La vida brinca—life jumps—and yet we strive to capture its passing moments by creating images. One of the simplest yet most evocative techniques for image-making is pinhole photography. Using a tiny aperture without a lens to shine light on a piece of film, pinhole cameras accumulate light until an image forms. Bill Wittliff calls the cameras he makes tragaluces, "light swallowers." By controlling only the size of the aperture, the distance to the film, and the length of the exposure, he makes images that forsake the documentary realism of traditional photography to disclose instead the presence of the mystical in the everyday world. The tragaluz photographs in La Vida Brinca record iconic images of Hispanic life. Wittliff photographed fiestas, religious observances, street scenes, people's faces, and enduring rural landscapes. But with the soft focus and surprise elements that typify his tragaluz photographs, these images become dreamlike—scenes from a world where, as Stephen Harrigan says, "reassuring touchstones are likely to dissolve, and where the unseen is always startlingly on view." The accompanying essays by Harrigan and Elizabeth Ferrer discuss the history and techniques of pinhole photography, as well as Bill Wittliff's artistic choice to work in this medium. As a work of art, La Vida Brinca reveals that pinhole photography is an ideal vehicle for finding profound meaning in the commonplace, for seeing beyond what the eye can see.

Co-Winner of the 2004 Colorado Endowment for the Humanities Publication Prize. A beautiful and haunting tale of love, betrayal, knowledge, and power, Life's a Dream (La vida es sueño, 1636) is the best known and most widely admired play of Catholic Europe's greatest dramatist, Pedro Calderón de la Barca. Calderón's long life (1600-1681) witnessed both the pinnacle and collapse of Spanish political power as well as the great flowering of Spanish classical literature. Despite its longtime place atop the Hispanic canon, Calderón's masterpiece remains relatively unknown by general readers outside the Spanish-speaking world. Michael Kidd's new prose translation aims to correct this deficiency by rendering the play into a transparent, modern American idiom that preserves the beauty and complexity of Calderón's Baroque Spanish. The result is a highly readable and adaptable text that is enhanced by a generous selection of supporting materials, including a thorough critical introduction and glossary.

NATIONAL BESTSELLER An achingly beautiful story of female friendship, betrayal, and a mysterious disappearance set in the changing landscape of San Francisco Teenage Eulabee and her magnetic best friend, Maria Fabiola, own the streets of Sea Cliff, their foggy oceanside San Francisco neighborhood. They know Sea Cliff's homes and beaches, its hidden corners and eccentric characters—as well as the upscale all-girls' school they attend. One day, walking to school with friends, they witness a horrible act—or do they? Eulabee and Maria Fabiola vehemently disagree on what happened, and their rupture is followed by Maria Fabiola's sudden disappearance—a potential kidnapping that shakes the quiet community and threatens to expose unspoken truths. Suspenseful and poignant, We Run the Tides is Vendela Vida's masterful portrait of an inimitable place on the brink of radical transformation. Pre-teen boom San Francisco finds its mirror in the changing lives of the teenage girls at the center of this story of innocence lost, the pain of too much freedom, and the struggle to find one's authentic self. Told with a gimlet eye and great warmth, We Run the Tides is both a gripping mystery and a tribute to the wonders of youth, in all its beauty and confusion.

Fernando Llor is a major point of reference for the art and iconography of El Salvador. Llor escaped the political instability of his capital in favor of the peaceful mountains of La Palma, a small town in the northern region of El Salvador. Here, Llor would awaken an artisan movement out of the agricultural workers, educating them on how to make a living using their artistic skills. His teachings led the commune to sow the beginnings of the local handicraft movement, inspired by the Semilla de Dios, or Seed of God. The agricultural faction of the town quickly turned into an artisanal atmosphere, fueling employment outside of field work. Llor moved back to the capital, but not without staying in contact with the people of La Palma and showing the rest of El Salvador that making a living using art was possible.
