

Pokemon Stick'n Play! With Sticker

Tra-la-laaa! Dav Pilkey -- ahem -- we mean, George and Harold, the authors of SUPER DIAPER BABY, are back with their second epic novel! Meet Ook and Gluk, the stars of this sensationally silly graphic novel from the creators of Captain Underpants! It's 500,001 BC, and Ook and Gluk's hometown of Caveland, Ohio, is under attack by an evil corporation from the future. When Ook, Gluk, and their little dinosaur pal Lily are pulled through a time portal to 2222, they discover a future world that's even more devastated than their own. Luckily, they find a friend in Master Wong, a martial arts instructor who trains them in the ways of kung fu. Now all they have to do is travel back in time 502,223 years and save the day!

Super Wings is the hit preschool series now airing on Universal Kids! Jett delivers a surfboard to a girl named Clara who lives on the Gold Coast, Australia. Mira's Wild Team is called in to teach Clara to surf, but everyone winds up getting more than they bargained for when they also wind up helping to rescue a shark! Based on the hit preschool series on Universal Kids and now on Netflix, this My First I Can Read is carefully crafted using basic language, word repetition, sight words, and gorgeous illustrations. A My First I Can Read is perfect for shared reading with a child. Read along with Disney! Doc always keeps track of her patients' boo-boos and ouchies in her Big Book of Boo-Boosland now you can, too! This adorable book featuring word-for-word narration looks just like Doc's Big Book of Boo-Boos, and is jam-packed full of Doc McStuffins fun including an original story featuring Doc and the gang!

Fans of video games and all things cute will love this mash-up of Sanrio's Hello Kitty and Friends and Capcom's Street Fighter! The two legendary brands Street Fighter and Sanrio come together in the coolest sticker book ever with more than 65 stickers, bumper stickers and paper doll stickers.

Climate Change: Evidence and Causes is a jointly produced publication of The US National Academy of Sciences and The Royal Society. Written by a UK-US team of leading climate scientists and reviewed by climate scientists and others, the publication is intended as a brief, readable reference document for decision makers, policy makers, educators, and other individuals seeking authoritative information on the some of the questions that continue to be asked. Climate Change makes clear what is well-established and where understanding is still developing. It echoes and builds upon the long history of climate-related work from both national academies, as well as on the newest climate-change assessment from the United Nations' Intergovernmental Panel on Climate Change. It touches on current areas of active debate and ongoing research, such as the link between ocean heat content and the rate of warming.

YouTube sensation Blippi encourages preschoolers to share in his joy of discovery and to express their budding creativity in this coloring and activity book that comes with four colorful crayons! In this joyous coloring and activity book, YouTube sensation Blippi tells kids some of the things he likes (like his hat!) and encourages them to color, draw, and doodle things they like, too. Plus, there are lots of connect-the-dots, mazes, matching, and more, all designed to get preschoolers thinking about things they like and to also express their creativity while practicing their developing fine-motor skills.

Our gadgets, appliances, and cars are sleeker and more elegant than they've ever been; in our free time, we trawl the internet for pictures of flawless minimalist interiors; and even the great industrialist of our time—Steve Jobs—is admired more for his visual savvy than his technological inventiveness. And yet with Instagram and Pinterest at our fingers and great design more available—and more affordable—than ever, we've had no guidebook to this ever-fascinating field. Though it's an inescapable part of our lives, there has been no single book that could, in one fell swoop, tell us everything we need to know about design. Enter Hello World. The design critic for the International Heard Tribune, Alice Rawsthorn has spent many years reckoning with the history of design and with its place in contemporary life, and Hello World is the extraordinary summation of her research and reporting. Rawsthorn takes us on a trip through design that ranges across continents and centuries, and wherever she goes, she discovers inspiring, thrilling examples of resourcefulness, inventiveness, and sheer vision. From the macabre symbol with which eighteenth-century pirates terrorized their victims into surrender, to one woman's quest for the best prosthetic legs, to the evolution of the World Cup soccer ball, Hello World describes how warlords, scientists, farmers, hackers, activists, and professional designers have used the complex, often elusive process of design to different ends throughout history. Hailed as a "rapid-fire and illuminating ode to contemporary designf? (Telegraph) and "an extremely readable tour of the subjectf? (Financial Times). Hello World is a major work that radically broadens our understanding of what design can mean, and explains how we can use it to make sense of our ever-changing universe.
