Golf is unique: it's the only sport in which the Lowest Score Wins. Golfers have been inundated for years with advice and sayings intended to help them shoot lower scores, like "spend 50% of your time practicing your putting" or "you've got to be in the short grass." What if we told you that most of this popular advice was true at all? That these myths are holding you back from reaching your potential and shooting the lowest score possible? That putting might be the least important skill in golf, that driving the ball far is much more important than driving it straight, and that Phil Mickelson might just be the best strategist on the PGA Tour?

Lowest Score Wins is NOT your classic golf book. We show you a new way to shoot lower scores -- immediately. You'll learn to use something called Separation Value to guide your practice and how you can use Shot Zones to help you determine your GamePlan for every shot you play. You'll discover why typical course management strategy fails (hint: it only covers half of the equation). This book is the first of its kind. It is your own personal roadmap to shooting lower scores tomorrow. What are you waiting for?

Ben Hogan made hitting a golf ball look easy, and the results spoke for themselves. But Hogan's "swing system" is as complex as a spider's web; the variables and connections are never-ending. In Ben Hogan's Tips for Weekend Golfers, Hunt presents a selection of simple but valuable tips, based on the legendary golfer's secret to a competitive golf swing. The book is intended for the recreational golfer, not the tournament player who has unlimited time to practice. It distills Hogan's observations concerning the vital components of a golf swing—one at a time—and presents them as simply as possible. Each tip is

illustrated with a series of photographs, which clearly show the proper grip, stance, backswing, and follow-through. The author addresses these important golfing concepts:

- *What powers the takeaway?*
- *When and how do the wrists hinge?*
- *What is your first move down from the top of the backswing?*
- *What is the action of the back knee?*
- *When does the lead knee straighten?*
- *How do you connect the arms to the torso?*
- *How do you maximize power through proper timing in the contact zone?*
- *What are the two benefits of “hovering” the putter and the driver?*
- *How can fifteen minutes a day at your home significantly improve 55 percent of your game?*

In Ben Hogan’s Tips for Weekend Golfers, Ted Hunt makes the intricate Hogan system accessible and presents it in a way that “the Hawk”
