The Resurrection accounts of Jesus in the Gospels are the most dramatic and impactful stories ever told. One similarity unites each testimony--that none

of his most loyal and steadfast followers could "see" it was him, back from the dead. The reason for this is at the very foundation of the Christian faith. She turned around and saw Jesus standing there, but she did not realize that it was Jesus. (John 20:14) Hope in the Time of Fear is a book that unlocks the meaning of Jesus's resurrection for readers. Easter is considered the most solemn and important holiday for Christians. It is a time of spiritual rebirth and a time of celebrating the physical rebirth of Jesus after three days in the tomb. For his devoted followers, nothing could prepare them for the moment they met the resurrected Jesus. Each failed to recognize him. All of them physically saw him and yet did not spiritually truly see him. It was only when Jesus reached out and invited them to see who he truly was that their eyes were open. Here the central message of the Christian faith is revealed in a way only Timothy Keller could do it--filled with unshakable belief, piercing insight, and a profound new way to look at a story you think you know. After reading this book, the true meaning of Easter will no longer be unseen.

Peter Porker, the Spectacular Spider-Ham (and breakout character from Into the Spider-Verse), arrives in this all-new, original graphic novel for younger readers! Experience a laugh-out-loud day in the life of Spider-Ham! After long being derided by the citizens of New York, Spider-Ham has finally been recognized for his outsized contribution to the city's safety, and receives the key to the city from none other than the mayor (and, being a cartoon universe, the key actually unlocks New York City's political and financial institutions). Sure, it's just a publicity stunt for the beleaguered mayor—and yeah, maybe every single other super hero was busy that day -- but an award is an award! Of course, Spider-Ham isn't paying attention to the fine print telling him he didn't actually get to keep the key, and he swings off without returning the highly coveted oversized object. The next day, when the mayor's office finally gets in touch to ask for the key back, Spider-Ham realizes he must have dropped it sometime in the last 24 hours. YIKES. Now, our notoriously empty-headed hero must retrace his steps from the past day, following his own trail to discover where he dropped the key before it falls into villainous hands. Did he lose it during a rooftop chase with the Black Catfish? Drop it in the middle of a tussle with the Green Gobbler? Leave it behind while visiting Croctor Strange's magic mansion? Accidentally store it next to May Porker's vacuum cleaner? Who knows? You'll have to read to find out! But one thing's for sure -- Great Power, No Responsibility is an action-packed, hilarious adventure perfect for younger readers.

The inimitable Baby brings a humorous spin to the holidays in an e-book perfect for Easter time. The Easter Bunny is coming! It's time to dye eggs. Did you know that red and blue make purple? That blue and yellow make green? That an art project may result in a multicolored Baby? There are bunny ears to wear (for the dog and cat, too) and an Easter basket to put out before bedtime. What will Baby find inside it the next morning?

Uses the story of Asher and his family's celebration of the weekly Shabbat to teach about Judaism in Israel.

From the Pulitzer Prize-winning author of All the Light We Cannot See, perhaps the most bestselling and beloved literary fiction of our time, comes a triumph of imagination and compassion, a soaring novel about children on the cusp of adulthood in a broken world, who find resilience, hope, and story. The heroes of Cloud Cuckoo Land are trying to figure out the world around them: Anna and Omeir, on opposite sides of the formidable city walls during the 1453 siege of Constantinople; teenage idealist Seymour in an attack on a public library in present day Idaho; and Konstance, on an interstellar ship bound for an exoplanet, decades from now. Like Marie-Laure and Werner in All the Light We Cannot See, Anna, Omeir, Seymour, and Konstance are dreamers and outsiders who find resourcefulness and hope in the midst of peril. An ancient text—the story of Aethon, who longs to be turned into a bird so that he can fly to a utopian paradise in the sky—provides solace and mystery to these unforgettable characters. Doerr has created a tapestry of times and places that reflects our vast interconnectedness—with other species, with each other, with those who lived before us and those who will be here after we're gone. Dedicated to “the librarians then, now, and in the years to come,” Cloud Cuckoo Land is a hauntingly beautiful and redemptive novel about stewardship—of the book, of the Earth, of the human heart.
