**Is love enough to heal the pain of the past? Olivia Bailey and her sister know one thing for certain: they are in dire need of some time away from their normal, work-driven lives. While their bakery business has served them well, neither realized just how strenuous running their own business would be. Eager for a change, the girls set off for a trip around Scotland. But things quickly go awry when an unlikely incident sends Olivia tumbling off the side of the Quiraing on the Isle of Skye. Rather than meeting her near-certain death, she opens her eyes to find herself transported through time and hidden away in a castle with two of the most damaged, but handsome, men she's ever laid eyes on. She knows she needs to find a way back home to her sister, but as time passes, Olivia realizes that the only way for her to find peace might just be to accept where fate has placed her. With friends among the castle's staff and their intriguing laird to keep her occupied, the heartache of being ripped away from the life she knew before begins to heal. However, despite Olivia's efforts to move forward, her troubles are far from over, and she may be in more danger than she ever could have imagined... Paton Buchanan thought his sacrifice would mean something when he willingly stepped into the land of the fae to save his friend. Instead, the years spent in their prison cost him and everyone he loved everything. Once released, Paton has nowhere to go but the home of his youth. But overseeing his late father's land comes with its challenges and finding any semblance of happiness for himself seems unlikely until a strange lass from the future arrives and reminds him of the people he'd once loved so much. Her perpetual optimism and kindness make it easy for him to fall in love with her. Slowly, the hurt inside him begins to fade. But her life belongs in the future, and he knows he cannot ask her to sacrifice that for him. Will his love for her be enough to convince her to stay, or will he be forced to lose yet another person he loves? And if she does stay, do they have what it takes to keep one another safe from the outside threat that looms over them both? **Her destiny lies in the past. So does her heart. After surviving a fire that almost killed her, Kate worked hard to rebuild her life post-amputation. She knows her own strength. In life and in work, she never backs down from a challenge. But when she travels into the past to be with her sister, she meets a man who forces her to face truths about herself she'd**

rather avoid—that when it comes to love, nothing terrifies her more. Maddock enjoys his duty on The Isle of Eight Lairds, but dreams of more. After seeing his friend find love, he opens his heart to the belief that perhaps there is a lass out there for him, as well. When he meets Kate, the bonny sister of one of his dearest friends, he falls for her hard and fast. But she doesn't make it easy for him. Her own fears keep her distant. No matter how much he opens himself up to her, she struggles to do the same. Can they find a way to overcome the fears holding them back? If they do, can they work together to keep the evil that rules over the Isle at bay?

A curse, a ghost, and a painting that goes bump in the night might just be the key to their perfect romance. Madeline knows firsthand that life rarely goes according to plan. If it did, her husband would still be alive, Scotland wouldn't be her home, and she wouldn't be living in the seventeenth century. Hardened by grief and broken dreams, Madeline hopes that a new life for her and her daughter might be enough to pull her from her years' long rut. Despite her best efforts in a new century, little changes. As the months pass, her wish for a happier tomorrow seems unlikely to come true. But when a newcomer with ties to the castle arrives in the village, Madeline's interest is piqued for the first time in years as she discovers maybe there's more reason to be hopeful than she originally thought. Expert stone mason, Duncan, never dreamed that accepting a seemingly-harmless painting in exchange for his work would lead to such trouble. But after nights of no sleep make it clear that his new possession is indeed haunted, Duncan sets out to return the wretched piece of art back to its home at McMillan Castle. Determined only to rid himself of the art, Duncan's plans are derailed when he meets a lass so bonny he finds himself eager to accept work that will keep him at McMillan Castle longer than planned. As time passes and his feelings grow, Duncan discovers that perhaps his home is no longer the place he left behind. Is their love strong enough for the two of them to overcome their baggage? Or will the story end with the curse that brought them together? Scroll up and grab your copy today. *#1 NEW YORK TIMES BESTSELLER • Diana Gabaldon returns with the “vast and sweeping” (The Washington Post) new novel in the epic Outlander series. War leaves nobody alone. Neither the past, the present, nor the future offers true safety, and the only refuge is what you can protect: your family, your friends, your home. Jamie Fraser and Claire Randall were torn apart by the Jacobite Rising in 1746, and it took them twenty years of loss and heartbreak to find each other again. Now it's 1779, and Claire and Jamie are finally reunited with their daughter, Brianna, her husband, Roger, and their children, and are rebuilding their home on Fraser's Ridge—a fortress that may shelter them against the winds of war as well as weather. But tensions in the Colonies are great: Battles rage from New York to Georgia and, even in the mountains of the backcountry, feelings run hot enough to boil Hell's teakettle. Jamie knows that loyalties among his tenants are split and it won't be long before the war is on his doorstep. Brianna and Roger have their own worry: that the dangers that provoked their escape from the twentieth century might catch up to them. Sometimes they question whether risking the perils of the 1700s—among them disease, starvation, and an impending war—was indeed the safer choice for their family. Not so far away, young William Ransom is coming to terms with the mysteries of his identity, his future, and the family he's never known. His erstwhile father, Lord John Grey, has reconciliations to make and dangers to meet on his son's behalf and on his own, and far to the north, Young Ian Murray fights his own battle between past and future, and the two women he's loved. Meanwhile, the Revolutionary War creeps ever closer to Fraser's Ridge. Jamie sharpens his sword, while Claire whets her surgeon's blade: It is a time for steel. Sometimes the love we need the most is that which we give to ourselves. With a thriving physical therapy practice, it's easy for Allanah to lose herself in her work. But when the sudden death of her best friend*

*sends her reeling, she is forced to rethink her priorities. Guilted into a blind date by her best friend's widower, she never suspects for a moment how much one meal will change her life. Quickly romanced by the handsome Scot, Allanah easily lets him into her life. But as her feelings grow, so does her fear. For her new love holds a secret. One she knows she must learn before she can ever really know him. Plagued by his past, Ross knows that he will never love another again. But when a date he never wanted takes him by surprise, his plans for his life take a turn. It doesn't take long for the lass to soften his scarred heart, but as new love blossoms, so do the memories of his past. Desperate to hold on to her, Ross vows to keep his secret from her, unaware of how much she already sees. Will Allanah's love be enough to make Ross trust her? Will Ross' past remain in the past? Or will history repeat itself, causing them both to lose yet another person they love? Scroll up and grab your copy today. *The latest installment of Alexander McCall Smith's perennially popular and irresistibly charming 44 Scotland Street series. When Pat accepts her narcissistic ex-boyfriend Bruce's invitation for coffee, she has no idea of the complications in her romantic and professional life that will follow. Meanwhile, Matthew, her boss at the art gallery, attracts the attention of the police after a misunderstanding at the local bookstore. Whether caused by small things such as a cup of coffee and a book, or major events such as Stuart's application for promotion and his wife Irene's decision to pursue a PhD in Aberdeen, change is coming to Scotland Street. But for three seven-year-old boys--Bertie Pollock, Ranald, and Big Lou's foster son, Finlay--it also means getting a glimpse of perfect happiness. Alexander McCall Smith's delightfully witty, wise and sometimes surreal comedy spirals out in surprising ways in this new installment, but its heart remains where it has always been, at the center of life in Edinburgh's New Town.*

Love is the most powerful kind of magic. Baodan McMillan values many things in life: friendship, loyalty, kindness, but certainly not love. After the tragic death of his wife many years ago, he hardened himself to the idea of giving his heart to another. There is but one lass who can thaw his chilly heart, a lass he's never met nor knows of, a lass whose birth won't occur until centuries after his death. Mitsy Fredrickson is in serious need of a distraction. With the ink still drying on her divorce papers, she flies to Scotland determined to forget about her own problems by helping her best friend re-enter reality. She knows Bri's claims that she is able to travel back in time and is currently living in the year 1647 are a lie but, instead of locating her friend, Mitsy falls prey to the same magic and is quickly forced to believe the impossible. Modern and sassy, Mitsy finds few who know how to take her fiery personality in the seventeenth century, but she finds her match in Baodan, laird of McMillan Castle. He is her opposite in every way, yet she feels balanced in his presence. The more time she spends with him, the harder she falls. She suspects he feels the same way, but something is holding him back -- a dark secret from his past that even Baodan doesn't fully understand. Everything happens in its time... For Jeffrey Oakes, life in the seventeenth century hasn't been the thrilling change of pace he hoped it would be. The lack of power tools, better hygiene, and cold beer has him yearning for the luxuries of his modern-day life. It might all be bearable if he had someone to maneuver the cultural differences and minimal conveniences with—someone with whom he could make a life. But among the Scottish countryside, with women so different from himself, he knows his chances of finding such a woman are small. If only Morna could work her magic for him like she has done for so many others... Kathleen Carter's life is changing. With enough money now saved to fulfill her dream of restoring the castle she inherited, her job as housemaid is coming to an end. All she wants now is for moving day to arrive so that she can get to Scotland. She knows she'll have no time for much of a personal life for the next few years, but that's okay—the ruined castle will take all of the love and attention she has to give. Or so she thinks... Little does she know that a move isn't the only big change life has in store for her and that perhaps her dreams might include more than devoting her life to a big, empty castle. **Like so many people who live south of the border in England, Helen thought that she knew all about Scotland. It was a part of Britain after all, a place that was surely more the same than it was different. But then she actually went there – and everything changed... Helen discovered a place altogether different from her home country down south. Over a few days in Edinburgh, Helen was charmed by Scotland's magic. A spell was cast on her undulating walk across ancient volcanoes – the story of getting from one side of the city centre to the other – and as she was bewitched by the landscape she also found herself charmed by the country's famously chatty people. Helen left wanting more, and so in 2017 – after the sudden loss of her mother – she returned to explore properly. Over three months Helen undertook a personal journey around Scotland, uncovering stories about the history, geography and people of this peerless, magical country.**

It began nearly four hundred years ago. The Conall clan and all their people were murdered in a surprise attack, their beloved castle and all evidence of who destroyed them burned to the ground with their bodies. In the centuries following, archaeologists searched through the ruins looking for any evidence of what or who had caused the untimely demise of such a powerful Scottish clan. All efforts were fruitless, until a spell put in place by an ancient Conall ancestor finally began to work its magic....

Texas kindergarten teacher, Brielle Montgomery, finds comfort in the mundane routines of her life, but when her archaeologist mother asks her to accompany her on a dig in Scotland, she decides to step out of her comfort zone. Once in Scotland, they discover a secret spell room below the castle ruins, and Bri finds herself transported back in time and suddenly married to the castle's ill-fated Laird. Now, she must work to change the fate of his people, all while trying to find a way to return to her home and century. But with each passing day, Bri finds herself falling more deeply in love with her new husband. If she can find a spell to bring her home, will she use it? And if she stays, will it ultimately mean her own death as well?

*Is love enough to heal the pain of the past? Olivia Bailey and her sister know one thing for certain: they are in dire need of some time away from their normal, work-driven lives. While their bakery business has served them well, neither realized just how strenuous running their own business would be. Eager for a change, the girls set off for a trip around Scotland. But things quickly go awry when an unlikely incident sends Olivia tumbling off the side of the Quiraing on the Isle of Skye. Rather than meeting her near-certain death, she opens her eyes to find herself transported through time and hidden away in a castle with two of the most damaged, but handsome, men she's ever laid eyes on. She knows she needs to find a way back home to her sister, but as time passes, Olivia realizes that the only way for her to find peace might just be to accept where fate has placed her. With friends among the castle's staff and their intriguing laird to keep her occupied, the heartache of being ripped away from the life she knew before begins to heal. However, despite Olivia's efforts to move forward, her troubles are far from over, and she may be in more danger than she ever could have imagined... Paton Buchanan thought his sacrifice would mean something when he willingly stepped into the land of the fae to save his friend. Instead, the years spent in their prison cost him and everyone he loved everything. Once released, Paton has nowhere to go but the home of his youth. But overseeing his late father's land comes with its challenges and finding any semblance of happiness for himself seems unlikely until a strange lass from the future arrives and reminds him of the people he'd once loved so much. Her perpetual optimism and kindness make it easy for him to fall in love with her. Slowly, the hurt inside him begins to fade. But her life belongs in the future, and he knows he cannot ask her to sacrifice that for him. Will his love for her be enough to convince her to stay, or will he be forced to lose yet another person he loves? And if she does stay, do they have what it takes to keep one another safe from the outside threat that looms over them both?*

*Magic lingers inside all who call Cagair Castle home. Gillian Wright dreams of the same man every night--his kind eyes and gentle smile as familiar to her now as her own reflection. She looks forward to her nights spent with him, but when she starts to hear his voice in the winds around Cagair Castle, she can't help but wonder if he's more than a figment of her imagination. Only pain comes to him when he sleeps. His dreams give him glimpses of all he can't remember when awake. His name and memories are lost to him in a way that leaves him troubled and wanting. Then the opportunity for a new life places*

Welcome to the gorgeous little Scottish village of Christmas, where snow is falling, presents are being wrapped and the locals are writing their festive wish lists. Will this finally be the year that Belle's dreams come true? Thirty-year-old Belle Albany is feeling lonely this Christmas. Another whole year has passed and her life is... exactly the same as it was last December. She longs for true love and a little bit of winter magic - but she's almost given up on finding it in the sleepy Scottish community where she lives... When Belle crashes into elderly Edina on her cherry red bicycle, it's not the meet-cute she'd been hoping for. But she immediately recognises the lost look in Edina's watery-blue eyes and resolves to organise a Christmas to remember for them both - brimming with mince pies, mulled wine and lots of sparkle. Although Belle hadn't counted on Edina's home being a crumbling Scottish castle and she certainly hadn't been expecting Edina's handsome long-lost grandson Jack Hamilton-Kirk to turn up on the doorstep in the middle of a snow storm... Jack is arrogant, rude and bossy and Belle is convinced he's about to ruin the seasonal cheer she has worked hard to create. He's basically the Grinch in human form, so why does her heart race every time they're in the same room? They disagree on almost everything, from menu choices to music, and yet she starts to glimpse a softer side hidden behind Jack's clipped words and brooding countenance. As they hunt down costumes for the annual nativity show and save a donkey from a snowy disaster, Belle can't ignore their growing attraction. But will a secret from Jack's past come between them? Or will this finally be the year Belle falls in love? This gorgeous, festive read is like a warm hug in a book! The perfect cosy romance to snuggle up with this Christmas. Fans of Nicola May, Trisha Ashley and Debbie Macomber will love this wonderfully

Love is the most powerful kind of magic. Baodan McMillan values many things in life: friendship, loyalty, kindness, but certainly not love. After the tragic death of his wife many years ago, he hardened himself to the idea of giving his heart to another. There is but one lass who can break his heart, a lass he's never met nor knows of, a lass whose birth won't occur until centuries after his death... Mitsy Fredrickson is in serious distraction. With the ink still drying on her divorce papers, she flies to Scotland determined to forget about her own problems by helping her friend re-enter reality. She knows Bri's claims that she is able to travel back in time and is currently living in the year 1647 are a lie but, in the process, her friend, Mitsy falls prey to the same magic and is quickly forced to believe the impossible. Modern and sassy, Mitsy finds few who match her fiery personality in the seventeenth century, but she finds her match in Baodan, laird of McMillan Castle. He is her opposite in every way but she feels balanced in his presence. The more time she spends with him, the harder she falls. She suspects he feels the same way, but so does she want him back -- a dark secret from his past that even Baodan doesn't fully understand. Mitsy works to uncover what is hidden in the heart of her friend, and in the resolution Baodan will be free to love her. But the truth is darker than she expects, and it threatens to destroy them both.
