

The Illustrated Family Bible (Bible Niv)

Based on the New International Version and featuring original illustrations, artifact images, paintings and photographs, a keepsake collection of Bible stories from the Old and New Testaments is complemented by short passages at the end of each key story explaining its meaning.

NEW PROOFS FOR THE EXISTENCE OF GOD FROM THE VOICE OF A MILLENNIAL CHRISTIAN THEOLOGIAN. Imagine a world in which gods did not conceal their existence from humankind but instead walked the earth until they were hunted to near-extinction. Only two remain, and here enters our central character, a celebrity of sorts, known only as the god-slayer. But as a self-described "swashbuckling philosopher," the god-slayer is not out for blood so much as knowledge. And then, of course, there is that dream. . . . Fragments takes its reader on a journey of questions, answers, and more questions. Through a series of dialogues between the god-slayer and the last of the remaining deities, the book explores the mystery of creation and the problem of human suffering before advancing four innovative proofs for the existence of God. For when the god-slayer encounters a renowned deity called Romulus, the deity, in an effort to save himself, proposes that they consider an alternate reality in which the gods never revealed themselves to human beings and gave no direct evidence of their existence. In the mysterious final act, a heavy decision must be made, but not everything is as it seems. Elegantly written and packed with thought-provoking content on every page, Fragments offers readers a fresh take on timeless questions from the voice of a new, millennial-aged theologian. Recommended just as much for those who wish to strengthen their faith as those who seek to challenge it, Fragments is a one-of-a-kind work of Christian apologetics for the 21st century.
