

Motorcycles: An Easy Reader Book

"First to Last" is the true story of a soldier's life through the motorcycles he has owned and the most prominent action events that have occurred on those bikes and during his lifetime. It is a factual, first-hand account of the tale of a biker, a warrior and an incurable romantic. The story has an international tone, is action oriented during peace and war, and spans the generations in its common appeal to motorcyclists, military enthusiasts, world travelers, hobbyists, adventurers and romantics of all ages. The book includes maps and photographs with captions that follow portions of the storyline. Its theme combines historical nostalgia with adventure romance to yield an avant-garde, neo-classic novella of the two-wheeled conveyance - the motorcycle. The weave of motorcycle, man, places and events is nothing less than a lifelong search for the Holy Grail that culminates in answering the question of where one's treasure lies. About the Author Dennis W. Lid served in the U.S. Army Infantry, Airborne and Special Forces worldwide during peace and war for over 20 years. Major Lid retired from the army in 1980. He then worked abroad for the U.S. Department of Defense as a Department of the Army Civilian for 19 years. Freelance writing, reading and motorcycling have been the favorite passions of his life. Now retired, his interest in motorcycles continues unabated, although he no longer rides. Fond memories of past motorcycling days feed his trend of thought and keep his life as a biker alive and well. He bids Godspeed to all his fellow soldiers and motorcyclists.

THE CLASSIC BOOK THAT HAS INSPIRED MILLIONS A penetrating examination of how we live and how to live better Few books transform a generation and then establish themselves as touchstones for the generations that follow. Zen and the Art of Motorcycle Maintenance is one such book. This modern epic of a man ' s search for meaning became an instant bestseller on publication in 1974, acclaimed as one of the most exciting books in the history of American letters. It continues to inspire millions. A narration of a summer motorcycle trip undertaken by a father and his son, Zen and the Art of Motorcycle Maintenance becomes a personal and philosophical odyssey into fundamental questions on how to live. The narrator's relationship with his son leads to a powerful self-reckoning; the craft of motorcycle maintenance leads to an austerey beautiful process for reconciling science, religion, and humanism. Resonant with the confusions of existence, this classic is a touching and transcendent book of life. This new edition contains an interview with Pirsig and letters and documents detailing how this extraordinary book came to be.

Offering stellar performance and undeniable cool, Triumph motorcycles are part of North America's motorcycling soul. Triumph Motorcycles in America shows how the US played key role in Triumph's tremendous success.

Provides information about motorcycles and ATVs, describing different models as well as their speeds, sizes, and uses.

The Big Book of Motorbikes showcases the wonderful world of motorbikes to a new and vibrant generation. This is a fun and educational volume for children illustrated and brightly colored by the book's designer, Asim Hussain. From industry to competition, records and just riding for fun, The Big Book of Motorbikes has it all just waiting for you to explore!

The Bike That Ate Dirt

How Your Motorcycle Works

A Great Simple Picture Book for Kids to Learn about Different Types of Motorcycles

Early Motorcycles

Awesome ATVs

A fascinating and complex piece of machinery, the modern motorcycle is easily as complex as the modern car. Clear, jargon-free text, and detailed outaway illustrations show exactly how the modern bike works. From the basics of the internal combustion engine, to the wide variety of modern transmissions and ancillary systems.

The Old Mechanic is Peter J. Uren's debut novel. It tells the story of an old motorcycle mechanic who takes on an apprentice and, together, they restore a classic 1959 Norton 500cc ES2. The story takes the reader right through the process of restoring an old classic motorcycle, from rebuilding the engine to getting the bike on the road. Along the way, they maintain, repair and service many classic old British motorbikes. But the book is more than just about motorcycles; it is about the intergenerational relationship between the two men, and the passing on of a lifetime's worth of knowledge and experience from one generation to the next.

This best-selling book is also " #1 book in motorcycle safety " (Nielsen BookScan) and essential reading for all motorcyclists regardless of their years of experience. Author David L. Hough, a revered motorcycle author, columnist, and riding-safety consultant, lays out a clear course for all riders who want to sharpen their handling skills and improve their rides. This second edition, expanded and now in full color, offers new riders and road warriors the exact kind of advice they need to be prepared for anything when on the road, how to avoid accidents, and how to handle the unexpected. Hough, who began motorcycling in the 1960s, tackles every imaginable topic—from the mechanics of the bike, selection of the right-sized bike, and basic riding skills to night riding, group outings, and advanced survival tactics. In the chapter called " Motorcycle Dynamics, " Hough spells out the equipment needed and basic skills required to control a bike, and specifically keeping the rider ' s safety and ability to avoid potentially injurious or fatal crashes. The author is outspoken and direct when it comes to safety, and he emphasizes the importance of the rider ' s braking abilities and spells out how to improve them. The chapter offers six tried-and-true techniques for quick-stop tactics, critical for every rider to understand and master. He also addresses other vital skills that riders need to evaluate and improve, such as turning, maintaining balance and stability, and steering. He defines, compares, and analyzes the ins and outs of steering and control: direct steering, countersteering, push steering, out-tracking, coning, u-turns, and directional control. The chapter called " Cornering Habits " is a virtual master class in acceleration, deceleration, use of weight, throttle, leaning, and handling challenging terrain. Hough ' s skill as a photographer and illustrator adds a graphic element to his books that leads to immediate understanding of the concepts he explains. The detail offered in each section of the book can only come from decades on the road, and the author is the consummate instructor, assigning homework to the readers in the form of exercises to practice and improve specific techniques that he outlines and illustrates in the text. Any rider who would venture out on the road without David Hough ' s voice in his head takes an unnecessary risk with his own life. Proficient Motorcycling takes riders from long, snaking country roads right into the traffic of the big city, and Hough offers the best advice for riders dealing with the most challenging conditions, whether it ' s road construction, snap-jawed intersections, skateboarders, or suddenly slippery road surfaces. A critical section of the book offers riders advice on how to deal with automobiles, including aggressive car drivers, oblivious SUV drivers, or " blind " truck drivers. The book offers the kind of first-hand experience that can literally save riders ' lives, as illustrated in the chapters " Booby Traps " and " Special Situations, " which offer evasive tactics and advice to avoid and handle everything from slick surfaces, curbs, and construction plates to ferocious dogs, hazardous wildlife, and difficult weather conditions. The final chapter of the book, " Sharing the Ride, " is geared toward experienced riders who travel together in groups or who travel with a second passenger on the bike. Topics covered are formation, packing for trips, communication between riders, sidecars, trikes, and more. The book concludes with a resources section of organizations, training schools, educational tools, and websites; a glossary of 80+ terms; and a complete index.

Few paint a more vivid or varied picture of the joys of riding than this collection of stories from a motorcycling life by Lance Oliver, who has spent more time than most of us thinking about and writing about the art and practicalities of motorcycling. Its tires are over five feet tall. It is as heavy as an elephant. And it can jump, race, and crush like a monster! It ' s a monster truck! Whether racing over ramps, plowing through mud, or crushing cars, monster trucks are the biggest and baddest trucks out there! The bestselling and award-winning team that brought you Choppers! and Motorcycles!, author Susan E. Goodman and photographer Michael J. Doolittle, show readers how these beasts came to be, how they work, how they get ready for a show, and some of the exciting tricks that only monster trucks can do. This action-packed Step 3 Step into Reading beginning reader is filled with you-are-there color photographs! Informative and fast-paced, this book is perfect for boys and girls who love everything on wheels!

Marevous Motorcycles

"This book, a polished, winding meditation on the theory and fractiousness of motorcycles, celebrates both their eccentric history and the wary pleasures of touring."—The New Yorker In a book that is "a must for anyone who has loved a motorcycle" (Oliver Sacks), Melissa Pierson captures in vivid, writerly prose the mysterious attractions of motorcycling. She sifts through myth and hyperbole, misrepresentations about danger, about the type of people who ride and why they do so. The Perfect Vehicle is not a mere recitation of facts, nor is it a polemic or apologia. Its vivid historical accounts—the beginnings of the machine, the often hidden tradition of women who ride, the tale of the defiant ones who taunt death on the racetrack—are intertwined with Pierson's own story, which, in itself, shows that although you may think you know what kind of person rides a motorcycle, you probably don't.

Injured in a car accident that killed his parents, Nick and his sister are in foster care. Forced into stealing bikes to repay a debt, Nick gets involved with a violent criminal gang.

Ted's Bike Ride is a fun rhyming children's picture book that introduces children to Phonic sounds for the first time. Ted's Bike Ride tells the story of a teddy bear named Ted who travels along with his bike meeting a range of animals as he goes. Ted takes the time to learn the noises of the animals that he meets in a fun and entertaining way that both adults and kids really enjoy. Expect to find yourself Mooing and Woofing and Onking out loud with your children as Ted meets a range of animals that include a cow, a dog, a pig, a duck, a horse and a sheep until he finally returns home and meets his stereotypically grumpy cat. Ideal for kids aged between 2 to 6 years, from toddlers upwards and for boys and girls, Ted's Bike Ride helps children to learn to read by introducing new readers to the phonic sounds made by the animals (such as the moo of a cow). The big bright pictures within the animal story bring the script to life and will have your children laughing, pointing and reading along to the animal sounds as you read together. Although not written by Julia Donaldson, Ted's Bike Ride is written with a similar rhyming rhythm which is easy to read and makes any adult or child sound like a natural story teller. Ted's Bike Ride has the potential to be a 2017 Best Seller as parents and children around the world fall in love with the character and his cycling adventure.

Trump the dog lives in her person Dr. Jeanie's quarters behind the veterinary surgery. Trump has the important job of Animal Liaison Officer and travels with Jeanie when she makes house and farm calls. Because her dog senses are so acute, she often draws conclusions before the humans have even begun to think! Trump tells the stories of the animal patients and their families. Bob the border collie is a biker dog - he rides around on the back of his owner's motorbike, and is sure he'll never need a vet. But when Bob gets into strife, it's Trump to the rescue!

The Ride So Far

Zen and the Art of Motorcycle Maintenance

Comprehensive volume of practical information on everything from mufflers and automatic oil pumps to batteries and timing valves. Over 370 rare illustrations.

Cycling is exploding in a good way. Urbanites everywhere, from ironic hipsters to earth-conscious commuters, are taking to the bike like aquatic mammals to water. BikeSnobNYC—cycling's most prolific, well-known, hilarious, and anonymous blogger—brings a fresh and humorous perspective to the most important vehicle to hit personal transportation since the horse. Bike Snob treats readers to a laugh-out-loud rant and rave about the world of bikes and their riders, and offers a unique look at the ins and outs of cycling, from its history and hallmarks to its wide range of bizarre practitioners. Throughout, the author lampoons the missteps, pretensions, and absurdities of bike culture while maintaining a contagious enthusiasm for cycling itself. Bike Snob is an essential volume for anyone who knows, is, or wants to become a cyclist.

For many motorcyclists, the next best thing to riding or working on their bikes is reading Peter Egan's Cycle World columns. His conversational style and adroit language make his writing appeal to all types of riders.

Caution: Contains incidents of insane motorcycle antics, drug use and swearing. 'Boris has more fun on two wheels than should be legally possible.' - Richard Fidler, ABC His mother may not know it but Boris Mihalovic has lived a fast, furious, often politically incorrect life chasing the epiphanies of speed (the sensation not the drug). For Boris, motorbike riding was the rite of passage into manhood he'd been searching for. Now, nearly 40 years since he first rode a bike, the wisdom of age has provided the perspective for Boris to look back and realise some pretty wild shit went down. At the Altar of the Road Gods is about popping your motorcycle-buying cherry with an XJ650 Yamaha. It's about fines, feuds and fractures, high-sides, tank-slappers, angry police, even angrier young men, crashing, getting up, cranky girlfriends, riding faster, outlaws, and partaking in copious amounts of alcohol and drugs. It is about mateship and motorcycles. Ultimately, it is about four decades of two-wheel-related mayhem. Just don't tell Boris's mum! Be warned: may cause laughter, sleeplessness and the desire to buy a Lucifer-black Katana.

Have you ever been asked by your child to draw something simple like a dog or a bird but you have been unable to? Your child looks to you for guidance and support in all aspects of life. Your lack of artistic ability is not something you thought of as a hindrance, but now that you have children, this simple skill can make the world of difference in creating moments of deep bonding. When you are able to teach your child how to draw an animal or a house with accuracy and see that look of awe and admiration in their eyes, you will know that you made the right choice buying this book. This guide will start you on a magical trip with your little one on the page and on the draw with a single mark on the page and ends with a rich and creative world that the two of you have drawn together.

Girl on a Motorcycle

From bestselling author Nancy Rue comes a YA contemporary novel that combines coming-of-age drama with a rom-com series of adventures as one girl deals with her complicated family and first love. Jesse Hatcher is used to keeping everything together—from trying to manage her thoughts amidst her ADHD to helping her mom through bipolar "phases" and keeping the reality of the highs and lows—and their living situation—a secret. But when her supposedly dead father, Lou, appears and her mother becomes suicidal, her taped-together life comes undone. Soon Jesse is placed in Lou ' s temporary custody, where she has everything but control. As she works her Dad-mandated job learning to make sushi with a chef intent on torturing her, she concocts a plan to get back to her real home. But then a cute boy named Rocky and the thrill of riding his motorcycle complicate things, and the book she found seems to have all the answers she doesn ' t want to hear. Torn between what her mom wants and a life she might actually enjoy, Jesse is forced to make a crazy decision. Motorcycles, Burritos & One Strange Book: features a vibrant and witty protagonist dealing with the realities of a divided family and mental illness in a Christy award-winning novel that explores the ideas of self-worth and empowerment provides an inspirational message for those dealing with tough circumstances is the first book in the Real Life series

Motorcycles!

Ride It! Patch It!: An Acorn Book (Racing Ace #3)

Introduces young readers to the world of motorcycles, reveals how many types there are, how they work, and the jobs, competitions, and events that feature them.

Come along for an action packed ride of brotherhood and violence. Reliving the glory days of outlaw motorcycle clubs in the Vallhalla of California in the 1960's and the 1970's.

In the hot 'Summer of 88', the author packed up his motorcycle and pulled out of the garage with no destination or return date in mind. Rain was coming down, and every omen said "Wait"; but waiting had no place in what little plan there was. That trip would consume the better part of the summer; logging over twelve thousand miles from sea to sea and back. Yellowstone would burn, Reagan would threaten the 'Evil empire', and the author was oblivious to it all. The 'Drought of 88' was one of the hottest seasons on record, straining mind and machine. As resolve faltered, 'bloody mindedness' prevailed. "Alone In The Wind" is the account of that trip, with pictures, maps, travel thoughts, and rolling narrative. A few selected excerpts:The Interstates, when I use them, are viewed as something akin to "Worm Holes". They transport me at high speed from one wilderness portal on to the next; the bike appearing suddenly out of the grasslands, then once again vanishing into an empty canyon. The early evening sun is bright red and except for wild slapping the tents, all is quiet. Other campers are talking in subdued tones. The scene has a timeless quality I can't explain. Maybe it's how I'd picture an Oregon Trail camp. Everybody too exhausted to do more than whisper; anticipating the day ahead; trying to forget the ones behind. Kurt Vonnegut might have written that the Custer annihilation occurred solely to provide me with a ranger to give advice on the coming storms. That irony rattled around in my helmet for the next forty miles.Chewing mindlessly I stare at passing trucks with red eyes. This has been an endless, grueling day. A far cry from the mystical experience that other writers claim. The bone numbing reality of motorcycle touring is exhaustion, dehydration, disorientation. Vacant eyes seem to be nothing more than rubber stoppers that keep my liquefied brains from spilling out over my face.Carved out by the tides, the cave is probably underwater for most of the day. At the entrance is a rock with a well-formed depression at the top. Without thinking I dump both bottles of Atlantic Ocean into that shallow basin, move deeper into the cave and sit. There's a lot on my mind, and it all seems to be demanding immediate attention. The mission will be accomplished. The oceans will unite. It will take a few hours, and I won't be here to see it, but this is a better way. Letting the sea take it on its own terms seems more fitting.Heat was the real problem. Both the heat of a western summer day and the heat thrown off an air-cooled engine that's being pushed to its limits. While it was never transcendental, the passage was always very real, very immediate, and unforgettable. Thinking back to the other riders that I met, it seemed the same for them as well. They were all worn down with fatigue and loneliness; while at the same time brimming over with confidence and satisfaction. I won't forget them.

A guide to maintaining a bicycle in good operating condition including step-by-step tune-up instructions, a before-every-ride safety checklist, preparing an emergency kit, and making simple roadside repairs.

A new red motorcycle is for sale in the window. He wants to be purchased so that he can go out ride and eat dirt. He sees a boy and can't wait for the boy to buy him and the gear for riding the motorcycle. The boy buys him and can't wait to take him out to ride and eat dirt. This is a great book for beginning readers and has a special appeal to young boys who want to own a red motorcycle of their own. Whether your youngster can read or loves to be read to, he or she will love this book.

"This photo-illustrated book for early readers tells about the different kinds of motorcycles that people ride and what those bikes are used for"--

What is a touring motorcycle? And what is a sports bike? A touring motorcycle is a motorcycle especially designed for long range travel both on roads and off roads. This type of motorcycle has an upright seating position, larger fuel capacity, bigger displacement fairings and windshields to make long travel comfortable. A sports bike does not give much importance to acceleration. More trivia and fascinating information about motorcycles are featured in this book especially made for young travelers. Over 90 motorcycle -touring, sports bike, street bike, dual sport motorcycle, cruisers and other types of motorcycles, from classic motorcycles to the newest ones, different brands, and more are presented in this book. Each model is fuel your child's fascination with motorcycles. It is truly great book for children to enjoy with the family.

The Complete Idiot's Guide to Motorcycles, Fourth Edition, is the most complete book on motorcycles, covering everything from how to choose and maintain a motorcycle and how to buy appropriate gear, to how to ride safely, and how to make the most out of trips on the open road. In this imaginative adventure from Newbery Medal-winning author Beverly Cleary, a young mouse named Ralph is thrown into a world of excitement when a boy and his shiny toy motorcycle check in to the Mountain View Inn. When the ever-curious Ralph spots Keith's red toy motorcycle, he vows to ride it. So when Keith leaves the bike unattended in his room one night, Ralph has a lot of obstacles. Whether dodging a rowdy terrier or keeping his nosy cousins away from his new wheels, Ralph has a lot going on! And with a pal like Keith always looking out for him, there's nothing this little mouse can't handle. This timeless classic now features a foreword written by New York Times bestselling author Kate DiCamillo, as well as an exclusive intro perfect for independent reading or for shared reading at home or in a classroom. This fun story is the first of a trilogy, along with Runaway Ralph and Ralph S. Mouse, all inspired by the author's hope to create appealing books for boys and girls—and by the sight of her son playing with toy cars.

Ted's Bike Ride - a Fun Rhyming Children's Picture Book for Ages 2-6 Years

Jean Davidson, also known as Jeannie, tells the story of the first Harley-Davidson motorcycles as a blue-eyed, blond-hair 8-year-old tomboy. Have fun with Jean as she rides behind her father or with her family on early versions of the Harley-Davidson. Bright, colorful illustrations by Theresa Hammerquist add fun and zest to the words of young Jeannie. Children will delight in the playful text and illustrations while learning how early Harley-Davidson motorcycles were built and enjoyed. For children ages 3-7

A picture book biography by an award-winning team about the first woman to ride a motorcycle around the world One day, a girl gets on her motorcycle and rides away. She wants to wander the world. To go . . . Elsewhere. This is the true story of the first woman to ride a motorcycle around the world alone. Each place has something to teach her. Each place is beautiful. And despite many flat tires and falls, she learns to always get back up and keep riding. Award-winning author Amy Novesky and Governor General's Award-winning illustrator Julie Morstad have teamed up for a spectacular celebration of girl power and resilience.

"What the PCT is to Cheryl Strayed, the open road is to Brooks-Dalton."—Cosmopolitan A powerful memoir about a young woman whose passion for motorcycles leads her down a road all her own. At twenty-one-years-old, Lily Brooks-Dalton is feeling lost; returning to New England after three and a half years traveling overseas, she finds herself unsettled, unattached, and without the drive to move forward. When a friend mentions buying a motorcycle, Brooks-Dalton is intrigued and inspired. Before long she is diving headlong into the world of gearheads, reconsidering her surroundings through the visor of a motorcycle helmet, and beginning a study of motion that will help her understand her own trajectory. Her love for these powerful machines starts as a diversion, but as she continues riding and maintaining her own motorcycles, she rediscovers herself, her history, and her momentum. Forced to confront her limitations—new and old, real and imagined—Brooks-Dalton learns focus, patience, and how to navigate life on the road. As she builds confidence, both on her bike and off, she begins to find her way, ultimately undertaking an ambitious ride that leaves her strengthened, revitalized, and prepared for whatever comes next. Honest and lyrical, raw and thoughtful, Motorcycles I've Loved is a bold portrait of one young woman's empowering journey of independence and determination.

Zoom down the street with some cool animal bikers in this cheerful picture book all about motorcycles. Spirited wordplay, vibrant art, plus a visual dictionary, make this title a must have for bookshelves everywhere. This book is filled with lively rhyming text by the award-winning poet Tony Mitton that perfectly complements Ant Parker's bold, bright illustrations. A picture dictionary identifying motorcycle parts builds vocabulary and makes learning about motorcycles exciting and fun.

Discusses and exemplifies the importance of relating to others in ways that involve mutual acknowledgment and respect.
