

The Mindfulness Journal: Exercises To Help You Find Peace And Calm Wherever You Are

What's your "demon"--Self-pity? Anger, impatience, or insomnia? Exercise them to exorcise them! With this adorably illustrated journal, Lucy Irving shows you how to use mindfulness to understand the emotional states that trick us into believing in their power. She explains how each demon works and provides simple, logical steps to tame it. Draw pictures of how your unique demons would look, take notes on what triggers them, create lists to bolster confidence, and try simple activities to cut your demon down to size. Above, all, Irving invites you to make this journal truly yours--by adding to the pages, pasting in images, or even ripping something out.

Embrace your creative self with thoughtful prompts and mindfulness exercises Creative wisdom is ever-present within you--it just needs to be awakened. Nurture your creativity and embrace the present moment with this mindfulness journal. It's full of self-exploration tools and creative mindfulness exercises to nourish your inner landscape, from writing prompts and artistic activities to meditation practices and inspirational quotes. The illustrated prompts in this mindfulness journal offer plenty of space for you to write, draw, and create. Travel through more than 120 pages in sequential order, or choose a prompt intuitively as you get inspired. Every page is here to encourage your curiosity and support you on the sacred journey to discover what is possible within you. Artistic exploration--Delve into thoughtful visual activities like drawing constellations, sketching your inner landscape, or doodling a pattern for your breath. Reflective writing--Unlock your inner voice with writing exercises and reflections on gratitude, loving kindness, radical acceptance, sense awareness, and more. Mindful meditation--Find peace with this mindfulness journal full of short meditations and visualizations to connect you to your inner self. Inspire your mind and spirit with this uniquely imaginative mindfulness journal.

"Goldie Hawn embodies delight and joy, and 10 Mindful Minutes radiates these. Her book can help any adult-parent, grandparent, teacher-make double use of their moments with the children they love and have a terrific time while helping shape that child's brain for a lifetime of resilience and happiness." -Daniel Goleman, author of Emotional Intelligence Across the country, the revolutionary MindUP program, which was developed under the auspices of the Hawn Foundation, established by Goldie Hawn, is teaching children vital social and emotional skills. By understanding how their brains work, children discover where their emotions come from and become more self-aware. They learn to appreciate the sensory aspects of their lives and to value the positive effects of mindfulness, compassion, and kindness. This, in turn, empowers them to manage and reduce their own stress-and helps them be happy. Those who have seen the remarkable effects of this program have been eager to learn how to implement it in their own homes and use its practices for themselves, too. Now, for the first time, its secrets are being shared with all parents and children in 10 Mindful Minutes.

I Am Here Now

With "The Mindfulness Journal," you will have simple activities to practice each day, and then you will write about your experiences with mindfulness, which reinforces your efforts.This journal provides a total of 365 daily writing prompts divided into 52 weekly mindfulness topics. This arrangement gives you seven days to immerse yourself in each topic.It is designed to awaken you to mindfulness in various natural moments throughout your day, as well as with some activities that may be new for you.

When the world seems like it's spinning out of control, taking some time to focus on the present and reflect on what matters most can help, especially when you have the most important job in the world: Mother. In time for Mother's Day, The Mindfulness Journal for Busy Moms is the ideal gift for the special women in our lives. Mindfulness is gaining new attention in our increasingly hectic times as a way to appreciate what's around you and to help you gain insight on how you are feeling and reacting. And one of the best ways to do this is through journaling. Mindful Journaling will help mothers connect mind, body and spirit by taking time to write down what matters most to them. Helpful prompts and inspiring designs will provide numerous opportunities for self-discovery and personal insight. High quality paper will also encourage moms to tap into their most creative selves so they can save and share their thoughts and ideas. This book will give mothers the opportunity to make the best of the 5-minute breaks they so need and deserve.

Take time for yourself with these 100 prompts and mindful meditations to help you through stressful times--no matter what you're going through. It's easy to feel stressed, worried, or anxious throughout the day. But what if those negative feelings no longer had to take over your life? This journal can help put your problems in perspective and allows you to think them through with purpose and mindfulness. These 100 soothing journal prompts are designed to help you focus on the present and stop stressing out about the future. Each entry tackles the obstacles that life throws your way on a daily basis and gives you a chance to think about how you're feeling and how you want to respond through writing exercises, fill-in-the-blanks, and creative drawing prompts. Whether it's a situation with friends, issues with family, or the pressures of school or work, you will learn how to live in the moment, feel your feelings, and stop stressing out. Now no matter what curveball life throws your way, you have the skills to handle those struggles head on, without feeling overwhelmed.

Armed with these meditation skills, mantras, and journal exercises, worrying will be a thing of the past and you can finally breath, relax, and start feeling better about today.

So...what is MINDFULNESS? It's not just sitting on the floor om-ing. It's getting off the hamster wheel of our ping-ponging thoughts and paying attention to, and appreciating, everyday existence. The payoff can be life-chaging! Mindfulness is a major buzzword these days, but the concept has been around for millennia. Everyone from the Buddha to John the Baptist to Gandhi has embraced its life-changing principles. However, they didn't face the challenges we do, namely 40-plus hour a week jobs (plus the commute), the responsibilities of relationships and parenthood, not to mention the distractions of TV, social media and a nonstop news cycle. This book helps the reader take a step back and look at the many reasons a more mindful life is worth the effort, including physical and mental benefits, greater focus, tolerance, self-control, emotional intelligence and a boost to the immune system. The book helps getting started on the path to being more mindful, starting with things that are derailing someone's best intentions from a cluttered house to being overwhelmed with negative emotions. While mediation can be a key component of mindfulness, don't think that means you'll be stuck sitting cross-legged for hours on end: This guide offers lots of tips for easing into it. And there are many other forms of mindfulness to explore, from the way we eat and exercise, to establishing a gratitude practice and daily journaling. This book also provides journaling prompts that assist in the journey to self-discovery and mindfulness. Finally, hand's on craft, activity and drawing exercises will help keep the reader zen by bringing his or her best self to the surface.

Change Your Life with CBT

A beautifully illustrated workbook that helps women slow down and enjoy life rather than pushing for perfection. Most women today are frantic, lost in an endless cycle of busyness caused by constant pressure to perform up to unrealistic expectations of perfection, many of which are self-imposed. This journal cuts to the heart of the problem by showing women how to reconnect with their inner selves through solitude, introspection, and contemplation of what's truly important to them as individuals and family members. Give yourself permission to be Present, Not Perfect.

An easy-to-follow, twenty-eight-day guide to a variety of inspirational and self-awareness techniques teaches readers how to achieve and maintain a greater understanding of themselves and the worlds around them, through meditation and the expansion of the consciousness.

Cognitive Behavioural Therapy has already helped millions of people overcome their issues and move their life forward - now it can really help you too. In this busy, demanding and often stressful modern world, it's a struggle to find time to even think about what your dreams and goals might be, let alone work towards actually realising them. It's so easy to get stuck in a routine, to opt for the easy answers, to feel a lack of inspiration and motivation and then wind up feeling anxious and depressed. Far from being an exciting or invigorating prospect, the mere idea of changing anything about your life soon seems hard work, scary and something to be avoided. But your life really can be better than it is now - you just need to learn how to really believe it can. Cognitive Behavioural Therapy, or CBT, can lend a hand. It will help you change the way you think and feel about yourself, about others and about the world around. As you begin to feel more positive, more motivated and more confident you'll soon begin to realise that your future is fully in your control. The scientifically-proven techniques of CBT are a powerful force to harness. Written by a leading psychologist, Change Your Life with CBT will deliver these tried and tested tools in an accessible package full of exercises, examples and practical advice and guidance . So if you're feeling that your life has got stuck in first gear, or even stuck in reverse, and if you believe that the main thing holding you back is probably yourself, Change Your Life with CBT can help you overcome your barriers and start to achieve your goals at home, at work and throughout your whole life.

Kristin Neff, Ph.D., says that it's time to "stop beating yourself up and leave insecurity behind." Self-Compassion: Stop Beating Yourself Up and Leave Insecurity Behind offers expert advice on how to limit self-criticism and offset its negative effects, enabling you to achieve your highest potential and a more contented, fulfilled life. More and more, psychologists are turning away from an emphasis on self-esteem and moving toward self-compassion in the treatment of their patients--and Dr. Neff's extraordinary book offers exercises and action plans for dealing with every emotionally debilitating struggle, be it parenting, weight loss, or any of the numerous trials of everyday living.
