A six-hundred-mile canoe trip in the Canadian wilderness is a seventeen-year-old's dream adventure, but after he is mauled by a grizzly bear, it's all about staying alive. This true-life wilderness survival epic recounts seventeen-year-old Alex Messenger's near-lethal encounter with a grizzly bear during a canoe trip in the Canadian tundra. The story follows Alex and his five companions as they paddle north through harrowing rapids and stunning terrain. Twenty-nine days into the trip, while out hiking alone, Alex is attacked by a barren-ground grizzly. Left for dead, he wakes to find that his summer adventure has become a struggle to stay alive. Over the next hours and days, Alex and his companions tend his wounds and use their resilience, ingenuity, and dogged perseverance to reach help at a remote village a thousand miles north of the US-Canadian border. The Twenty-Ninth Day is a coming-of-age story like no other, filled with inspiring subarctic landscapes, thrilling riverine paddling, and a trial by fire of the human spirit.

The Austin Outlaws is a women's professional football team. They play full-contact NFL rules and have been doing this since the year 2000. Based in Austin, Texas, they play an eight game schedule in the spring of each year. In 2003 I started shooting action photos of Outlaws games and practices. In 2011 I started a blog to showcase my photos. Along with hundreds of photos, the blog includes my insights about football and any other subjects that interest me. It is a mixture of serious and silly, fun for me to do and fun for fans to visit. My blog server suggested creating a book of my blog posts - and this is that book. It is a collection of selected blog posts taken nearly exactly as they originally appeared in the blog. I've done some editing to adapt to the book format. The book is fun and a great keepsake for Austin Outlaw players. The blog is: http://womenwhoplayfootballplus.blogspot.com/.

The Book of Beginning Circle Games

Four decades ago, the areas around Yellowstone and Glacier National Parks sheltered the last few hundred surviving grizzlies in the Lower 48 states. Protected by the Endangered Species Act, their population has surged to more than 1,500, and this burgeoning number of grizzlies now collides with the increasingly populated landscape of the twenty-first-century American West.

While humans and bears have long shared space, today's grizzlies navigate a shrinking amount of wilderness: cars whiz like bullets through their habitats, tourists check Facebook to pinpoint locations for a quick selfie with a grizzly, and hunters seek trophy prey. People, too, must learn to live and work within a potential predator's territory they have chosen to call home. Mixing fast-paced storytelling with rich details about the hidden lives of grizzly bears, Montana journalist Robert Chaney chronicles the resurgence of this charismatic species against the backdrop of the country's long history with the bear. Chaney captures the clash between groups with radically different visions: ranchers frustrated at losing livestock, environmental advocates, hunters, and conservation and historic preservation officers of tribal nations. Underneath, he probes the balance between our demands on nature and our tolerance for risk.

Shaken by the brutal killing of a wild moose, game warden Joe Pickett becomes increasingly alarmed when a herd of cattle, and then two people, are murdered by the same perpetrator. By the author of Open Season. Reprint.
