to those who stand fascinated by its heritage."--Publisher's description.

The Story of Miss Moppet

Did you know that Jesus appears ten times (1000%) more in the Old

Testament than he does in the New

Testament. In fact Jesus the Aleph-Tav

appears 9612 times (uninterpreted) in the Old Testament but only 983 times in the New Testament. The Aleph-Tav is comprised of the first and last characters of the Hebrew language, just as the alpha and the omega are the first and last characters of the Greek language. The Aleph-Tav is also the Hebrew character symbol believed to be the signature of Christ found only in the Hebrew Bible, represented by the head of a bull and the sign of a cross. Both character symbols clearly point us to Christ, the Lamb of God who died for humanity on the cross of Calvary. I AM the Aleph-Tav unveils the presence of Jesus in the Old Testament, first by taking a deep dive into the mystery of the Aleph-Tav. Although this symbol appears almost ten thousand times in the

Old Testament, it was never interpreted into any other language, and author Samuel Koiki shows how there are parallels between the Old Testament and the statements Jesus made to John in the book of Revelation, where Jesus proclaimed that he was the Alpha and the Omega, the beginning and the end, in a different way, the Aleph-Tav. Was Jesus telling John that he was there all along when the universe was created in Genesis? Perhaps he was telling John that he indeed is the creator, and that it was he who brought forth the miracles in the Old Testament scriptures. Unraveling the mystery of the Aleph-Tav will answer these questions and lead believers to the truth, abundant living, and freedom from sin, oppression, and the lies of the devil.

Too often literary criticism is academic exercise rather than creative act. For the multifaceted Julio Ortega—respected poet, dramatist, and novelist in his own right—the act of criticism becomes

profoundly creative, his incisive readings of the text far transcending the pedantry that may falsely pass for imagination, intelligence, and rigor. Nearly every Spanish-American writer of consequence, from Paz to Fuentes, Cortázar to Lezama Lima, has extolled Ortega's criticism as not merely a reflection but an essential part of the renaissance that took place in Spanish-American letters during the late twentieth century. Poetics of Change brings together Ortega's most penetrating and insightful analyses of the fiction of Borges, Fuentes, García Márquez, Carpentier, Rulfo, Cabrera Infante, and others responsible for great writing from Spanish America. Ortega concerns himself most with the semantic innovations of these masters of the

modern narrative and their play with form, language, and the traditional boundaries of genre. Mapping their creative territory, he finds that the poetics of Spanish-American writing is that of a dynamically changing genre that has set exploration at its very heart. Aleph Shin/Samson's Lion was one of the most spellbinding religious thriller books published in the past ten years. Ten Lost is its prequel. Since Aleph Shin is out of print, and must be read first, TMS Publishing has included the entire book in this volume with Ten Lost for no more than the cost of Ten Lost alone. Two-for-the-price-of-one. Ten Lost fills in the gaps in Aleph Shin that surely left the reader asking the question: What are the foundations of this amazing story? Ten Lost answers these questions and

gives deep insights into conflict of religion and secularism in the State of Israel.

Winner of the Women's Prize for Fiction "No one writes like Ruth Ozeki—a triumph." —Matt Haig, New York Times bestselling author of *The Midnight Library* "Inventive, vivid, and propelled by a sense of wonder." —TIME "If you've lost your way with fiction over the last year or two, let *The Book of Form and Emptiness* light your way home." —David Mitchell, Booker Prize-finalist author of *Cloud Atlas* A boy who hears the voices of objects all around him; a mother drowning in her

possessions; and a Book that might hold the secret to saving them both—the brilliantly inventive new novel from the Booker Prize-finalist Ruth Ozeki One year after the death of his beloved musician father, thirteen-year-old Benny Oh begins to hear voices. The voices belong to the things in his house—a sneaker, a broken Christmas ornament, a piece of wilted lettuce. Although Benny doesn't understand what these things are saying, he can sense their emotional tone; some are pleasant, a gentle hum or coo, but others are snide, angry and full of pain. When his mother, Annabelle, develops a hoarding problem, the voices grow more clamorous. At first, Benny tries to ignore them, but soon the voices follow him outside the house, onto the street

and at school, driving him at last to seek refuge in the silence of a large public library, where objects are well-behaved and know to speak in whispers. There, Benny discovers a strange new world. He falls in love with a mesmerizing street artist with a smug pet ferret, who uses the library as her performance space. He meets a homeless philosopher-poet, who encourages him to ask important questions and find his own voice amongst the many. And he meets his very own Book—a talking thing—who narrates Benny's life and teaches him to listen to the things that truly matter. With its blend of sympathetic characters, riveting plot, and vibrant engagement with everything from jazz, to climate change, to our attachment to

material possessions, The Book of Form and Emptiness is classic Ruth Ozeki—bold, wise, poignant, playful, humane and heartbreaking.

“This exuberant comic

novel—involving explosions,

secret agents, religious fanatics and a hapless narrator dragged around Europe by his long-lost aunt—is also a sly theological exploration of fate and predestination.”

—The New York Times Book Review Calvin Bledsoe has never grown up. His mother, an internationally known theologian, was the dominant force in his life—so much so that he never left home, even when he married. Now she is gone, and at her funeral, Calvin meets an aunt he never knew existed, who immediately takes charge of his life and whisks him off to Europe for a grand adventure. As Calvin and his

aunt traverse the continent, it becomes apparent that her clandestine behavior is leading him into danger. Facing a menagerie of antiquities thieves, secret agents, and religious fanatics, as well as an ex-wife who is stalking him, Calvin begins to suspect there might be some meaning behind the madness. Is he the person he thought he was? Is anyone ever who they appear to be? But there's little time for soul-searching, as Calvin first has to figure out why he has been kidnapped, why his aunt has disappeared, and who the hell burned down his house in Maine.

Il existe en nous un bon et un mauvais silence. Le bon silence, c'est celui de l'écoute, celui de l'ouverture de l'âme à l'art, à la lumière et à la nuit, à, la Parole initiale dont toutes les autres ont pu sortir dans la durée d'une vie. Nous durons, nous parlons, nous survivons d'instant en instant par la grâce de ce lieu saint caché en nous-mêmes, que Claude Vigée identifie à l'Aleph, première lettre de l'alphabet hébreu, symbole de l'Un originel.

"L'expérience de la guerre et de l'exil m'a appris dès ma première jeunesse à avoir soif de ce lieu, dit-il. Les circonstances m'ont contraint à creuser un tunnel souterrain jusqu'à lui." Ce cheminement intérieur, Claude Vigée nous en livre ici l'essence, à travers une méditation fondée sur son interprétation de la Révélation biblique : interprétation à la fois très

personnelle et poétique, enracinée dans la plus pure tradition judaïque, en particulier dans ce joyau de la mystique juive qu'est la Kabbale.

Poetry. "ALEPH: From the silence of this letter title springs forth a book rich in thin lines of force. There's an essential echo that runs through these poems, an echo of an old beginning. Like the oil pressed from olives, what these poems give forth is the essence of the soul's song: 'like fire / among the clamor / like / bellowing water.' An exceptional first book."--Pam Rehm
