

## My Stepfamily (How Do I Feel About)

Are you about to start a stepfamily and you are scared of how it will work out? Before you attempt to blend a family communicate about the goals and expectations you have for the new blended family You are moving in with a man who got divorced and has a kid or you are getting married to a woman who has a kid already. Will, the child like you? Will the marriage work out? How can you make it work without having to fight and go through unnecessary squabbles? Do these questions bother you? I know, and that's why I am bringing this good news to you. Love the second time is more beautiful but comes with many challenges Setting up a stepfamily seems complicated because you are meeting new people with different beliefs and history; asking these creative questions will give you information about your partner and kids, plus how to relate with them. You don't have to rack your brain to think about questions to ask, as this book is written to make it easier for you. 300 QUESTIONS FOR A STEPFAMILY SUCCESS comprises all the crucial questions you must ask yourself and your partner before starting that beautiful blended family to avoid future

complications. It is better to know earlier and decide whether to move on with the plan or abort mission than to find out when the family has already started. It can ruin many things, including your children's life and your family as a whole. Probably one of the reasons you got divorced is because you did not ask the important questions you should have to get information before your previous marriage. Now, you are about to start a new family, and I am sure you don't want to make that kind of mistake again. This is why you need this book **300 QUESTIONS FOR STEPFAMILY SUCCESS**; it is essential for your next family's success. Skipping this book would be to your detriment. In this book, you will learn the essential questions to ask your to-be partner about their last marriage, what happened, why it didn't work out, the mistakes they made in their previous marriage, and how to avoid them. Asking them all these questions shows how serious you are about marriage and your real intention towards your partner. Also, it will give you more information about their past and life in general. One of the issues that most stepfamilies face is how the kids get to relate with their new parents. This gets very complicated if you don't have good

## Access Free My Stepfamily (How Do I Feel About)

information about handling this. In this book, 300 QUESTIONS FOR STEPFAMILY SUCCESS, step-parents will learn the questions to ask their stepsons and daughters. You will learn how to ask those questions without springing up a past bad memory. You won't run out of questions through this book, as there are many of them there. Just read and determine which questions you want to ask and you won't have issues setting up your new family after reading this book. Perfect as a couple therapy book as well as an exciting book for a fun date night, this book is a must-have as it is sure to take your relationship to a whole new level.

**PURCHASE A COPY TODAY!!** N.B- the paperback version comes in a journal form, perfect for writing down your answers and refer to in years to come.

If you are among the growing number of families in which adults with grown children have remarried later in life, you are probably familiar with the conflicts and complicated emotional dynamics that can result. Parents expect that remarrying will be easier because the children are grown up. But the reality is that these remarriages can cause painful struggles between parents and their adult children. Based on in-depth research by a

psychiatrist and a sociologist, *Step Wars* trains a revealing lens on the sources of these conflicts and teaches the skills required to manage them. Topics include: \* Your Children and Mine: Can They Ever Become Ours? \* What Will Happen to the "Family Home"? \* Who Should Inherit My Property? Managing Financial Conflict Between Generations \* Health and Illness: Thank Heaven the Caretaker Is on Duty \* The Grandchildren: Pawns or Bridges? Written for both the couple getting married as well as their adult children, *Step Wars* is a road map for happily surviving remarriage later in life. Many marriages in the United States end in divorce. Since most of those who get divorced will marry again, many children of divorce will need to adjust to stepfamilies. This book helps teens cope with the many changes that take place when their parents divorce and remarry, often including moves to new homes and dividing time between biological parents. Teens are encouraged to take the time to build good relationships with stepparents, stepsiblings, and in some cases, new half siblings, as well as strong relationships with their parents individually. Readers will feel supported and less alone as they cope with their own emotions and navigate

these challenging life transitions.

HAVE YOU EVER WONDERED HOW TO BEST APPROACH YOUR NEW ROLE AS A STEPPARENT? HAVE YOU FOUND IT CHALLENGING TO GET ALONG WITH YOUR STEPCHILDREN? You are certainly not alone, and this book is here to help you. Starting a new family in which you have to integrate your life with that of your stepchildren can pose unique challenges that are not present in nuclear or biological families. Stepparents want nothing more than for things to work out with their new family, but sometimes, the issues that arise may just seem so overwhelming. Don't you wish that someone could hand you a list of all the things you should and shouldn't do to handle your new role better? Don't worry because this book has you covered. This book was written by parents who understand what you are going through, and they provide everything you need to know to make the integration process as easy for you, your spouse, and your stepchildren as possible. Here is what this book will teach you:

- Managing everyone's expectations in a blended family
- Knowing your role vis-à-vis your stepchildren's needs
- Facilitating adjustment
- Handling differences
- Establishing a family identity
- Strengthening your new family PLUS! Do's

and don'ts of stepparenting **BONUS CHAPTER:  
The 5 biggest mistakes stepparents make**  
This book is the most comprehensive one  
you can read about becoming a successful  
stepparent. Knowing the information in  
this book and practicing all the tips and  
advice will surely get you on your way to  
establishing a solid and loving blended  
family. Do not delay, and start making a  
great difference in your family life!

How To Win As A Stepfamily

Seven Steps to a Healthy Family

My Stepfamily

A Survival Guide for Blended Families

Stepcoupling

Strengthening Your Stepfamily

A Fun Step Parenting Love Journal for that  
Perfect Blended Family Relationship

*A clinical psychologist--and  
stepmother--offers practical advice and  
effective techniques to help stepparents  
bond with their stepchildren, explaining  
how to achieve long-lasting, rewarding,  
and close relationships with one's new  
children. Original. 15,000 first printing.  
What determines whether stepfamilies  
remain together? What helps stepfamilies  
overcomes the difficulties of remarriage  
and become mutually supportive family  
units? How can mental health professionals*

*better support this development? This book brings both clarity and depth to the unique and complex dynamics of remarried families. Patricia Papernow draws on interviews with over 100 stepfamily members, up-to-date research, a solid theoretical framework, and an empathic clinical sensibility to present an insightful model of stepfamily development, the Stepfamily Cycle. This details account of the sages of forming a lasting, cohesive group is richly illustrated by stepfamily members' own stories. Becoming a Stepfamily describes the developmental challenges involved in building nourishing, reliable relationships between stepparents and stepchildren, in the newly married couple, and between different family groups who must learn to live together in a remarried family. Papernow discusses the factors that influence the pace and ease of development, and she provides four full length case studies illustrating the varied paths through the stepfamily cycle to the successful remarried life. The author offers therapists, clergy, school personnel, and others involved with stepfamilies a range of effective interventions, including preventive, educational, and clinical approaches. She*

*provides practical guidance for helping family members deal constructively with the differing attachments of children to their biological parents and stepparents, assisting stepparents as they cope with feeling excluded from the powerful biological parent-child bond, and guiding biological parents torn between their spouse's need for intimacy and privacy and their children's needs for support and attention.*

*Surviving and Thriving in Stepfamily Relationships draws on current research, a wide variety of clinical modalities, and thirty years of clinical work with stepfamily members to describe the special challenges stepfamilies face. The book presents the concept of "stepfamily architecture" and the five challenges it creates, and delineates three different levels of strategies—psychoeducation, building interpersonal skills, and intrapsychic work—for meeting those challenges in dozens of different settings. The model is designed to be useful both to stepfamily members themselves and to a wide variety of practitioners, from a highly trained clinician who needs to know how and when to work on all three levels, to a school counselor or clergy person who may work on*

*the first two levels but refer out for level three. It will also be useful to educators, judges, mediators, lawyers and medical personnel who will practice on the first level, but need to understand the other two to guide their work.*

**RELIGION & BELIEFS. It's Time for a Relationship Checkup!** Getting routine physicals and dental checkups is essential to your health. And your car needs a regular oil change. But what about your relationship? Dating and married couples rarely, if ever, do a checkup on their relationship. But the sooner you identify problems and find ways to resolve them, the easier it will be to create a strong future. And the sooner you discover your relationship strengths and build on them, the deeper and more intimate your relationship will be. Each chapter of *The Remarriage Checkup* explores one of the key qualities of happy remarriage relationships. Like a GPS device for your relationship, this book has a CPS (Couple Positioning System) and built-in discussion questions that can help you and your partner discover where you are, where you'd like to be, and how to get there.

***Balancing Your Stepfamily***

You want the truth, not a sitcom of illusion. You want authenticity, not just perception. You want to know...Can stepfamilies be done right? Can God really bring beauty from ashes for your "blended" family? "Yes!" say stepmother and stepson, Joann and Seth Webster. In spite of past experience, you can walk with divine confidence, past failures and mixed expectations, to find hope for your future together. Joann and Seth Webster take you where few would ever tread, back into their painful years as a newly blended family when life revolved around "The Divorce," the "Other Parents" and the co-dependant behavior of teenaged brother who reenacted destructive roles that felt familiar. You will also discover what every stepfamily must survive in order to thrive: Choosing the best course for discipline Determining a role for the stepparents Is there an "easy" way to do visitation? Dealing with the "ghosts" in each member's past Living through the three cycles of stepfamily life Adjusting expectations for becoming a "real family"

Note: hyperlinks below will take you to the Break the Cycle! Website (formerly "Stepfamily inFormation") that this book and series are based on. Use your browser's

"back" button to return to Xlibris. This is the fourth volume in a series of six dedicated to breaking the epidemic [wounds + unawareness] cycle that promotes America's tragic divorce epidemic. The prior volume, *Stepfamily Courtship* (Xlibris.com, 2002), outlines seven Projects to help courting couples make wise commitment decisions. This book for stepfamily coparents and supporters adds five more projects based on the prior seven ones. If couples didn't do the prior projects (which is common), they can start the first six any time. A sobering reality: if either partner made any unwise courtship choices, it's unlikely that doing these other 11 Projects will guard them and their dependents from the five hazards that promote psychological or legal re/divorce. Nonetheless, working at the the projects will give minor kids their best chance at avoiding inherited psychological wounds, and passing them on to their descendents like their unaware ancestors did. The five post-re/wedding co-parenting projects are: 8) Nourish your re/marriage and steadily keep it your second priority, after personal integrity and wholistic health - except in emergencies. In complex multi-home stepfamilies this is hard for many couples to do; as they 9) Merge three or more multi-generational biofamilies, and evolve strategies to resolve inevitable values and loyalty conflicts and Persecutor-Victim-Rescuer relationship triangles; while you 10) (a) Build a co-parenting team with your kids' "other parents," (b) stay current on your kids' progress with their many developmental and adjustment needs, and

(c) continually adjust and refine your co-parenting "job descriptions" based on your stepfamily mission statement. Because all nine of these ongoing co-parent projects are complex, confusing, and conflictual 11) Intentionally build a support network for you and your kids, and use it regularly. Finally 12) Help each other (a) stay balanced personally, re/maritally, and co-parentally each day, and (b) enjoy this whole challenging, en

Money issues are a frequent source of conflict in all marriages. But blended families are a monetary minefield. Debts, bills, and child support payments from previous relationships often influence the finances of a blended family. And planning for college expenses, retirement, and inheritance gets even more complicated in remarriage. These issues can explode couple unity and blow up developing family harmony. However, proper blended family money management can make money an asset to your relationship, not a liability. The authors use over 50 years of combined financial planning and blended family educational experience to help you envision your combined financial future and plan for how you'll get there. You'll discover practical ways to merge your current financial realities and protect your marriage while doing so. Get real-world financial advice specific to unique blended family legal and relational matters so you can provide for your family both now and in the future. This second edition synthesizes the emerging knowledge base on the diversity of stepfamilies, their inherent concerns, and why so relatively little is still known about

them. Its extensive findings shed needed light on family arrangements relatively new to the literature (e.g., cohabitating stepparents), the effects of these relationships on different family members (e.g., stepsiblings, stepgrandparents), the experiences of gay and lesbian stepfamilies, and the stigma against non-nuclear families. Coverage reviews effective therapeutic and counseling interventions for emotional, familial, and social challenges of stepfamilies, as well as the merits of family education and self-help programs. The authors explore prevailing myths about marriage, divorce, and stepfamily life while expanding the limits of stepfamily research. Among the topics included: • The cultural context of stepfamilies. • Couple dynamics in stepfamilies. • Gay and lesbian couples in stepfamilies. • The dynamics of stepparenting. • Siblings, half-siblings, and stepsiblings. • Effects of stepfamily living on children. • Clinical perspectives on stepfamily dynamics. For researchers and clinicians who work with families, it enriches the literature as it offers insights and guidelines for effective practice as well as possible avenues for future research.

Can Stepfamilies Be Done Right?

## Access Free My Stepfamily (How Do I Feel About)

One of three Americans is now a stepparent, a stepchild, a stepsibling, or some other member of a stepfamily. Stepfamilies are different. The "old rules" that govern traditional families don't necessarily apply, and each stepfamily must define its own "new rules" that will work for a unique blended family. Einstein and Albert bring to this manual decades of experience as stepfamily counselors and consultants, acclaimed writers, and stepparents themselves. The result is clear, down-to-earth, expert help for couple relationships and parenting in what some call "the jigsaw puzzle family." Among the many challenges dealt with in this comprehensive guidebook: overcoming unrealistic expectations, debunking myths, decision making, building effective communication, establishing sound discipline, handling stepsibling rivalry, working with non-custodial parents... and more.

The stepmother's role often is ambiguous and underappreciated, and frequently it carries unrealistic expectations. The book answers women's concerns and questions, including: How can I be a caretaker and a key emotional connector in the family if the children don't accept my influence? How should I cope with children who are confused about their family and torn between loyalty to their biological mother and me? When should I step back in conflicts and when should I insist that my husband stand up for me? In addition it addresses the spiritual and emotional climate of the home, providing perspective and guidelines to help stepmothers and their families thrive. A practical guide for all those living, or preparing to live, in a step-family. Drawing on real-life examples, the authors - both step-parents themselves - help parents to explore key issues and to find the way forward that is best for them. Questions addressed include: - Will I make a good step-parent? - What if we disagree over parenting styles? - My

past experiences of family life aren't good. Can I really make it work this time round? - What about money issues? And where are we going to live? - How will the other children feel if we have a new baby?

USA Best Book Winner in Parenting/Divorce! Blended Families, Blended Style Married couples with children divorce 40% of the time. In less than three years after that divorce, chances are both mom and dad are remarried, and probably each to someone who has kids of their own. The single most explosive and divisive issue in those marriages? Stepparenting. Wouldn't it be nice if we all lived in a bubble gum and sugar plum world where, without a ripple on Lake Placid, kids embraced stepparents and appreciated their contributions? Where stepsiblings didn't compete for attention and argue over favorites and fairness? Well, we don't. So what we need when stepparenting is a good plan. A plan for blending, or blendering if you will, the disparate stepchildren and their parents into a chunky smoothie of stepfamily goodness. *How To Screw Up Your Kids* helps the parents everyone predicts will fail prove all the naysayers wrong. Through the use of practical human relations principles and the author's achingly honest and often hilarious stories, readers will learn to envision and instill a unique set of family values and culture into their new household, and by God, have fun doing it. \*\*\* See why Hutchins is called an "up and coming powerhouse writer" and "the Erma Bombeck of her generation." Pamela

Fagan Hutchins is an employment attorney and workplace investigator by day who writes award-winning and best-selling romantic mystery/suspense (Saving Grace, Leaving Annalise) and hilarious nonfiction (How to Screw Up Your Kids, What Kind of Loser Indie Publishes?, and others) by night. She is passionate about great writing, her good looking husband-five offspring-four dogs-one duck-four goats-one heifer family, and smart authorpreneurship. She also leaps medium-tall buildings in a single bound, if she gets a good running start. \*\*\* The reviews are in, and they're good. Very, very good. "Funny and helpful." Shirley Dudley, author of Blended Family Advice "Informative and witty." Joana James, author of Finding Romeo "I use it with my clients." Ann Orchard, Counselor and therapist \*\*\* Stepparenting means you're stepcoupling, too. Be sure to read this with its companion book, How to Screw Up Your Marriage: Do-Over Tips for First-Time Failures. Both books are also available in paperback and audio. understanding and closeness.

Love may be sweeter the second time around, but once

the bliss of a newfound relationship wears off a little, the reality of being part of a stepfamily sets in. If you are one of the millions of remarried Americans facing the challenge of blending two existing families into one cohesive whole, you are part of a stepcouple—and you know all too well how hard it can be to make your marriage work in sometimes tough terrain. Different parenting styles, finances, relationships with ex-spouses, legal matters, and even seemingly simple issues such as the kinds of chores assigned to children can chisel away at your union if you don't always make your marriage a priority. Stepcoupling offers advice for stepcouples on how to do just that—all the while strengthening their blended family with a healthy marriage. Susan Wisdom and Jennifer Green provide tips and strategies on dealing with the issues remarried couples face, with a wealth of advice from real-life stepcouples, such as: \*

- \* Learning to tailor your expectations of your spouse or children and remembering that no family is perfect
- \* Knowing where your boundaries are, whether involving a hostile ex-spouse or a stepchild who demands too much attention
- \* Realizing that traits like flexibility, tolerance, forgiveness, and openness are especially essential in a stepfamily situation
- \* Making “us” time for talking, problem-solving, weekends away, and enjoying your marriage to constantly renew and strengthen your bond as a couple

Let this invaluable remarriage manual help you make your stepcouple the foundation of a strong, happy, and successful stepfamily.

David Olson show you how to build on your relationship strengths and improve your weaknesses. Whether you're dating, engaged, a young stepfamily, or an empty-nest couple, *The Smart Stepfamily Marriage* gives you the tools you need at any stage to create a remarriage that will last. Each chapter of this book explores one of the key qualities of happy remarriages as identified by research. Like a GPS for your relationship, this book has built-in discussion questions that can help you and your partner discover where you are, where you'd like to be, and how to get there. The online survey gives you a report with personalized results for your relationship.

"*The Smart Stepfamily Marriage* is the road map to a healthy marriage."--Gary D. Chapman, PhD, author, *The Five Love Languages* and *When Sorry Isn't Enough*

"Remarried or marrying again? This book is loaded with specific, useful ideas for helping your marriage reach its full potential."--Scott Stanley, PhD, author, *A Lasting Promise*; research professor, University of Denver

"This book is a must-read for any remarried couple. It includes the tools needed to create and maintain a wonderful remarriage."--from the foreword by Evelyn Husband Thompson, widow of Space Shuttle Columbia Commander Rick Husband, now remarried to Bill Thompson

"*The Smart Stepfamily Marriage* is the most up-to-date, relevant, complete guide for remarried couples--I know of no other resource like it."--Francesca Adler-Baeder, PhD, professor and director, Center for Children, Youth, and Families, Auburn University; director, National Stepfamily Resource Center

"This book will help you thrive in your marriage and beat the

odds of divorce. The preventative information is the best I have ever seen, and the practical application covers it all. I have put *The Smart Stepfamily Marriage* at the top of my resource library for couples who find themselves in this beautiful and yet challenging world of remarriage."--Jim Burns, PhD, president, HomeWord, author of *Creating an Intimate Marriage*, *Confident Parenting*, and *The Purity Code* "Remarriages have unique challenges and different relational needs than first marriages. Based on a national study of 50,000 couples, this book is a wonderful resource for remarriage couples. Take the online Couple Checkup and get a report about your relationship, read the book, and build a relationship that lasts!"--Dr. Gary Smalley, author of *The DNA of Relationships* "You want a marriage that lasts forever, right? Blended family couples can beat the odds--this book will tell you how."--Dr. Dennis Rainey, president of FamilyLife, author of *Stepping Up*

Do you have a child with special needs in your stepfamily? Here's all you need to know to be an ace stepparent and create a happy blended family unit caring for a child with special needs or disabilities. Sixty to seventy per cent of stepfamilies fail. Add a disabled child to the mix, and that number skyrockets! This doesn't have to be true for your family; keep reading! The 9-L model illustrated in "Blended and Special" explores the dynamics of stepfamilies caring for children with special needs and disabilities and presents the information in digestible nuggets ready for consumption by quintessential blended families juggling the demands of parenthood with caring for children with special needs.

Having grown up in a blended family with a sibling with special needs and now being a stepparent with a child with special educational needs, the author has experienced the phenomenon from both angles. Now an active member of several parent groups, she is well-placed to share information with stepparents caring for children with special needs and disabilities. Whether you have an established stepfamily or are in the early stages of a blended family, you can find value in the information presented. Here's a synopsis of what you'll discover:

Launch - considerations for the early stages of your blended family  
Love - how to keep the love alive with your partner and in the family unit  
Listen - strategies for listening even when your child is non-verbal  
Laugh - techniques for building fun into your stepfamily

In addition to the 9 L's, you'll discover: State benefits you may be able to access  
The effect of challenging behavior on your stepfamily  
How cognitive disability can affect a child's conduct  
Also included is a chapter of real-life case studies from stepparents caring for disabled children. The experiences they share hold valuable lessons on issues that may arise and how they handled them in their endeavor to maintain a happy stepfamily. There are various reasons why the union of two parents and their children from former relationships can prove challenging. Blended families face unique challenges, and when a child with special needs is part of the family unit, the learning curve can be very steep. Unsuspecting partners might discover that they are out of their depth in the circumstances. If not understood before moving in, the stepparent may struggle to cope and throw the family off

balance. Undeniably, issues with stepchildren can cause stress in the relationship. Couples entering blended families with disabled children should recognize and accept that their world will change as they embrace new roles and build lasting relationships. They should also have a sense of optimism since children with special needs often bring added joy and strengthen the family bond. The text provides valuable tips and techniques for raising stepchildren with special needs and disabilities. It is written solely from the perspective of a parent who has been on both sides of the equation and holds no medical or technical advice or information. The families who will benefit include those caring for children with a cognitive or physical disability and children who display challenging behavior. It is also helpful to families caring for children with developmental disabilities such as autism. In addition, you'll discover how to bond with your 'special' stepchild without upsetting the rest of the family and understand how to strengthen the relationship with your partner so that the children in the family unit can feel safe and content. These keys are so easy to follow that you'll be able to succeed even if you think you've tried everything. If you want to have a successful, thriving stepfamily with a 'special' child, click the Add to Car

### Becoming A Stepfamily

Navigational Skills for Stepfamilies: The Workbook A 4-D roadmap to assist in navigating the tricky waters of Stepfamily life "I was interviewed for this book by Christina, and to see how my anecdotal points of reference have been brought to life within the framework of her "roadmap" for Stepfamilies is remarkable. I grew up a part of two stepfamilies, one highly functional, and one very dysfunctional, and looking back to 30+ years ago, I have always blamed the wrong people (myself included) for the failures and successes of each family. The "blending" of the two families was always rife with animosity and tension. Christina manages to create a 4D roadmap (including the role that time plays in the equation) that everyone can embrace as both guidance for those on the wrong path, and reassurance for those on the right path but who are still experiencing some self-doubt. I would recommend this to all stepfamilies, and even to those considering divorce, so that they can fully understand the broader implications of their actions and decisions." Schuyler Wickes "Navigational Skills for Step Families" So much valuable information that is very important for me to know in order to raise healthy children. Information that can help lead to healthy foundations for my children's future. Very easy to follow, understand and is full of interesting facts/statistics. I feel like I am not alone out there within my step family situation. Finally, some help and guidance to step family life. Most of the time, I just didn't recognize why things were happening or even how to help it. Not only did I learn why grown-ups and children behave the way they do, but I also

discovered better skills and new ideas in dealing with my children and their step family situation. I've learned some eye opening things about myself as a mother and my own mother which was good and not so good; but I understand more clearly. I can handle it better." Lenna Pacheco

Discover the Keys to a Healthy Stepfamily Leading stepfamily expert Ron L. Deal reveals the seven fundamental steps to blended family success and provides practical, realistic solutions to the issues you face as a stepfamily. Whether married or soon-to-be-married, you'll discover how to · Solve the everyday puzzles of stepparenting and stepchildren relationships · Communicate effectively with an ex-spouse · Handle stepfamily finances confidently · "Cook" your stepfamily slowly rather than expect an instant blend This revised and expanded edition has updated research and two new chapters with even more real-world advice on topics such as stepsibling relationships and later-life stepfamilies.

Each member has their own unique place in a family. Ron Deal explores the myth of the "blended" family offering practical, realistic solutions for stepfamilies. Based on a landmark longitudinal study, the nation's leading expert on stepfamilies reveals his breakthrough findings and offers the first detailed guide to easing the conflicts of stepfamily life and healing the scars of divorce. There are more than twenty million stepfamilies in America. For most of them, the simple, daily issues that challenge every family are even more anxiety-provoking. After conducting a comprehensive nine-year-long study funded by the National Institutes of Health, Dr. James H. Bray has written an invaluable book that explains

why over half of all stepfamilies fail and reveals the strategies that help the others succeed. A stepfamily is assaulted on all sides by difficult and often divisive questions. How much control should a stepparent have over a stepchild? How much authority should a nonresidential parent exert over a child? How should a difficult former spouse be handled? How does an "ours" baby change the emotional dynamic in a stepfamily? Why is there a lack of "honeymoon effect" during the first years of stepfamily life? The purpose of *Stepfamilies* is to answer all the important questions of stepfamily life--to fill in the knowledge gaps that undermine so many stepfamilies today and, crucially, to learn the effect of stepfamily life on children. Based on one of the largest and longest studies of stepfamily life ever conducted, *Stepfamilies* interweaves the stories of real families to illustrate such study findings as how: a stepfamily has its own natural life cycle a stepfamily takes several years to develop into a family unit a stepfamily is at greatest risk during the first two years a stepfamily ultimately coalesces into one of three forms a stepfamily must solve four basic tasks in order to succeed a stepfamily can help heal the scars of divorce Filled with emotional, gripping stories, Bray's findings pinpoint the three major transitions in stepfamily life and identify the riskiest issues that can throw a family into crisis. Bray is the first to identify the several distinct forms that stepfamilies take and to explore which types of stepfamilies are more vulnerable than others and why. He also describes the natural life cycle of stepfamilies and basic tasks all stepfamilies must undertake to succeed. With a wealth of insight into the positive effects of remarriage, Bray shows how a

loving, well-functioning stepfamily can lessen the trauma of divorce and restore a child's and family's sense of security. Most stepparents remarry with the highest hopes and new resolutions for a better life. Never before have their unique needs been addressed in depth. Through insightful case studies and practical advice, *Stepfamilies* reveals how a strong, stable stepfamily is as capable as a nuclear family of nurturing healthy development, of imbuing values, of setting limits and boundaries, and of providing a structure in which rules for living a moral and productive life are transmitted, tested, rebelled against, and ultimately affirmed. Bray's positive message and fascinating findings--many of which defy intuition--will put stepfamilies on the road to lifelong harmony.
