Il capitano Lander, discendente di uno dei marinai ammutinati del Bounty, si è lasciato alle spalle un passato difficile e da tempo ha scelto di vivere sulla terraferma in una baracca in riva al mare. Qui costruisce modellini di navi gloriose e intreccia la sua solitaria esistenza con quella di una giovane ballerina di tango, aspirante suicida. Finché un giorno non riceve la visita di Sampedro, un vecchio amico con cui ha condiviso l ' amore per una bella infermiera dagli occhi verdi e la persecuzione da parte del regime: alcuni figli del loro comune passato stanno per riannodarsi e per i tre sono in arrivo sconvolgenti rivelazioni... Con questo romanzo ironico e originale, che combina la suspense di un thriller con la riflessione politica sulle dittature sudamericane, l ' autore di La ballata di Johnny Sosa torna alla sua essenza narrativa: l ' amore, l ' amicizia, il silenzio, la solitudine, lo sradicamento pervadono le vite dei protagonisti e le atmosfere di un libro capace di raccontare gli eventi più drammatici e dirompenti della Storia a partire da una serata passata al bar Euskalduna, davanti a un boccale di birra.

Oltre il reale

La ballata del vecchio marinaio

Poesie e racconti marinari. Ouverture «La ballata del vecchio marinaio» di Samuel T. Coleridge

Beppe Fenoglio and English Literature

After almost seven centuries, Dante endures and even seems to haunt the present. Metamorphosing Dante explores what so many authors, artists and thinkers from varied backgrounds have found in Dante's oeuvre, and the ways in which they have engaged with it through rewritings, dialogues, and transpositions. By establishing trans-disciplinary roots, the volume shows that, along with a corpus of multiple linguistic and narrative structures, characters, and stories, Dante has provided a field of tensions in which to mirror and investigate one's own time. Authors explored include Samuel Beckett, Walter Benjamin, André Gide, Derek Jarman, LeRoi Jones/Amiri Baraka, James Joyce, Wolfgang Koeppen, Jacques Lacan, Thomas Mann, James Merrill, Eugenio Montale, Pier Paolo Pasolini, Cesare Pavese, Giorgio Pressburger, Robert Rauschenberg, Vittorio Sereni, Virginia Woolf. In 1948, the poet Eugenio Montale published his Quaderno di traduzioni and created an entirely new Italian literary genre, the “translation notebook.” The quaderni were the work of some of Italy’s foremost poets, and their translation anthologies proved fundamental for their aesthetic and cultural development. Modern Italian Poets shows how the new genre shaped the poetic practice of the poet-translators who worked within it, including Giorgio Caproni, Giovanni Giudici, Edoardo Sanguineti, Franco Buffoni, and Nobel Prize-winner Eugenio Montale, displaying how the poet-translators used the quaderni to hone their poetic techniques, experiment with new poetic metres, and develop new theories of poetics. In addition to detailed analyses of the work of these five authors, the book covers the development of the quaderno di traduzioni and its relationship to Western theories of translation, such as those of Walter Benjamin and Benedetto Croce. In an appendix, Modern Italian Poets also provides the first complete list of all translations and quaderni di traduzioni published by more than 150 Italian poet-translators.

The Encyclopedia of Italian Literary Studies is a two-volume reference book containing some 600 entries on all aspects of Italian literary culture. It includes analytical essays on authors and works, from the most important figures of Italian literature to little known authors and works that are influential to the field. The Encyclopedia is distinguished by substantial articles on critics, themes, genres, schools, historical surveys, and other topics related to the overall subject of Italian literary studies. The Encyclopedia also includes writers and subjects of contemporary interest, such as those relating to journalism, film, media, children's literature, food and vernacular literatures. Entries consist of an essay on the topic and a bibliographic portion listing works for further reading, and, in the case of entries on individuals, a brief biographical paragraph and list of works by the person. It will be useful to people without specialized knowledge of Italian literature as well as to scholars.

A practical and comprehensive reference work, the Oxford Handbook provides the best single-volume source of original scholarship on all aspects of Coleridge's diverse writings. Thirty-seven chapters, bringing together the wisdom of experts from across the world, present an authoritative, in-depth, and up-to-date assessment of a major author of British Romanticism. The book is divided into sections on Biography, Prose Works, Poetic Works, Sources and Influences, and Reception. The Coleridge scholar today has ready access to a range of materials previously available only in library archives on both sides of the Atlantic. The Bollingen edition, of the Collected Works of Samuel Taylor Coleridge, forty years in production was completed in 2002. The Coleridge Notebooks (1957-2002) were also produced during this same period, five volumes of text with an additional five companion volumes of notes. The Clarendon Press of Oxford published the letters in six volumes (1956-1971). To take full advantage of the convenient access and new insight provided by these volumes, the Oxford Handbook examines the entire range and complexity of Coleridge's career. It analyzes the many aspects of Coleridge's literary, critical, philosophical, and theological pursuits, and it furnishes both students and advanced scholars with the proper tools for assimilating and illuminating Coleridge's rich and varied accomplishments, as well as offering an authoritative guide to the most up-to-date thinking about his achievements.

La Ballata Del Vecchio Marinaio . . . Con Introduzione E Note Di R. Ripari. Eng. & Ital

The Reception of S. T. Coleridge in Europe

The Rime of the Ancient Mariner

The rime of the ancient mariner-La ballata del vecchio marinaio

Arduous Tasks

In this landmark book, leading international scholars from North America, Europe and the UK offer a sustained critical attention to the concept of silence in Joyce's writing. Examining Joyce's major works, including Ulysses, Portrait of the Artist as a Young Man and Finnegans Wake, the critics present intertextual and comparative interpretations of Joyce's deployment of silence. Exploring the many dimensions of what is revealed in the absences that fill his writing, and the different roles – aesthetic, rhetorical, textual and linguistic – that silence plays in Joyce's texts, James Joyce's Silences opens up important new avenues of scholarship on the great modernist writer. This volume is of particular interests to all academics and students of comparative literature, poetics, cultural studies and translation studies.

Containing almost 600 entries, this impressive 2-volume reference presents detailed and authoritative treatment of the field of Italian literature, with attention both to the work and influence of individual writers of all genres and to movements, styles, and critical approaches.

Echoing Voices in Italian Literature

La ballata del vecchio marinaio e altre poesie

La ballata del vecchio marinaio Kubla Khan

Barcelona 2004 - Edges of Experience: Memory and Emergence

In **The Expanding Art of Comics: Ten Modern Masterpieces**, prominent scholar Thierry Groensteen offers a distinct perspective on important evolutions in comics since the 1960s through close readings of ten seminal works. He covers over half a century of comics production, sampling a single work from the sixties (Ballad of the Salt Sea by Hugo Pratt), seventies (The Airtight Garage of Jerry Cornelius by Moebius), eighties (Watchmen by Alan Moore and Dave Gibbons), and nineties (Epileptic by David B.). Then this remarkable critic, scholar, and author of **The System of Comics and Comics and Narration** delves into recent masterpieces, such as **Building Stories** by Chris Ware. Each of these books created an opening, achieved a breakthrough, offered a new narrative model, or took up an emerging tendency and perfected it. Groensteen recaptures the impact with which these works, each in its own way, broke with what had gone before. He regards comics as an expanding art, not only because groundbreaking works such as these are increasing in number, but also because it is an art that has only gradually become aware of its considerable potential and is unceasingly opening up new expressive terrain.

The past few years have witnessed a growing academic interest in Italian Studies and an increasing number of symposia and scholarly activities. This volume originates from the Society for Italian Studies Postgraduate Colloquia that took place at the University of Leicester and Cambridge in June 2004 and April 2005 respectively. It gathers together articles by young researchers working on various aspects of Italian Studies. It well illustrates current trends in both typical areas of research, like literature and 'high culture', and in those which have gained momentum in recent years, like translation and language studies. The volume offers a taste of the dynamic outlook of current research in Italian Studies: the interdisciplinary approach of the essays in translation and gender studies, and the innovative methodological perspectives and findings offered by the new fields of Italian L2 and ethnography. The book is divided into three sections, each grouping contributions by broad subject areas: literature and culture, translation and gender studies, language and linguistics. Cross-fertilizations and interdisciplinary research emerge from several essays and the coherent ensemble constitutes an example of the far-reaching results achieved by current research.

Modern Italian Poets

Proceedings of the 16th International Congress for Analytical Psychology

Investigating Gender, Translation and Culture in Italian Studies

One of twentieth-century Italy's greatest thinkers, Primo Levi (1919–1987) started reflecting on the Holocaust almost immediately after his return home from the year he survived in Auschwitz. Levi's powerful Holocaust testimonials reveal his preoccupation with processes of translation, in the form of both embedded and book-length renderings of texts relevant to Holocaust survival. In Arduous Tasks, Lina N. Insana demonstrates how translation functions as a metaphor for the transmission of Holocaust testimony and broadens the parameters of survivor testimony. The first book to study Levi and translation, Arduous Tasks overcomes the conventional views of the separation between his own personal memoirs and his translations by stressing the centrality of translation in Levi's entire corpus. Examining not only the testimonial nature of his work, Insana also discusses the transgressive and performative aspects of transmission in his writings. Arduous Tasks is a superb and innovative study on the importance of translation not only to Levi, but also to Holocaust studies in general. This collection of essays explores the reception of classics and translation from modern languages as two different, yet synergic, ways of engaging with literary canons and established traditions in 20th-century Italy. These two areas complement each other and equally contribute to shape several kinds of identities: authorial, literary, national and cultural. Foregrounding the transnational aspects of key concepts such as poetics, literary voice, canon and tradition, the book is intended for scholars and students of Italian literature and culture, classical reception and translation studies. With its two shifting focuses, on forms of classical tradition and forms of literary translation, the volume brings to the fore new configurations of 20th-century literature, culture and thought.

Due ballate e una visione: La ballata del vecchio marinaio-Il corvo- La ballata di Reading Gaol. Testi originali a fronte

Cura e traduzione di Tommaso Pisanti Edizioni integrali con testo inglese a fronte Se le Lyrical Ballads sono considerate il manifesto del romanticismo inglese, La ballata del vecchio marinaio, con cui esse si aprono, ne è la tessera più emblematica e celebre. Riscritta e ritoccata più volte, a seguito dei continui approfondimenti critici della vocazione poetica di Coleridge, questa romantica storia di colpa (la gratuita uccisione di un uccello di mare da parte del «vecchio marinaio») e di faticosa rigenerazione diventa allusiva di una condizione umana di misteriosità e indecifrabilità, di un rapporto sempre sfuggente tra il singolo e il cosmo. La poesia di Coleridge, e lo dimostrano anche gli altri poemetti raccolti in questo volume, Christabel, Kubla Khan e Amore, si impone oggi, al di là di ogni esercizio romantico, come evocazione onirica, discesa negli abissi dell’animo e dell’inconscio, sostenuta dalla lucida consapevolezza dei procedimenti stilistici. «Come una nave, dopo aver oltrepassato la linea dell'Equatore, fu sospinta dalle tempeste nella Regione del freddo verso il Polo Sud; e come da lì fece rotta verso le latitudini tropicali del Grande Oceano Pacifico, e delle straordinarie cose che accaddero; e in qual modo il vecchio marinaio fece infine ritorno alla propria terra.» Samuel Taylor Coleridge (1772-1834) studiò a Cambridge, senza tuttavia conseguire la laurea. Irrequieto ed errabondo, precoce poeta, fu coautore, con William Wordsworth, delle Lyrical Ballads (1798), considerate il “manifesto” del romanticismo inglese. Fu in Germania, a Malta e in Italia, e nel 1816 si trasferì a Londra, dove svolse attività di critico e conferenziere. Le sue celebri conferenze su Shakespeare, Milton e Dante sono state pubblicate postume.
