

Man And Ball: My Autobiography

The fully updated autobiography of Tony 'A.P.' McCoy, Grand National and BBC SPORTS PERSONALITY OF THE YEAR winner and unquestionably the greatest jump jockey ever. Tony 'A.P.' McCoy is without doubt the greatest and most successful jump jockey of all time. He has collected a record 16 consecutive jump-jockey titles to date, since 1992 he has ridden more than 3,000 winners, saying 'I never stop dreaming of the day I'll reach 4,000', and in 2002 he beat Sir Gordon Richards's record of 269 winners in a season by riding 289. In April 2010, A.P. achieved his lifelong ambition when he won the Grand National at Aintree on Don't Push It. It was his 15th attempt to win the race, a victory that captured the public's imagination and further enhanced a glittering career in which he had seemingly won all there was to win. It was the missing piece in the racing jigsaw for a champion jockey who had already had famous victories in the King George VI Chase, Champion Hurdle, Champion Chase and Cheltenham Gold Cup. This powerfully honest autobiography looks at life at the very top in National Hunt racing, and includes the highs and lows of A.P. winning his second Gold Cup, in 2012 on Synchronised, fifteen years after his first, only to see the horse put down after a fall in that year's Grand National. These are the memoirs of a true champion, an icon of sport, whose astonishing achievements are unlikely to be surpassed. It is a great story of courage and modesty, pain and professional setbacks, strong family values and sporting triumphs, the good guy coming first - and staying there.

Published to mark the career of one of sports history's pioneers, this book traces the evolution of sport across three continents. It brings together some of sports history's leading scholars to investigate not only the history of sport but also how that history is written. This Festschrift marks the retirement of Professor Wray Vamplew - an internationally-renowned leader in the field of sports history. His 1976 book *The Turf* was one of the very first academic histories of sport and he has been a prolific writer, scholar and teacher for almost forty years. No one has played such an important role in the field of sports history across North America, Europe and Australia. President of the Australian, Australian Society of Sports History (ASSH), the British Society of Sports History (BSSH), the European Committee for the History of Sport (CESH) and the International Society for the History of Physical Education and Sport (ISHPES), Vamplew is currently editor of the North American Society for Sports History's (NASSH) journal, the *Journal of Sport History*. This collection reflects his interests and his appeal across the three continents, the essays deal with sport in America, Australia, Britain and Ireland and focus on the themes of national and regional identity, gender, trade unionism in sport and historiographical debates. It is essential reading for anyone who wants to understand the history of sport and how it is studied today. This book was published as a special issue of *Sport in History*.

Sir Alex Ferguson's compelling story is always honest and revealing he reflects on his managerial career that embraced unprecedented European success for Aberdeen and 26 triumphant seasons with Manchester United. Sir Alex Ferguson's best-selling autobiography has now been updated to offer reflections on events at Manchester United since his retirement as well as his teachings at the Harvard Business School, a night at the Oscars and a boat tour round the Hebrides, where he passed unrecognised. The extra material adds fresh insights and detail on his final years as United's manager. Both the psychology of management and the detail of football strategy at the top level can be complex matters but no-one has explained them in a more interesting and accessible way for the general reader than Sir Alex does here. *MY AUTOBIOGRAPHY* is revealing, endlessly entertaining and above all inspirational.

The culmination of five years of research, this fascinating book reveals a side of football not explored before and explains why football coaches use astrology to gain a competitive edge. The result of 5 years of research, *Football aims for the Stars* shows how the constellations can affect planet football; find out why leading continental coaches believe they gain a competitive advantage by using astrology; explore the 12 paths to football success; understand what makes a telepathic partnership and, with examples including England 1966, Liverpool 1979, Manchester United 2007, and Barcelona 2009, see how a 'well balanced' team is built. This pioneering book will be essential reading for anyone with a serious interest in fulfilling their potential either as a player or coach. It will also provide fascinating insights for fans wishing to find out what they have in common with their heroes.

SHORTLISTED FOR RUGBY BOOK OF THE YEAR AT THE BRITISH SPORTS BOOK AWARDS 'When I came into the Ulster team,' Stephen Ferris says with typical candour, 'we were crap'. It was, however, preferable to his day job of paving driveways, and that day in 2005 saw the start of an incredible journey for Ferris, Ulster and Ireland rugby. A Celtic League title in his very first senior season with Ulster. A Grand Slam in 2009, followed by a sensational Lions breakthrough. A starring role in Ireland's greatest World Cup win, over Australia in 2011, when Ferris famously picked up Will Genia and carried him ten yards. And leading Ulster from nowhere to the Heineken Cup final. Stephen Ferris had an incredible rugby career, tragically ended by ankle injuries so severe they will never properly heal. He is an inspiration to the population of Ulster, an emblem of the sport that serves as such a positive expression of its culture and identity, and earned the respect and admiration of fans across Ireland for his strength, pace, skill and courage. Fearless, funny and full of an incredible array of stories from behind the scenes of Ulster, Ireland and the Lions, this is the must-have rugby book of the year.

THE SUNDAY TIMES BESTSELLER 'Wrighty's characteristic honesty means his book is far more engrossing than most bland football memoirs' Sunday Times Ian Wright, Arsenal legend, England striker and TV pundit extraordinaire, is one of the most interesting and relevant figures in modern football. His journey from a South London council estate to national treasure is everybody's dream. From Sunday morning football directly to Crystal Palace; from 'boring, boring Arsenal' to inside the Wenger Revolution; from Saturday afternoons on the pitch to Saturday evenings on primetime television; from a week in prison to inspiring youth offenders, Ian will reveal all about his extraordinary life and career. Ian will also frankly discuss how retirement affects footballers, why George Graham deserves a statue, social media, why music matters, breaking Arsenal's goal-scoring record, racism, the unadulterated joy of playing alongside Dennis Bergkamp and, of course, what he thinks of Tottenham. Not a standard footballer's autobiography, Ian Wright's memoir is a thoughtful and gripping insight into a Highbury Hero and one of the greatest sports stars of recent years.

Don Revie: The Biography

The autobiography of the legendary Manchester United manager

'Thoroughly researched and engagingly written, this superb biography sheds new light on one of the most controversial, enigmatic figures in football history' – Leo McKinstry, journalist, historian and award-winning author
'Meticulously researched and expertly crafted exploration' – Jeff Powell, Daily Mail 'Engrossing' – Sunday Times
Whenever the greatest managers the game has ever produced are mentioned, names like Busby, Shankly, Paisley and Ferguson trip off the tongue. Despite dominating the game in the late 1960s and '70s there is one name missing: Don Revie, the former Leeds United and England manager. Revie was one of the most complex and controversial men ever to grace the game of football. As a player, he was crowned Footballer of the Year and credited with creating the modern centre-forward. As a manager, he took a Leeds United side languishing in the lower half of the second division and turned them into not only league champions, but one of the most dominant sides in the country. As England manager, Revie lost the magic touch and became increasingly indecisive. After three years in the role and fearing the sack, Revie became the first man to walk out on England. Then came the backlash. Revie was branded a traitor and banned from the game for 10 years, and the press declared open season on the manager. Accused of offering bribes to throw matches, his reputation was destroyed. Shunned by the football establishment, he died just 12 years after walking out on England. Revie's death robbed him of the opportunity to rebuild his reputation as one of the most important figures ever seen in English football. The life and times of this multifaceted, enigmatic, pioneering football man have still never been fully explored and explained in detail before. Featuring new interviews with Johnny Giles, Kevin Keegan, Norman Hunter, Eddie Gray, Allan Clarke, Joe Jordan, Malcolm Macdonald and members of the Revie family, this long-overdue biography reveals how today's football owes so much to Don Revie.

Steve Davis was just a rookie from Plumstead, south London, learning how to play from an old book his snooker-obsessed father had given him, when an encounter with Barry Hearn changed his life forever. With his backing, Steve began touring the country in a clapped-out car as an amateur. Challenging established professionals and winning titles, supported by his loyal following the Romford Roar, it wasn't long before he progressed to the world's stage. By the eighties, Steve had helped transform a previously shady sport into a national obsession. He and a cast of legends such as Ray Reardon, Dennis Taylor and Alex Higgins, with other young guns like Jimmy White, were doing silent battle in front of huge audiences. Tens of millions of viewers would witness the nail-biting conclusions of his world championship finals; this was snooker's golden era. The man behind the 'boring' tag has always been the sport's smartest and sharpest man. With his cool, obsessive approach, Steve rewrote the rule book and became untouchably the best player in the world and the best paid sportsman in the country. Interesting lays it all bare: what it was like to win in those pressure-cooker situations; how to cope at the top, when everyone wants you to lose; and how you deal with the moment when a man comes along who is finally better than you. This is a memoir that closely evokes the smoke-filled atmosphere of those arenas, the intrigue behind the scenes and the personal psychology and sacrifice that is required to stay at the top of such an exacting sport.

Irish national hero, a Celtic great and their most-capped player, Patrick 'Packie' Bonner is a goalkeeping legend. He was Jock Stein's last signing for the club when he left his native Donegal for the city of Glasgow in 1978, where

Packie evolved from being a shy, homesick teenager into a confident, world-class talent and first-choice goalkeeper. Billy McNeill handed him a debut on St Patrick's Day in 1979, and Packie went on to provide the last line of defence a record 641 times for the club. A seasoned Irish internationalist, Packie was a vital component in the most-celebrated Irish national squad ever, playing in a golden era under the tutelage of the inimitable Jack Charlton. In *The Last Line*, Packie shares stories from his incredible career, including his greatest moment in front of a global audience during the Italia '90 World Cup tournament when he became the penalty shoot-out hero of the nation by saving a spot-kick that took the Irish to the quarter-finals stage in their very first World Cup adventure. It was an iconic moment that would change his life forever not least because, whilst in Italy, he, along with his teammates, had an audience with another goalkeeper, Pope John Paul II. Throughout his 80 cap international career, he competed against the very best in the world. Men such as Ruud Gullit, Marco Van Basten, Gheorghe Hagi, Roberto Baggio and Gary Lineker came to know the name Packie Bonner. Equally, in his glittering Celtic career that included the winning of four Scottish League titles, three Scottish Cups and one Scottish League Cup, Packie Bonner played alongside some great Celtic names like Tommy Burns, Paul McStay, and Murdo Macleod. Along the way, Packie had to endure a career-threatening back injury, as well as the devastation of a routine save going wrong and costing a goal on the world stage against Holland in 1994, ultimately leading to elimination from the World Cup in America. More than just the telling of trophies, titles and triumphs, this is the story of a Celtic legend and a true great of Irish International football.

Gainsborough's Fred Spiksley was one of the first working class youngsters in 1887 to live 'the dream' of becoming a professional footballer, before later finding a role as a globe-trotting coach. He thus dodged the inevitability of industrial, poorly paid, dangerous labour. Lightning fast, Spiksley created and scored hundreds of goals including, to the great joy of the future Queen Mary who chased him down the touchline, three against Scotland in 1893. The outside left scored both Sheffield Wednesday's goals in the 2-1 defeat of Wolves in the 1896 FA Cup Final at the Crystal Palace. Forced by injury to stop playing at aged 36, Spiksley adventured out into the world. He acted with Charlie Chaplin, escaped from a German prison at the start of the First World War and later made the first 'talking' football training film for youngsters. As a coach/manager he won titles in Sweden, Mexico, the USA and Germany, becoming the last Englishman to coach a German title-winning team with 1FC Nuremberg in 1927. He coached in Barcelona in 1932 and it was only after his involvement had exceeded 50 years, during which time, as this book explains, the game changed dramatically, did Spiksley's football career end. As an addicted gambler and womaniser, Spiksley had his problems away from football. However, he was beloved by his football fans, including Herbert Chapman, the greatest manager of that era in English football who, towards the end of his life, picked him in his finest XI.

September 11th, 2001 was America's wake up call to terrorism. Unfortunately, we hit the snooze alarm. The next wave of terror attacks won't be nation shaking, cataclysmic events. We're ready for that. Instead, they'll be minor, localized nightmares. Mere pinpricks to our country, but catastrophic to the small towns that find themselves in the crosshairs. Worst of all, there's nothing we can do to stop it from happening - or is there? A gritty novel extrapolated from real world events, this fast-paced, riveting thriller will leave you alarmed, angry, and awestruck at America's unpreparedness for the next wave of terror attacks. Some might refer to it as death by a thousand cuts, but the counterterrorism community calls it *Small Ball*. *Small Ball* is an indictment of our woefully wrongheaded security infrastructure and a testament to the resilience, resourcefulness, and integrity of the average American. You'll wonder why it hasn't happened already. Perhaps it's happening right now...

Boys' Life is the official youth magazine for the Boy Scouts of America. Published since 1911, it contains a proven mix of news, nature, sports, history, fiction, science, comics, and Scouting. Football fans will love this insight into the life and mind of Big Sam. With nearly 20 years as a player - plus almost 25 years as a coach and manager - under his belt, Sam Allardyce is one of the most recognisable figures in British football. 'Big Sam' has been a robust defensive general throughout the seventies and eighties, and an imposing touchline presence as a gaffer since 1994. Over the last four decades, Allardyce has seen it all. The game he so loves is radically different to that in which he made his debut back in 1973, and in telling his wonderfully colourful story for the very first time, Allardyce talks intriguingly about the changing face of players and managers. His autobiography positively crackles with characteristic insight, honesty and hard-hitting opinions.

The classic football memoir, now available as an ebook 'An absolute magical player. I loved him' Sir Bobby Charlton 'A god to those of us who aspired to play the game' Brian Clough 'The man who taught us the way football should be played' Pel é Sir Stanley Matthews was the most popular footballer of his era and the game's first global superstar. He was the first footballer to be knighted, the first European Footballer of the Year (aged 41), and he played in the top division until he was 50. His performance in the 'Matthews final' of 1953, when he inspired Blackpool to victory over Bolton, is widely considered the finest in FA Cup history. Here, in his own words, and showcasing his unique humour, is a sporting gentleman who epitomised a generation of legendary players: Sir Tom Finney, Nat Lofthouse, Billy Wright and many more. *The Way It Was: My Autobiography* is filled with characters, camaraderie, drama and insight, and is essential reading for anyone who wants to understand how football, and society, have changed over the last century. It is a fascinating memoir of a great footballer, and the remarkable story of an extraordinary life. After Hurricane Higgins crashed out of snooker's top league, Jimmmy White has been the 'People's Champion' even though he never quite made the top World spot, pipped at the post in 1995 by Stephen Hendry, after missing one single black. Aged 16, White was the youngest player to win the English Amateur Championship. At 18, he won the World Amateur title. By 1984, he's a professional success, married but not at all settled. He's the kind of man who goes out for a packet of cigarettes and comes home two weeks later. Gambling, women, marathon binges with showbiz friends like Ron Wood of the Rolling Stones, have threatened the stability of his marriage. But somehow White has survived, to tell in candid detail, a most unusual, often outrageous story of a very sporting life.

Looks at contemporary sports talk radio and its relations to both traditional and newer forms of masculinity.

Second Yellow: More Adventures of our Footballing Heroes brings you more funny, fascinating and downright baffling tales gleaned by authors John Smith and Dan Trelfer from their unflagging research of over 240 footballer autobiographies. Together, they have pored through the works of genuine legends, cult heroes and players they can only dimly recall from their 1983 Panini sticker albums to find stories and facts that will delight, shock and confuse - sometimes all at once. There's the chairman who owned a ventriloquist's dummy called Algernon. There's the Liverpool legend who set a team-mate's wife's hair on fire. There's the Arsenal star who confronted some innocent fans with a samurai sword. And there's the Ipswich hero who took on Sylvester Stallone in an arm-wrestling contest - possibly inspiring Stallone's half-forgotten epic Over The Top. This book covers all the bases of the typical footballer's life: love, violence, gambling, horrific injury, banter (it's mostly banter) and, apparently, pigeons.

The basketball star offers an account of his life on and off the court, detailing his accomplishments in college and in professional sports, the inherent racism in sports, and his tenure as president of the NBA Players Union.

Life Of Mark Twain By Albert Bigelow Paine Mark Twain began writing his autobiography long before the 1906 publications of these Chapters from my Autobiography. He originally planned to have his memoirs published only after his death but realized, once he'd passed his 70th year, that a lot of the material might be OK to publish before his departure. These chapters were published in serial form in the North American Review during 1906-1907. While much of the material consists of stories about the people, places and incidents of his long life, there're also several sections from his daughter. In My Mark Twain, Howells pens a literary memoir that includes such fascinating scenes as their meetings with former president Ulysses Grant who was then writing the classic autobiography that Twain would underwrite in the largest publishing deal until that time. But it is also notable for its affectionate descriptions of his friend's family life during Howell's many visits to the Twain residences in Hartford and Stormfield. Mark Twain A Biography and The Boys' Life Of Mark Twain written by Albert Bigelow Paine, are an invaluable resource to better understand Twain, the stories behind his stories and his life with those he loved and with whom he worked. Mark Twain (pseudonym of Samuel Langhorne Clemens) (1835-1910), quintessential American humorist, lecturer, essayist, and author wrote The Adventures of Tom Sawyer. William Dean Howells (1837-1920) was an American realist author and literary critic. He was particularly known for his tenure as editor of the Atlantic Monthly as well as his own prolific writings, including the Christmas story "Christmas Every Day" and the novel The Rise of Silas Lapham. Albert Bigelow Paine (1861 - 1937) was Mark Twain's biographer. He lived with Twain, collecting ideas and material for a biography, for a few years before Twain's death in 1910.

England and the 1966 World Cup presents a cultural analysis of what is considered a key 'moment of modernity' in the nation's post-war history. Regarded as having an importance beyond its primary sporting purpose, the World Cup in England is examined within the complexity of the cultural, social and political changes that characterised the mid-1960s. Yet, although addressing the importance of non-sport related connections, the book maintains a focus on football, discussing it as a 'cultural form' and presenting an original perspective on the aesthetic accomplishment in football tactics by England's manager, Alf Ramsey. The study considers the World Cup in relation to the cup tradition, England as the World Cup host nation, the England squad and masculinity, the modernism of England's manager Alf Ramsey, design and commercial aspects of the World Cup, a critical engagement within existing academic accounts, and an examination of how England's victory has been remembered and commemorated.

A century has always had a special resonance, in all walks of life, and none more so than in cricket. Scoring one hundred runs is the ultimate for a batsman. As former England captain Andrew Strauss admits, it's incredibly hard to do; for Ricky Ponting, it's a transformational moment in the career of a cricketer. Or in the words of Geoffrey Boycott, 'a century has its own magic'. In The Art of Centuries, Steve James applies his award-winning forensic insight to the very heart of batting. Through interviews with the leading run-scorers in cricket history and his own experiences, Steve discovers what mental and physical efforts are required to reach those magical three figures. Despite his own haul of 47 first-class tons, he himself felt at times that he was poorly equipped for the task. So working out how to score centuries is an art. And bowlers might not agree, but there really is no better feeling in cricket.
