Siamo In Guerra Per Una Nuova Politica

Networks of Outrage and Hope is an exploration of the new forms of social movements and protests that are erupting in the world today, from the Arab uprisings to the indignadas movement in Spain, from the Occupy Wall Street movement to the social protests in Turkey, Brazil and elsewhere. While these and similar social movements differ in many important ways, there is one thing they share in common: they are all interwoven inextricably with the creation of autonomous communication networks supported by the Internet and

Download File PDF Siamo In Guerra Per Una Nuova Politica

wireless communication. In this new edition of his timely and important book, Manuel Castells examines the social, cultural and political roots of these new social movements, studies their innovative forms of self-organization, assesses the precise role of technology in the dynamics of the movements, suggests the reasons for the support they have found in large segments of society, and probes their capacity to induce political change by influencing people's minds. Two new chapters bring the analysis up-to-date and draw out the implications of these social movements and protests for understanding the new forms of social change and political democracy in the global network society. This book provides a comprehensive interpretation of the

Download File PDF Siamo In Guerra Per Una Nuova Politica

multiple manifestations of populism using Italy, the only country amongst consolidated constitutional democracies in which populist political forces have been in government on various occasions since the early 1990s, as the starting point and benchmark. Populism is a complex, multi-faceted political phenomenon which redefines many of the essential characteristics of democracy; participation, representation, and political conflict. This book considers contemporary versions of populism that pose a real challenge to representative and constitutional democracy. Contributors provide an integrative interpretation of populism and analyse its principal historical, social and politico-legal variables to provide a multi-dimensional reflection on the concept of

Introduction to Politics

Routledge Handbook of Global Populism

Hybrid Media Activism

Recent elections in the advanced western democracies have undermined the basic foundations of political systems that had previously beaten back all challenges -- from both the left and the right. The

Download File PDF Siamo In Guerra Per Una Nuova Politica

election of Donald Trump to the U.S. presidency, only months after the United Kingdom voted to leave the European Union, signaled a dramatic shift in the politics of the rich democracies. In Anti-System Politics, Jonathan Hopkin traces the evolution of this shift and argues that it is a long-term result of abandoning the post-war model of egalitarian capitalism in the 1970s. That shift entailed weakening the democratic process in favor of an opaque, technocratic form of governance that allows voters little opportunity to influence policy. With the financial crisis of the late 2000s these arrangements became unsustainable, as incumbent politicians were unable to provide solutions to economic hardship.

Download File PDF Siamo In Guerra Per Una Nuova Politica

Electoralates demanded change, and it had to come from outside the system. Using a comparative approach, Hopkin explains why different kinds of anti-system politics emerge in different countries and how political and economic factors impact the degree of electoral instability that emerges. Finally, he discusses the implications of these changes, arguing that the only way for mainstream political forces to survive is for them to embrace a more activist role for government in protecting societies from economic turbulence. A historically-grounded analysis of arguably the most important global political phenomenon at present, Anti-System Politics illuminates how and why the world seems upside

down.

This volume illustrates the diversity of populism globally. When seeking power, populists politicize issues, and point to problems that need to be addressed such as inequalities, the loss of national sovereignty to globalization, or the rule of unresponsive political elites. Yet their solutions tend to be problematic, simplistic, and in most instances, instead of leading to better forms of democracy, their outcomes are authoritarian. Populists use a playbook of concentrating power in the hands of the president, using the legal system instrumentally to punish critics, and attacking the media and civil society. Despite promising to empower the people, populists

Download File PDF Siamo In Guerra Per Una Nuova Politica

lead to processes of democratic erosion and even transform malfunctioning democracies into hybrid regimes. The Routledge Handbook of Global Populism provides instructors, students, and researchers with a thorough and systematic overview of the history and development of populism and analyzes the main debates. It is divided into sections on the theories of populism, on political and social theory and populism, on how populists politicize inequalities and differences, on the media and populism, on its ambiguous relationships with democratization and authoritarianism, and on the distinct regional manifestations of populism. Leading international academics from history, political

science, media studies, and sociology map innovative ideas and areas of theoretical and empirical research to understand the phenomenon of global populism. Hackers as vital disruptors, inspiring a new wave of activism in which ordinary citizens take back democracy. Hackers have a bad reputation, as shady deployers of bots and destroyers of infrastructure. In Coding Democracy, Maureen Webb offers another view. Hackers, she argues, can be vital disruptors. Hacking is becoming a practice, an ethos, and a metaphor for a new wave of activism in which ordinary citizens are inventing new forms of distributed, decentralized democracy for a digital era. Confronted with concentrations of power, mass

Le Ricordanze

This book is an extensive investigation of the complexities, ambiguities and shortcomings of contemporary digital activism.

Download File PDF Siamo In Guerra Per Una Nuova Politica

The author deconstructs the reductionism of the literature on social movements and communication, proposing a new conceptual vocabulary based on practices, ecologies, imaginaries and algorithms to account for the communicative complexity of protest movements. Drawing on extensive fieldwork on social movements, collectives and political parties in Spain, Italy and Mexico, this book disentangles the hybrid nature of contemporary activism. It shows how activists operate merging the physical and the digital, the human and the non-human, the old and the new, the internal and the external, the corporate and the alternative. The author illustrates the ambivalent character of contemporary digital activism, demonstrating that media imaginaries can be either used to conceal authoritarianism, or to

Download File PDF Siamo In Guerra Per Una Nuova Politica

reimagine democracy. The book looks at both side of algorithmic power, shedding light on strategies of repression and propaganda, and scrutinizing manifestations of algorithms as appropriation and resistance. The author analyses the way in which digital activism is not an immediate solution to intricate political problems, and argues that it can only be effective when a set of favourable social, political, and cultural conditions align. Assessing whether digital activism can generate and sustain long-term processes of social and political change, this book will be of interest to students and scholars researching radical politics, social movements, digital activism, political participation and current affairs more generally.

Bruno Temperoni was born in Rome on March 21, 1918 and

Download File PDF Siamo In Guerra Per Una Nuova Politica

died in Bergamo on August 19, 1991. He interrupted his scientific studies in 1938 to serve the military during the Second World War. After six years at the service of the Italian Royal Navy, and having finished a tough, involving military parenthesis, he joined his father in the craftsmanship of furniture. Later with his brother, he continued this activity, developing and expanding the company, until the furniture factory reached a successful artistic commercial level. As an autodidact, having a striking sensitivity, he dedicated himself to what he always loved: prose, poetry, photography, and plastic arts. But it was in painting, his true passion, that he expressed an unquestionable artistic personality receiving recognition from art critics and various prizes:

Combining theory, comparative politics and international relations, Introduction to Politics, Fourth Edition, provides the most comprehensive introduction to the subject for first year undergraduate students, with the most global perspective.

Written by three experts in the field, this book takes a balanced approach to the subject, serving as a strong foundation for further study. Assuming no prior knowledge, the authors use an accessible yet analytical approach which encourages critical analysis and debate, helping students to develop the vital skills they need for future studies and employment. The new edition has been fully updated with additional case studies and examples

Download File PDF Siamo In Guerra Per Una Nuova Politica

to help students to understand how key theories and principles apply in the context of real-world events. New to the fourth edition is a chapter on 'Non-Western Approaches', which helps students to bring more diverse perspectives to their study of politics. Furthermore, additional coverage of populism has been included, to reflect current events and developments in discourse. This ensures that Introduction to Politics, Fourth Edition is the most contemporary, relevant and essential guide for students new to the study of politics.

Current Perspectives

In 2009 Beppe Grillo, a well-known Italian comedian, established the Five Star Movement with the aim of sending a handful of citizens to municipal councils to act as the watchdog of a professional political class often perceived as corrupt and self-interested. However, in the Italian general elections of February 2013, despite still largely being considered a small protest movement, the party gained the undisputed

Download File PDF Siamo In Guerra Per Una Nuova Politica

role of leading political actor gaining just under 9 million votes and sending 163 Deputies and Senators to the Italian parliament. The birth and rapid rise of the Five Star Movement represents an electoral earthquake with no parallels in Italy and the whole of post-1945 Western Europe and a phenomenon likely to shape the Italian political scene for many years to come. Drawing on an extensive array of data and face-to-face interviews, this volume offers an empirically grounded explanation of the

Download File PDF Siamo In Guerra Per Una Nuova Politica

surprising electoral success of the Five Star Movement and presents a realistic picture of this party in its manifold aspects: organisational structure, communication style, linkages with civil society, ideological nature and positioning in the Italian political system.

This concise book explores the rise of populism, comparing the electoral success of populist movements and politicians in Europe and the United States. Organized around themes of turnout, leadership, and media,

Download File PDF Siamo In Guerra Per Una Nuova Politica

and illustrated with compelling maps, Mapping Populism encourages discussion on an increasingly important topic—and on the future of democracy itself.

The word ‘populism’ has come to cover all manner of sins. Yet despite the prevalence of its use, it is often difficult to understand what connects its various supposed expressions. From Syriza to Trump and from Podemos to Brexit, the electoral earthquakes of recent years have often been grouped under this term. But what actually defines

Download File PDF Siamo In Guerra Per Una Nuova Politica

'populism'? Is it an ideology, a form of organisation, or a mentality? Marco Revelli seeks to answer this question by getting to grips with the historical dynamics of so-called 'populist' movements. While in the early days of democracy, populism sought to represent classes and social layers who asserted their political role for the first time, in today's post-democratic climate, it instead expresses the grievances of those who had until recently felt that they were included. Having lost their power, the disinherited embrace not a

Download File PDF Siamo In Guerra Per Una Nuova Politica

political alternative to -isms like liberalism or socialism, but a populist mood of discontent. The new populism is the 'formless form' that protest and grievance assume in the era of financialisation, in the era where the atomised masses lack voice or organisation. For Revelli, this new populism the child of an age in which the Left has been hollowed out and lost its capacity to offer an alternative. The Oxford Handbook of Populism Networks of Outrage and Hope Anti-System Politics

The New Populism Minerals in the Economy of Montana Creating Political Presence

Populist forces are becoming increasingly relevant across the world, and studies on populism have entered the mainstream of the political science discipline. However, so far no book has synthesized the ongoing debate on how to study the populist phenomenon. This handbook provides state of the art research and scholarship on populism, and lays out, not only the cumulated knowledge on populism, but also the ongoing discussions and

Download File PDF Siamo In Guerra Per Una Nuova Politica

research gaps on this topic. The Oxford Handbook of Populism is divided into four sections. The first presents the main conceptual approaches on populism and points out how the phenomenon in question can be empirically analyzed. The second focuses on populist forces across the world and includes chapters on Africa, Australia and New Zealand, Central and Eastern Europe, East Asia, India, Latin America, the Post-Soviet States, the United States, and Western Europe. The third reflects on the interaction between populism and various relevant issues both from a scholarly and

Download File PDF Siamo In Guerra Per Una Nuova Politica

political point of view. Amongst other issues, chapters analyze the relationship between populism and fascism, foreign policy, gender, nationalism, political parties, religion, social movements and technocracy. Finally, the fourth part includes some of the most recent normative debates on populism, including chapters on populism and cosmopolitanism, constitutionalism, hegemony, the history of popular sovereignty, the idea of the people, and socialism. The handbook features contributions from leading experts in the field, and is indispensable, positioning the study of

Download File PDF Siamo In Guerra Per Una Nuova Politica

populism in political science.

This book reflects on the political capacity of citizen users to impact politics, explaining the danger in assuming that mass online participation has unconditionally democratising effects. Focusing on the case of Italy's Five Star Movement, the book argues that Internet participation is naturally unequal and, without normative and strong design efforts, Internet platforms can generate noisy, undemocratic crowds instead of self-reflexive, norm-bounded communities. The depiction of a democratising Internet can be easily exploited by

Download File PDF Siamo In Guerra Per Una Nuova Politica

those who manage these platforms to sell crowds as deliberating publics. As the Internet, almost everywhere, turns into the primary medium for political engagement, it also becomes the symbol of what is wrong with politics. Internet users experience unprecedented, instantaneous and personalised access to information and communication and, by comparison, they feel a much stronger level of irrelevance in the existing political system.

The objective of this edited volume is to provide an answer by examining "the many faces of

Download File PDF Siamo In Guerra Per Una Nuova Politica

populism." The unifying element across the different explorations of the phenomenon of populism is that there is a shared genus that allows for a typology of the different faces of populism and a demarcation of what is not a form of populism.

Crowds presents several layers of meditation on the phenomenon of collectivities, from the scholarly to the personal; it is the most comprehensive cross-disciplinary publication on crowds in modernity. For more information, visit <http://shl.stanford.edu/Crowds>

Non si tratta di un libro sulla pandemia ma di una proposta analitica della realtà allo scopo di interrompere il fluire di un discorso assolutizzato. L'alternativa a un discorso non egemonico e declinato al maschile si cela dietro la possibilità di smascherare le scelte retoriche, politiche, culturali attuate in ragione di un sistema di genere che ribadisce nella contingenza dell'emergenza sanitaria la sua ineluttabilità. La guerra è una possibilità, non l'unica via possibile e tantomeno non necessariamente la più appropriata. Ciò

Download File PDF Siamo In Guerra Per Una Nuova Politica

che l'emergenza sanitaria da Covid-19 ha posto definitivamente in evidenza è l'affermazione oppositiva di guerra e cura, di warfare e welfare a giustificazione dell'esistente, del regime di genere e potere. Un intreccio tanto sinergico quanto riproducibile nella misura in cui si pone come immune da qualsiasi confronto dialettico. L'analisi a monte e a valle di tale struttura sociale e di potere è al centro dei contributi presenti in questo volume.

For at least two centuries, democratic representation has been at the center of debate. Should elected representatives express the views of the majority, or do they have the discretion to interpret their constituents' interests? How can representatives balance the desires of their parties and their electors? What should be done to strengthen the representation of groups that have been excluded from the political system? Representative democracy itself remains

Download File PDF Siamo In Guerra Per Una Nuova Politica

frequently contested, regarded as incapable of reflecting the will of the masses, or inadequate for today's global governance. Recently, however, this view of democratic representation has been under attack for its failure to capture the performative and constructive elements of the process of representation, and a new literature more attentive to these aspects of the relationship between representatives and the represented has arisen. In *Creating Political Presence*, a diverse and international group of scholars explores the implications of such a turn. Two broad, overlapping perspectives emerge. In the first section, the contributions investigate how political representation relates to empowerment, either facilitating or interfering with the capacity of citizens to develop autonomous judgment in collective decision making. Contributions in the second section look at representation from the perspective of inclusion,

Download File PDF Siamo In Guerra Per Una Nuova Politica

focusing on how representative relationships and claims articulate the demands of those who are excluded or have no voice. The final section examines political representation from a more systemic perspective, exploring its broader environmental conditions and the way it acquires democratic legitimacy.
