The Litigants

September 11th, 2001 was America's wake up call to terrorism. Unfortunately, we hit the snooze alarm. The next wave of terror attacks won't be nation shaking, cataclysmic events. We're ready for that. Instead, they'll be minor, localized nightmares. Mere pinpricks to our country, but catastrophic to the small towns that find themselves in the crosshairs. Worst of all, there's nothing we can do to stop it from happening – or is there? A gritty novel extrapolated from real world events, this fast-paced, riveting thriller will leave you alarmed, angry, and awestruck at America's unpreparedness for the next wave of terror attacks. Some might refer to it as death by a thousand cuts, but the counterterrorism community calls it Small Ball. Small Ball is an indictment of our woefully wrongheaded security infrastructure and a testament to the resilience, resourcefulness, and integrity of the average American. You'll wonder why it hasn't happened already. Perhaps it's happening right now...

* A guide to the style of Harry Styles, a 21st-century fashion icon* Over 200 pictures of Harry and the pop-idols who have influenced his sartorial taste* The perfect gift for fans and fashionistas*I'm incredibly lucky to have an environment where I feel comfortable being myself" - Harry Styles. Stepping bravely into the cyclone of 21st-century fashions, Harry Styles is more than weathering the storm. Whether he's breaking the internet with his \$7.99 frog-eyed yellow bucket hat or a pair of black fishnets, or fronting cult magazine The Beauty Papers, as he did in March 2021, Hazza's sparkle knows no boundaries. Gucci met Styles in 2014, and there was instant chemistry. According to designer Alessandro Michele, Harry is 'a young Greek God with the attitude of James Dean and a little bit of Mick Jagger' - and that effortless superstardom certainly radiates from the photos in this collection, which document the heart of Harry's wardrobe, both on-stage and off. Part fashion history lesson, pulling references from the rock and roll greats of the past, and part innovation, Harry's style pays homage to Kurt Cobain and Marc Bolan, Prince and Little Richard, while developing into something authentic and entirely his own. This chic book fizzles with facts about Harry's styling choices, presenting the star's most revered looks alongside pictures that trace the roots of each design. With quotes from key designers, this is the perfect gift for any fan.

The Art and Science of Keeping House

Tips & Techniques for Your Home

For Cheryl Mendelson, laundering is the best part of housekeeping. It's full of physical pleasures—the look of favorite clothes restored to freshness and beauty, the tactile satisfaction of crisp linens in beautifully folded stacks. Good laundering preserves things you love and protects your pocketbook. It doesn't take much time or effort. What it takes is knowledge, and Laundry is the comprehensive, entertaining, and inspiring book on the art of laundering. Called from the bestselling Home Comforts, with revised and updated information and a new introduction, Laundry is an indispensable guide to caring for all the cloth in one's home: from kitchen rags to bedding, hand-washables, and baby clothes to vintage linens. Mendelson offers detailed guidance on when to disregard labels, removing stains, making environmentally informed choices, sewing, and storing clothing and fabrics. A much-needed antidote to the standard-issue how-to manual, Laundry celebrates the satisfactions of ironing, folding, and caring for clothes and linens. Both pragmatic and eloquent, Mendelson provides beginning and veteran homemakers with a seamless combination of reliable instruction, time-tested advice, and fascinating personal narrative. As a farm girl in Pennsylvania, Mendelson—who is a philosopher, lawyer, and professor, as well as a homemaker, wife, and mother—received a classic domestic education from her grandmothers, aunts, and mother. Laundry combines the best of the traditional lore they taught her with the latest in technical and scientific information. Writing with infectious love and respect for her subject, Mendelson is sure to instill in readers a newfound affection and appreciation for the art of laundering.
