A jubilant celebration of Italy’s outside impact on culture, from literature to art, music to movies, that “masterfully examines the multitude of reasons why so many people fall in love with Italy and the Italian lifestyle” (Forbes) Can you imagine painting without Leonardo, opera without Verdi, fashion without Armani, food without the signature tastes of pasta, gelato, and pizza? The first universities, first banks, first public libraries? All Italian. New York Times bestselling author Dianne Hales attributes these landmark achievements to la passione italiana, a primal force that stems from an insatiable hunger to discover and create; to love and live with every fiber of one’s being. This fierce drive, millennia in the making, biases to life in the Sistine Chapel, surges through a Puccini aria, deepens a vintage Brunello, and rumbles in a gleaming Ferrari engine. Our ideal tour guide, Hales sweeps readers along on her adventurous quest for the secrets of la passione. She swims in the playgrounds of mythic gods, shadows artisanal makers of chocolate and cheese, joins in Sicily’s Holy Week traditions, celebrates a neighborhood Carnevale in Venice, and explores pagan temples, vineyards, silk mills, movie sets, crafts studios, and fashion salons. She introduces us, through sumptuous prose, to unforgettable Italians, historical and contemporary, all brimming with the greatest of Italian passions—for life itself. A lyrical portrait of a spirit as well as a nation, La Passione appeals to the Italian in all our souls, inspiring us to be as daring as Italy’s gladiators, as eloquent as its poets, as alluring as its beauties, and as irresistible as its lovers. Praise for La Passione “[An] effervescent love letter to all things Italian.“–Newsday “In this sweeping account of la passione italiana from ancient to modern times, Dianne Hales shows once again why she is one the world’s foremost guides to the riches of Italian culture. Every page resonates with the author’s love for Italy and her joy in sharing its remarkable discoveries and exquisite pleasures with her readers.” –Joseph Luzzi, author of My Two Italies and In a Dark Wood “Hales takes us on an enriching and delightful journey, filled with fascinating characters, scintillating sensual details, and an authentic connection to the ever-inspiring Italian heart and soul that has given the world boundless pleasures.” –Susan Van Allen, author of 100 Places in Italy Every Woman Should Go

The Creation of a Genre

A full and authoritative illustrated history of Russia's army since the fall of the Soviet Union in 1991, including Air Assault and Navy ground forces. Since the collapse of the Soviet Union, Russia's army has undergone a turbulent transformation, from the scattered left-overs of the old Soviet military, through a period of shocking decay and demoralization, to the disciplined force and sophisticated 'hybrid war' doctrine that enabled Vladimir Putin to seize Crimea virtually overnight in 2014. Using rare photographs and full colour images of the army in action, profiles of army leaders and defence ministers, as well as orders of battle and details of their equipment and dress, this is a vivid account of the army's troubled history and of its character, capabilities and status. Written by an internationally respected author with remarkable access to Russian-language sources and Russian veterans, this study is essential reading for anyone wishing to understand the growing power of Russia's military.

A young woman in 1880s Italy is forbidden to marry a dashing young man because he has no money. Teresa Caccia is put to work by her father, looking after her younger siblings, and only when they grow up is she able to join her love.

"In this elegantly constructed study of the early decades of public opera, the conflicts and cooperation of poets, composers, managers, designers, and singers—producing the art form that was soon to sweep the world and that has been dominant ever since—are revealed in their first freshness.“–Andrew Porter "This will be a standard work on the subject of the rise of Venetian opera for decades. Rosand has provided a decisive contribution to the reshaping of the entire subject. . . . She offers a profoundly new view of baroque opera based on a solid documentary and historical-critical foundation. The treatment of the artistic self-consciousness and professional activities of the librettists, impresarios, singers, and composers is exemplary, as is the examination of their reciprocal relations. This work will have a positive effect not only on studies of 17th-century, but on the history of opera in general.“–Lorenzo Bianconi

"" What a picture! ' She shivered, making her breasts quiver, and I realized that this confession, far from horrifying her, was feeding her lust. You'll send the devil back into our flesh.' " Considered one of the truly great French writers of the nineteenth century, famed poet and novelist Alfred de Musset once decided (as great French writers are wont to do) to try his hand at erotic fiction. The glorious result was Gamiani, a classic tale of sensual pleasure and sexual excess. Reputedly inspired by the debauched history of Musset's former lover-the irrepressible George Sand-it is the classic erotic story of one man, two women . . . and two incomparable nights of uninhibited sexual adventure.

Enzo Ferrari racconta aneddoti e sentimenti in questo documento eccezionale per tutti gli appassionati di storia dell'automobilismo (e di storia tutto court). Un'autobiografia uscita nei primi anni Sessanta, quando «Il Drake» era già l'italiano più famoso al mondo, aggiornata nei due decenni successivi e arricchita, in questa edizione, dal racconto del figlio Piero che completa con particolari inediti gli ultimi anni di vita del Grande Vecchio.

Reminiscent of Scheherazade and One Thousand and One Nights, Gianni Rodari's Telephone Tales is many stories within a story. Every night, a traveling father must finish a bedtime story in the time that a single coin will buy. One night, it's a carousel that adults cannot comprehend, but whose operator must be some sort of magician, the next, it's a land filled with butter men who melt in the sunshine Awarded the Hans Christian Anderson Award in 1970, Gianni Rodari is widely considered to be Italy's most important children's author of the 20th century. Newly re-illustrated by Italian artist Valerio Vidali (The Forest), Telephone Tales entertains, while questioning and imagining other worlds.

Barbara Spackman here examines the ways in which decadent writers adopted the language of physiological illness and alteration as a figure for psychic otherness. By means of an ideological and rhetorical analysis of scientific as well as literary texts, she shows how the rhetoric of sickness provided the male decadent writer with an alibi for the occupation and appropriation of the female body.

The Border War saw the biggest armoured battles in Africa since World War II. Starting as a counter-insurgency operation by the South African Defence Force (SADF) against the South West Africa People's Organisation, South Africa became embroiled in the complex Angolan Civil War, where they came up against enemies well supplied with equipment and armoured vehicles from the Soviet Union. With the aid of stunning illustrations and photographs, this study details the characteristics, capabilities and performance of the wide variety of armoured vehicles deployed by the SADF, from the Eland armoured car to the Ratel infantry combat vehicle and the Olifant tank.

Designed for the unique conditions of the region, South Africa's armour was distinctive and innovative, and has influenced the design of counterinsurgency armoured vehicles around the world. Frequently requested by Osprey readers, and written by two renowned experts on armoured vehicles, this will appeal to all those interested in modern armoured and the Cold War proxy wars.

Ferrari means red. It means racing. Excellence, luxury, and performance. Less well-known is the man behind the brand. For nearly seventy years, Enzo Ferrari dominated a motor-sports empire that defined the world of high-performance cars. Next to the Pope, Ferrari was the most revered man in Italy. But was he the benign padrone portrayed by an adoring world press at the time, or was he a ruthless despot, who drove his staff to the edge of madness, and his racing drivers even further? Brock Yates's definitive biography penetrated Ferrari's elaborately constructed veneer and uncovered the truth behind Ferrari's bizarre relationships, his work with Mussolini's fascists, and his fanatical obsession with speed.

Readers of exciting, challenging and visionary literary fiction—including admirers of Norman Rush's Mating, Ann Patchett's State of Wonder, Barbara Kingsolver's The Poisonwood Bible, and Peter Matthiessen's At Play in the Fields of the Lord—will be drawn to this astonishingly gripping and accomplished first novel. A decade in the writing, this is an anthropological adventure story that combines the visceral allure of a thriller with a profound and tragic vision of what happens when cultures collide. It is a book that instantly catapults Hanya Yanagihara into the company of young novelists who really, really matter. In 1950, a young doctor called Norton Perina signs on with the anthropologist Paul Tallent for an expedition to the remote Micronesian island of Ivu'Ivu in search of a rumored lost tribe. They succeed, finding not only that tribe but also a group of forest dwellers they dub "The Dreamers," who turn out to be fantastically long-lived but progressively more senile. Perina suspects the source of their longevity is a hard-to-find turtle; unable to resist the possibility of eternal life, he kills one and smuggles some meat back to the States. He scientifically proves his thesis, earning worldwide fame and the Nobel Prize, but he soon discovers that its miraculous property comes at a terrible price. As things quickly spiral out of his control, his own demons take hold, with devastating personal consequences.

Enzo Ferrari: the Man, the Cars, the Races, the Machine

Novo sono gli uomini d'oro del Cavallino, i piloti che dal 1950 a oggi hanno conquistato almeno un titolo mondiale Piloti di Formula 1 su una monoposto Ferrari. I cinque di Michael Schumacher, i due a testa per Alberto Ascari e Niki Lauda, quelli di Juan Manuel Fangio, Mike Hawthorn, Phil Hill, John Surtees, Jody Scheckter e Kimi Raikkonen, per un totale di quindici allori iridati. Dietro a ognuno di questi uomini c'è una storia che assomiglia a un romanzo. Sembrano davvero figlie della "verve" e della fantasia di uno scrittore più che racconti corrispondenti al vero, quelli contenuti all'interno di questo volume. Umberto Zapelloni, per anni inviato sulle piste del Campionato del mondo di Formula 1 per il Giornale, il Corriere della Sera e La Gazzetta dello Sport e oggi opinionista di Sky, racconta la vita più che le gare di questi campioni straordinari. Molti li ha conosciuti di persona, incontrati negli anni sulle piste, degli altri è andato a cercare le testimonianze di chi è stato al loro fianco. Sono nati così nove ritratti d'autore su uomini speciali ancor prima che su campioni delle quattro ruote.

Grazie ad una ricerca capillare e scrupolosa, Ferrari Rex è il libro che non era ancora stato scritto sulla vita di Enzo Ferrari, la biografia che ridefinisce la vita di un gigante del ventesimo secolo e lo consegna alla storia – non solo a quella dell'automobile – come uno dei personaggi più poliedrici, complessi, tormentati e monumentali nella storia d'Italia. Dalle pagine di questo libro emerge l'uomo Enzo Ferrari in tutta la sua gigantesca fragilità, con insospettabile debolezze e mai confessate incoerenze, con i sogni, le speranze, le delusioni, i successi e le tragedie che ne hanno plasmato la lunga e straordinaria esistenza. Pagina dopo pagina, prende così forma un Ferrari dal volto più umano di quanto non gli riconosca l'iconografia classica e più vulnerabile di quanto non si pensi. Ma anche un uomo di una tenacia spesso passata inosservata o volgarmente scambiata per arroganza, e di un ottimismo per certi versi inaspettato. Ecco il primo ritratto a tutto tondo dell'uomo che Enzo Biagi definì «Uno dei pochi italiani da esportazione».

In THE LIMIT, Michael Caneill tells the enthralling story of Phil Hill-a lowly California mechanic who would become the first American-born driver to win the Grand Prix-and, on the fiftieth anniversary of his triumph, brings to life a vanished world of glamour, valor, and daring. With the pacing and vivid description of a novel, THE LIMIT charts a journey that brought Hill from dusty California lots racking midget cars into the ranks of a singular breed of men, competing with daredevils for glory on Grand Prix tracks across Europe. Facing death at every turn, these men rounded circuits at well over 150 mph in an era before seat belts or roll bars-an era when drivers were "crushed, br and beheaded with unmerging regularity." From the stink of grease-soothered pits to the long anxious nights in lonely European hotels, from the tense camaraderie of teammates to the trembling suspense of photo finishes, THE LIMIT captures the 1961 season that would mark the high point of Hill's career. It brings readers up close to the remarkable men who surrounded Hill on the circuit-men like Hill's teammate and rival, the soigne and cool-headed German count Wolfgang Von Trips (nicknamed "Count Von Crash"), and Enzo Ferrari, the reclusive and monomaniacal padrone of the Ferrari racing empire. Race by race, THE LIMIT carries readers to its riveting and startling climax-the final contest that would decide it all, one of the deadliest in Grand Prix history.

The Enzo Ferrari Memoirs: My Terrible Joys

l'intervista di una vita

E dietro ogni motore... una donna

In 1945, soon after the liberation of Auschwitz, Soviet authorities in control of the Kattowitz (Katowice) camp in Poland asked Primo Levi and his fellow captive Leonardo De Benedetti to compile a detailed report on the sanitary conditions they witnessed in Auschwitz. The result was an extraordinary testimony and one of the first accounts of the extermination camps ever written. Their report, published in a medical journal in 1946, marked the beginnings of Levi's life-long work as writer, analyst and witness. In the subsequent four decades, Levi never ceased to recount his experiences in Auschwitz in a wide variety of texts, many of which are assembled together here for the first time, alongside other testimony from De Benedetti. From early research into the fate of their companions to the deposition written for Eichmann's trial, Auschwitz Testimonies is a rich mosaic of documents, memories and critical reflections of great historic and human value. Underpinned by his characteristically clear language, rigorous method and deep psychological insight, this collection of testimonies, reports and analyses reaffirms Primo Levi's position as one of the most important chroniclers of the Holocaust.

It's been over twenty years since his death. Now, this beloved and unforgettable champion's final hours. On May 1, 1994, at Bologna's Ospedale Maggiore, Ayrton Senna, three-time Formula 1 world champ, lay dying after a tragic accident at the Grand Prix of San Marino. The idea for this monograph (and the exhibition at the Museo della velocità dell'Autodromo Nazionale in Monza) stems from the book Suite 200: L'ultima notte di Ayrton Senna (published by 66th and 2nd, 2014) written by the journalist Giorgio Terruzzi. An enthralling story with details on the final moments of Senna's life and thoughts as the fateful hour approached. Through a selection of approximately one hundred photographs by Ercole Colombo-the famous Formula 1 photographer-this monograph aims to narrate the career as well as the most intimate aspects of the Brazilian car racer's life. A fanciful story, enriched by the writings of Giorgio Terruzzi, who covers the most important moments in Ayrton Senna's life: his legendary wins, his defeats, the loss of his friends, the great rivalry with other drivers, his emotions and family relationships, and finally the terrible accident where he lost his life.
