Dr. Chelli Lona Aphra, rogue archaeologist, is in trouble again. A pioneer in the field of criminal xenoarchaeology, Aphra recognizes no law, has no fear, and possesses no impulse control. To her, the true worth of the galactic relics she discovers is found not in a museum but in an arsenal. This viewpoint has led to a lot of misunderstandings. After her latest plan goes horribly wrong, Aphra’s roguish ways are on the verge of catching up to her. That’s when suddenly Darth Vader, terror of the galaxy, swoops in with his lightsaber and . . . saves her life? Don’t get her wrong—it’s not like she’s ungrateful. Sure, her new boss is a lord of the Sith. And okay, she may have just become a pawn in a deadly game being played by him and his boss, who happens to be the Galactic Emperor. And yes, the life expectancy of anyone who disappoints Vader can be measured in seconds. But she’s back doing what she does best. She’s got a ship to fly, a heist to pull, and two unorthodox but effective metal buddies: Triple-Zero, a protocol droid specializing in etiquette, customs, translation, and torture; and BT-1, an astromech loaded with enough firepower to take down a battlecruiser. Together, they might just find a way to get the job done and avoid the deadly performance review that waits at its conclusion. Just kidding. She’s doomed.

The Rebellion is here! The Rogue One crew makes the leap from the big screen to the comic-book page in this action-packed adaptation! All looks lost for the galaxy when the Empire's new super-weapon is discovered: any insurgency will quickly be thwarted by the devastating new Death Star!
