In linea con il programma della primaria, ma svincolati da un criterio strettamente legato alla classe, possono essere utili anche in caso di specifiche difficoltà di apprendimento per il potenziamento e il recupero.

TEACHER'S KIT Il Teacher's KIT contiene il teacher's book con i lesson plan, e tutti i materiali in dotazione agli studenti: i tre lapbook, corredati del disfalibro con gli elementi da ritagliare ed eventualmente completare per costruirli, e il workbook operativo con i compiti da svolgere a casa. TEACHER'S BOOK

Nel teacher's book sono forniti i lesson plan per ognuno dei tre macro-argomenti, sviluppati alla luce delle Indicazioni nazionali per il curricolo e

dell'esigenza di poter affrontare i contenuti a spirale, con diversi livelli di approfondimento, e modularmente in base alle necessità. I lesson plan seguono sempre una struttura in tre fasi: ricognizione delle conoscenze e abilità pregresse, che ha la funzione di anticipare l'argomento; descrizione dell'attività didattica vera e propria, che dà ampio spazio alle esperienze quotidiane degli alunni e all'apprendimento laboratoriale e cooperativo; condivisione del lavoro in coppia e/o in gruppo. Il teacher's book contiene inoltre indicazioni rispetto agli obiettivi connessi alle «4 C» (Content, Communication, Cognition, Culture), infografiche per la costruzione dei lapbook e materiali per la valutazione e la verifica finali.

**WORKBOOK** Il workbook è un quaderno operativo pensato per il

consolidamento degli apprendimenti e lo studio individuale. Propone una serie di esercizi, che il docente

assegnerà come compiti a casa, che riprendono contenuti e strutture linguistiche affrontati e utilizzati in classe. All'interno del workbook è presente anche un glossario illustrato con i vocaboli più significativi e ricorrenti nei tre percorsi didattici.

LAPBOOK Un lapbook per ognuno dei tre macro-argomenti disciplinari affrontati nel corso dell'anno, da costruire progressivamente con i vari elementi forniti nel disfalibro. Oltre a organizzare in forma concreta i contenuti, il lapbook è uno strumento che permette di esercitarsi e di consolidare gli apprendimenti e di autovalutarsi. Risulta particolarmente motivante per i bambini, sia durante la sua costruzione, perché li rende

Watch out Ugo! Olga the Cloud watches over her friend, Ugo the little bird. When a big cat tries to sneak up on Ugo, Olga has to save the day. This book is part of the Olga the Cloud series. Each 12-page story features the charming cloud in simple situations, perfect for teaching babies and toddlers. Olga the Cloud stories were originally published in Italian and are now brought to English audiences in ebook editions. Xist Publishing is proud to present the Olga the Cloud Books to a new generation of children. By bringing beloved stories from

diverse cultures to new audiences, Xist Publishing celebrates childhood in

all its beautiful forms. We hope your children will enjoy these stories and discover a lifetime love of reading and love for all the people and creatures of the world.

Looking for a practical maths guide to help with home schooling? Maths for Mums and Dads is the solution. Maths for Mums and Dads guides you through the basics of primary school maths and covers the dilemmas and problems you are likely to be confronted with, including: \* number bonds, place value and decimals \* long multiplication and division \* fractions, percentages and decimals \* basic geometry, shapes, symmetry and angles \* data-handling, combinations and chance Complete with sample questions, mock exam

papers and examples of children's errors, Maths for Mums and Dads will challenge and reassure in equal measure.

Increasing numbers of children and adolescents are being diagnosed with nonverbal learning disabilities (NLD), yet clinicians and educators have few scientific resources to guide assessment and intervention. This book presents up-to-date knowledge on the nature of NLD and how to differentiate it from DSM-5 disorders such as autism spectrum disorder and developmental coordination disorder. Effective strategies for helping K-12 students and their families address the challenges of NLD in and outside of the classroom are illustrated with vivid case material. The authors thoughtfully consider controversies surrounding NLD, discuss why the diagnosis is not

important directions for future research.

This book presents innovative tools for helping patients to understand their emotional schemas--such as the conviction that painful feelings are unbearable, shameful, or will last indefinitely--and develop new ways of accepting and coping with affective experience. Therapists can integrate emotional schema therapy into the treatment approaches they already use to add a vital new dimension to their work. Rich case material illustrates applications for a wide range of clinical problems; assessment guidelines and sample worksheets and forms further enhance the book's utility.

The Five Misfits

*Little Goose's Autumn is a second stunning story from an exciting picture book pairing and the uplifting tale of a lively young goose finding her place in the world. As summer fades to autumn, a lively young goose feels a change in the air and senses she has something important to do – but what? The beavers are chopping wood, the squirrels are storing nuts in the ground and the bears are busy building a den. The plucky little goose tries to join in, but without great success. She realizes her wings weren't built for chopping wood, or burying food, or building a den, but they were built for something magnificent – they were built for*

*flight . . . A beautiful, lyrical and hopeful story about finding your wings and your place in the world. Written by star picture book author, Elli Woollard with wonderful illustrations by rising talent, Briony May Smith, whose artwork brings an autumnal landscape of mountains and forests to life with truly breathtaking beauty.*

*Over thirty years after Maurice Blanchot writes *The Unavowable Community* (1983)—a book that offered a critical response to an early essay by Jean-Luc Nancy on “the inoperative community”—Nancy responds in turn with *The Disavowed Community*. Stemming from Jean-Christophe Bailly’s initial proposal to think community in terms of “number” or the “numerous,” and unfolding as a close reading of Blanchot’s text, Nancy’s new book addresses a range of themes and motifs that mark both his proximity to and distance from Blanchot’s thinking, from*

*Bataille's "community of lovers" to the relation between community, communitarianism, and being-in-common; to Marguerite Duras, to the Eucharist. A key rethinking of politics and the political, this exchange opens up a new understanding of community played out as a question of avowal.*

*Michele is a Calabrian boy who grew up in a dignified misery, in the fragile illusions and in the willing of redemption of Italy after the war. Searching for solid prospects for his future, one day decided to leave his birth place and move to Rome. The yearning and the initial disorientation typical of the migrants is relieved from an encounter with a retired high official, who offered him an employment opportunity and who welcomed him in his own house, proving to be a paternal and loving host. With his support and precious suggestions Michele will reach a tiresome balance between work and study,*

*and will learn to orient through the woods of the first love sentiments. The domestic tranquility and together with the stability of the routine, however, will be suddenly violated from a murder that has mysterious contours, that delineate a disturbing scenario of the Cold War. Nothing in Michele's life will remain the same. A bildungsroman crosses through twenty years in the history of contemporary Italy, years of the 1950s and 1960s with the delicacy and lucidity of a small fresco of the generation.*

*The book examines the major issues in perinatal clinical psychology with the presence of theoretical information and operational indications, through a biopsychosocial approach. The multiplicity of scientific information reported makes this book both a comprehensive overview on the major perinatal mental health disorders and illnesses, and a clinical guide. It covers*

*arguments on a solid theoretical basis and reporting multiple operational indications of great utility for daily clinical practice. It has well documented new evidence bases in the field of clinical psychology that have underpinned the conspicuous current global and national developments in perinatal mental health. As such, it is an excellent resource for researchers, policy makers, and practitioners – in fact, anyone and everyone who wishes to understand and rediscover, in a single opera, the current scientific and application scenario related to psychological health during pregnancy and after childbirth.*

## **How the Universe Was Born Olga the Cloud and the Cat**

*The young girl at the centre of this charming and quirkily-illustrated story hates brushing her teeth and is terrified of the dentist; as far as she's concerned, there's no scarier monster. But when she meets a real monster in her bathroom, she learns how dentists are really heroes and brushing your teeth is very important - so important that even monsters do it! This inventive picture book is brimming with humour and imagination. Parent and child will love to read along together over and over again.*

*World-renowned therapist Dr. Albert Ellis, who created Rational-Emotive Behavior Therapy (REBT), believed that anger, anxiety, and depression are not only unnecessary, they're unethical, because when we allow ourselves to become emotionally upset, we're being unfair and unjust to ourselves. Thinking negative thoughts is a choice we can refuse to make. Applying the proven, time-tested principles of REBT is a simple, logical way to find true mental health and happiness. REBT acknowledges the power of emotions, but it also helps us understand which feelings are healthy and which are not. This classic book teaches you how to:*

- Retrain your brain to focus on the positive and face obstacles without unnecessary despair*
- Control your emotional destiny*
- Refuse to upset*

*“should,” and much more Get the tools you need to take back your life—and your happiness. If you can refuse to make yourself miserable, you’re that much closer to making yourself happy—every day. “Shows how to avoid the traps of self-harm and find mental health.”*
