## ***Sussex Horrors: Stories Of Coastal Terror And Other Seaside Haunts***

Contains more than four thousand entries touching on all aspects of fantasy literature, movies, and art. Given the popular and scholarly interest in the First World War it is surprising how little contemporary literary work is available. This five-volume reset edition aims to redress this balance, making available an extensive collection of newly-edited short stories, novels and plays from 1914-19.

Considered by many to be the most terrifying writer in English, M.R.

James was an eminent scholar who spent his entire adult life in the academic surroundings of Eton and Cambridge. His classic supernatural tales draw on the terrors of the everyday, in which documents and objects unleash terrible forces, often in closed rooms and night-time settings where imagination runs riot. Lonely country houses, remote inns, ancient churches or the manuscript collections of great libraries provide settings for unbearable menace, from creatures seeking retribution and harm. These stories have lost none of their power to unsettle and disturb. This edition presents all of James's

published ghost stories, including the unforgettable 'Oh, Whistle and I'll Come to You, My Lad' and 'Casting the Runes', and an appendix of James's writings on the ghost story. Darryl Jones's introduction and notes provide a fascinating insight into James's background and his mastery of the genre he made his own. --! From publisher's description.

In June 1940, Britain's

Occupation of these islands  
was nearer than for almost  
nine hundred years. Kent and

There is no better guide through the peculiarities of his universe than Leslie S.
