Why are some people more successful in business? Why do some businesses flourish where others fail? Renowned business speaker and author, Brian Tracy has discovered the answers to these profoundly puzzling questions. In *The 100 Absolutely Unbreakable Laws of Business Success* Tracy draws on his thirty years' experience and knowledge to present a set of principles or "universal laws" that lie behind the success of business people everywhere, in every kind of enterprise, large and small. These are natural laws, he says, and they work everywhere and for everyone, virtually without exception. Every year, says Tracy, thousands of companies underperform or even fail and millions of individuals underachieve, frustrated by thwarted ambition and dreams--all because they either attempted to violate or did not know these universal laws. But ignorance of the law is no excuse! Tracy breaks the 100 laws down into nine major categories: Life, Success, Business, Leadership, Money, Economics, Selling, Negotiating, and Time Management. For each of the nine groups he details the specific laws that govern it--laws such as the Law of Cause and Effect, the Law of Service, the Law of Increasing Returns, the Law of Compensation, and the Law of Independence. Drawing on a lifetime of observation, investigation, and experience, Tracy not only identifies and defines each law, he also reveals its source and foundation, whether in science, nature, philosophy, experience, or common sense. He illustrates how it functions in the world using real-life anecdotes and examples shows how to apply it to your life and work through specific questions and practical steps and exercises that everyone can use--sometimes in just minutes--to begin the journey toward greater business success. Now for the first time in one volume, these key principles can be understood and put to use by business people of all ages and experience for better, faster, more predictable results. "When you know and understand them," writes Tracy, "you gain a tremendous advantage over those who do not. When you organize your life and business according to these universal laws and timeless truths, you find that it is much easier to build and run a successful and profitable business or department, no matter what external conditions might exist...You will attract and keep better people, produce and sell more and better products and services, control costs more intelligently, expand and grow

more predictably, and increase your profits with greater consistency." Easy to read, easy to understand, and easy to apply, *The 100 Absolutely Unbreakable Laws of Business Success* offers a straightforward, eye-opening, life-affirming approach to how the world of business really works.

From the bestselling author of *Eat That Frog!*, a motivational guide to using the Psychology of Achievement to banish negative thoughts and behaviors and unlock your full potential for success. Letting go of negative thoughts is one of the most important steps to living a successful, fulfilling life, but also often the most difficult. In this practical, research-based guide, bestselling authors Brian Tracy and psychotherapist Christina Stein present their "Psychology of Achievement" program to help you identify and overcome detrimental patterns and ideas preventing you from achieving your goals or feeling happy and satisfied in your life. Whether this negativity stems from a past relationship that ended badly, a childhood trauma, a business or career failure, or general insecurity, Tracy and Stein help you recognize how conscious--and more oftentimes unconscious--negativity affects your personality, your outlook and your decisions. Along the way, they show you how to regain control of your thoughts, feelings, and actions, turn negatives into positives, and learn to accept unexpected life changes without falling back into old negative patterns. Essential reading for anyone feeling stuck, *BELIEVE IT TO ACHIEVE IT* offers an important roadmap to conquer negativity and embrace the power of positive thinking to live a happy, successful life.

The author of *Getting Things Done* makes recommendations for altering one's perspectives in order to see life as a game that can be won, offering suggestions for handling information overload, achieving focus, and trusting

oneself while making decisions. 125,000 first printing.

Winners are individuals who surpass the efforts of all others and can claim victory in their competitive endeavors. There are probably more famous quotes on winning and succeeding than on most other topics combined. Many of these quotations have come from a variety of thinkers, coaches, philosophers and scientists including the likes of Confucius, Socrates, Gandhi, Martin Luther King, Einstein, Stephen Hawking, Vince Lombardi, John Wooden and 'Bear' Bryant. It is interesting to note that while great thinkers and coaches view winning as their goal, they emphasize that preparation for the event is of even greater importance. This has never been more evident than in this day and age, where competition to rise to the top is pursued by so many and winning is revered by all. The result of this intense competition is that winners are analyzed meticulously. Along with the potential rewards of fame, wealth, public recognition and power, aspiring to win can easily become emotional and personal, and our determination to succeed amplified. In pursuit of the prize we have targeted, we can shorten our journey by finding a mentor, someone who has already successfully traveled that route, in order to achieve our goal sooner rather than later. To develop The Will to Win, the mindset you desire can be mentored and guided by the CelebrityExperts(R) in this book. These guides can often save you the anguish of making the same mistakes they made, and losing precious time along the way. So if you've got The Will to Win, read on and let this book be your guide.

aspiring business owner has likely encountered an overwhelming number of so-called "easy paths to success." The truth is that building a real, profitable, sustainable business requires thousands of hours of commitment, grit, and hard work. It's no wonder why more than half of new businesses close within six years of opening, and fewer than 5 percent will ever earn more than \$1 million annually. 12 Months to \$1 Million condenses the startup phase into one fast-paced year that has helped hundreds of new entrepreneurs hit the million-dollar level by using an exclusive and foolproof formula. By cutting out the noise and providing a clear and proven plan, this roadmap helps even brand-new entrepreneurs make decisions quickly, get their product up for sale, and launch it to a crowd that is ready and waiting to buy. This one-year plan will guide you through the three stages to your first \$1 million:

- The Grind (Months 0-4): This step-by-step plan will help you identify a winning product idea, target customers that are guaranteed to buy, secure funding, and take your first sale within your first four months.*
- The Growth (Months 5 - 8): Once you're in business, you will discover how to use cheap and effective advertising strategies to get your product to at least 25 sales per day, so you can prove you have a profitable business.*
- The Gold (Months 9-12): It's time to establish series of products available for sale, until you are averaging at least 100 sales per day, getting you closer to the million-dollar mark every single day. Through his training sessions at Capitalism.com, Ryan Daniel Moran has helped new and experienced entrepreneurs launch scalable and sustainable online businesses. He's seen more than 100 entrepreneurs cross the seven-figure barrier, many of whom go on to sell their businesses. If your goal is to be a full-time entrepreneur, get ready for one chaotic, stressful, and rewarding year. If you have the guts to complete it, you will be the proud owner of a million-dollar business and be in a position to call your own shots for life.*
