

Summary: Tribe Of Mentors: Short Life Advice From The Best In The World

Are you ready to learn from the best in the world? Then look no further! Tim Ferriss’s Tribe of Mentors: Short Life Advice from the Best in the World offers life advice to everyone. The book’s title tells the reader exactly what they will be receiving: short, but highly useful advice on how to better their daily lives. Tim Ferriss sent a series of eleven questions to hundreds of inspiring and successful people from all over the world. Though he hoped for about 100 responses, he received over 140! Those in the know, the successful, talented, brilliant, and inspiring, are happy to share what they know about how to live a successful life. The book is divided into chapters based on individual answers from the respondents. As there are more than 100 of them, this summary is divided by the 11 questions Ferriss asked and some of the best and most useful responses given by the participants. This summary is based on Tribe of Mentors: Short Life Advice from the Best in the World cuts the fluff, and shows you exactly what you need to succeed in life. **LEARN INFORMATION LIKE:** What Tim McGraw’s favorite book is, and why. What Steve Aoki’s favorite \$100 purchase was, and how it changed his life. What Ashton Kutcher would put on a billboard for all to see. Why Yuval Noah Harari went on a 10-day meditation retreat. **AND SO MUCH MORE! NOTE TO READERS:** This is summary and analysis companion book based on Timothy Ferriss’ Tribe of Mentors: Short Life Advice from the Best in the World. This is meant to enhance your original reading experience; this is not the original text, and we strongly encourage you to purchase the main book as well.

This collection of highly creative and incredibly moving visual stories from 25 contemporary photographers has been thoughtfully curated by Alice Yoo and Eugene Kim, founders of the leading art and culture blog My Modern Met. These photo essays capture magnificent displays of ordinary people–parents and children, husbands and wives, grandparents, friends, siblings, and pet owners–doing extraordinary things for love. From Batkid’s mission to save San Francisco, to the husband who wore a pink tutu all over the country to bring his sick wife joy, to a collection of portraits of people “happy at 100,” these heartwarming photographs will inspire boundless faith in humanity. This is a book for people at every stage of life. It is a book for young people who are just starting out on the journey of life. Just as young internet-savvy people use the net to tap the experiences of others with products or travel locations, so I hope you will find the life experiences of these people equally fascinating. Wisdom does not have to come when we are old; we can find it much sooner. This is also a book for those in mid-life, like me, who want to ensure that we discover what matters before it is too late. It is also a book for those in their later years, who wish to reflect on their life experiences and discover ways to pass wisdom on to those who follow.

Every day, we evaluate the people around us. It’s one of the most important things we ever do. Making Sense of People provides the scientific frameworks and tools we need to improve our intuition, and assess people more consciously, systematically, and effectively. Leading neuroscientist Samuel H. Barondes explains the research behind each standard personality category: extraversion, agreeableness, conscientiousness, neuroticism, and openness. He shows readers how to use these traits and assessments to do a better job of deciding who they’ll enjoy spending time with, whom to trust, and whom to keep at a distance. Barondes explains! What neuroscience and psychological research can tell us about how personality types develop and cohere. The intertwined roles of genes, nurture, and education in personality development. How to recognize troublesome personality patterns such as narcissism, sociopathy, and paranoia. How much a child’s behavior predicts their adult personality, and how personality stabilizes in young adulthood. How to assess integrity, fairness, wisdom, and other traits related to morality. What genetic testing may (or may not) teach us about personality in the future. General strategies for getting along with people, with specific tactics for special circumstances. Kirkus Reviews A succinct look at personality psychology. As a psychiatrist and neuroscientist at the University of California, Barondes (Molecules and Mental Illness, 2007, etc.) has spent years studying human behavior, and this book reflects his systematic, scientific approach for personality assessment. The average person isn’t likely to have time to research a difficult boss or potential love interest, but the author supplements intuition with a useful cornerstone for gauging human behavior: a table of the “Big Five” personality traits, among them Extraversion vs. Introversion and Agreeableness vs. Antagonism. To learn how to apply the Big Five, Barondes supplies a link for a professional online personality test, in addition to a basic introduction of troubling personality patterns–e.g., narcissism and compulsiveness. While genetics may play a heavy hand in influencing personality, Barondes writes, it’s awareness of a person’s background, character and life story that is paramount in unearthing reasons for adult behavior. Readers might like to see the author weave more everyday examples into the text–his exercise in fostering compassion by imagining an adult as a 10-year-old child is a gem–but there is plenty here to ponder. Those looking for traditional “self-help” advice won’t find it here, but this book clearly lays the groundwork for deeper human interaction and better life relationships.

*Fitness, money, and wisdom–here are the tools. Over the last two years ... Tim Ferriss has collected the routines and tools of world-class performers around the globe. Now, the distilled notebook of tips and tricks that helped him double his income, flexibility, happiness, and more is available as Tools of Titans!--Page 4 of cover.

Summary & Analysis of Tribe of Mentors

Tribe of Mentors by Timothy Ferriss: Conversation Starters After having a somewhat difficult year, New York Times bestselling author and motivational speaker, Timothy Ferriss asked for help from some of the most brilliant people he knows. He decided to share that advice in his latest book, called Tribe of Mentors: Short Life Advice from the Best in the World. The book is filled with life advice from over 100 top performers from many different industries, from entrepreneurs and investors to athletes and actors–the people Ferriss calls his “tribe of mentors.” Currently ranked number one in three Business & Money categories on Amazon, Tribe of Mentors is doing well since its release in November 2017. A Brief Look Inside: EVERY GOOD BOOK CONTAINS A WORLD FAR DEEPER than the surface of its pages. The characters and their world come alive, and the world still live on. Conversation Starters is peppered with questions designed to bring us beneath the surface of the page and invite us into the world that lives on. These questions can be used to... Create Hours of Conversation! - Promote an atmosphere of discussion for groups - Foster a deeper understanding of the book - Assist in the study of the book, either individually or corporately - Explore unseen realms of the book as never seen before Disclaimer: This book you are about to enjoy is not the original text, and we strongly encourage you to purchase the main book. If you have not yet read the original book, we encourage you to before purchasing this unofficial Conversation Starters.

* Instant WSJ bestseller * Translated into 18 languages * #1 Most Recommended Book of the year (Bloomberg annual survey of CEOs and entrepreneurs) * An Amazon, Bloomberg, Financial Times, Forbes, Inc., Newsweek, Strategy + Business, Tech Crunch, Washington Post Best Business Book of the year * Recommended by Bill Gates, Daniel Kahneman, Malcolm Gladwell, Dan Pink, Adam Grant, Susan Cain, Sid Mukherjee, Tim Ferriss Why do good teams kill great ideas? Loonshots reveals a surprising new way of thinking about the mysteries of group behavior that challenges everything we thought we knew about nurturing radical breakthroughs. Bahcall, a physicist and entrepreneur, shows why teams, companies, or any group with a mission will suddenly change from embracing new ideas to rejecting them, just as flowing water will suddenly change into brittle ice. Mountains of print have been written about culture. Loonshots identifies the small shifts in structure that control this transition, the same way that temperature controls the change from water to ice. Using examples that range from the spread of fires in forests to the hunt for terrorists online, and stories of thieves and geniuses and kings, Bahcall shows how a new kind of science can help us become the initiators, rather than the victims, of innovative surprise. Over the past decade, researchers have been applying the tools and techniques of this new science—the science of phase transitions—to understand how birds flock, fish swim, brains work, people vote, diseases erupt, and ecosystems collapse. Loonshots is the first to apply this science to the spread of breakthrough ideas. Bahcall distills these insights into practical lessons creatives, entrepreneurs, and visionaries can use to change our world. Along the way, readers will learn how chickens saved millions of lives, what James Bond and Liptor have in common, what the movie Imitation Game got wrong about WWII, and what really killed Pan Am, Polaroïd, and the Qing Dynasty. “If The Da Vinci Code and Treasonomics had a child together, it would be called Loonshots.” —Senator Bob Kerrey

In 1945, he was born in South Africa, where the seeds of apartheid were newly sown. There a boy called Peokay was born. He spoke the wrong language—English. He was nursed by a woman of the wrong color—black. His childhood was marked by humiliation and abandonment. Yet he vowed to survive—he would become welterweight champion of the world, he would dream heroic dreams. But his dreams were nothing compared to what awaited him. For he embarked on an epic journey, where he would learn the power of words, the power to transform lives, and the mystical power that would sustain him even when it appeared that villainy would rule the world: The Power of One.

52 Tips for Improving Your Skills

A Book of Mentors

The Absolutely True Diary of a Part-Time Indian

The Big Leap

Skip the Line

25 Heartwarming Celebrations of Humanity

An eight-time national chess champion and world champion martial artist shares the lessons he has learned from two very different competitive arenas, identifying key principles about learning and performance that readers can apply to their life goals. Reprint, 35,000 first printing.

Shawn Stevenson is a health expert in biology and kinesiology who has helped thousands of people worldwide to improve their health, through his private work as well as his #1 Nutrition and Fitness podcast on iTunes. In his work, Shawn brings a well-rounded perspective to the perennial question: how can we feel better? In investigating complex health issues such as weight loss, chronic fatigue and hormone imbalance, Shawn realised that many health problems start with one criminally overlooked aspect of our routine - sleep. In Sleep Smarter Shawn explores the little-known and even less-appreciated facts about sleep's influence on every part of our life. Backed by the latest scientific research and packed with personal anecdotes and tips from leaders in the field of sleep research, this book depicts the danger of insufficient sleep - from weight retention to memory loss to bad sex to increased risk of disease. In his clear, personable and reliable style Shawn offers 21 simple, immediately applicable ways for readers to take their well-being into their own hands and improve their sleep now.

A book that argues that lessons in creativity, innovation, salesmanship, and entrepreneurship can come from surprising places: pirates, bootleggers, counterfeiters, hustlers, and others living and working on the margins of business and society. Who are the greatest inventors in the world? You're probably thinking Steve Jobs, Thomas Edison, Henry Ford. The usual suspects. This book isn't about them. It's about people who've never heard of. It's about people who are just as innovative, entrepreneurial, and visionary as the Jobses, Edisons, and Fords of the world. They're in the crowded streets of Shenzhen, the prisons of Somalia, the flooded coastal towns of Thailand. They are pirates, computer hackers, pranksters, and former gang leaders. Across the globe, diverse innovators operating in the black, grey, and informal economies are developing solutions to a myriad of challenges. Far from being “deviant entrepreneurs” that pose threats to our social and economic stability, these innovators display remarkable ingenuity, pioneering original methods and practices that we can learn from and apply to more formal markets. This book investigates the stories of underground innovation that make up the Misfit Economy. It examines the teeming genius of the underground. It asks: Who are these unknown visionaries? How do they work? How do they organize themselves? How do they catalyze innovation? And ultimately, how can you take these lessons into your own world?

Presents a practical but unusual guide to mastering food and cooking featuring recipes and cooking tricks from world-renowned chefs.

Offers techniques and strategies for increasing income while cutting work time in half, and includes advice for leading a more fulfilling life.

#1 NEW YORK TIMES BESTSELLER • More than one million copies sold! A “brilliant” (Lupita Nyong’o, Time), “poignant” (Entertainment Weekly), “soul-nourishing” (USA Today) memoir about coming of age during the twilight of apartheid “Noah’s childhood stories are told with all the hilarity and intellect that characterizes his comedy, while illuminating a dark and brutal period in South Africa’s history that must never be forgotten.”—Esquire Winner of the Thurber Prize for American Humor and an NAACP Image Award • Named one of the best books of the year by the New York Time, USA Today, San Francisco Chronicle, NPR, Esquire, Newsday, and Booklist Trevor Noah’s unlikely path from apartheid South Africa to the desk of The Daily Show began with a criminal act: his birth. Trevor was born to a white Swiss father and a black Xhosa mother at a time when such a union was punishable by five years in prison. Living proof of his parents’ indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa’s tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. Born a Crime is the story of a mischievous young boy who grows into a restless young man as he struggles to find himself in a world where he was never supposed to exist. It is also the story of that young man’s relationship with his fearless, rebellious, and fervently religious mother—his teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world with an incisive wit and unflinching honesty. His stories weave together to form a moving and searingly funny portrait of a boy making his way through a damaged world in a dangerous time, armed only with a keen sense of humor and a mother’s unconventional, unconditional love.

“The highest achievers share some of their lowest moments, and there is much wisdom to be gained from those struggles. Captivating, thought-provoking.”—David Faber, CNBC The path to success is rarely easy or direct, and good mentors are hard to find. In Getting There, thirty leaders in diverse fields share their secrets to navigating the rocky road to the top. In an honest, direct, and engaging way, these role models describe the obstacles they faced, the setbacks they endured, and the vital lessons they learned. They dispense not only essential and practical career advice, but also priceless wisdom applicable to life in general. Getting There is for everyone—from students contemplating their futures to the vast majority of us facing challenges or seeking to reach our potential. “Kudos to Gillian Zoe Segal for assembling this remarkable group of visionaries and helping them all tell their stories without filters or false bravado. Getting There is both empowering and illuminating.”—Piper Kerman, New York Times–bestselling author of Orange Is the New Black “Life-changing, real-world advice.”—Vanity Fair “Reading Getting There is like having an intimate, one-on-one talk with some of the world’s most fascinating and accomplished people. You will be taken aback by their honesty, entertained by their anecdotes, and, most of all, learn invaluable lessons about both business and life. This book is fantastic—you will not be able to put it down.” JJ Ramberg, bestselling author of It’s Your Business “Somehow, Gillian Zoe Segal has gotten these leaders to share their stories in a unique, authentic, and revealing way.”—Robert Steven Kaplan, former president and CEO of the Federal Reserve Bank of Dallas **Book Summary:** Tim Ferriss’s Tribe of Mentors: short life advice from the best within the world offers life advice to everyone. * Our summary is short, simple and pragmatic. It allows you to have the essential ideas of a big book in less than 30 minutes. As you read this summary, you’ll discover the many insightful tips from influential celebrities - or mentors - that Tim Ferriss has had the opportunity to interview over the course of his career. These diverse and varied recommendations touch on many aspects of life and provide food for thought. You will also discover : how these celebrities react to failure; what their best investments are; the habits that improve their lives; how to choose or change your path; how to say no and how not to let it happen; what tools make their lives easier. At the dawn of his 40th birthday, Tim Ferriss wonders where he stands and how he can share his experience with others. He came up with the idea of asking everyone he knows, especially those who have been the most successful in their fields, to share their advice and opinions on wellness. There are gathered in “Tribe of Mentors”, a book of more than 600 pages for anyone to read. In order to direct their responses, he asked them to answer the same questions. “Buy now the summary of this book for the modest price of a cup of coffee!

Bestselling author Sherman Alexie tells the story of Junior, a budding cartoonist growing up on the Spokane Indian Reservation. Determined to take his future into his own hands, Junior leaves his troubled school on the rez to attend an all-white farm town high school where he's the only other Indian in the school mascot. Heartbreaking, funny, and beautifully written, The Absolutely True Diary of a Part-Time Indian, which is based on the author's own experiences, coupled with poignant drawings by Ellen Forney that reflect the character's art, chronicles the contemporary adolescence of one Native American boy as he attempts to break away from the life he was destined to live. With a forward by Markus Zusak, interviews with Sherman Alexie and Ellen Forney, and four-color interior art throughout, this edition is perfect for fans and collectors alike.

Discover the beloved self-help classic featuring moving poems and insightful truisms that "is full of practical wisdom that will allow you to embrace and change your life" (John Gray, Ph.D., author of Men Are from Mars, Women Are from Venus). Individuals, therapy groups, twelve-step programs, and the self-help community around the world have embraced the late Portia Nelson's brilliant There's a Hole in My Sidewalk. Warm, wise, and funny, her seminal poem "Autobiography in Five Chapters" is a treasured and often quoted motto for anyone seeking to better themselves and their life. "Treat yourself to a special book by a special lady" (Carol Burnett) with this perfect inspirational and motivational gift.

Life-changing wisdom from 130 of the world's highest achievers in short, action-packed pieces, featuring inspiring quotes, life lessons, career guidance, personal anecdotes, and other advice

The tenth-anniversary edition of the book that changed lives in profound ways, now with a new foreword and afterword. In 2006, a groundbreaking feature-length film revealed the great mystery of the universe—The Secret—and, later that year, Rhonda Byrne followed with a book that became a worldwide bestseller. Fragments of a Great Secret have been found in the oral traditions, in literature, in religions and philosophies throughout the centuries. For the first time, all the pieces of The Secret come together in an incredible revelation that will be life-transforming for all who experience it. In this book, you'll learn how to use The Secret in every aspect of your life—money, health, relationships, happiness, and in every interaction you have in the world. You'll begin to understand the hidden, untapped power that's within you, and this revelation can bring joy to every aspect of your life. The Secret contains wisdom from modern-day teachers—men and women who have used it to achieve health, wealth, and happiness. By applying the knowledge of The Secret, they bring to light compelling stories of eradicating disease, acquiring massive wealth, and overcoming obstacles, and achieving what many would regard as impossible.

There are no quick fixes: these are real, practical solutions for long-term fulfillment in our increasingly digital world. If you somehow find yourself sending emails from the dinner table, staying up late to online shop while binge-watching another series, waking up during the night to scroll social media, and always pressing 'ignore' on your screen time app, you are not alone. Technology is no longer something we're not; it is something that we necessarily can – or want to - change. But our transition into living with computers, smartphones and other devices has been fast, messy and unplanned. The exact technology that can make us smarter, happier, more organised and more connected is instead causing us stress and distraction, and highly competent people are struggling to feel in control. Dr Jo helps people all over the world to understand their technology use and make it better. From showing how we can better set up our devices (like we'd set up our kitchens) to re-clicking, Dr Jo helps us to understand and reset our digital habits, whether they be in our homes, workplaces or relationships. Life Mode On is just not a technology book – it's a life book.

*Who's pulling for you? Who's got your back? Who's putting their hat in the ring? Odds are this person is not a mentor but a sponsor. Mentors can build your self-esteem and provide a sounding board—but they're not your ticket to the top. If you're interested in fast-tracking your career, what you need is a sponsor—a senior-level champion who believes in your potential and is willing to advocate for you as you pursue that next raise or promotion. In this powerful yet practical book, economist and thought leader Sylvia Ann Hewlett—author of ten critically acclaimed books—breaks into the acting business, and how it changed his life.What Ashton Kutcher would put on a billboard for all to seeWhy Yuval Noah Harari went on a 10-day meditation retreat. **AND SO MUCH MORE! NOTE TO READERS:** This is summary and analysis companion book based on Timothy Ferriss’ Tribe of Mentors: Short Life Advice from the Best in the World. This is meant to enhance your original reading experience; this is not the original text, and we strongly encourage you to purchase the main book as well.*

Summary of Tribe of Mentors by Timothy Ferriss: Conversation Starters
Tools of Titans

Most of us believe that we will finally feel satisfied and content with our lives when we get the good news we have been waiting for, find a healthy relationship, or achieve one of our personal goals. However, this rarely happens. Good fortune is often followed by negative emotions that overtake us and result in destructive behaviors. "I don't deserve this," "this is too good to be true," or any number of harmful thought patterns prevent us from experiencing the joy and satisfaction we have earned. Sound familiar? This is what New York Times bestselling author Gay Hendricks calls the Upper Limit Problem, a negative emotional reaction that occurs when anything positive enters our lives. The Upper Limit Problem not only prevents happiness, but it actually stops us from achieving our goals. It is the ultimate life roadblock. In The Big Leap, Hendricks reveals a simple yet comprehensive program for overcoming this barrier to happiness and fulfillment, presented in a way that engages both the mind and heart. Working closely with more than one thousand extraordinary achievers in business and the arts—from rock stars to Fortune 500 executives—whose stories are featured in these pages, the book describes the four hidden fears that are at the root of the Upper Limit Problem. The Big Leap delivers a proven method for first identifying which of these four fears prevents us from reaching our personal upper limit, and then breaking through that limitation to achieve what Hendricks refers to as our Zone of Genius. Hendricks provides a clear path for achieving our true potential and attaining not only financial success but also success in love and life.

Tim Ferriss collects the answers to his favorite questions from a tribe of inspirational doers in everything from film to physics to gain insight into how to build what you want out of life next. The tools we need are in the people we surround ourselves with, and Tim Ferriss offers an unparalleled team to guide you through deciding what you want in life by learning from what they've done with theirs. Don't miss out on this ZIP Reads summary and absorb the wisdom of some of the greatest thought leaders alive today! What does this ZIP Reads Summary Include? - A synopsis of the original book - Key takeaways to distill the most important points - Analysis of each takeaway - In-depth Editorial Review - Short bio of the original author Tribe of Mentors is a 600-page tome for the person asking: "what should I do next?" Tim Ferriss collects insights from the world's most innovative artists, scientists, athletes, and entrepreneurs to help us learn how to treat failure as a foundation to success and find meaning in our daily lives. DISCLAIMER: This book is intended as a companion to, not a replacement for, Tribe of Mentors. ZIP Reads is wholly responsible for this content and is not associated with the original author in any way. New York Times bestselling psychologist Dr. Meg Jay uses real stories from real lives to provide smart, compassionate, and constructive advice about the crucial (and difficult) years we cannot afford to miss. Our "thirty-is-the-new-twenty" culture tells us the twentysomething years don't matter. Some say they are a second adolescence. Others call them an emerging adulthood. Dr. Meg Jay, a clinical psychologist, argues that twentysomethings have been caught in a swirl of hype and misinformation, much of which has trivialized what is actually the most defining decade of adulthood. Drawing from almost two decades of work with hundreds of clients and students, The Defining Decade weaves the latest science of the twentysomething years with the behind-closed-doors stories from twentysomethings, themselves. The result is a provocative read that provides the tools necessary to make the most of your twenties, and shows us how work, relationships, personality, social networks, identity, and even the brain can change more during this decade than at any other time in adulthood—if we use the time wisely. The Defining Decade is a smart, compassionate and constructive book about the years we cannot afford to miss. The entrepreneur, angel investor, and bestselling author of Choose Yourself busts the 10,000-hour rule of achieving mastery, offering a new mindset and dozens of techniques that will inspire any professional—no matter their age or managerial level—to pursue their passions and quickly acquire the skills they need to succeed and achieve their dreams. We live in a hierarchical world where experience has traditionally been the key to promotion. But that period is over! Straight, clear-cut career trajectories no longer exist. Industries disappear, job descriptions change, and people's interests and passions evolve. The key to riding this wave, entrepreneur James Altucher advises, is to constantly be curious about what's next, to be comfortable with uncertainty so you can keep navigating the rough waters ahead, and most important, to pursue the things that interest you. In Skip the Line, he reveals how he went from struggling and depressed to making his personal, financial, and creative dreams come true, despite—and perhaps due to—his many failures along the way. Altucher combines his personal story with concrete—and unorthodox—insights that work. But Skip the Line isn't about hacks and shortcuts—it's about transforming the way you think, work, and live, letting your interests guide your learning, time, and resources. It's about allowing yourself to do what comes naturally; the more you do what you love, the better you do it. While showing you how to approach change and crisis, Altucher gives you tools to help easily execute ideas, become an expert negotiator, attract the attention of those around you, scale promising ideas, and improve leadership—all of which will catapult you higher than you ever thought possible and at a speed that everyone will tell you is impossible.

Part personal development guide, part adventure tale, Tribe of Millionaires teaches readers six timeless lessons about the power of those around us to transform our lives. When Ethan Martinez receives a mysterious invitation after the death of his father, he embarks on an adventure not only to save his struggling business, but to discover his past. Traveling to a tropical island with the mysterious "Tribe of Millionaires," Ethan finds his whole approach to business and life shifting with each lesson. The more time Ethan spends with the enigmatic members of the tribe, the more he comes to realize that the answers he seeks are, as they are for all of us, hidden in plain sight.

NEW YORK TIMES BESTSELLER • The "compassionate" (People), "startling" (Baltimore Sun), "moving" (Chicago Tribune) true story of two kids with the same name from the city: One went on to be a Rhodes Scholar, decorated combat veteran, White House Fellow, and business leader. The other is serving a life sentence in prison. In development as a feature film executive produced by Stephen Curry, who selected the book as his "Underrated" Book Club Pick with Literati The chilling truth is that his story could have been mine. The tragedy is that my story could have been his. In December 2000, the Baltimore Sun ran a small piece about Wes Moore, a local student who had just received a Rhodes Scholarship. The same paper also ran a series of articles about four young men who had allegedly killed a police officer in a spectacularly botched armed robbery. The police were still hunting for two of the suspects who had gone on the lam, a pair of brothers. One was named Wes Moore. Wes just couldn't shake off the unsettling coincidence, or the inkling that the two shared much more than space in the same newspaper. After following the story of the robbery, the manhunt, and the trial to its conclusion, he wrote a letter to the other Wes, now a convicted murderer serving a life sentence without the possibility of parole. His letter tentatively asked the questions that had been haunting him: Who are you? How did this happen? That letter led to a correspondence and relationship that have lasted for several years. Over dozens of letters and prison visits, Wes discovered that the other Wes had had a life not unlike his own: Both had had difficult childhoods, both were fatherless; they'd hung out on similar corners with similar crews, and both had run into trouble with the police. At each stage of their young lives they had come across similar moments of decision, yet their choices would lead them to astonishingly different destinies. Told in alternating dramatic narratives that take readers from heart-wrenching losses to moments of surprising redemption, The Other Wes Moore tells the story of a generation of boys trying to find their way in a hostile world. BONUS: This edition contains a new afterword and a The Other Wes Moore discussion guide.
