In Only 10s 2.0 Mark J. Silverman tells the Ten Truths of Only 10s, gathered through his coaching and facilitating work in the five years since the first edition was published, including: You're too busy because it feels easier than choosing what is important. ? If you're overwhelmed, you're probably doing someone else's job.? At the end of the day, all we own is our time and attention.Only 10s helps readers get honest with themselves about WHY something is on their plate. Once honest, they have the choice to do something with that item or not. "Qualifying items on your to-do list daily and weekly is the key to transforming everything. Confront, inquire, and be curious about what you put on your list. Consider it a roadmap to your inner world, a key to freedom and to creating the life you want to live. Make your to-do list your playground."

This new edition of Perfect Daughters, a pivotal book in the ACoA movement, identifies what differentiates the adult daughters of alcoholics from other women. When this groundbreaking book first appeared over ten years ago, Dr. Ackerman identified behavior patterns shared by daughters of alcoholics. Adult daughters of alcoholics—"perfect daughters"—operate from a base of harsh and limiting views of themselves and the world. Having learned that they must function perfectly in order to avoid unpleasant situations, these women often assume responsibility for the failures of others. They are drawn to chemically dependent men and are more likely to become addicted themselves. More than just a text that identifies these behavior patterns, this book collects the thoughts, feelings and experiences of twelve hundred perfect daughters, offering readers an opportunity to explore their own life's dynamics and thereby heal and grow. This edition contains updated information throughout the text, and completely new material, including chapters on eating disorders and abuse letters from perfect daughters in various stages of recovery, and helpful, affirming suggestions from Dr. Ackerman at the end of every chapter. This book is essential for every one who found validation, hope, courage and support in the pages of the original Perfect Daughters, as well as new readers and every therapist who confronts these issues. Also includes: a comprehensive reference section and complete index.

What do you do at work when a hundred crises seem to be happening at the same time? Do you pick just one priority or try to put out every fire? How can you stay composed, figure out what really matters, and act decisively? When former U.S. Navy SEAL sniper Brandon Webb transitioned to civilian life, he struggled to get his first startup business off the ground. He raised millions for his new venture, only to lose it all as problems spiraled out of his control. In the wake of that failure, Webb realized that successful entrepreneurs need a skill he had already mastered: total focus. SEAL snipers define it as the ability to filter out noise and chaos so you can make life-or-death decisions under the extreme conditions of combat. If he could maintain total focus while staring through crosshairs at a man who might (or might not) be an Al Qaeda terrorist, surely he could do the same in the business world. So Webb started over, applying total focus to a new startup, a media company called Hurricane Group. His approach was so effective that in just five years, Hurricane grew to have a staff of over fifty, an audience in the tens of millions, and a valuation of more than \$100 million. In this book, Webb teaches us to make better decisions under extreme pressure by emulating the habits of his fellow warriors, as well as other skills he learned on the job and from great friends and business leaders like Solomon Choi of 16 Handles, Matt Meeker of BarkBox, and Betsy Morgan of the Huffington Post and TheBlaze. For instance, you ' ll discover: · The difference between total focus and tunnel vision is developing total situational awareness: the ability to spot opportunities and threats without getting distracted from your goal. · You can overcome indecisiveness and hesitancy by accepting violence of action: a decision to move forward with an imperfect plan, knowing that even the best-laid plans go wrong. · Entrepreneurs must learn to embrace the suck, refusing to quit when the going gets brutal, and recognizing that unexpected challenges may reveal your best shot at success. By following the tactics and wisdom of a generation of legendary snipers and business leaders, you ' ll find the clarity of mind you need to accomplish your own mission—whatever it takes.

Based on Dan Schawbel's exclusive research studies -- featuring the perspectives of over 2,000 managers and employees across different age groups -- Back to Human reveals why virtual communication, though vital and useful, actually contributes to a stronger sense of isolation at work than ever before. How can we change this culture? Schawbel offers a self-assessment called the "Work Connectivity Index" that measures the strength of team relationships. He also shares exercises, examples, and activities that readers can work on individually or as a team, which will help them increase personal productivity, be more collaborative, and become more fulfilled at work. Back to Human ultimately helps you decide when and how to use technology to build better connections in your work life. From the bestselling authors of The Go-Giver, Go-Givers Sell More, and The Go-Giver Leader comes another compelling parable about the paradox of getting ahead by placing other people's interests first. The Go-Giver Influencer is a story about two young, ambitious businesspeople: Gillian Waters, the chief buyer for Smith & Banks, a midsized company that operates a national chain of pet accessory stores; and Jackson Hill, the founder of Angels Clothed in Fur, a small but growing manufacturer of all-natural pet foods. Each has something the other wants. To Jackson, Smith & Banks represents the possibility of reaching more animals with his products--if he can negotiate terms and conditions that will protect his company's integrity. To Gillian, Angels Clothed in Fur could give her company a distinctive, uniquely high-quality line that will help them stand out from their competitors--if Angels Clothed in Fur can be persuaded to give them an exclusive. At first, the negotiations are adversarial and frustrating. Then, coincidentally, Gillian and Jackson each encounter a mysterious yet kindly mentor. Over the next week, while neither one realizes the other is doing the same, both Gillian and Jackson learn the heart of both mentors' philosophies: The Five Secrets of Genuine Influence. The story ends in a way that surprises everyone--and with lessons we can all apply in our efforts to resolve conflicts and influence others.

"To say love is what makes a marriage work is like saying it takes oxygen to climb a mountain. Yes, oxygen is necessary. But not sufficient." For more than a decade, readers of the bestselling Go-Giver series have been clamoring for a book on how to apply the philosophy at the heart of The Go-Giver to their personal relationships. From the original story's coauthor and his wife, a clinically trained therapist, this long-awaited sequel shows readers how to unlock a deeply satisfying, abundant relationship based on simple, everyday acts of generosity. In this new narrative, a position has opened up at the top of the multinational giant Rachel's Famous Coffee, and Tom desperately wants the job. To gain the position, he must first go through a series of interviews with the company's top executives, including its eccentric CFO, Jeremiah. Tom's wife, Tess, is facing her own challenges. The couple first met on the job, where Tess was a rising star--until her career was put on hold by the birth of a son with special needs. The trauma and heartbreak of the past six years has put tremendous stress on their marriage. Now, Tess has learned that her best friend Amy is getting a divorce. Could she and Tom be drifting in the same direction? The thought leaves her stomach in knots. But Tom and Tess are about to have a transformational day. He was nervous, and had rehearsed what he was going to say, but when he met with Mirabel at the reception desk, she said, Quite the entrepreneur. He wasn't sure how to respond to that. #2 When they gave him the contract, they would be carrying him. He wanted to reach more animals with the best the earth had to offer. He wanted to be an emissary of heaven on earth. #3 When Jackson approached larger pet food companies to sell them his brand, he was met with resistance from the Corner Office. His plan was to supply the country with pet food, but he needed to secure a loan from a big company. #4 When he went to see the bank officer, he was told that he would have to give up his clients and contracts for three months. “I met last week with your leaders,” Ben began. “I heard what they had to say. And you know, they make a good point.” He paused. Take charge, Ben, he told himself. Take control. He looked around the conference room. Take, take, take. Was that really what he was here to do? With their acclaimed bestseller The Go-Giver, Bob Burg and John David Mann proved that a heartfelt parable could also express a powerful idea. In The Go-Giver Leader (originally published as It’s Not About You), they offer an equally compelling tale about a struggling small business and the ambitious young executive trying to lead them to a crucial decision. Allen & Augustine has manufactured high-quality chairs for decades. Its people take pride in their work and feel loyal to their owners and management team. But this revered company is now at a crossroads, hurt by a tough economy, foreign competition, and a cash crunch. The air is filled with the scent of uncertainty, anxiety, perhaps even panic. Into this setting enters Ben, who’s been assigned by a larger firm to promote a merger that will rescue Allen & Augustine. Ben’s facts are undeniable: the chair maker can either merge and modernize or go bankrupt and vanish. So why can’t he persuade anyone to buy in, from the CEO on down? Will Ben find a way to sway the employee shareholders before the climactic vote? And can Allen & Augustine survive without losing its soul? The answers may surprise you as you follow Ben on his journey to understanding that the path to genuine influence lies less in taking leadership than in giving it. This revised and updated edition includes a new introduction, a discussion guide, and a Q&A with the authors.

For generations, we've been stuck with a cookie-cutter mold for success that requires us to be the same as everyone else, only better. This "standard formula" works for some people but leaves most of us feeling disengaged and frustrated. As much as we might dislike the standard formula, it seems like there's no other practical path to financial security and a fulfilling life. But what if there is? In the Dark Horse Project at the Harvard Graduate School of Education, bestselling author and acclaimed thought leader Todd Rose and neuroscientist Ogi Ogas studied women and men who achieved impressive success even though nobody saw them coming. Dark horses blaze their own trail to a life of happiness and prosperity. Yet what is so remarkable is that hidden inside their seemingly one-of-a-kind journeys are practical principles for achieving success that work for anyone, no matter who you are or what you hope to achieve. This mold-breaking approach doesn't depend on you SAT scores, who you know, or how much money you have. The secret is a mindset that can be expressed in plain English: Harness your individuality in the pursuit of fulfillment to achieve excellence. In Dark Horse, Rose and Ogas show how the four elements of the dark horse mindset empower you to consistently make the right choices that fit your unique interests, abilities, and circumstances and will guide you to a life of passion, purpose, and achievement.

And so one day, desperate to land a key sale at the end of a bad quarter, he seeks advice from the enigmatic Pindar, a legendary consultant referred to by his many devotees simply as the Chairman. Over the next week, Pindar introduces Joe to a series of “go-givers:” a restaurateur, a CEO, a financial adviser, a real estate broker, and the “Connector,” who brought them all together. Pindar’s friends share with Joe the Five Laws of Stratospheric Success and teach him how to open himself up to the power of giving. Joe learns that changing his focus from getting to giving—putting others’ interests first and continually adding value to their lives—ultimately leads to unexpected returns. Too often, people drift through life with a feeling of frustration, longing to find some adventure or purpose in life, envious of those whose lives seem exciting. In WRITE IT DOWN, MAKE IT HAPPEN, Henriette Anne Klausner shows you how to write your own lifescrypt. Simply writing down your goals in life is the first step towards achieving them. The 'writing it down' part is not about time management; it is not a 'to-do today' list that will make you feel guilty if you don't get everything done. Rather, writing it down is about clearing your head, identifying what you want and setting your intent. You can 'make it happen' purely by believing in the possibility. In WRITE IT DOWN, MAKE IT HAPPEN, there are stories from ordinary people who witnessed miracles large and small unfold in their lives after they performed the basic act of putting their goals on paper.

In this five-session video study, bestselling author Bob Goff provides a wildly inspiring yet utterly practical blueprint for helping participants find and read their greatest God-given dreams.

With their national bestseller The Go-Giver, Bob Burg and John David Mann took the business world by storm, showing that giving is the most fulfilling and effective path to success. That simple, profound story has inspired hundreds of thousands of readers around the world-but some have wondered how its lessons stand up to the tough challenges of everyday real-world business. Now Burg and Mann answer that question in Go-Givers Sell More, a practical guide that makes giving the cornerstone of a powerful and effective approach to selling. Most of us think of sales as convincing potential customers to do something they don’t really want to. This mentality sets up an adversarial relationship and makes the sales process harder than it has to be. As Burg and Mann demonstrate, it’s far more productive (and satisfying) when salespeople think like Go-Givers. Cultivate a trusting relationship and focus exclusively on creating value for the other person, say the authors, and great results will follow automatically. Drawing on a wide range of examples of real-life salespeople who have prospered by giving more, Burg and Mann offer tips and strategies that anyone in sales can start applying right away.

From New York Times bestselling author and former Navy SEAL Brandon Webb comes a simple yet powerful five-step guide to transforming your life by making your fears work for you instead of against you. Brandon Webb has run life-threatening missions in the world's worst trouble spots, whether that meant jumping out of airplanes, taking down hostile ships on open sea, or rolling prisoners in the dead of night in the mountains of Afghanistan. As a Navy SEAL, he learned how to manage the natural impulse to panic in the face of terrifying situations. As media CEO and national television commentator, he has learned how to apply those same skills in civilian life. Drawing on his experiences in combat and business, along with colorful anecdotes from his vast network of super-achiever friends from astronauts to billionaires, Webb shows how people from all walks of life can stretch and transcend their boundaries and learn to use their fears as fuel to achieve more than they ever thought possible. "Fear can be a set of manacles, holding you prisoner," writes Webb. "Or it can be a slingshot catapulting you on to greatness." The key, says Webb, is not to fight fear or try to beat it back, but to embrace and harness it. In the process, rather than being your adversary, your fear becomes a secret weapon that allows you to triumph in even the most adverse situations. In Mastering Fear, Webb and his bestselling coauthor John David Mann break this transformation down into five practical steps, creating a must-read manual for anyone looking for greater courage and mastery in their lives.

The Go-Giver Marriage

Vash Young grew up under harsh conditions in the beginning of the 20th century, but managed to turn deprivation and hardship to wealth and prosperity in the 1930's, when most other people suffered from the effect of the Great Depression. He reveals his secrets in this book, and the advices he gives are just as valid today as they were at the time of its writing. "It describes the only method of salesmanship that is without a flaw, that has no drawback. Its principles are as applicable to advertising as to sales manship. The first big advertiser who puts into his advertising such a conception toward competition and humility toward his own business will sweep the markets of the country like a prairie fire. Strictly it is not a business book, but in any list of business books it stands, I think, at the top."--from the preface by EARNEST ELMO CALKINS

A REESE'S BOOK CLUB PICK THE NEW YORK TIMES BESTSELLER ONE OF THE NEW YORK TIMES BEST THRILLERS OF THE YEAR “I loved this book. It gave me the same waves of happiness I get from curling up with a classic Christie...The alternating points of view keep you guessing, and guessing wrong.” — Alex Michaelides, #1 New York Times bestselling author of The Silent Patient "Evok[es] the great Agatha Christie classics...Pay close attention to seemingly throwaway details about the characters’ pasts. They are all clues.” -- New York Times Book Review A wedding celebration turns dark and deadly in this deliciously wicked and atmospheric thriller reminiscent of Agatha Christie from the New York Times bestselling author of The Hunting Party. The bride - The plus one - The best man - The wedding planner - The bridesmaid - The body On an island off the coast of Ireland, guests gather to celebrate two people joining their lives together as one. The groom: handsome and charming, a rising television star. The bride: smart and ambitious, a magazine publisher. It’s a wedding for a magazine, or for a celebrity: the designer dress, the remote location, the luxe party favors, the boutique whiskey. The cell phone service may be spotty and the waves may be rough, but every detail has been expertly planned and will be expertly executed. But perfection is for plans, and people are all too human. As the champagne is popped and the festivities begin, resentments and petty jealousies begin to mingle with the reminiscences and well wishes. The groomsmen begin the drinking game from their school days. The bridesmaid not-so-accidentally ruins her dress. The bride’s oldest (male) friend gives an uncomfortably caring toast. And then someone turns up dead. Who didn’t wish the happy couple well? And perhaps more important, why?

The bestselling co-author of The Go-Giver offers new insights into what it means to be truly influential Faced with the task of persuading someone to do what we want, most of us expect resistance. We see the other person as an adversary and often resort to coercion or manipulation to get our way. But while this approach might bring us short-term results, it leaves people with a bad feeling about themselves and about us. At that point, our relationship is weakened and our influence dramatically decreased. There has to be a better way. Drawing on his own experiences and the stories of other influential people, communication expert Bob Burg offers five simple principles of what he calls Ultimate Influence—the ability to win people to your side in a way that leaves everyone feeling great about the outcome. In the tradition of Dale Carnegie’s How to Win Friends and Influence People, Burg offers a tried-and-true framework for building alliances at work, at home, and anywhere else you seek to win people over.

On his first night in town a young woman mysteriously drowns—and a local detective suspects Finn’s involvement. Navy SEAL sniper and New York Times bestselling author Brandon Webb’s personal account of eight of his friends and fellow SEALs who made the ultimate sacrifice. “Knowing these great men—who they were, how they lived, and what they stood for—has changed my life. We can’t let them be forgotten. We’ve mourned their deaths. Let’s celebrate their lives.”—Brandon Webb As a Navy SEAL, Brandon Webb rose to the top of the world’s most elite sniper corps, experiencing years of punishing training and combat missions from the Persian Gulf to Afghanistan. Along the way, Webb served beside, trained, and supported men he came to know not just as fellow warriors, but as friends and, eventually, as heroes. This is his personal account of eight extraordinary SEALs who gave all for their comrades and their country with remarkable valor and abiding humanity: Matt “Axe” Axelson, who perished on Afghanistan’s Lone Survivor mission; Chris Campbell, Heath Robinson, and JT Tumilson, who were among the casualties of Extortion 17; Glen Doherty, Webb’s best friend, killed while helping secure the successful rescue and extraction of American CIA and State Department diplomats in Benghazi; and other close friends, classmates, and fellow warriors. These are men who left behind powerfully instructive examples of what it means to be alive—and what it truly means to be a hero. INCLUDES PHOTOGRAPHS
