

## Spread Your Wings And Fly: An Origami Fold And Tell Story

A Whispering Leaf. . . with each and every poem presents a song or a painting- a song composed by our heart; a painting sketched by our subconscious mind.

When strange dreams of a beautiful woman disturbed his sleep night after night and severe pain caused Aaron Summer to be whisked off to hospital, the last thing he expected was the appearance of his dream beside his hospital bed. The touch of her hand caused a jolt of static to run the length of his arm before he snatched his hand away. 'You' was all he could think to say. Her name was Aurora and she had the nerve to calmly inform him that the pain he was experiencing was quite natural and caused by his wings trying to break through and that he is, in fact, a Faerie. She had answered the call of his heart, his heritage. His heart song, so filled with longing that it transcended both time and space to bring her here, to find this lost soul, and assist with his Opening. 'I am your destiny, open or die'. Sometimes you have a feeling. Sometimes you just know.

Toby's biggest dream was to travel around the world. Since childhood he always loved adventures and exploring new places. But life had different plans for him. A life he created for himself according to "the book". He lives a typical normal life - he got married, has a good bank job, mortgage to pay and plans for the future. But this was never his real dream. He feels drained, unhappy and tired from daily routine. He feels he is missing the essence of life, and he doesn't want to regret never trying something else. He wants to fulfill his biggest dream but this comes with a high price tag - everything he built over the years. He struggles with himself, changing his mind rapidly and facing his deepest fears. His inner conflicts and dilemmas accompany him every step of the way. Will he be able to leave everything behind and fulfill his dream? Is he really ready for hard choices? It's a struggle between social pressure and personal desires, and only one can win. This is a story about a man looking for fulfillment. He understands time is the most precious thing in life, therefore he doesn't want to waste it anymore. Because of his past decisions, he feels incomplete. With determination and sacrifice he decides to change the journey of his life. There are lots of hurdles, but he believes in his right to live the life he truly deserves before it gets too late. It's a story about doing the things you believe in, even though it seems impossible. An adventurer trapped in the daily routine. Life is one big opportunity combined with lots of smaller opportunities; if you miss one, it might never come back.

***The remarkable autobiography of a pioneering female aviator who left a privileged life to serve in World War II. Her father was a millionaire race-car driver who became chairman of Bentley Motors, and her grandfather cofounded the De Beers mining company. But by the late 1930s, debutante Diana Barnato had enough of her affluent, chaperoned existence and sought excitement in flying—soloing at Brooklands after only six hours' training. Joining the Air Transport Auxiliary in 1941 to help ferry aircraft to squadrons and bases throughout the country, she flew scores of different aircraft—fighters, bombers, and trainers—in all kinds of conditions, and without a radio. By 1945, Barnato had lost many friends, a fiancé, and a husband—but she continued to fly. In 1962 she was awarded the Jean Lennox Bird Trophy for notable achievement in aviation, but her greatest moment was yet to come, when in 1963 she flew a Lightning through the sound barrier, becoming “the fastest woman in the world.” Spreading My Wings is her remarkable memoir, brimming with history and adventure.***

The award-winning YA author weaves "an unsettling tapestry of ugly secrets, violence, suspense, twisted motives and love's unfathomable ways" (Kirkus). Anna and Abel couldn't be more different. They are both seventeen and in their last year of school, but while Anna lives in a nice old town house and comes from a well-to-do family, Abel, the school drug dealer, lives in a grim tower block at the edge of town. Anna naturally keeps her distance from Abel. But when she discovers that he is the only one caring for his six-year-old sister, her fear turns to fascination. Anna follows the two, listening as Abel tells little Micha the story of a tiny queen assailed by dark forces. It's a beautiful fairy tale that lets Anna see Abel's reality. Unable to make ends meet, he's in danger of losing Micha to their abusive father. Anna gradually falls in love with Abel, but when his "enemies" begin to turn up dead, she fears she has fallen for a murderer. Antonia Michaelis, the Batchelder Honor Award-winning author of Tiger Moon, moves in a bold new direction with her latest novel: a dark, haunting, contemporary story that is part mystery, part melodrama, and part dark romance.

*A thoughtfully curated and gloriously illustrated retrospective of the band's studio releases, Queen, comes just in time for the 45th anniversary of their debut LP and biopic. Formed in 1970, Queen went on to become one of the most popular—and most successful—rock bands of all time. Even following the untimely death of beloved and magnetic frontman Freddie Mercury, and nearly 50 years after their formation, interest in the band has continued, evidenced by scores of reissues, arena tours with surviving members, and a feature-film biopic. In this new installment in Voyageur Press's Album by Album series, rock journo Martin Popoff convenes a cast of 19 Queen experts and superfans to discuss all 15 of the band's studio albums (including their soundtrack for the 1980 film Flash Gordon). Panelists include Queen experts, rock journalists, musicians, and record industry figures. The results are freewheeling discussions delving into the individual songs, the circumstances that surrounded the recording of each album, the band and contemporary rock contexts into which they were released, and more. The engaging text of this beautifully designed book is illustrated throughout with rare live performance and candid offstage photography, as well as scads of rare Queen ephemera. The Album by Album series is a unique approach to the rock bio, injecting the varied voices of several contributors. The results have even the most diehard fans rushing back to their MP3 players (or turntables) to confirm the details and opinions expressed!*

**Grenadian Experience Shines Like a Caribbean Jewel in this Book of Personal History** John Jakasal poetically presents the soul of Grenada and how it can survive and prosper as world renowned "Isle of Spice" with his life as an example. USA, The Caribbean & Globally – Grenadian writer and author John Jakasal weaves "the cobweb that hides two paths in life" in the eminently readable memoir *Grow Your Wings, Fly Away And Build Your Nest*. Sharing his family background and life story, he spins illuminating connections to Grenadian history through the colonial phase and compares it to the modern, complex fruit of that history to rekindle the island's spicy reputation and agricultural foundation that has seemingly lost its colors diminished by the annual hurricanes. He discusses what it means to be a Grenadian American as chief Technologist, Professor in the school of Radiology Technology and Clinical Instructor. His kind finds itself readily accepted in New York City, a place known for its homogenous international culture. His story may be unusual to many, but it is given serious consideration in this eye-opening memoir of a young man from humble beginnings who worked hard, left his parents' home, never forgetting from where he came, became independent, owes not a single man, and now comfortably retired. Author John Jakasal's textual path dances on the light of his spider's web, and the dance of the spider as he weaves a vision of home, of a place to live and make a living in an agricultural safety net. Yet the delicate nature of Grenada's present is also present in the proceedings. The spider's web is a delicate, gossamer beauty and it is Jakasal's brilliant poetic view of his mother island; little Grenada swamped by waves of modernism and highwood. In Jakasal, as well as in the strong moral heart of his book, lie all things Grenadian: The island beauty and its blessed clime, the physical points of national identity that are still remarkably untouched despite the onslaught of modernity. This is further refined into an appreciation of how America is a place of opportunity for anyone willing. A place where a Grenadian's native qualities can shine. Jakasal gives readers the taste of native Grenadian stew in this work, and it is an experience both filling and a taste everyone of his readers will remember with an
