The latest book in the international bestselling series that has hit the charts in Germany, Italy and the Czech Republic!

Everyone knows Mrs Danvers as a byword for menace in Hitchcock's Rebecca and as a poster girl for lesbians in the movies. But only dedicated fans know her brilliant creator. This book tells Judith Anderson's life story for the first time. It recovers her career as one of the great stars of stage and television and an important character actress in film. Born in Adelaide, Australia, in 1897, brought up by a determined single mother, she parlayed her rich, velvety voice and ability to give reality to strong emotional roles into stardom on Broadway in the 1920s. Not a conventional beauty, she was alluring, with her beautiful body, perfect dress sense, and striking, volatile personality. After playing glamorous roles, she was recognised as a Leading Lady of the American Stage under the direction of Guthrie McClintic in Hamlet and co-starring with Laurence Olivier and Maurice Evans in Macbeth. Her reputation as a great actress was confirmed by her landmark performance in 1947 in the ancient Greek Medea, adapted for her by her friend, poet Robinson Jeffers. In a long career, she appeared in Medea again in 1982 at the age of 85, playing the Nurse to fellow-Australian Zoe Caldwell's Medea. Ambitious and driven, Anderson toured extensively, made numerous highly praised appearances on television, and, after her unforgettable role as Mrs Danvers, was a sought-after character actress in film, playing her last role as Vulcan High Priestess in Star Trek III at the age of 87. She won many awards and was made a Dame Commander of the British Empire in 1960 and Companion of the Order of Australia just before her death in 1992. She had a stormy private life and two short marriages, which, she remarked, were 'much too long.'

Czech Republic Tourism Guide. Information. Czech Republic is an old country that is home to numerous old buildings, magnificent castles and fortresses. Main tourist routes include visits to the most famous landmarks, any of which has its unique history and many legends. It's worth mentioning the most famous sights of the country, visiting which always leave travellers pleased and helps learning more about Czech Republic and its history. Orlik Castle got its name because of its unusual location. The castle is located on a hill near water, and from far away the castle really reminds of an aery. This amazing building was constructed in the 13th century and during many centuries it was used as a royal fortress. Hluboka Castle is located nearby; according to locals, this is the most romantic and cosy castle of the country. Indeed, the castle looks more like a luxurious castle than a protective building. Several halls of the castle have been turned into a museum that currently exhibits a large collection of tapestries, arms and weapons. The territory around the castle is also worth attention as many rare trees grow there. This park zone is protected by the government and is considered a national park. Konopiste Castle is no less beautiful and grandiose than the previously mentioned two. The castle is located near the rivers Elbe and Vltava. As the castle had a strategically beneficial location, many mansions and palaces were built near it. During several centuries Konopiste Castle remained the residence of Czech princes and kings. Prague suburbs are the location of one more landmark Terezin Fortress. The fortress got its name after the great empress Maria Theresa. Terezin Fortress was built in the 18th century; this is a large garrison city that was initially founded to protect the land against Prussian army.

They had no holy book, they had no church, they worshipped in fields and forests, men and women were treated as equals, and though they were known as 'perfects', the Cathars were hunted to extinction in the name of God. In the winter of 1243 the last two hundred perfects were forced to retreat with their treasure to their final sanctuary and the seat of their Church of God, the impregnable castle in the foothills of the Pyrenees called Montségur. The Cathar Prophecy tells the extraordinary story of their last stand. It tells of Arnaud de Blanchfort, the dispossessed Knight of St John who stood with them and the 'perfects' who changed his life forever.

Seventeen-year-old Cassandra Mortmain and her family may live in a ramshackle old English castle, but that's about as romantic as her life gets. While her beautiful older sister, Rose, longs to live in a Jane Austen novel, Cassandra knows that meeting an eligible man to marry isn't in either of their futures when their home is crumbling and they have to sell their furniture for food. So Cassandra instead strives to hone her writing skills in her journals. Until one day when their new landlords move in, which include two (very handsome) sons, and the lives of the Mortmain sisters change forever. Through Cassandra's sharply funny, yet poignant, journal entries, she chronicles the great changes that take place within the castle's walls, and her own first descent into love. By the time she pens her final entry, she has "captured the castle" – and the heart of the reader – in one of literature's most enchanting novels.
