Leadership Presence (HBR Emotional Intelligence Series)

Powerful Practices for Bouncing Back from Disappointment, Difficulty, and Even Disaster

Self-Awareness (HBR Emotional Intelligence Series)

How Great Leaders Rebound After Career Disasters

*Emotional intelligence has been shown to be more important than other competencies in determining outstanding leadership. Emotions drive some of our most critical professional interactions--whether you're inspiring your team to higher performance, persuading your boss to see something from your point of view, dealing with difficult colleagues, or managing your own stress level. Indeed, knowing how to manage emotions has become one of the crucial criteria in hiring and promotion. This specially priced five-volume set includes books from the HBR Guide series on the topics of Emotional Intelligence, Office Politics, Dealing with Conflict, Managing Stress at Work, and Managing Up and Across. You'll learn how to: Monitor and channel your moods and reactions Determine your emotional intelligence strengths and weaknesses Deal with difficult people Understand when to resolve a conflict head-on--and when to let it go Influence others across the organization Build supportive alliances with coworkers and colleagues Handle workplace stress in productive ways Arm yourself with the advice you need to succeed on the job with the most trusted brand in business. Packed with how-to essentials from leading experts, the HBR Guides provide smart answers to your most pressing work challenges.*

*An intersectional guide to building resilience and reclaiming joy With so much information available on how to build resilience--from meditation, exercise, and time in nature, to the latest neuroscience-backed studies--have you ever wondered what's holding you back? If you commit to self-care but find yourself exhausted, unhappy, or anxious, do you wonder what's missing? The fact is, we are all navigating an exhausting, disconnecting, do-more-buy-more culture that disproportionately harms those with marginalized identities and leads us to believe that our thriving depends solely on individual effort. Mainstream wellness culture doesn't account for the ways that social oppression and economic injustice intersect to make resilience difficult for many of us to access in the first place. So, where do we begin? In this warm and accessible guide, Pakistani American therapist Anjali Sherin provides a healing path to make thriving possible for everyone. Through compelling client stories and reflective exercises, she offers a culturally informed, body-centered model that shows us how cultivating self-nurturance, healthy boundaries, pleasure, and a soulful connection to the natural world can give us the generative energy needed to heal individual and collective trauma and shape our world from an inner magic called joyous resilience. The benefits of mindfulness include better performance, heightened creativity, deeper self-awareness, and increased charisma—not to mention greater peace of mind. This book gives you practical steps for building a sense of presence into your daily work routine. It also explains the science behind mindfulness and why it works and gives clear-eyed warnings about the pitfalls of the fad. This volume includes the work of: Daniel Goleman Ellen Langer Susan David Christina Congleton This collection of articles includes "Mindfulness in the Age of Complexity," an interview with Ellen Langer by Alison Beard; "Mindfulness Can Literally Change Your Brain," by Christina Congleton, Britta K. Hölzel, and Sara W. Lazar; "How to Practice Mindfulness Throughout Your Work Day," by Rasmus Hougaard and Jacqueline Carter; "Resilience for the Rest of Us," by Daniel Goleman; "Emotional Agility: How Effective Leaders Manage Their Thoughts and Feelings," by Susan David and Christina Congleton; "Don't Let Power Corrupt You," by Dacher Keltner; "Mindfulness for People Who Are Too Busy to Meditate," by Maria Gonzalez; "Is Something Lost When We Use Mindfulness as a Productivity Tool?" by Charlotte Lieberman; and "There Are Risks to Mindfulness at Work," by David Brendel. How to be human at work. The HBR Emotional Intelligence Series features smart, essential reading on the human side of professional life from the pages of Harvard Business Review. Each book in the series offers proven research showing how our emotions impact our work lives, practical advice for managing difficult people and situations, and inspiring essays on what it means to tend to our emotional well-being at work. Uplifting and practical, these books describe the social skills that are critical for ambitious professionals to master.*

*How do some people bounce back with strength from daily setbacks, professional crises, or intense trauma? This book will help you train your brain to withstand the pace of daily life, reveal the key traits of those who emerge stronger from challenges, and present an approach to an effective career reboot.*

Joyous Resilience

The Hidden Brain

**#1 Wall Street Journal Best Seller USA Today Best Seller Amazon Best Book of the Year TED Talk sensation - over 3 million views! The counterintuitive approach to achieving your true potential, heralded by the Harvard Business Review as a groundbreaking idea of the year. The path to personal and professional fulfillment is rarely straight. Ask anyone who has achieved his or her biggest goals or whose relationships thrive and you'll hear stories of many unexpected detours along the way. What separates those who master these challenges and those who get derailed? The answer is agility—emotional agility. Emotional agility is a revolutionary, science-based approach that allows us to navigate life's twists and turns with self-acceptance, clear-sightedness, and an open mind. Renowned psychologist Susan David developed this concept after studying emotions, happiness, and achievement for more than twenty years. She found that no matter how intelligent or creative people are, or what type of personality they have, it is how they navigate their inner world—their thoughts, feelings, and self-talk—that ultimately determines how successful they will become. The way we respond to these internal experiences drives our actions, careers, relationships, happiness, health—everything that matters in our lives. As humans, we are all prone to common hooks—things like self-doubt, shame, sadness, fear, or anger—that can too easily steer us in the wrong direction. Emotionally agile people are not immune to stresses and setbacks. The key difference is that**

**they know how to adapt, aligning their actions with their values and making small but powerful changes that lead to a lifetime of growth. Emotional agility is not about ignoring difficult emotions and thoughts; it's about holding them loosely, facing them courageously and compassionately, and then moving past them to bring the best of yourself forward. Drawing on her deep research, decades of international consulting, and her own experience overcoming adversity after losing her father at a young age, David shows how anyone can thrive in an uncertain world by becoming more emotionally agile. To guide us, she shares four key concepts that allow us to acknowledge uncomfortable experiences while simultaneously detaching from them, thereby allowing us to embrace our core values and adjust our actions so they can move us where we truly want to go. Written with authority, wit, and empathy, Emotional Agility serves as a road map for real behavioral change—a new way of acting that will help you reach your full potential, whoever you are and whatever you face.**

**Come back from every setback a stronger and better leader If you read nothing else on mental toughness, read these ten articles by experts in the field. We've combed through hundreds of articles in the Harvard Business Review archive and selected the most important ones to help you build your emotional strength and resilience--and to achieve high performance. This book will inspire you to: Thrive on pressure like an Olympic athlete Manage and overcome negative emotions by acknowledging them Plan short-term goals to achieve long-term aspirations Surround yourself with the people who will push you the hardest Use challenges to become a better leader Use creativity to move past trauma Understand the tools your mind uses to recover from setbacks. This collection of articles includes "How the Best of the Best Get Better and Better," by Graham Jones; "Crucibles of Leadership," by Warren G. Bennis and Robert J. Thomas; "Building Resilience," by Martin E.P. Seligman; "Cognitive Fitness," by Roderick Gilkey and Clint Kilts; "The Making of a Corporate Athlete," by Jim Loehr and Tony Schwartz; "Stress Can Be a Good Thing If You Know How to Use It," by Alla Crum and Thomas Crum; "How to Bounce Back from Adversity," by Joshua D. Margolis and Paul G. Stoltz; "Rebounding from Career Setbacks," by Mitchell Lee Marks, Philip Mirvis, and Ron Ashkenas; "Realizing What You're Made Of," by Glenn E. Mangurian; "Extreme Negotiations," by Jeff Weiss, Aram Donigian, and Jonathan Hughes; and "Post-Traumatic Growth and Building Resilience," by Martin Seligman and Sarah Green Carmichael.**

**Build resilience in your company to weather the greatest crises. If you read nothing else on organizational resilience, read these 10 articles. We've combed through hundreds of Harvard Business Review articles and selected the most important ones to help your company prepare for and overcome disruption, social upheaval, and disaster. This book will inspire you to: Reposition your core business while launching a separate, disruptive business Build the ability to continually anticipate and adjust to emerging trends Prepare for the business implications of climate change Learn about the risks of hyperefficient businesses Develop organizational grit Rebound from a recession faster than your competitors Lead your company through any kind of crisis This collection of articles includes "How Resilience Works" by Diane Coutu; "The Quest for Resilience" by Gary Hamel and Liisa Valikangas; "Disruptive Technologies: Catching the Wave" by Joseph L. Bower and Clayton M. Christensen; "Organizational Grit" by Thomas H. Lee and Angela L. Duckworth; "Leading in Times of Trauma" by Jane E. Dutton, Peter J. Frost, Monica C. Worline, Jacoba M. **Why Only 20% of Teams and Individuals Achieve Their True Potential and how You Can Achieve Yours**

Self-awareness is the bedrock of emotional intelligence that enables you to see your talents, shortcomings, and potential. But you won't be able to achieve true self-awareness with the usual quarterly feedback and self-reflection alone. This book will teach you how to understand your thoughts and emotions, how to persuade your colleagues to share what they really think of you, and why self-awareness will spark more productive and rewarding relationships with your employees and bosses. This volume includes the work of: Daniel Goleman Robert Steven Kaplan Susan David HOW TO BE HUMAN AT WORK. The HBR Emotional Intelligence Series features smart, essential reading on the human side of professional life from the pages of Harvard Business Review. Each book in the series offers proven research showing how our emotions impact our work lives, practical advice for managing difficult people and situations, and inspiring essays on what it means to tend to our emotional well-being at work. Uplifting and practical, these books describe the social skills that are critical for ambitious professionals to master.

Sonnenfeld and Ward show how to rise Phoenix-like from the ashes. Their account of the psychological and behavioral foundations of that important quality resilience is important reading for everyone who will ever face a reversal of fortune. Jeffrey Pfeffer, Thomas D. Dee II Professor of Organizational Behavior, Graduate School of Business, Stanford University Is it possible to rescue your career and restore your reputation after a major professional setback? In an age rife with press accounts of disgraced CEOs, politicians, and celebrities as well as courageous but beleaguered whistleblowers and victims of rivals or envious colleagues and bosses this question has grown more important than ever. In *Firing Back*, Jeffrey Sonnenfeld and Andrew Ward answer the question with a resounding Yes. They go on to lay out a practical and an important five-step process for actually recovering from setbacks. Following these steps will help guide you through the difficult circumstances, rebuild your reputation, and chart a new future. The authors also explore strategies for surmounting common barriers to career recovery, including tricky corporate cultures and psychological stresses. Anchored in decades of research and scholarly studies across multiple fields, this book is packed with engrossing stories and first-hand accounts from humbled but restored CEOs and executives from firms as diverse as General Electric, The Home Depot, Morgan Stanley, Apple, Staples, and Hewlett-Packard. *Firing Back* offers a clear plan for anyone who needs to recover from a career setback and reclaim lost prestige and reputation whether the setback stemmed from his own actions or forces outside her control. Chamine exposes how your mind is sabotaging you and keeping you from achieving your true potential. He shows you how to take concrete steps to unleash the vast, untapped powers of your mind.

Find your purpose at work. In an ideal world, our work lives would be completely fulfilling and intrinsically motivating. But what if you're stuck in a job and your heart isn't in it anymore? Or what if your company's mission seems unrelated to the work you do day in and day out? This book showcases the power of passion--and how you and your team can find it at work. This volume includes the work of: Morten T. Hansen Teresa M. Amabile Scott A. Snook Nick Craig This collection of articles includes "Finding Meaning at Work, Even When Your Job Is Dull," by Morten Hansen and Dacher Keltner; "What to Do When Your Heart Isn't in Your Work Anymore," by Andy Molinsky; "You Don't Find Your Purpose--You Build It," by John Coleman; "How to Find Meaning in a Job That Isn't Your True Calling," by Emily Esfahani Smith; "You're Never Done Finding Purpose at Work," by Dan Pontefract; "From Purpose to Impact," by Nick Craig and Scott A. Snook; "Five Questions to Help Your Employees Find Their Inner Purpose," by Kristi Hedges; "How to Make Work More Meaningful for Your Team," by Lewis Garrad and Tomas Chamorro-Premuzic; "The Power of Small Wins," by Teresa M. Amabile and Steven J. Kramer; and "The Founder of TOMS on Reimagining the Company's Mission," by Blake Mycoskie. HOW TO BE HUMAN AT WORK. The HBR Emotional Intelligence Series features smart, essential reading on the human side of professional life from the pages of Harvard Business Review. **Get Unstuck, Embrace Change, and Thrive in Work and Life**

This digital collection, curated by Harvard Business Review, offers four books on the topic of emotional intelligence, found by bestselling author Daniel Goleman to be twice as important as other competencies in determining outstanding leadership. In *Primal Leadership*, With a New Preface by the Authors, the authors show that great leaders excel not just through skill and smarts, but by connecting with others using emotional intelligence competencies like empathy and self-awareness. The best leaders are "resonant" leaders--individuals who manage their own and others' emotions in ways that drive success. In *Resonant Leadership*, Richard Boyatzis and Annie McKee provide an indispensable guide to overcoming the vicious cycle of stress, sacrifice, and dissonance that afflicts many leaders and offer a field-tested framework for creating the resonance that fuels great leadership. And in *Becoming a Resonant Leader*, Annie McKee, Richard Boyatzis, and Frances Johnston share vivid, real-life stories illuminating how people can develop emotional intelligence, build resonance, and renew themselves. Finally, HBR's 10 Must Read on Emotional Intelligence presents 10 articles by experts in the field of emotional intelligence, all of which will inspire you to monitor and channel your moods and emotions; make smart, empathetic people decisions; manage conflict and regulate emotions within your team; react to tough situations with resilience; better understand your strengths, weaknesses, needs, values, and goals; and develop emotional agility.

Daniel Goleman offers a vital new curriculum for life that can change the future for us and for our children

Empathy is credited as a factor in improved relationships and even better product development. But while it's easy to say

“Just put yourself in someone else’s shoes,” the reality is that understanding the motivations and emotions of others often proves elusive. This book helps you understand what empathy is, why it’s important, how to surmount the hurdles that make you less empathetic—and when too much empathy is just too much. This volume includes the work of: Daniel Goleman Annie McKee Adam Waytz This collection of articles includes “What Is Empathy?” by Daniel Goleman; “Why Compassion Is a Better Managerial Tactic Than Toughness” by Emma Seppala; “What Great Listeners Actually Do” by Jack Zenger and Joseph Folkman; “Empathy Is Key to a Great Meeting” by Annie McKee; “It’s Harder to Empathize with People If You’ve Been in Their Shoes” by Rachel Rutton, Mary-Hunter McDonnell, and Loran Nordgren; “Being Powerful Makes You Less Empathetic” by Lou Solomon; “A Process for Empathetic Product Design” by Jon Kolko; “How Facebook Uses Empathy to Keep User Data Safe” by Melissa Luu-Van; “The Limits of Empathy” by Adam Waytz; and “What the Dalai Lama Taught Daniel Goleman About Emotional Intelligence” an interview with Daniel Goleman by Andrea Ovens. How to be human at work. The HBR Emotional Intelligence Series features smart, essential reading on the human side of professional life from the pages of Harvard Business Review. Each book in the series offers proven research showing how our emotions impact our work lives, practical advice for managing difficult people and situations, and inspiring essays on what it means to tend to our emotional well-being at work. Uplifting and practical, these books describe the social skills that are critical for ambitious professionals to master.
