As the daughter of a drug dealer, Wavy knows not to trust people, not even her own parents. It's safer to keep her mouth shut and stay out of sight. Struggling to raise her little brother, Donal, eight-year-old Wavy is the only responsible adult around. Obsessed with the constellations, she finds peace in the starry night sky above the fields behind her house, until one night her star gazing causes an

accident. After witnessing his motorcycle wreck, she forms an unusual friendship with one of her father's thugs, Kellen, a tattooed ex-con with a heart of gold. By the time Wavy is a teenager, her relationship with Kellen is the only tender thing in a brutal world of addicts and debauchery. When tragedy rips Wavy's family apart, a well-meaning aunt steps in, and what is beautiful to Wavy looks ugly under the scrutiny of the outside world. Kellen may not be innocent, but he is the fixed point in Wavy and Donal's chaotic universe. Instead of playing it safe, Wavy has to learn to fight for Kellen, for her brother, and for herself.

"Gilchrist excels in drawing the bonds of love and resentment in sexual and family relationships, and no one who encounters her characters here or in her earlier works will want to miss reading about them again." —Publishers Weekly To Anna Hand, death happens when you allow it to. An accomplished author with a string of devoted lovers, Anna Hand savors life in all of its bittersweet, fleeting moments. So when she gets a letter from the illegitimate child of her brother, she sees a major part of life that has passed her by, a child to love. Desperate to unite this young girl with her father, Anna moves back to Charlotte, North Carolina, to rediscover her family and convince her brother to accept the daughter he knew nothing about. Caught between the politics of her uppercrust family and love for a married man, Anna finds her health in serious danger. When Anna's bad days catch up with her

good ones, she must finally face the disease that had been hiding just beneath the surface. Not willing to resign herself to months of aggressive treatment, and knowing the outcome will be the same regardless, she takes matters into her own hands, and surrenders her body to the sea. But it isn't only Anna's death that shocks her family. The papers she left behind may lead her sister Helen to discover more about Anna than she, or any of the Hand family, need to know.

#1 NEW YORK TIMES BESTSELLER • With richly layered characters and a gripping moral dilemma that will lead readers to question everything they know about privilege, power, and race, *Small Great Things* is the stunning new page-turner from Jodi Picoult. **SOON TO BE A MAJOR MOTION PICTURE** “[Picoult] offers a thought-provoking examination of racism in America today, both overt and subtle. Her many readers will find much to discuss in the pages of this topical, moving book.”—Booklist (starred review) Ruth Jefferson is a labor and delivery nurse at a Connecticut hospital with more than twenty years' experience. During her shift, Ruth begins a routine checkup on a newborn, only to be told a few minutes later that she's been reassigned to another patient. The parents are white supremacists and don't want Ruth, who is African American, to touch their child. The hospital complies with their request, but the next day, the baby goes into cardiac distress while Ruth is alone in the nursery. Does she obey orders or does

she intervene? Ruth hesitates before performing CPR and, as a result, is charged with a serious crime. Kennedy McQuarrie, a white public defender, takes her case but gives unexpected advice: Kennedy insists that mentioning race in the courtroom is not a winning strategy. Conflicted by Kennedy's counsel, Ruth tries to keep life as normal as possible for her family—especially her teenage son—as the case becomes a media sensation. As the trial moves forward, Ruth and Kennedy must gain each other's trust, and come to see that what they've been taught their whole lives about others—and themselves—might be wrong. With incredible empathy, intelligence, and candor, Jodi Picoult tackles race, privilege, prejudice, justice, and compassion—and doesn't offer easy answers. *Small Great Things* is a remarkable achievement from a writer at the top of her game. Praise for *Small Great Things*

The Complete Married With Children Book: TV's Dysfunctional Family Phenomenon

Married . . . with Children premiered on Fox TV in 1987 and updated the Don Ameche and Frances Langford radio comedy series, The Bickersons, and Jackie Gleason's TV classic, The Honeymooners, with a raunchy, cutting-edge slant that focused on a lovable yet laughable family headed by endearingly flawed Al (Ed O'Neill), his housework-hating wife, sexy daughter, and randy son. For 11 seasons, the brilliant team of talent put the funk in dysfunctional. Rediscover the exhilarating humor and intellectual excitement in Denise Noe's first book. She delves behind-the-scenes with Michael Moye, Ron Leavitt, Ed O'Neill, Katey Sagal, Christina Applegate, David Faustino, David Garrison, Amanda Bearse, E. E. Bell, and Ritch Shydner. You'll be fascinated by the story of how two rogue writers created a deliberately off-the-wall program; how it almost got derailed before production began; how a controversy could have plucked the series off the air but ended up injecting a much needed shot in the arm; how a reality-based show occasionally—and courageously—ventured into comedy with a fantasy, horror, and/or science fiction spin. This autobiography follows the life of Anna Shaw (1847-1919) from her birth in Newcastle-on-Tyne,

England through her presidency of the National American Woman Suffrage Association. Shaw immigrated with her genteel but financially pressed family to America in 1851. They settled first in New Bedford and then in Lawrence, Massachusetts, finally migrating in 1859 to a pioneer farmstead in northern Michigan, where Anna performed much of the subsistence labor during her father's long absences. The first part of her narrative emphasizes her efforts to gain an education and take up a ministerial career. After two years at Albion College, she attended Boston Theological School (1876-1878) and accepted a pastorate in East Dennis, Cape Cod, after graduation; later she also took temporary charge of the Congregational Church in Dennis. After her ordination had been blocked by members of the New England Conference of the Methodist Episcopal Church opposed to ordaining women, Shaw was ordained by the 1880 Conference of the Methodist Protestant Church in Tarrytown, N.Y.

"I cannot imagine living in a world without Walt Disney." Joe Cosgrove Walt Disney's life long journey comes to life as breaking news headlines that entertain and engage dreamers of all ages. This novel storytelling is based on Joe's firsthand experience as well as from friends and mentors who worked closely with Walt during the 1930's through the 1960's. Readers will enter the circle of nearness of Walt Disney's life journey as he transform's and revolutionizes movie cartoons into a powerful new art form. Walt becomes the Founding Father of modern movie animation with the release of his first full length feature film, Snow White. This was the prelude of Walt's bigger dream to create something totally new under the sun. Driven by endless curiosity and courage, Walt Disney's dreams gave birth to the greatest real estate developments and tourist attractions in history with Disneyland and Walt Disney World. Today Walt's impossible dream is still growing. For all those people who helped make his dream come true with the opening of Disneyland in 1955, Walt created a special place called Club 33. Joe Cosgrove was there the day the Club opened in 1967. Club 33 was a secluded hideaway in the Happiest Place on earth for many years until the LA Times wrote a feature titled: "The Most Exclusive Club in the World." Joe reveals some fascinating Club 33 stories during its early secret years. This is also the

story of other extraordinary dreamers, visionaries, leaders, innovators and heroes whose lives one day serendipitously intersected with Joe Cosgrove. These ordinary people who did extraordinary things include Joshua Meador, Harrison "Buzz" Price, Bob Hope, Ronald Reagan, Steve Allen, Charles E. Fuller and Billy Graham who are just some of the personalities in this wide reaching story of notable people who help change our world for the better. WALT DREAMERS ME celebrates the American heritage of individual liberty with headline making news of exceptional individuals motivated by the highest possible standards of excellence who created innovations that greatly changed our imagination, our culture and our world for the better. These true life adventure headline stories are filled with heroes, mentors, tricksters, sidekicks, scoundrels and scallywags just like those we read about in the newspaper every day. These very universal caricatures are seen in the classic stories in the Bible. Walt Disney brought these caricatures to life in such films as Snow White, Pinocchio and Cinderella. It is our intention that our readers accompany each person headlined in order to relate to each of them in a new powerful and personal way.

From "one of the most significant figures of the last generation of fantasy", comes Francesco Dimitri's debut novel in English, an enthralling and seductive fantasy following four old friends and the secrets they keep. Four old school friends have

a pact: to meet up every year in the small town in Puglia they grew up in. Art, the charismatic leader of the group and creator of the pact, insists that the agreement must remain unshakable and enduring. But this year, he never shows up. A visit to his house increases the friends' worry; Art is farming marijuana. In Southern Italy doing that kind of thing can be very dangerous. They can't go to the Carabinieri so must make enquiries of their own. This is how they come across the rumours about Art; bizarre and unbelievable rumours that he miraculously cured the local mafia boss's daughter of terminal leukaemia. And among the chaos of his house, they find a document written by Art, The Book of Hidden Things, that promises to reveal dark secrets and wonders beyond anything previously known. Francesco Dimitri's first novel written in English, following his career as one of the most significant fantasy writers in Italy, will entrance fans of Elena Ferrante, Neil Gaiman and Donna Tartt. Set in the beguiling and seductive landscape of Southern Italy, this story is about friendship and landscape, love and betrayal; above all it is about the nature of mystery itself.

Bellevue, and brings to life the world—the system, the staff, and the haunting cases—that shaped one young psychiatrist as she learned how to doctor and how to love. Elizabeth Ford went through medical school unsure of where she belonged. It wasn't until she did her psychiatry rotation that she found her calling—to care for one of the most vulnerable populations of mentally ill people, the inmates of New York's jails, including Rikers Island, who are so sick that they are sent to the Bellevue Hospital Prison Ward for care. These men were broken, unloved, without resources or support, and very ill. They could be violent, unpredictable, but they could also be funny and tender and needy. Mostly, they were human and they awakened in Ford a boundless compassion. Her patients made her a great doctor and a better person and, as she treated these men, she learned about doctoring, about nurturing, about parenting, and about love. While Ford was a psychiatrist at Bellevue she becomes a wife and a mother. In her book she shares her struggles to balance her life and her work, to care for her children and her patients, and to maintain the empathy that is essential to her practice—all in the face of a jaded institution, an exhausting workload, and the deeply emotionally taxing nature of her work. Ford brings humor, grace, and humanity to the lives of the patients in her care and in beautifully rendered prose illuminates the inner workings (and failings) of our mental health system, our justice system, and the prison system.
