50 mouth-watering “Home-Style” ways to cooking in an Instant Pot as only Indians can ... From Prasenjeet Kumar and Sonali Kumar, the #1 best-selling authors of “Cooking In A Jiffy” series of cookbooks, comes this absolutely Ultimate Indian Instant Pot Cookbook with such exotic spices and taste that you will be left asking for more. There are 9 rice recipes, 5 lentils and legumes recipes, 12 recipes for cooking veggies, 6 fish and seafood recipes, and 14 chicken and mutton recipes. And finally, there are 4 desserts you can make even from lentils and legumes in an Instant Pot. You didn't think of that, did you? With such an amazing compilation of delectable Indian dishes, many of which you can't get in any Indian restaurant for love or for money, this is unlike any other Indian Cookbook you could own. You will, of course, learn to cook with yogurt and coconut milk, mustard and turmeric, curry leaves and garam masala (literally hot spices), but you'd also be able to handle rice, lentils, legumes, and veggies as only Indians can. Why this book? When our path-breaking book Home Style Indian Cooking In A Jiffy was first published in 2013, Instant Pots had not become as popular as they are now. At least to our knowledge. Now even the Indian market is full of them with some especially designed for Indian cooking (with designated buttons for Dal, Idli, or Rajma for example!). So, when we started getting requests from readers for adding directions for using the Instant Pot for those recipes, we had to sit up and listen. And listen hard. That's why, dear reader, we are excited to present to you our 11th cookbook where we have adapted recipes for 50 Indian dishes (some also culled from our ten other cookbooks) for the Instant Pot. This book, therefore, DOES NOT contain directions for traditional methods of cooking Indian food WITHOUT using Instant Pots. So, what are you waiting for? We've all seen them in grocery stores and restaurants: delectably juicy, evenly browned, picture-perfect rotisserie chickens. Do you think they look unattainable, like something that can only be bought in a store and never replicated at home? In truth, it's as easy as can be with a rotisserie oven. A small rotisserie oven that fits right on your kitchen counter will effortlessly transform a humble chicken (and so much more) into a gloriously crispy, moist, and delicious family dinner in about an hour (while you are busy doing other things, or maybe even finding time to relax). The rotisserie is one of the most recent additions to the kitchen-appliance repertoire. What you may not realize is that it's also one of the most versatile and user-friendly. It can cook everything from meat and poultry to vegetable side dishes and desserts; it works without heating up he rest of the kitchen like an over; it's compact enough to occupy only a small amount of valuable counter space; plus, it's easy to clean! In The Ultimate Rotisserie Cookbook, Diane Phillips creatively takes the rotisserie oven well beyond chicken to every kind of food and every course of the meal. Go on, give it a whirl with recipes such as Calypso Jerk Chicken Kabobs, Roasted Garlic Prime Rib Roast, Plum Crazy Pork Chops, or Roasted Salmon with Mustard Chive Butter. Since the rotisserie bastes food in its own juices and allows excess fat to drain away, everything cooks up lighter and healthier than the same food that is cooked in the traditional oven or stovetop manner. For easy, no-fuss hors d'oeuvres or side dishes, try Blue Bayou Stuffed Mushrooms, Sugar Cane Shrimp, No-Fry Pommes Frites, or Pesto-Grilled Eggplant. With an extensive chapter of marinades, sauces, and rubs to spice things up or cool them down (how about Southwestern Fiesta Rib Sauce or Cucumber Mint Salsa?) and one on desserts to sweeten the deal (ever thought of making Rotisserie Caramel Apples or Fire-Roasted Pineapple with Macadamia Caramel Sauce?), your possibilities are limitless. The Ultimate Rotisserie Cookbook is, simply, the be-all and end-all book for the rotisserie oven, with 300 recipes for every possible way you could think of to use this amazing machine.

Dan Toombs (aka The Curry Guy) has perfected the art of replicating British Indian Restaurant (BIR) cooking after travelling around the UK, sampling dishes, learning the curry house kitchen secrets and refining those recipes at home. In other words, Dan makes homemade curries that taste just like a takeaway from your favourite local but in less time and for less money. Dan has learnt through the comments left on his blog and social media feeds that people are terribly let down when they make a chicken korma or a prawn bhuna from other cookbooks and it taste nothing like the dish they experience when they visit a curry house... but they thank him for getting it right. The Curry Guy shows all BIR food lovers around the world how to make their favourite dishes at home. Each of the classic curry sauces are given, including tikka masala, korma, dopiazza, pasanda, madras, dhansak, rogan josh, vindaloo, karai, jalfrezi, bhuna and keema. Popular vegetable and sides dishes are there as accompaniments, aloo gobi, saag aloo and tarka dhal, plus samosas, pakoras, bhaji, and pickles, chutneys and raitas. Of course, no curry is complete without rice or naan. Dan shows you how to cook perfect pilau rice or soft pillowy naan every time.
