Testimonials of Astranti Courses, Study Texts and Mock Exams: "Very targeted to the exam and very professional, is every bit attending a class room tuition or revision course." James Glackin "All in all it's the best thing I came across during my CIMA study. I know any better way to help yourself to pass these tough exams." Grzegorz Narozanski "Just wanted to let you know that I passed using the textbook and your mock exams which I found really helpful, thanks!" Nneoma Nwaogu "I would also like to extend my thanks for such a wonderful study text; they made my understanding of CIMA P1 much easier. Once more thank you very much to the team." Mthuthuzeli September "I received the fantastic news this morning that I have finally passed T4!! Many thanks for your support during the lead up to the exam, I am certain that without the really important tips on exam strategy you provided I would not have passed. Thanks again!" Babak Fardaghaie "So I managed a 76% pass for E2 using your notes. They are very well structured and easy to follow. Thanks so very much." Amanda Vakalisa "The Astranti method of teaching is systematic and easy to follow. I gained a lot of knowledge and confidence enrolling with Astranti for my earlier CIMA exams. After the course I was confident about my preparation. I would recommend it to everyone sitting the T4b exam especially the MARKED mocks. It's the section by section detailed feedback from tutors that helped me gain confidence." Gunjan Nagpal "I have cleared all 3 strategic level papers in my first attempt. I used the Astranti learning materials for my final revision. They were short, precise and saved a great amount of time which made all the difference for me in the exam. Thanks so much." Management Accounting: Risk and Control

Risk management is dynamic, with new risks continually being identified and risk management techniques adapting to new challenges. The Risk Management Handbook gives a clear snapshot of the current state of play in the risk management landscape, and a look ahead to the key emerging issues in the field. Drawing together leading voices from the major risk management application areas - from GRC to supply chain risk, operational risk to cyber risk - this edited collection showcases best practice in each discipline and provides a succinct and coherent picture of the field as a whole. Part One surveys these crucial application areas and provides a broad integrative framework for the differing contexts within which risk management is undertaken. Part Two explores emerging issues and techniques, from risk-based thinking to communicating uncertainty. The Risk Management Handbook offers readers knowledge of current best practice and a cutting-edge insight into new developments within risk management. Whether you are a risk professional wanting to stay abreast of your field, a student seeking a broad and up-to-date introduction to risk, or a business leader wanting to get to grips with the risks that face your business, this book will provide expert guidance.
