

## Millionaire's Notebook: How Ordinary People Can Achieve Extraordinary Success

In this short, powerful book, multimillionaire and bestselling author Steven K. Scott reveals King Solomon's breakthrough strategies to achieve a life of financial success and personal fulfillment. Steve Scott flunked out of every job he held in his first six years after college. He couldn't succeed no matter how hard he tried. Then Dr. Gary Smalley challenged him to study the book of Proverbs, promising that in doing so he would achieve greater success and happiness than he had ever known. That promise came true, making Scott a millionaire many times over. In *The Richest Man Who Ever Lived*, Scott reveals Solomon's key for winning every race, explains how to resolve conflicts and turn enemies into allies, and discloses the five qualities essential to becoming a valued and admired person at work and in your personal life. Scott illustrates each of Solomon's insights and strategies with anecdotes about his personal successes and failures, as well as those of such extraordinary people as Benjamin Franklin, Thomas Edison, Oprah Winfrey, Bill Gates, and Steven Spielberg. At once inspiring and instructive, *The Richest Man Who Ever Lived* weaves the timeless truths of one of our greatest works of literature into a detailed roadmap for successful living today. Get out of debt and stay out with the help of Dave Ramsey, the financial expert who has helped millions of Americans control their money. Are you ready to put other people to work? With this book, we will address the business end of things to be an executive protection entrepreneur and the mind-set you will need to succeed as a person in business. In my first book, *The Bodyguard Myth*, we looked at the skill set and mind-set you need to be successful as an individual Certified Protection Operator® (CPO). Then we worked on building those skills. In *The Bodyguard Blueprint*, we will look at the skill set and mind-set of a CEO, the person running a successful executive protection business. We will start by examining the general mind-set and then get down to brass tacks. I will introduce some concepts early on and then expand on them later in more detail.

NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning *The Daily Show* with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, *The Daily Show* with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers—including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of *The Daily Show*'s most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics-a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, *The Daily Show* has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

Everyday Millionaires

*The Ordinary Millionaire is intended to show a perspective of a struggling immigrant who grew up in poverty yet became a millionaire within six years after being deep in debt with middle-class incomes for almost two decades. Just like ordinary Americans, I had made many poor emotional choices trying to keep up with the Joneses...trying to be normal. I then share with you how we implemented other guru's proven strategies to turn our life around from financial rock bottom. My main reason for writing this book is to hopefully inspire you to get your finances in order and to pursue your dreams. I would like to impart our actual regimen to maintain a simple lifestyle and invest diligently in order to obtain our wealth. In the grand scheme of things, becoming a millionaire is only a side effect of our short-term objective—our true aspiration is to be financially independent and retire early like what is often heard in the FIRE movement.*

***THE DEFINITIVE EDITION*** • *Discovered in the attic in which she spent the last years of her life, Anne Frank's remarkable diary has since become a world classic—a powerful reminder of the horrors of war and an eloquent testament to the human spirit. Updated for the 75th Anniversary of the Diary's first publication with a new introduction by Nobel Prize-winner Nadia Murad "The single most compelling personal account of the Holocaust ... remains astonishing and excruciating."*—*The New York Times Book Review* In 1942, with Nazis occupying Holland, a thirteen-year-old Jewish girl and her family fled their home in Amsterdam and went into hiding. For the next two years, until their whereabouts were betrayed to the Gestapo, they and another family lived cloistered in the "Secret Annex" of an old office building. Cut off from the outside world, they faced hunger, boredom, the constant cruelties of living in confined quarters, and the ever-present threat of discovery and death. In her diary Anne Frank recorded vivid impressions of her experiences during this period. By turns thoughtful, moving, and amusing, her account offers a fascinating commentary on human courage and frailty and a compelling self-portrait of a sensitive and spirited young woman whose promise was tragically cut short.

*Two brothers. Three secret service agents. And millions for the taking. Charlie and Oliver Caruso are brothers who work at Greene and Greene, a private bank so exclusive there's a \$2 million minimum to be a client. But when the door of success slams in their faces, the brothers are presented with an offer they can't refuse: \$3 million in an abandoned account that can't be traced. It's the perfect victimless crime. Charlie and Oliver opt to take the money, but get much more than they bargained for. Now, with a lot of extra zeroes in their pockets and a friend found dead, the Secret Service and a female private investigator are closing in. Whose money did they take? How will they stay alive? And why is the Secret Service trying to kill them? Both Charlie and Oliver quickly realize it's not easy being The Millionaires.*

Stanley and his daughter, Dr. Sarah Stanley Fallaw, confirms that, yes, the millionaire next door is alive and well.
