

The Redleaf Calendar Keeper 2017: A Record Keeping System For Family Child Care Professionals (Redleaf Business Series)

Specifically designed with family child-care providers in mind, this booklet, sold in ten-packs, aids caregivers to observe and record a child's growth and development. Organized by age within developmental domains, it includes milestones that directly align with those in The Redleaf Family Child Care Curriculum, second edition.

Give your child a head start by building a STEM foundation with fifty everyday, play-based activities for infants and toddlers

Provides activities to help children develop the values of kindness, friendship, sharing and empathy for others. For preschoolers.

Cold winters, hot summers--year after year the seasons repeat themselves. But what causes them? Why is there winter in the Southern Hemisphere at the same time there is summer in the Northern Hemisphere? In summertime, why is it still light out in the evening? With simple language appropriate

for young readers, non-fiction master Gail Gibbons introduces young readers to the four seasons and explains why they change throughout the year. Newly revised and vetted by experts, this updated edition of *The Reasons for Seasons* introduces the solstices, the equinoxes, and the tilt in Earth's axis that causes them, and gives examples of what each season is like across the globe from pole to pole. Clear, simple diagrams of the earth's orbit are labeled with important vocabulary, explained and reinforced with accessible explanations. Fascinating and easy to understand, this is a perfect introduction to seasons, earth's orbit, and axial tilt. Different effects on different parts of the world are included, illustrating the difference in climate between the equator, the northern and southern hemispheres, and the polar regions.

Rabbit Nutrition and Nutritional Healing provides rabbit owners with a resource in which they can find data on rabbit diet presented in simplified technical language and then summarized in terms a layperson can understand. This third edition contains new pieces on feeding orphaned rabbit kits, young rabbits, older rabbits, and community rabbits, as well as new information on diet and disease and new contributions by Kathy Smith and Debby Widolf. Other topics covered in the book include: how to select hay and commercial feeds, mycotoxins, phytochemicals, vitamins, minerals, rabbit-safe garden plants, rabbit-toxic plants, diet and digestive disorders, and signs of nutritional deficiencies. Illustrated by Evonne Vey.

A unique guide to "the botanical and cultural histories of vegetables originating from every corner of the globe"—with cooking tips and illustrations (Publishers Weekly). *100 Vegetables and Where They Came From* offers a cornucopia of vegetable knowledge and stories from around the world—from Argentina to Zimbabwe and from Australia to the United States. A historian, gardener, and veggie connoisseur, William Woys Weaver guides us through a range of peppers, potatoes, peas, gourds, onions, tomatoes, greens, and a whole lot more. Take the Petaluma Gold Rush bean, a rugged legume grown for over one-hundred-fifty years and brought to California by an American whaler from Peru. Or the violet carrot, which the Greeks brought back from India following the conquests of Alexander the Great. Mixing history, culinary suggestions, practical information, and personal anecdotes, Weaver introduces unusual heirloom vegetables and reveals surprising facts about common favorites. Organized alphabetically by common name, this book includes beautifully detailed drawings throughout and a helpful appendix of seed resources.

Fort Worth Parks

This leading resource is a specifically designed curriculum for family child-care providers. They will be able to incorporate best practices and activities appropriate for the mixed ages of children in their care. Developmental domains and milestones, learning areas, age-appropriate activities and outcomes, and more are included. It is far more affordable than other family child care curriculum alternatives, and it aligns with Quality Rating and Improvement System (QRIS) requirements around the country. Sharon Woodward is the author of several resources for family child-care providers and holds a degree in social work.

Fort Worth sits on a blend of timber and prairie land that is transected by the Trinity River and its tributaries. These physical attributes invited the creation of parks to preserve scenic landscapes and to provide Fort Worth residents with access to nature. Generous land donations as well as the foresight of city leaders allowed for the acquisition of park land, particularly after the formation of the park department in 1909. Local architects and such well-known names as George E. Kessler, Hare and Hare, Philip Johnson, and Lawrence Halprin have left a rich legacy of nationally recognized parks and recreational amenities. These include the Fort Worth Zoo, Fort Worth Botanic Garden, the Water Gardens, Heritage Plaza, Fort Worth Nature Center and Refuge, and Fort Woof, the city's first dog park.

With a focus on the leader’s role in initiating and sustaining anti-bias education in programs for young children and their families, this book is both a stand-alone text and a perfect companion for Anti-Bias Education for Young Children and Ourselves. It emphasizes that this work is not only about changing curriculum, but requires thoughtful, strategic, long-term planning that addresses all components of an early childhood program. With a powerful combination of conceptual frameworks, strategies, and practical tools, Louise Derman-Sparks, renowned expert on anti-bias education, together with experienced early childhood directors Debbie LeeKeenan and John Nimmo explain the structural and individual changes leaders must foster.

Featuring the authors’ extensive experience in the field, supplemented with insights from other anti-bias educators, they build on and expand current thinking about best early childhood leadership practices. This is an essential resource for anti-bias education leaders engaged in change in the wide range of early childhood care and education settings. Book Features: The principles, guidelines, and strategies needed for school- and program-wide transformation. Activities for working with teachers and families to integrate an anti-bias approach. Strategies for supporting and strengthening the leader’s ability to initiate and sustain anti-bias education change, including resources to increase staff skills for implementing anti-bias education with children. Tools for assessing anti-bias education progress and managing mandated standards and assessments. “A concise and powerful message for anti-bias leaders in early childhood education everywhere. A truly inspired gift of lessons from the movement, for the movement.” —Carol Brunson Day, President of the Board, National Association for the Education of Young Children “If you are an educator wanting to see more equity and inclusiveness in the world, at times discouraged confused, or overwhelmed with how to manage the conflict that always emerges in the change process, you’ll find reassurance, resources, and strategic thinking to engage in this anti-bias work.” —Margie Carter, author, The Visionary Director, and international early childhood consultant "It is never too early to prepare children to deal effectively with issues of race, class, gender, family, and ability and equity. This book is a tool box for building early childhood programs that foster sentiments of justice and fairness in leaders, teachers, and young children, and help them to act on these values.” —Herbert Kohl, educator and bestselling author of The Herb Kohl Reader: Awakening the Heart of Teaching

Offers design ideas for outdoor spaces, including porches, patios, and lawns.

Jenna Fischer’s Hollywood journey began at the age of 22 when she moved to Los Angeles from her hometown of St. Louis. With a theater degree in hand, she was determined, she was confident, she was ready to work hard. So, what could go wrong? Uh, basically everything. The path to being a professional actor was so much more vast and competitive than she’d imagined. It would be eight long years before she landed her iconic role on The Office, nearly a decade of frustration, struggle, rejection and doubt. If only she’d had a handbook for the aspiring actor. Or, better yet, someone to show her the way—an established actor who could educate her about the business, manage her expectations, and reassure her in those moments of despair. Jenna wants to be that person for you. With amusing candor and wit, Fischer spells out the nuts and bolts of getting established in the profession, based on her own memorable and hilarious experiences. She tells you how to get the right headshot, what to look for in representation, and the importance of joining forces with other like-minded artists and creating your own work—invaluable advice personally acquired from her many years of struggle. She provides helpful hints on how to be gutsy and take risks, the tricks to good auditioning and callbacks, and how not to fall for certain scams (auditions in a guy’s apartment are probably not legit—or at least not for the kind of part you’re looking for!). Her inspiring, helpful guidance feels like a trusted friend who’s made the journey, and has now returned to walk beside you, pointing out the pitfalls as you blaze your own path towards the life of a professional actor.

“A luscious and colorful immersion into the world of the peony.” —Petal Talk The bold blooms, pretty colors, and heady fragrances of peonies make them one of the most popular flowers, both in gardens and floral arrangements. Peony—by leading experts David Michener and Carol Adelman—makes it easier than ever to grow them home. This lush book shares the history of the plant, explores the different types available, and includes complete growing information for 194 of the best varieties. Helpful lists detail the best peonies for specific needs.

The Family Child Care Mileage-Keeper is designed to make it easy for you to track your vehicle expenses for your family child care (daycare) business. Using the Mileage-Keeper properly will satisfy the record-keeping requirements of the IRS. You may claim business mileage for all trips in which the "primary purpose" of your trip is business. You must keep a written record of all these business trips.

Such records can include receipts, canceled checks, bank deposit slips, field trip permission forms, photos, and notations on a calendar. Or you can simplify your mileage record keeping by tracking all your business trips in the Mileage-Keeper. Keep it in your vehicle and use it to record every business trip, calculate vehicle expenses, and track mileage and travel details.

Charlie O'Shields is the creator of Doodlewash®, founder of World Watercolor Month in July, and host of the Sketching Stuff podcast. Every single day, for over three years, he created a watercolor illustration and wrote a short essay about whatever came to mind that day and posted it on his blog. These are some of the collected favorites along with some brand new musings. With over 180 illustrations, this book is part personal memoir and sometimes just a randomly fun romp through the sillier bits of this crazy world we all inhabit. Written to take on the impossible task of inspiring creativity, unleashing your inner child, and instilling hope, it will, at the very least, make you smile and touch your heart.

Poetry Where You Live is a state of mind, believing that poetry, like Gods grace, is where you live, not something you have to seek out in some distant place. The beauty of nature, the faith that sustains us, the smile of our daughters, and the love that we share, these are all subjects of my poetry. I have been truly humbled by this gift from God. I have tried to be faithful to the call to write, to share, to spread the good news truly to the ends of the earth. Please visit Poetry Where You Live (www.raymondafoss.blogspot.com), for my 4,000+ poems. I hope these words bring joy, love, peace, and belief to a troubled world. People say that a picture speaks a thousand words. With poetry, I can paint a picture, capture a moment, a smell, a scene in a handful of words. I hope these words paint pictures for you.
