### *Powwow 2015 Calendar (Native American)*

Looks at the experiences of children at three off-reservation Indian boarding schools in the early years of the twentieth century.

For the vast majority of Native American students in federal Indian boarding schools at the turn of the twentieth century, the experience was nothing short of tragic. Dislocated from family and community, they were forced into an educational system that sought to erase their Indian identity as a means of acculturating them to white society. However, as historian John Gram reveals, some Indian communities on the edge of the American frontier had

## Access Free Powwow 2015 Calendar (Native American)

a much different experience even influencing the type of education their children received. Shining a spotlight on Pueblo Indians interactions with school officials at the Albuquerque and Santa Fe Indian Schools, Gram examines two rare cases of off-reservation schools that were situated near the communities whose children they sought to assimilate. Far from the federal governments reach and in competition with nearby Catholic schools for students, these Indian boarding school officials were in no position to make demands and instead were forced to pick their cultural battles with nearby Pueblo parents, who visited the schools regularly. As a result, Pueblo Indians were able to exercise their agency, influencing

## Access Free Powwow 2015 Calendar (Native American)

everything from classroom curriculum to school functions. As Gram reveals, they often mitigated the schools assimilation efforts and assured the various pueblos cultural, social, and economic survival. Greatly expanding our understanding of the Indian boarding school experience, *Education at the Edge of Empire* is grounded in previously overlooked archival material and student oral histories. The result is a groundbreaking examination that contributes to Native American, Western, and education histories, as well as to borderland and Southwest studies. It will appeal to anyone interested in knowing how some Native Americans were able to use the typically oppressive boarding school

experience to their advantage.

"A reverent tribute to the great Hunkpapa chief and holy man, cast as a memoir with a rich array of new and contemporary illustrations." —Kirkus Reviews Sitting Bull (c. 1831–1890) was one of the greatest Lakota/Sioux warriors and chiefs who ever lived. He was eventually named war chief, leader of the entire Sioux nation—a title never before bestowed on anyone. As a leader, Sitting Bull resisted the United States government's attempt to move the Lakota/Sioux to reservations for more than twenty-five years. From Sitting Bull's childhood—killing his first buffalo at age ten—to being named war chief, to leading his people against the U.S. Army, and to his surrender, *Sitting Bull: Lakota*

## Access Free Powwow 2015 Calendar (Native American)

Warrior and Defender of His People brings the story of the great chief to light. Sitting Bull was instrumental in the war against the invasive wasichus (White Man) and was at the forefront of the combat, including the Battles of Killdeer Mountain and the Little Bighorn. He and Crazy Horse were the last Lakota/Sioux to surrender their people to the U.S. government and resort to living on a reservation. Award-winning author and member of the Standing Rock Sioux tribe S. D. Nelson intersperses archival images with his own artwork, inspired by the ledger-art drawings of the nineteenth-century Lakota. Through the art and riveting story, Nelson conveys how Sitting Bull clung to his belief that the Lakota were a free people meant to

Native Americans and Canadians are largely romanticised or sidelined figures in modern society. Their spirituality has been appropriated on a relatively large scale by Europeans and non-Native Americans, with little concern for the diversity of Native American opinions. Suzanne Owen offers an insight into appropriation that will bring a new understanding and perspective to these debates. This important volume collects together these key debates from the last 25 years and sets them in context, analyses Native American objections to appropriations of their
