

The Enchanted Life: Unlocking The Magic Of The Everyday

Can power be wielded with integrity and responsibility? How do we oppose domination and power without using force or escalating conflict? Author and former UNESCO consultant Scilla Elworthy, Ph.D., takes on these timely and important issues in her groundbreaking book. Dr. Elworthy calls upon men and women to replace their distorted notions of “male” power and domination with a new, in power, she asserts, is available equally to men and women: It is rooted in the power of union, balancing the male and female elements in everyone. This union also offers men and women a more natural and fearless approach to sex and sensuality. In Power and Sex, we see how in both personal and public life, the inner fusion of masculine and feminine energies are the answer to the kind of power into their lives without taking it away from others. With it, you can transform yourself and your world.

Rooted in place, slipping between worlds – a rich collection of unerving ghosts and sinister histories. An impressive line-up of established and emerging names: The Sunday Times ‘These eerie, unsettling stories are guaranteed to send shivers down your spine.’ Daily Express Eight authors were given the freedom of their chosen English Heritage site, from medieval castles, to a Cold War nuclear bunker hauntings, they channelled their darker imaginings into a series of extraordinary new ghost stories. ‘Subtly evocative of human relations loss, grief, or the fear of loneliness.’ TLS ‘A satisfying and spooky read.’ Sun Also includes a gazetteer of English Heritage properties which are said to be haunted.

The magic of nature, the moon, and the seasons had a profound effect on Melissa Kim Corter growing up. Mystical experiences unfolded in the simplest of moments. Rocks and trees were animated with life: the moon listened to her stories while the Earth held her as she stumbled through life as an empath (feeling everything so deeply). As she began to morph and adapt to the adolescent chaos her imagination. She was lost and floundered until she awakened the wild, wise woman within. This book contains women who “know” truth through feeling and sensation without the need for evidence or approval. This collective includes women who own their light and release the opinions of others. It features women who have forged a path, and refuse to settle out of fear. The wise, wild woman unapologetic desire to reflect this potential to those who feel called to welcome her. The pages within are filled with powerful women who share a desire to live an enchanted life and connect you to the intuitive knowing you hold. In the Wild Woman’s Book of Shadows, Melissa Kim Corter and 22 magical women offer stories, tips, formulas, and wisdom to awaken and connect you to your own medicine of all ... the reclamation of enchantment.

William Whitecloud’s ‘Secrets Of Natural Success: Five Steps to Unlocking Your Genius’ is unlike any self-transformation book you have ever read. The Instant #1 NEW YORK TIMES Bestseller ‘A must read for anyone hoping to live a creative life... I dare you not to be inspired to be brave, to be free, and to be curious.’ —PopSugar From the worldwide bestselling author of Eat Pray Love and City of Girls: the path to the vibrant, fulfilling life you’ve dreamed of. Readers of all ages and walks of life have drawn inspiration and empowerment from Elizabeth Gilbert’s books for years. Now this beloved author digs deep into her own generative process to share her wisdom and unique perspective about creativity. With profound empathy and radiant generosity, she offers potent insights into the mysterious nature of inspiration. She asks us to embrace our curiosity and let go of needless suffering. She shows us how to tackle what we most fear and how to face down what we most fear. She discusses the attitudes, approaches, and habits we need in order to live our most creative lives. Balancing between soulful spirituality and cheerful pragmatism, Gilbert encourages us to uncover the “strange jewels” that are hidden within each of us. Whether we are looking to write a book, make art, find new ways to address challenges in our work, or embark on a dream long deferred, or simply infuse our everyday lives with more mindfulness and passion, Big Magic cracks open a world of wonder and joy.

‘Vicky Cruz wakes up in the Lakeview Hospital Mental Disorders ward, she knows one thing: After her suicide attempt, she shouldn’t be alive. But then she meets Mona, the live wire. Gabriel, the saint; E.M., always angry; and Dr. Desai, a quiet force. With stories and honesty, kindness and hard work, they push her to reconsider her life before Lakeview, and offer her an acceptance she’s never had. But Vicky’s newfound peace is as fragile as the roses that grow around the hospital. And when a crisis forces the group to split up, sending Vicky back to the life that drove her to suicide, she must try to find her own courage and strength. She may not have them. She doesn’t know. Inspired in part by the author’s own experience with depression, The Memory of Light is the rare young adult that focuses not on the events leading up to a suicide attempt, but the recovery from one -- about living when life doesn’t seem worth it, and how we go on anyway.’

A self-help guide that offers a set of practical and grounded tools for enchanting our daily lives, leading to a greater sense of meaning and of belonging to the world.

The Wild Woman’s Book of Shadows

The author of If Women Rose Rooted and The Enchanted Life returns to her first love, fiction, in this literary collection of fairy-tale retellings of transforming women.

When Apollo 11 launched from Cape Kennedy on July 16, 1969, 530 million viewers watched Commander Neil Armstrong and pilots Michael Collins and Edwin “Buzz” Aldrin leave Earth with bated breath. This book relates the significant parts of that momentous journey, including the first color TV transmission to Earth, and the 21 hours, 36 surface. Bourgeoing scientists will be enthralled by this captivating history of the Apollo 11 adventure, which incorporates key social studies and science concepts.

Princess Annabelle, who is immune to magic and can temporarily reverse spells put on others, encounters various fairy tale characters when she embarks on an expedition into the woods to find a dwarf responsible for turning Sleeping Beauty’s prince into abear.

Mark Vale is besieged by financial and marital turmoil when he meets a group of contemporary alchemists. They take him on an astonishing journey and teach him to transform difficult situations into golden opportunities. Mark learns from wonderfully unlikely characters, from a billionaire to a beautiful topless waitress, and manifests an extraordinary family together? Mark embarks on the ultimate quest to understand how our values influence events. Author William Whitecloud brings a dazzling range of knowledge and experience — from a childhood in Swaziland immersed in supernatural worldviews to hermetic philosophy and esoteric speculation on the financial markets — to bear on our world.

A book of natural wonders, practical guidance and life-changing empowerment, by the author of the word-of-mouth bestseller If Women Rose Rooted. ‘To live an enchanted life is to pick up the pieces of our bruised and battered psyches, and to offer them the nourishment they long for. It is to be challenged, to be awakened, to be gripped and shaken to the core by the extraordinary which lies at the heart of the ordinary. Above all, to live an enchanted life is to fall in love with the world all over again.’ The enchanted life has nothing to do with escapism or magical thinking: it is founded on a vivid sense of belonging to a rich and many-layered world. It is creative, intuitive, imaginative. It thrives on work that has heart and meaning. It loves wild things, but returns to an enchanted home and garden. It respects the instinctive knowledge, ethical living and playfulness, and relishes story and art. Taking the inspiration and wisdom that can be derived from myth, fairy tales and folk culture, this book offers a set of practical and grounded tools for reclaiming enchantment in our lives, giving us a greater sense of meaning and of belonging to the world.

Psychotherapy that regularly yields liberating, lasting change was, in the last century, a futuristic vision, but it has now become reality, thanks to a convergence of remarkable advances in clinical knowledge and brain science. In Unlocking the Emotional Brain, authors Ecker, Ticic and Hulley equip readers to carry out focused, empathic therapy using the process found by researchers to induce emotional consistency. The recently known process for actually unlocking emotional memory at the synaptic level. Emotional memory’s tenacity is the familiar bane of therapists, and researchers have long believed that emotional memory forms indelible learning. Reconsolidation has overturned these views. It allows new learning to erase, not just suppress, the deep, unconscious, intensely problematic emotional learnings that form during childhood or in later tribulations and generate most of the symptoms that bring people to therapy. Readers will learn methods that precisely eliminate unwanted, ingrained emotional responses—whether moods, behaviors or thought patterns—causing no loss of ordinary narrative memory, while restoring clients’ well-being. Numerous case examples show the versatile use of this process in AEDP, Coherence Therapy, EFT, EMDR and IPNB.

We are now standing at the precipice of the next transformative development: the Internet of Things. Soon, connected technology will be embedded in hundreds of everyday objects we already use: our cars, wallets, watches, umbrellas, even our trash cans. These objects will respond to our needs, come to know us, and learn to think on our behalf. David Rose calls these devices—which are just beginning to creep into the marketplace—Enchanted Objects. Some believe the future will look like more of the same—more smartphones, tablets, screens embedded in every conceivable surface. Rose has a different vision: technology that atomizes, combining itself with the objects that make up the very fabric of daily living. Such technology will be woven into the background of our environment, enhancing human relationships and channeling desires for omniscience, long life, and creative expression. The enchanted objects of fairy tales and science fiction will enter real life. Groundbreaking, timely, and provocative, Enchanted Objects is a blueprint for a better future, where efficient solutions come hand in hand with technology that delights our senses.

Taking as her starting point the inspiration and wisdom that can be derived from myth, fairy tales, and folk culture, Dr. Sharon Blackie offers a set of practical and grounded tools for enchanting our lives and the places we live, so leading to a greater sense of meaning and of belonging to the world. Enchantment. By Dr. Blackie ’s definition, a vivid sense of belongingness to a rich and many-layered world, a profound and whole-hearted participation in the adventure of life. Enchantment is a natural, spontaneous human tendency — one we possess as children, but lose, through social and cultural pressures, as we grow older. It is an attitude of mind which can be cultivated: the enchanted life is possible for anyone. It is intuitive, embraces wonder, and fully engages the mythic imagination — but it is also deeply embedded in ecology, grounded in place and community. To live this way is to be challenged, to be awakened, to be gripped and shaken to the core by the extraordinary which lies at the heart of the ordinary.

Starting from the premise that we can no longer afford to live in a disenchanting world, Moore shows that a profound, enchanted engagement with life is not a childish thing to be put away with adulthood, but a necessity for one’s personal and collective survival. With his lens focused on specific aspects of daily life such as clothing, food, furniture, architecture, ecology, language, and politics, Moore describes the renaissance these can undergo when there is a genuine engagement with beauty, craft, nature, and art in both private and public life. Millions of readers who found comfort and substance in Moore’s previous bestsellers will discover in this book ways to restore the heart and soul of work, home, and creative endeavors through a radical, fresh return to ancient ways of living the soulful life. The customs and spirituality of the traditional communities of the highlands and islands of Scotland were preserved in a way that has been lost to most people today. Jones describes the vital roles of women in those communities, with their customary powers of “seeing,” healing, blessing, and cursing. Their hospitality, conviviality, and deep wisdom, together with their celebration of the tasks of daily life, have much to teach us today in our modern way of life.

A Novel

It is dawn on a May morning. On a long straight road between two sleeping fields a car slows as it arrives at the scene of an accident. Howard and Kitty have been married for thirty years and now sleep in different rooms. They do not discuss it. It was always Kitty’s dream to move from their corner of north London into the countryside, and when the kids were gone they moved to the village of Lodeshill. Howard often wonders if anyone who lives in this place has a reason to be there. Jack was once a rural rebel, a protestor who only ever wanted the freedom to walk alone in his own country. Having finished another stint in prison for trespassing, he sets off once more, walking north with his old battered backpack. Jamie is a nineteen-year-old Lodeshill boy who works in a distribution center and has a Saturday job at the bakery. He spent his childhood exploring the land with his grandfather and playing with Alex who lived in the farmhouse next-door. As the lives of these people overlap, we realize that mysterious layers of history are not only buried within them, but also locked into the landscape. A captivating novel. At Hawthorn Time is about identity, consumerism, changing boundaries and our own long, straight path to the unknown.

Doctor Glenn McDowell, who had grown up in a convent and then with a cruel foster family, delves into her parents’ past to find out why their love had been forbidden, and what she finds transforms her life and her identity. Original. Silence isn’t just the absence of noise. It’s a presence that brings us energy, clarity, and deeper connection. Justin Zorn and Leigh Marz take us on an unlikely journey—from the West Wing of the White House to San Quentin’s death row; from Ivy League brain research laboratories to underground psychedelic circles; from the temperate rainforests of Olympic National Park to the main stage at a heavy metal festival—to explore the meaning of silence and the art of finding it in any situation. Golden reveals how to go beyond the ordinary rules and tools of mindfulness. It’s a field guide for navigating the noise of the modern world—not just the noise in our ears but also on our screens and in our heads. Drawing on lessons from neuroscience, business, spirituality, politics, and the arts, Marz and Zorn explore why auditory, informational, and internal silence is essential for physical health, mental clarity, ecological sustainability, and vibrant community. With vital lessons for individuals, families, workplaces, and whole societies, Golden is an engaging and unexpected rethinking of the meaning of quiet. Marz and Zorn make the bold and convincing argument that we can repair our world by reclaiming the presence of silence in our lives.

2019 Readers’ Edge Award 2017 Nautilus Award Gold Winner Feel like you don’t belong? You’re not alone.The world has never been more connected, yet people are lonelier than ever. Whether we feel unworthy, alienated, or anxious about our place in the world — the absence of belonging is the great silent wound of our times. Most people think of belonging as a mythical place, and they spend a lifetime searching for it in vain. But what if belonging isn’t a place at all? What if it’s a skill that has been lost or forgotten? With her signature depth and eloquence, Toko-pa maps a path to Belonging from the inside out. Drawing on myth, stories and dreams, she takes us into the origins of our estrangement, reframing exile as a necessary initiation into authenticity. Then she shares the competencies of belonging: a set of ancestral practices to heal our wounds and restore true belonging to our lives and to the world.

Lily Dahl, the young heroine of Siri Hustvedt’s riveting novel, The Enchantment of Lily Dahl, is a strong, beautiful and daring nineteen year old girl poised on the brink of womanhood. In the small town of Webster, Minnesota, Lily’s life revolves around the Ideal Café. She lives above the café in a rented room and works there as a waitress. This is the stage Hustvedt sets for a bizarre cast of characters who frequent the café and populate Lily’s life. Weaving a fascinating spell of mystery and suspense, Hustvedt recounts the erotic adventures, unexpected friendships, and inexplicable acts of madness that usher Lily into womanhood. By skillfully mixing reality and dreams, fact and fiction, past and present, Hustvedt creates a powerful world not quite real, but altogether truthful.
