chief each perceive the great gift in a different way. The eldest, Lengar, the warrior, harnesses his murderous ambition to be a ruler and take great power for his tribe. Camaban becomes a great visionary and feared wise man, and it is his vision that will force the youngest brother, Saban, to create the great temple on the green hill where the gods will appear on earth. Saban's love for Aureнна, the sun bride whose destiny is to die for the gods, finally brings the rivalries of the brothers to a head. But it is also his

Rarely, if ever, does a new writer dazzle us with such a vivid imagination and storytelling, flawlessly capturing the essence of a land, a people, a legend. Conn Iggulden is just such a writer, bringing to vivid life one of the most fascinating eras in human history. In a true masterpiece of historical fiction, Iggulden takes us on a breathtaking

journey through ancient Rome, sweeping us into a realm of tyrants and slaves, of dark intrigues and seething passions. What emerges is both a grand romantic tale of coming-of-age in the Roman Empire and a vibrant portrait of the early years of a man who would become the most powerful ruler on earth: Julius Caesar. On the lush Italian peninsula, a new empire is taking shape. At its heart is the city of Rome, a place of glory and decadence, beauty and bloodshed. Against this vivid backdrop, two boys are growing to manhood, dreaming

of battles, fame, and glory in service of the mightiest empire the world has ever known. One is the son of a senator, a boy of privilege and ambition to whom much has been given and from whom much is expected. The other is a bastard child, a boy of strength and cunning, whose love for his adoptive family—and his adoptive brother—will be the most powerful force in his life. As young Gaius and Marcus are trained in the art of combat—under the tutelage of one of Rome's most fearsome gladiators—Rome itself is being rocked by

the art of treachery and ambition, caught in a tug-of-war as two rival generals, Marius and Sulla, push the empire toward civil war. For Marcus, a bloody campaign in Greece will become a young soldier's proving ground. For Gaius, the equally deadly infighting of the Roman Senate will be the battlefield where he hones his courage and skill. And for both, the love of an extraordinary slave girl will be an honor each will covet but only one will win. The two friends are forced to walk different paths, and by the time they meet

From New York Times bestselling author Bernard Cornwell, another exciting adventure in the world-renowned Sharpe series, chronicling the rise of Richard Sharpe, a Private in His Majesty's Army at the siege of Seringapatam. Five years after the Battle of Waterloo, Sharpe's peaceful retirement in Normandy is shattered. An old friend, Don Blas Vivar, is missing in Chile, reported dead at rebel hands – a report his wife refuses to believe. She

The year is 885, and England is at peace, divided between the Danish kingdom to the north and the Saxon kingdom of Wessex in the south. Warrior by instinct and Viking by nature, Uhtred, the dispossessed son of a Northumbrian lord, has land, a wife and children—and a duty to King Alfred to hold the frontier on the Thames. But a dead man has risen, and new Vikings have invaded the decayed Roman city of London with dreams of conquering Wessex... with Uhtred's help. Suddenly forced to weigh his oath to the king against the dangerous turning tide of shifting allegiances and deadly power

The enjoyment of wargaming is greatly enhanced if the battles (games) are played within well thought-out scenarios. Instead of simply lining up evenly-matched armies and fighting to the death, the players can have realistic objectives (such as the capture of a vital piece of terrain or delaying a superior enemy to cover a retreat) and be confronted with more challenging tactical decisions. Devising such scenarios can take a lot of effort, and more

The fifth installment of Bernard Cornwell's New York Times bestselling Saxon Tales chronicling the epic saga of the making of England, "like Game of Thrones, but real" (The Observer, London)—the basis for The Last Kingdom, the hit television series. At the end of the ninth century, with King Alfred of Wessex in ill health and his heir still an untested youth, it falls to Alfred's reluctant warlord Uhtred to outwit and outbattle the invading enemy Danes, led by the sword of savage warrior Harald Bloodhair. But

the sweetness of Uhtred's victory is soured by tragedy, forcing him to break with the Saxon king. Joining the Vikings, allied with his old friend Ragnar—and his old foe Haesten—Uhtred devises a strategy to invade and conquer Wessex itself. But fate has very different plans. Bernard Cornwell's *The Burning Land* is an irresistible new chapter in his epic story of the birth of England and the legendary king who made it possible.

But as Cathy O'Neil reveals in this urgent and necessary book, the opposite is true. The models being used today are opaque, unregulated, and uncontestable, even when they're wrong. Most troubling, they reinforce discrimination: If a poor student can't get a loan because a lending model deems him too risky (by virtue of his zip code), he's then cut off from the kind of education that could pull him out of poverty,

These "weapons of math destruction" score teachers and students, sort resumes, grant (or deny) loans, evaluate workers, target voters, set parole, and monitor our health. For more than twenty years, Richard Sharpe, the brave and dashing officer who rose from rags on the street to a commission in his majesty's army, has been thrilling audiences on both the page and on screen. Now the incomparable Bernard Cornwell ("the greatest writer of historical novels today"*) returns with a thrilling new installment—the first new Sharpe novel in more than two years. The year is 1811. With the British army penned into a small part of Portugal, and all of Spain fallen to the invader except for the coastal city of Cádiz, the French appear to

have won their war. Captain Richard Sharpe has no business being in Cádiz, but when an attack on a French-held bridge goes disastrously wrong, Sharpe—accompanied by Harper, his loyal Irish sergeant, and the obnoxious Brigadier Moon—finds himself in a city under French siege. It is also a town riven by political rivalry. Some Spaniards believe their country's future would be best served if they broke their alliance with Britain and forged a friendship with Napoléon's France; their cause is only strengthened when some letters written to a prostitute by the British ambassador fall

into their possession. They resort to blackmail, and Sharpe, raised in the gutters of London and taught to fight, is released into the alleys of Cádiz to find the woman and retrieve the letters. Yet defeating the blackmailers will not save the city. That is up to the charismatic Scotsman, Sir Thomas Graham, who takes a small British force to attack the French siege lines. The attack goes horribly wrong; Sir Thomas's outnumbered army is trapped between the devil and the deep blue sea, and on a March morning, at Barrosa, Richard Sharpe finds himself embroiled in one of the most desperate

infantry struggles ever fought. Sir Thomas has his own reasons for revenge, as does Sharpe, who goes into battle seeking the French colonel who precipitated the disaster that stranded Sharpe in Cádiz. In a bloody and stirring battle, Sharpe and the English get their revenge and their victory, but at a terrible cost. A triumph of both historical and battle fiction, Sharpe's Fury will sweep both old and new Sharpe fans into their hero's incredible adventures.
