He's making it clear he wants her back, but is the potential personal pain worth the professional gain? *Rescuing Dawn*: Nurse Dawn Granger has loved and lost and it's a road she's not prepared to travel again--that is until paramedic Andrew Holmes reappears and makes her question feelings she thought long dead. *The Bull Rider's Brother*: Lizzie Hudson is enjoying rodeo weekend and the start of summer when James Sullivan, the cowboy who got away, walks his Justin Ropers back into her life. Can he learn to redefine family before she gives up on him and marries another? *Wynter's Journey*: Tragedy tore Wynter and Sam apart before he could tell her how he felt about her. Now fate has dropped her off on his doorstep, widowed, desperately broke, and very pregnant. His sense of honor dictates that he take her in, but soon old feelings resurface. Now the one person he'd wanted to leave behind is the one person he can't let go. *Her Soldier's Touch*: When U.S. Army Sergeant First Class Colten Taylor returns briefly to Phoenix to bury his brother, he's shocked to see Rachel Madison waiting for him at the airport. He regrets the morning he walked away from her; coming from an abusive home taught Colt to put limits on all his relationships. But now that she has his son in tow, will he keep running? *Sensuality Level: Sensual*

On the surface Sahara Tate is a confident, successful, and independent young woman. Behind the mask is another story altogether. When circumstances turn her life upside down — the drama of a crazed ex-boyfriend who won't take no for an answer, and the appearance of an old friend on her doorstep — Sahara's inner and outer worlds will collide. To find peace she will have to tear down her pride and learn there's no sin in allowing yourself to be vulnerable sometimes.

"Touch The Sky" is about love. It is a series of love songs or poems. The wondrous love between a man and a

woman. The mystery of God's love for a man and a man's love for God in communion in the big things and in the little things of life. The mystery of being sent as a living sign and ambassador of unbound love and of joy unspeakable, knowing the weight of the Presence of the Divine "with" us, through the thick and thin of life, its ups and downs, its great griefs and great joys to this one End - that Love conquer all to make all things as new again. Without love there is no hope. With love our hope is like a great diamond with many faces which shine on us with the many facets of God's face reflected here in so many aspects of life. The facets of His Love are like a rock not hewn by human hands with which He draws and makes us His. "Touch The Sky" contains treasure that the author has brought back from diving trips beneath the surface of the seen where the net of thought drips words back into the the ungraspable whole of it.

Book Description Second Time Around This book depicts marriage disappointments and disillusionments from a male perspective. Most men are fundamentally good and can resist the temptations of infidelity when given a choice. The challenges of dealing with a wife that constantly pushes them to the margin of her life can often be too much for some men to bear. As a young man right out of college, Norman, was assigned by his company to a territory in southern Pennsylvania. While living there Norman met Gail, an attractive middle-aged woman that was ten years his senior with a teenage daughter. Gail and Norman became inseparable and very much in love. Neither of them felt any pressure to get married. After six years Norman was promoted and had to transfer to another part of the country. Fearing that their age difference would cause their relationship to fade, Gail opted to stay in Pineville and they drifted apart. Many years later when their paths crossed again Gail realized that she was still in love with the man that she had considered her soul mate. However, Norman was now married with two kids and based in Seattle. His marriage is unstable and Gail soon realizes that there might be a second chance to have the man she has loved for nearly half her life. With his judgment clouded by the lack of attention from his wife Norman begins to feel that he might have chosen the wrong woman for his life partner.

Hollywood, California. October 1988. "I'm afraid I've placed you in an untenable situation." When you're summoned by the company president and he starts the conversation with that, you know it's not going to end well. He was firing me. I wasn't surprised. But by the time the president sent for me, my ability to sign a sellable act was no longer a question mark. My first platinum act was about to blow past one million units sold. The decision to fire me, at the very least, was poorly timed. But from my standpoint this move had less to do with sales and more to do with corporate politics. My new boss and I, the two highest ranking black executives in Capitol Records, were openly feuding. My hope was that the new president had my back. And maybe he had for a while. But his loyalty was not to me. His boss, the newly appointed chairman and CEO of Capitol-EMI, had brought him on board. The chairman and CEO had also hired the new head of black promotion, who had in a poorly devised restructuring scheme, become my new boss. No matter how you did the math, the power base of the number-one white guy and the number-one black guy trumped any alliance between the two number twos. I was the lone outsider in the group and the low man on the totem pole. It was a bad combination that made letting me go the logical solution. Four years would pass, however, before I truly understood the magnitude of a moment that had far-reaching implications well beyond hit records and corporate business decisions. And so begins *Can't Touch This: Memoir of a Disillusioned Music Executive*, the fascinating story of one man's love affair with music and the industry determined to destroy it.
