A unique tour of the US: “Who better than a kind-hearted foreigner to help you marvel at our own land and learn something about your fellow Americans?” —Bloomberg Businessweek In 2002 Guillermo Fesser quit his morning radio talk show in Madrid, and moved with his family to Rhinebeck, NY, for a sabbatical year. Finding himself in a rural community 6,000 miles from home and 100 miles from New York City, Fesser began to discover an America he had never imagined existed. One Hundred Miles from Manhattan is a fresh, funny, positive and affectionate portrait of life in small-town America—and beyond. This book is filled with the stories of the people Fesser met, the places he visited and the things he learned during his year in Rhinebeck, from the German neighbors who welcome in the New Year by jumping back and forth from the couch to the coffee table to a Texan rancher who follows Native American traditions in the raising of bison; from a guide who leads fishing expeditions into Alaska’s Kuskokwim Mountains to the engineer responsible for the steam conduction system in Manhattan’s underbelly; and from a former follower of Reverend Moon turned track coach to the man who created Big Bird.

Recently appointed special prosecutor Mary Crow is sent to Campbell County, North Carolina, to investigate a possible anti-gay conspiracy between a recent murder and a homophobic preacher. But what starts as an effort to curb hate-crimes turns into a nightmare of abuse and abduction. As Mary delves deeper into Campbell County's history, she uncovers menacing information about the infamous Highway 74, where people have either disappeared or been found dead. When she uncovers how it's all connected, Mary is forced into a deadly world of stolen innocence. And she may become the next victim... Praise: "[A] smart and well-paced mystery with a gutsy protagonist and a touch of romance."—Kirkus Reviews

Norman Rockwell's son, Tom, has put together the absolute finest collection of his father's bounteous body of work, illustrations that bespeak the golden glow of pre- and post-WWII Americana. Rockwell senior, who said he depicted life "as I would like it to be," chronicled iconic visions of American life: the Thanksgiving turkey, soda fountains, ice skating on the pond, and small-town boys playing baseball-not to mention the beginning of the civil rights movement. Now, the best-selling collection of Rockwell's most beloved illustrations, organized by decade, is available in a refreshed edition. With more than 150 images-oil paintings, watercolors, and rare black-and-white sketches--this is an uncommonly faithful Rockwell treasury. The original edition has sold nearly 200,000 copies.

Norman Rockwell spent seven decades capturing the essence of the American spirit on canvas. His paintings, which graced more than three hundred covers of The Saturday Evening Post, created the symbols of the nation during World War II, depicted beautiful women who still retained their girl-next-door qualities, showed boys and girls embroiled in the delights and disappointments of childhood and young lovers sipping ice cream sodas, and celebrated the joys of family gatherings. But most of all, Rockwell's pictures portrayed the strength and compassion of small-town America, earning him a unique position as both a storyteller and a chronicler of American history. Adults and children alike recognize Norman Rockwell's name and paintings as the embodiment of all that is positive in the American character. Norman Rockwell, who painted from 1912 to 1976, illustrated not only magazine covers, but also children's books, boy scout calendars, and advertisements for corporations and the U.S. government. He also portrayed all of the major presidential candidates from 1952 to 1972, as well as statesmen, actors, and popular heroes of the day. Norman Rockwell is a Rockwell retrospective, featuring work from almost every year of his artistic career. From an early series depicting the awkwardness and exhilaration of young Boy Scouts to his later series illustrating the Four Freedoms--Freedom of Speech, Freedom of Worship, Freedom from Want, and Freedom from Fear--for which America was fighting in World War II, to his poignant and authentic images of Americans at play, at work, and in their homes, this collection offers a truly spectacular and diverse array of full-color reproductions of Rockwell's work. Norman Rockwell allows the Rockwell fan to trace the evolution of the artist and his craft, year by year, through his paintings, his sketches, and photographs of him at work. This volume also contains a discussion of Rockwell's life, "A Great American Success Story," and a section describing the precise and deliberate way he created his paintings. In addition, Norman Rockwell features a preface by Maureen Hart Hennessey, curator of The Normal Rockwell Museum at Stockbridge. This collection of Rockwell's work, full of his most popular paintings--as well as much of his lesser-known work--is sure to delight people of all ages.

Corporal Chauncy T. McClarren is a Vietnam Veteran. His ten years of service as a marine are glibly worn on the sleeve of his dress uniform well into civilian life. He went to Vietnam before the draft began with the hope of being a martyr. He is reluctant to admit this to his friend and even to himself. Elizabeth A SpaarKes randomly selects Chauncys door. She fleas to Florida after two years in the Symbionese Liberation Army. She is the perfect woman. She is a redheaded goddess. Lizzy is a nymphomaniac who fills his every desire sexually, and eventually, domestically. Gunnery Sergeant Harrold H. Coffman comes home from the war a paraplegic. He owes his life to his Corporal. One day he learns on the news of SpaarKess possible involvement with the left-wing group. He believes she is guilty. Chauncy chooses to give her the benefit of the doubt. He refuses to believe a woman that beautiful could be a fugitive. Agent of Orange is the story of a Rheinlandbastard. Chauncy is a pragmatist who shifts the stations in life around so the logistics favor him. It follows his trail of passively sequencing fate from Vietnam to Florida. It leads him to the Bahamas where he takes an orphaned boy back to Florida. Fate leads him on a series of trips to Germany to learn his origin. It is the story of a biracial miscreant who grew up unloved and beaten. It is one mans perception of racism in America and abroad. He is taught some manners and discipline in the marines. He faces a world that begs for his attention as he begs for its salvation. The marines outfit him with the diplomacy necessary to deal with what life has thrown, and continues to throw, at him. Chauncy T. McClarren takes his time in life. He orchestrates things while sauntering through life with a grifting nonchalance. He is methodical and pragmatic enough to see his various operations through to the end.

Taking a thematic approach, this new companion provides an interdisciplinary, cross-cultural, and international study of American literary journalism. From the work of Frederick Douglass and Walt Whitman to that of Joan Didion and Dorothy Parker, literary journalism is a genre that both reveals and shapes American history and identity. This volume not only calls attention to literary journalism as a distinctive genre but also provides a critical foundation for future scholarship. It brings together cutting-edge research from literary journalism scholars, examining historical perspectives; themes, venues, and genres across time; theoretical approaches and disciplinary intersections; and new directions for scholarly inquiry. Provoking reconsideration and inquiry, while providing new historical interpretations, this companion recognizes, interacts with, and honors the tradition and legacies of American literary journalism scholarship.

Engaging the work of disciplines such as sociology, anthropology, African American studies, gender studies, visual studies, media studies, and American studies, in addition to journalism and literary studies, this book is perfect for students and scholars of those disciplines.

George H. W. Bush ranks among America's most distinguished men of the twentieth century. A war hero, businessman, politician, and the forty-first president of the United States, Bush has spent most of his life dedicated to public service. Curt Smith worked with Bush for more than twenty years, including during his presidency, when Smith wrote more speeches for Bush than anyone else. Smith's exploration of Bush's service includes in-depth narratives on the invasion of Panama, the first Gulf War, the fall of the Berlin Wall, and the collapse of the Soviet Union and the Iron Curtain. He also chronicles the contrasting presidential elections of 1988 and 1992, examining the successes and failures of each. Smith profiles the people germane to Bush's life and career: his wife, Barbara; mentors such as Ronald Reagan; and political allies such as Margaret Thatcher, and many more. George H. W. Bush: Character at the Core shows how Bush's courtesy and belief in work, religion, and American exceptionalism helped the patrician connect with Middle America and take his place among the most revered statesmen of his time.

"Best of Barbara Lavallee" is a colorful and vibrant collection of watercolors by renowned artist Barbara Lavallee, whose images are inspired by Alaska communities and landscapes. The book unites classic works and new images, in a delightful cross-section of the artist's vision and style. Drawing on her vivid surroundings, Lavallee paints with colors that harness a spirit of their own. Brightness and happiness move from one page to the next in scenes of Alaska women, families, and animals. Alongside each piece is a description that enhances the viewing experience. Lavallee has included an insight into her artistic philosophy, drawing viewers closer than ever to the heart of her work.

Celebrates the way of life of the people who began forming communities in America in 1774 and who numbered more than 4,000 members in the late 1820s.

This book examines what makes the United States an exceptional society, what impact it has had abroad, and why these issues have mattered to Americans. With historical and comparative evidence, Frank J. Lechner describes the distinctive path of American institutions and tracks changes in the country's national identity in order to assess claims about America's 'exceptional' qualities. The book analyzes several focal points of exceptionalist thinking about America, including the importance of US Constitution and the American sense of mission, and explores several aspects of

America's distinctive global impact; for example, in economics and film. In addition to discussing the distinctive global impact of the US, this first volume delves into the economy, government, media, and the military and foreign policy.

The third in a trilogy that began with Shiny's Girls (Talon, 1989), and continued with Flashing Yellow (Turnstone, 2001), You Again brings to a crescendo the eccentric family saga of a single mother and her three daughters by three different fathers. What makes us who we are? This question

thrums in the background as grandson Matthew tries to escape an identity theft scam, and daughter Elfie's pregnancy forces Shiny to reveal a long held secret. Praise for the Shiny's Girls novels: ""I really liked Shiny. I was absorbed. You get a wonderful sense of the reality of these people."" Peter Gzowski, CBC Radio ""Superb...
