Strategic Conspiracy Narratives proposes an innovative semiotic perspective for analysing how contemporary conspiracy theories are used for shaping interpretation paths and identities of a targeted audience. Conspiracy theories play a significant role in the viral spread of misinformation that has an impact on the formation of public opinion about certain topics. They allow the connecting of different events that have taken place in various times and places and involve several actors that

seem incompatible to bystanders. This book focuses on strategic-function conspiracy narratives in the context of (social) media and information conflict. It explicates the strategic devices in how conspiracy theories can be used to evoke a hermeneutics of suspicion – a permanent scepticism and questioning of so-called mainstream media channels and dominant public authorities, delegitimisation of political opponents, and the ongoing search for hidden clues and coverups. The success of strategic dissemination of conspiracy narratives depends on the cultural context, specifics of the targeted audience and the semiotic construction of the message. This

book proposes an innovative semiotic perspective for analysing contemporary strategic communication. The authors develop a theoretical framework that is based on semiotics of culture, the notions of strategic narrative and transmedia storytelling. This book is targeted to specialists and graduate students working on social theory, semiotics, journalism, strategic communication, social media and contemporary social problems in general.

Saved By Kids was written in the

and in the context of what Elsa

movement exploding against the

funereal machinations of the
organized contemporary world .

Greeted by Pier Paolo Pasolini as a political manifesto written with the grace of a fairy tale and by Antonio Porta as one of the most important books of the decade, *The World Saved By Kids* has Morante display true mastery of tone, rhythm and imagery as she works elegy, parody, storytelling, song and several more forms into an act of language magic through which Gramsci and Rimbaud, Christ and Antigone, Mozart and Simone Weil and a host of other figures join the sassy, vulnerable neighbourhood kids in a renewal of the word s timeless, revolutionary power to explore and

celebrate life's insoluble paradox. Morante gained international recognition and critical acclaim for her novels *Menzogna e sortilegio* (to date untranslated except for a heavily abridged version), *History, Arturo's Island* and *Aracoeli* but always considered the unclassifiable *World Saved By Kids* her best book and the one that most closely spoke her spirit. Agatha always saves the day in style! It's finally vacation time, and the Mystery cousins are enjoying a cruise on a luxurious transatlantic ship called the King Arthur.

Unfortunately, crime never takes a rest! Agatha and her friends get caught up in a spy conspiracy, in

which they must retrieve a top-secret document and capture an

unstoppable killer. And they have to pull it off without Uncle Sam, Larry's nosy father, catching on!

A collection of Hunt's essays, many previously unpublished, dealing with the ways in which men and women have given meaning to gardens and landscapes, especially with the ways in which gardens have represented the world of nature "picturesquely".

It tells the story of a young woman who, to save her beloved father from death, decides to give her life, in exchange for her father's, to a beast that lived in a castle. But something unthinkable happens: the beast falls in love with the girl and the beast girl

Sogno?
and after several twists maybe they
can live happily ever after.

«Francesca Diotallevi è una delle giovani autrici che più stimo nel panorama della letteratura italiana. I suoi libri sono raffinati, ha una scrittura da cesello e bulino». Stefania Auci Si possono coltivare le passioni in un tempo ingeneroso? Qualcosa di torbido e inesprimibile affiora alla superficie di questo romanzo. Ed è indefinito, difficilmente afferrabile

eppure persistente, come il profumo che porta addosso Lucilla Flores, protagonista di questa storia fosca e al tempo stesso delicata e malinconica. Francesca Diotallevi, con una capacità di raccontare fuori dal comune, ci porta in una piccola provincia del Piemonte della seconda metà dell'Ottocento, dentro la casa di un aristocratico dedito a vigneti e poco d'altro. Dove la servitù inganna il tempo di un lavoro sempre uguale con qualche ingenuo pettegolezzo, e dove arriva a servizio un maggiordomo che prende il posto del vecchio zio appena scomparso. Ma nessun dio

oscuro e severo sarebbe stato capace di tanto dolore e di tanta ingiustizia: verso una bimba innocente, e verso la moglie del conte, Lucilla, una donna con il volto «velato di oscurità», smarrita dentro un segreto che non le si addice, che non dovrebbe appartenere, lei, la creatura più lieve, sospesa e innocente che si possa immaginare. Le stanze buie è una dichiarazione d'amore alle passioni, alla poesia, alla bellezza della natura, a quel femminile che ci meraviglia ogni volta che si rivela a noi. di Edoardo Calandra e le storie morbosamente romantiche, pregne di follia e di incubi, di visioni e di allucinazioni, dello scapigliato Iginio Ugo Tarchetti. Un romanzo senza etichette, già maturo e di impianto robustamente classico, dove fatti e personaggi, azioni e psicologie, realtà e illusioni, ci restituiscono il piacere del testo e della lettura». Massimo Novelli, la Repubblica Carmelo Bene (1937-2002) was a notorious Italian actor, writer, and director who inaugurated his theater in 1959 with Camus' Caligula then exploded onto the artistic

scene with his outré Christ '63. Later, he collaborated with Pasolini, Glauber Rocha, Bussotti and others as well as philosophers, like Gilles Deleuze. His novel *Our Lady of the Turks* (1964) recounts the bizarre, eccentric rituals of a young actor on a knightly quest, in the manner of the Crusaders, to hone his art so that he may ultimately become an idiot, if not a saint. C.B. describes *Our Lady of the Turks* as the *jeu de cartes* of a perverse novel on the idiolect. It is an amusing and merciless parody of "interior life," risibly entrusted to the third-person narrative form: a monody

peopled by a thousand and one voices. A setting and a vision of a south of the south of the saints (the "homegrown" baroque, the Moorish kitsch of a palace, the cathedral-ossuary of the Otranto martyrs, etc.), "crusts" summoned to feed an ethnic fire... The music is elsewhere. The only novel in C.B.'s prodigious oeuvre, Our Lady of the Turks was (re)elaborated on stage (1966; 1973) and in images in an eponymous film, which Bene calls "a 1968 film, or better yet, the 'anti-1968 film' par excellence [that was] misunderstood to the bitter end." Translated by Carole

Viers-Andronico, this is the second in a series of three separate volumes of Bene's writings that Contra Mundum will publish. As one of the only true 'spiritual' heirs of Artaud, Anglophones must at last reckon with Bene's genuinely radical transvaluation of every form of aesthetics.

Born in Imperia in 1945, Giuseppe Conte is one of the most important and powerful voices in Italian literature today. A talented and versatile writer, he has published numerous books of poetry, novels, criticism, essays, and plays. He has received major literary prizes (including the

Premio Montale) and has translated into Italian the works of Shelley, D.H.

Lawrence and Walt Whitman.

He has traveled extensively, has visited the United States to present his poetry, and now lives in Imperia, Italy, and in Nice, France. The Ocean and the Boy, Conte's first full-length book of poetry, is written in an intensely personal style, fusing myth and everyday reality. In this dual-language edition, the first English translation of a complete poetry book by Conte, the editor-translator, Italian-born poet Laura Stortoni, has included a

translator's note, biographical and bibliographical data, endnotes and an introduction by Italo Calvino.

Dear Reader, What you are now holding is a most interesting book. The world beyond is speaking. It is offering advice, asking for help and giving answers. It exists and speaks about life -- our life here on earth and of possible consequences of our behaviour. It tells us that it is not the same to be humble, loving, good, merciful, loyal and honest as it is to be proud, loveless, bad, merciless, betraying and dishonest. At death this is not forgotten

but rather remembered in total clarity. Not only is the punishment, or better yet the cleansing, spoken about; but also the length of this cleansing is so very much more. Then you ask yourself, is it possible? In the Catholic church one speaks about a transitory state which for a very long time has been referred to as Purgatory. Despite there being different theories, this state is always taken seriously. One needs it because one can only come before God cleansed and pure. Music and the Circulation of Power

As long as we take ourselves as ego, we can glimpse Soul only fleetingly and always as "out there". We are left longing for more and turned in the wrong direction to get it. Yet without ego there will be no appearance at all, nothing to awaken us to the Beauty of our own unknown Selfhood beyond the self we take ourselves to be. With exquisite

understanding and great literary skill, Lavelle takes us deep into a meditation on this existential dilemma -- showing us which self to forget, and which to "know" in the Socratic sense. He shows us how to awaken to our "genius" beyond ego, the intimate living-wholeness that unites us with Reality's ongoing transcendence of ourselves both without and within. It is not possible to overemphasise the importance of the spiritual and moral implications he draws out for how to recognise our vocation and participate fully in community. A masterpiece. But he won ' t let her. When Sammy thinks her life can ' t get any crazier, the wedding is raided by the police, and she spends her first-ever night in jail. The

She has no choice but to put herself back in this filthy prince's extremely capable hands. Sammy must trust Kain to keep her safe. She's just not sure she can trust herself to resist temptation.

comparable success. Suzanne G. Cusick argues that Caccini's career depended on the usefulness of her talents to the political agenda of Grand Duchess Christine de Lorraine, Tuscany's de facto regent from 1606 to 1636. Drawing on Classical and feminist theory, Cusick shows how the music Caccini made for the Medici court sustained the culture that enabled Christine's power, thereby also supporting the sexual and political aims of its women. In bringing Caccini's surprising story so vividly to life, Cusick ultimately illuminates how music making functioned in early

modern Italy as a significant medium for the circulation of power.

Biographer Margaret Lea returns one night to her apartment above her father's antiquarian bookshop. On her steps she finds a letter. It is a hand-written request from one of Britain's most prolific and well-loved novelists. Vida Winter, gravely ill, wants to recount her life story before it is too late, and she wants Margaret to be the one to capture her history. The request takes Margaret by surprise – she doesn't know the author, nor has she read any of Miss Winter's dozens of novels. Late one night,

while pondering whether to accept the task of recording Miss Winter's personal story, Margaret begins to read her father's rare copy of Miss Winter's Thirteen Tales of Change and Desperation. She is spellbound by the stories and confused when she realizes the book only contains twelve stories. Where is the thirteenth tale? Intrigued, Margaret agrees to meet Miss Winter and act as her biographer. As Vida Winter unfolds her story, she shares with Margaret the dark family secrets that she has long kept hidden as she remembers her days at Angelfield, the now burnt-

out estate that was her childhood home. Margaret carefully records Miss Winter's account and finds herself more and more deeply immersed in the strange and troubling story. In the end, both women have to confront their pasts and the weight of family secrets. As well as the ghosts that haunt them still.

Yvette is the daughter of a courtesan who serves men of wealth and status. She seems to be oblivious of how her mother makes money and why they are always in the presence of princes, dukes and barons. Only when she goes away to a holiday at the river, she realizes that the Baron Saval is engaging her mother in such activities and she suddenly feels dirty. She wants to get away from her fate and so tries to inveigle her

mother into the idea of living as honest women. However, the Marquise refuses, and explains that they would never be able to survive as working women. That their life of luxury would be so horrifically reduced. Yvette seems to suddenly have no choice. She must kill herself. Through chloroform. So, she goes from pharmacist to pharmacist and collects small vials of it and eventually has a sufficient amount. Before she commits the act, she runs around the town with her mother's guests, making them silly things such as pretending to go to war, riding children's horses, making army noises. Instead of killing herself through chloroform, she accidentally induces a

psychedelic trip, and she decides not to kill herself, but keeps on inducing trips instead. It was greatly described, the way she was so resolute on dying, and how quickly she changed her mind to just get high.

From the day it opened in July 1955, in an event given live TV coverage, Disneyland has been a key symbol of contemporary American culture. It has been both celebrated and attacked as the ultimate embodiment of consumer society, a harbinger of shopping-mall culture, a symbol of American hegemony in entertainment, the epitome of fantasy, simulation, pastiche, and the blurring of distinctions between reality and

Sogno?

mass-media imagery. Yet for all the power of Disneyland as metaphor, almost no one has discussed the making of this unique place, with its far-flung colonies in Florida, Japan, and France. Written to accompany an exhibition at the Canadian Centre for Architecture in Montreal, *Designing Disney's Theme Parks: The Architecture of Reassurance* is the first book to look beyond the multiple myths of Disneyland. Uniting a roster of authors chosen from wide-ranging disciplines, this study is the first to examine the influence of Disneyland on both our built environment and our architectural imagination. Tracing the relationship of the Disney parks to

their historical forbears, it charts Disneyland's evolution from one man's personal dream to a multinational enterprise, a process in which the Disney "magic" has moved ever closer to the real world. Editor Karal Ann Marling, Professor of Art History and American Studies at the University of Minnesota, draws upon her pioneering work in the Disney archives to reconstruct and analyze the intentions and strategies behind the parks. She is joined by Marty Sklar, Vice Chairman and Principal Creative Executive of Walt Disney Imagineering, historian Neil Harris, art historian Erika Doss, geographer Yi-Fu Tuan, critic Greil Marcus, and architect

This early work by Guy de Maupassant was originally published in the 1880's. Guy de Maupassant was born in 1850 at the Château de Miromesnil, near Dieppe, France. He came from a prosperous family, but when Maupassant was eleven, his mother risked social disgrace by trying to secure a legal separation from her husband. After the split, Maupassant lived with his mother till he was thirteen, and inherited her love of classical literature. In 1880, Maupassant published his first – and, according to many, his best – short story, entitled 'Boule
