

The Fox And The Hound: Hide And Seek (Little Golden Book)

Story of a friendship between opposites, a hunting dog and a fox.

A story of hope and friendship, in which resilience trumps tragedy in the wake of a forest fire. After moving from the city, one boy discovers his new home in the woods isn't so bad—there is friendship in the midst of the forest. But when he spots a fire on the horizon that soon engulfs everything he's come to know—the bugs, the plants, the fox who keeps him company—he is forced to flee. When his newfound comfort goes up in smoke, how can he ever feel at home again? In a forest fire, so much can change in an instant. But both fox and boy learn that there are some things fire cannot burn. With time, the forest will regrow, the animals will return to their home, and so will the boy and his mom. As we all search for tools for understanding the destruction of forest fires, this touching story shows that hope, friendship, and resilience shine the brightest. **TIMELY: As fires rage over a wider swath of the United States and internationally, and as fire season lengthens year after year, and sets new records year after year, these are themes communities are engaging with daily during fire season. **WRITTEN BY A FIREFIGHTER:** The author-illustrator was a volunteer firefighter, giving him a unique perspective on the topic of forest fires. **EMOTIONALLY RESONANT:** This moving story ends with rebuilding—both for humans and for nature—and with a truly uplifting message of resilience. **COMMUNITY-BUILDING:** A wonderful resource for families and communities experiencing the aftermath of a fire or other natural disasters, as well as anyone looking to empathize with, and better understand, those communities in need. **CLASSROOM RESOURCE:** Not only is this the perfect resource for talking about topics like the environment, natural disasters, forest management, and emergency preparedness, this book will also spark important conversations about coping with personal and community tragedies. The author-illustrator reflects on his own experiences with forest fires in the autho's note, and backmatter provides additional context. Perfect for: Parents, Educators, Nature lovers**

When your life is a hot mess at twenty, it's cute. At twenty-seven, well, not so much. It's just that my lofty dreams of making it as a real estate agent, paying rent on time, showering daily, have stayed just that: dreams. Oh, and love? I've decided love might be a little ambitious for me at the moment. Instead, I've settled for the two guys who will never leave me: Ben & Jerry. That is, until Dr. Adam Foxe takes up residence as the town's new vet. With his strong jaw, easy confidence, and form-fitting scrubs, it's not long before every housewife in Hamilton is dragging neglected tomcats in for weekly checkups. Like everyone else, I'm intrigued. Even after I spoil my chance at a good first impression, he still offers me a proposition I can't refuse: play his girlfriend at a family function and he'll hire me as his real estate agent. Welcome to love in the 21st century.

An Essay on Tolstoy's View of History - Second Edition

Walt Disney Productions Presents Tod and Vixey from the Fox and the Hound

"The fox knows many things, but the hedgehog knows one big thing." This ancient Greek aphorism, preserved in a fragment of the poet Archilochus, describes the central thesis of Isaiah Berlin's masterly essay on Leo Tolstoy and the philosophy of the subject of the epilogue to *War and Peace*. Although there have been many interpretations of the adage, Berlin uses a fundamental distinction between human beings who are fascinated by the infinite variety of things and those who prefer a central, all-embracing system. Applied to Tolstoy, the saying illuminates a paradox that helps explain his philosophy: Tolstoy was a fox, but believed in being a hedgehog. One of Berlin's most celebrated works, this extraordinary essay offers insights about Tolstoy, historical understanding, and human psychology. This new edition features a revised text that improves upon previous versions, English translations of the many passages in foreign languages, a new foreword in which Berlin himself explains the enduring appeal of his essay, and a new appendix that provides rich context, including material from reviews and Berlin's letters, as well as a startling new interpretation of Archilochus's epigram.

Tod the fox and Copper the hound are youthful playmates and unlikely friends who, despite their differences, grow up to save each other's lives.

As the daughter of an Inari Fox, celestial messenger to the gods, I should have been reverent, wise, and collected like my father. As the daughter of a kitsune queen, I should have been poised and delicate, with just a hint of playfulness to pay homage to the fox spirit within, just like my mother. Unfortunately, genetics can be unpredictable, and they ended up with a hot mess dipped in sarcasm, rolled in spunk, drizzled with sass, and sprinkled with pop-rocks. Hi! My name's Kaede, and I'm that mess. Life was a never-ending series of clubbing and drinking with my bodyguard, Hiroki. That was his official title, but he's more of a babysitter. He's a nogitsune, kind of like a kitsune, but more physically badass with a little less spiritual oomph. I have the hots for him, but he's afraid of losing important pieces of his anatomy if my parents catch him touching their daughter. I enjoyed my life, except for the hangovers and vomit. It was good. Until I decided to save a human from jumping off a building, just because he saw dead people. The supernatural community had one rule. Don't get caught. I ended up on the six-o'clock news and shipped off to boarding school to learn how to blend in better. Good times. The kicker is Aesir Academy is in Iceland. Know what's in Iceland? Ice, land, and ancient Norse gods. Some of which are sleeping. For a damn reason. Like wanting to destroy the world. Know what wakes them up? Celestial messengers. Know how to keep them from waking up? Kill the messenger. School should be about fitting in with the popular kids, not destroying the world and staying alive. At least I made some friends to help me save the world. Dogs love foxes. Especially hellhounds and werewolves... This trilogy is intended for mature audiences only. It contains graphic language, puns, and sexual situations. 18+ readers only! Harem members are added as the series progresses. Includes M/M themes. This is a medium burn reverse harem where the girl gets all the guys. Why Choose?

The Fox and the Forest Fire

Most books about espionage in the American Revolutionary War tend to focus solely on General George Washington, but as noted historian Donald E. Markle explores in this fascinating account, there was an entire system of intelligence communication autonomous from his direction. General Washington and General Charles Cornwallis were engaged in a constant battle to outmaneuver each other, and Cornwallis seemed to always be one step behind Washington and his intelligence departments. As the war progressed, the Americans and British slowly learned one another's tactics, allowing the hunt between the fox (Washington) and the hound (Cornwallis). THE FOX AND THE HOUND walks readers through the early stages of the war, when gathering and distributing intelligence was a challenge without a centralized government to organize a network. Markle tells us how and why Washington created multiple intelligence-gathering departments within the colonies, which included most of the East Coast from Georgia to New Hampshire and even parts of Canada - all operating under a command structure unique to their surrounding geography. This book explores the many depths of the intelligence networks from civilian men and women who dedicated their lives to the American cause, to the introduction of code ciphers and the first spy equipment such as David Bushnell's turtle submarine and Benjamin Franklin's jet boat. Without the dedication of Washington and his innovative loyal supporters, it's quite possible that the outcome of the war may have been different. Military and American history enthusiasts will find this a valuable resource for their collections.
