Lucas Davenport investigates a vitriolic blog that seems to be targeting the children of U.S. politicians in the latest thriller by #1 New York Times-bestselling author John Sandford. The daughter of a U.S. Senator is monitoring her social media presence when she finds a picture of herself on a strange blog. And there are other pictures . . . of the children of other influential Washington politicians, walking or standing outside their schools, each identified by name. Surrounding the photos are texts of vicious political rants from a motley variety of radical groups. It's obviously alarming--is there an unstable extremist tracking the loved ones of powerful politicians with deadly intent? But when the FBI is called in, there isn't much the feds can do. The anonymous photographer can't be pinned down to one location or IP address, and more importantly, at least to the paper-processing bureaucrats, no crime has actually been committed. With nowhere else to turn, influential Senators decide to call in someone who can operate outside the FBI's constraints: Lucas Davenport. In this blockbuster fantasy series, perfect for fans of Firekeeper's Daughter and Iron Widow, fate binds two Black teenagers together as they journey into a magical jungle to hunt down a vicious monster. "Rich in magic and mythos, Beasts of Prey is a feast for all the senses." --Renée Ahdieh, New York Times bestselling author of The Beautiful An Instant New York Times and Indie Bestseller There's no such thing as magic in the broken city of Lkossa, especially for sixteen-year-old Koffi, who indentured to the notorious Night Zoo, knows the fearsome creatures in her care and paying off her family's debts to secure their eventual freedom can be her only focus. But the night those she loves are gravely threatened by the Zoo's cruel master, Koffi unleashes a power she doesn't fully understand, upending her life completely. As the second son of a decorated hero, Ekon is all but destined to become a Son of the Six--an elite warrior--and uphold a family legacy. But on the night of his final rite of passage, Ekon encounters not only the Shetani--a vicious monster that has plagued the city for nearly a century and stalks his nightmares--but Koffi who seems to have the power to ward off the beast. Koffi's power ultimately saves Ekon, but his choice to let her flee dooms his hopes of becoming a warrior. Desperate to redeem himself, Ekon vows to hunt the Shetani and end its reign of terror, but he can't do it alone. Koffi and Ekon form a tentative alliance and together enter the Greater Jungle, a world steeped in wild, frightening magic and untold dangers. The hunt begins. But it quickly becomes unclear whether they are the hunters or the hunted. "The hunt for your next YA fantasy book trilogy obsession has ended."

Fan-favorite heroes Lucas Davenport and Virgil Flowers join forces on a deadly maritime case in the remarkable new novel from #1 New York Times-bestselling author John Sandford. An off-duty Coast Guardsman is fishing with his family when he calls in some suspicious behavior from a nearby boat. It's a snazzy craft, slick and outfitted with extra horsepower, and is zipping along until it slows to pick up a surfaced diver . . . a diver who was apparently alone, without his own boat, in the middle of the ocean. None of it makes sense unless there's something hinky going on, and his hunch is proved right when all three Guardsmen who come out to investigate are shot and killed. They're federal officers killed on the job, which means the case is the FBI's turf. When the FBI's investigation stalls out, they call in Lucas Davenport. And when his case turns lethal, Davenport will need to bring in every asset he can claim, including a detective with a fundamentally criminal mind: Virgil Flowers.

Crime, drama, and ice hockey action! One of Paul John Hausleben's most iconic characters from the *Adventures of Harry and Paul* jumps out of the pages of those books and stars in his own novel in this masterpiece of storytelling. Ice hockey superstar, Mr. James T. O'Malley, is everyone's favorite hockey goon and the on-the-ice nemesis of *The Adventures of Harry and Paul*'s beloved character of number twenty-seven, hockey goaltender, Paul John Henson. First introduced in the novel *The Night Always Comes*, O'Malley quickly became one of the most popular characters that the author ever created. Readers everywhere wondered. What was his story? Why was it that O'Malley so mean and filled with anger issues? Why did it seem as if he turned into a wild hockey goon on the ice, but he was a perfect gentleman off the ice? What is his background? This is another classic tale from the master storyteller; a novel expertly mixed with ice hockey, action, and crime and intrigue, but it also has touches of religion and emotions. O'Malley is not just a book about a wildly angry and skilled ice hockey player, but it is the amazing story of one man's journey through life. It is a testimony and a story about how nothing in life is easy, and about how perseverance eventually has glorious rewards. This novel is an instant classic and a story that will stay with you forever in both your heart and your mind.

The 48 Laws Of Power

*He seems like such a nice man. You'd never guess what was going on in his mind... Art history professor James Qatar has a hobby: he takes secret photographs of women to fuel more elaborate fantasies. When he's alone. Behind locked doors. Then one day, he goes a step further and... well, one thing leads to another. Qatar has no choice. He has to kill her. And you know something? He likes it. When Deputy Chief Lucas Davenport takes the case, he assumes it'll be straightforward police work. He couldn't be more wrong. As the investigation trail takes some unexpected turns, it becomes clear that nothing is straightforward about this killer, his victims, or his motives. And to stop him Lucas has no choice but to walk right into his lair. WITH A NEW INTRODUCTION BY JOHN SANDFORD*

*THE MILLION COPY INTERNATIONAL BESTSELLER Drawn from 3,000 years of the history of power, this is the definitive guide to help readers achieve for themselves what Queen Elizabeth I, Henry Kissinger, Louis XIV and Machiavelli learnt the hard way. Law 1: Never outshine the master Law 2: Never put too much trust in friends; learn how to use enemies Law 3: Conceal your intentions Law 4: Always say less than necessary. The text is bold and elegant, laid out in black and red throughout and replete with fables and unique word sculptures. The 48 laws are illustrated through the tactics, triumphs and failures of great figures from the past who have wielded - or been victimised by - power.*

*(From the Playboy interview with Jay-Z, April 2003) PLAYBOY: Rap careers are usually over fast: one or two hits, then styles change and a new guy comes along. Why have you endured while other rappers haven't? JAY-Z: I would say that it's from still being able to relate to people. It's natural to lose yourself when you have success, to start surrounding yourself with fake people. In The 48 Laws of Power, it says the worst thing you can do is build a fortress around yourself. I still got the people who grew up with me, my cousin and my childhood friends. This guy right here (gestures to the studio manager), he's my friend, and he told me that one of my records, Volume Three, was wack. People set higher standards for me, and I love it.*

*On 9 October 2007, the Royal Bank of Scotland (RBS) celebrated its leading role in the biggest deal in banking history, a record 71 billion euros for Dutch bank ABN Amro. Searching for an immediate profit, the victors dismantled ABN Amro - and Holland's number one bank ceased to exist. Shareholders and management enjoyed the spoils and the Netherlands lost the bank that had been at the heart of their economy for 183 years. But the profits were an illusion - they simply weren't there. One year later, RBS had been forced into the largest rights issue in British corporate history, underwritten by the Government. So why was ABN Amro so toxic? On the basis of more than 120 conversations with the most important individuals involved, Jeroen Smit reconstructs the downfall of a Dutch institution - a bank whose rotten core was so disguised by paper profits of billions every year. In little more than a decade, one of Europe's largest, longest established banks went from powerful predator to the perfect prey.*

A rich psychopath, Taryn Grant had run successfully for the U.S. Senate, where Lucas had predicted she'd fit right in. He was also convinced that she'd been responsible for three murders, though he'd never been able to prove it. Once a psychopath had gotten that kind of rush, though, he or she often needed another fix, so he figured he might be seeing her again. He was right. A federal marshal now, with a very wide scope of investigation, he's heard rumors that Grant has found her seat on the Senate Intelligence Committee, and the contacts she's made from it, to be very...useful. Pinning those rumors down was likely to be just as difficult as before, and considerably more dangerous. But they had unfinished business, he and Grant. A senseless slaughter leads Lucas Davenport down a twisted path in this thriller from the #1 New York Times bestselling author. Lucas Davenport has seen many terrible murder scenes. This is one of the worst. In the Minnesota town of Wayzata, an entire family has been killed—husband, wife, two kids, dogs. On the wall, in blood: “Were coming.” No apostrophe. There’s something about the scene that tugs at Lucas’s cop instincts—it looks an awful lot like the kind of scorched-earth retribution he’s seen from Mexican drug gangs. But this is a seriously upscale town, the husband ran a modest software company, the wife dabbled in local politics. None of it seems to fit. Until it does...

*Elsewhere, amidst the ruins of an ancient civilization, a young man is about to embark on a dangerous quest to fill the hole in his life—one left by the loss of his father. So begins the unprecedented, authorized continuation of Star Trek: Deep Space Nine®, springing from the seven-year television odyssey of Captain Benjamin Sisko and his crew aboard a Federation starbase at the edge of the final frontier. Following the serial format and evolving character arcs that were the hallmarks of the TV series, the new Deep Space Nine novels pick up where the show left off, daring to imagine what happened after the final episode. Now the first five tales of that critically acclaimed storyline are collected in one massive volume. Originally published as the two-part Avatar, Abyss, Demons of Air and Darkness, and the novella Horn and Ivory, Twist of Faith revisits the aftermath of the Dominion War, the pivotal planet Bajor, its mysterious connection to the timeless Prophets of the wormhole, as well as the familiar faces, new friends, and uncertain allies whose fates intertwine at the crossroads of the galaxy. With an introduction by New York Times bestselling author David R. George III (Mission: Gamma-Twilight; The Lost Era: Serpents Among the Ruins; the Crucible trilogy), Twist of Faith takes the Deep Space Nine saga to a new level, exploring what was left behind and what awaits beyond.*
