

Springtime Stories: 30 Classic Tales (Bumper Short Story Collections)

Synopsis coming soon.....

Caldecott Medalist Dan Santat--creator of The Adventures of Beekle: The Unimaginary Friend and After the Fall--takes readers on the road trip of a lifetime! "Are we there yet?" Every parent has heard this classic kid question on a long car ride--and after reading this astonishingly inventive new book (that even turns upside down for several pages!), you'll never look at being bored the same way again. Let's face it: everyone knows that car rides can be boring. And when things get boring, time slows down. In this book, a boy feels time slowing down so much that it starts going backward--into the time of pirates! Of princesses! Of dinosaurs! The boy was just trying to get to his grandmother's birthday party, but instead he's traveling through Ancient Egypt and rubbing shoulders with Ben Franklin. When time flies, who knows where--or when--he'll end up.

From the Five-Time Nebula Award-Winner Seven thousand centuries ago, falling death stars unleashed fiery apocalyptic destruction on Earth and inaugurated the Long Winter. One small band of People took refuge in an underground cocoon where they and their descendants waited for the time of ice to end. Now their long winter is over. Prophecy and circumstance urge the tribe out into the half-forgotten world beyond their safe cocoon. Led by their chieftain Koshmar, the tribe journeys to the city of Vengiboneeza, where the prophecy of the gods says they are to rule. On their way the tribe discovers the dangers and wonders of life in the New Springtime. In the face of new temptations and peril, Koshmar and her lover, the priestess Torlyri, struggle to keep the People united and fulfill the prophecy. For soon they will be beset by other trials, as other beings seek to fulfill their own prophecies. Robert Silverberg provides an introduction exclusive to this Bison Books edition.

A lonely rabbit searches for others of his kind from summer through winter until spring arrives and he finds one special bunny.

It's Springtime, Snoopy!

Cool and collected second-year Yamada is in love with his childhood friend, Seno. His classmates Akama and Toda are also starting to think about romance, though neither of them realizes yet that they might actually feel the same way about each other...

Driven to action by the dreariness of their lives in London, two not-quite friends, in the hopes of finding renewal, plan to rent a medieval Italian castle for a month. They are joined by two other women, a socialite and a dowager, each also seeking a remedy for their dissatisfactions. As the quartet eventually (though not necessarily gracefully) settles in together, they share the beauty and joy of their springtime palace, and each becomes reacquainted with the self they had forgotten. Whether or not the enchantment can carry into their lives and loves in the "real" world is the question. The basis for the film, of the same name, this is a classic to cherish.

A winsome calf provides the backdrop—literally—for this charming story. With each turn of the page, the young animal is imaginatively transformed to reflect some activity of the four seasons: snow melting, seedlings springing up, harvest, all the way to the snow melting again and revealing that—the calf has grown. The story line follows the cycle of the seasons from one spring to the next, and its spare, fluid text—wedded to the vigorous graphics—vividly conveys the underlying themes of renewal and growth. The colors are joyful and fresh, and the artist's playful approach to perspective makes this a lovely picture book.
