Dragon Orb

Where winning means survival

According to legend, I'm supposed to be some kind of all-powerful

DragonGod-gifted with the magic of gods. Instead, I'm a dud. In fact, I'm currently failing out of the Undercover Protectorate's magical institute. It's the supernatural version of Scotland Yard, and I've got one chance left to earn my place here. To do so, I have to compete in a deadly race across the

world. In order to win, I need to survive. And I'll need the help of a sexy and powerful shifter mage named Lachlan Munroe. When we figure out that the race is rigged, Lachlan and I must rely on each other to make it through. But will I be able to learn enough magic to save my life?

At a glance, life is perfect for Del Bellator. She's getting the hang of her magic, the shop she runs with her friends is thriving, and she has a hot almost-boyfriend in the form of weredemon Roarke Fallon. But nothing is ever as it seems. Del's mysterious friend Draka is missing, and she's in more danger than Del could ever realize. When Del receives a clue about Draka's location, she sets off to save her. But a simple rescue mission turns into a game of cat and mouse that Del doesn't know how to win. Her

enemies are in the shadows, pulling the strings, and it's all she can do not to fall into their grasp. It will take all of Del's magic-and all the help she can get from her friends and Roarke-to save not just her Draka's life, but her own. And the secrets she reveals along the way just might break her. Magic Undying features a kick butt heroine, a powerful hero, and otherworldly adventure.

than study, but I'm stuck poring over dusty scrolls. I promised I'd learn about the dragon part of my magic, but I'm having a hell of a hard time believing there's some concealed strain of power just waiting for me to kindle it. Meanwhile, my friends the witches are playing fast and loose with remaining hidden. My Celtic kin won't bother them anymore—at least I don't think they will. But far worse things rove Earth than the Celtic gods. The Breaking has developed an energy all its own. The longer it runs wild, the harder it will be to contain. Soon, very soon, no magic in the Nine Worlds will be enough to counteract it. Once that happens, the few remaining mortals will go first, but the rest of us won't be far behind them. Money is short, so she hires on as medical officer aboard a Russian research vessel headed for McMurdo Station. Brynn McMichaels' stint on remote South Georgia Island is a fancy, probably overplayed, escape from a crappy breakup.
