Artemidorus' *Oneirocritica* ('The Interpretation of Dreams') is the only dream-book which has been preserved from Graeco-Roman antiquity. Composed around AD 200, it comprises a treatise and manual on dreams, their classification, and the various analytical tools which should be applied to their interpretation, making Artemidorus both one of the earliest documented and arguably the single most important predecessor and precursor of Freud. Artemidorus travelled widely through Greece, Asia, and Italy to collect people's dreams and record their outcomes, in the process casting a vivid light on social mores and religious beliefs in the Severan age: this volume, published as a companion to the new translation of *The Interpretation of Dreams* by Martin Hammond in the Oxford World's Classics series, aims to provide the non-specialist reader with a readable and engaging road-map to this vast and complex text. It offers a detailed analysis of Artemidorus' theory of dreams and the social function of ancient dream-interpretation, while also aiming to foster an understanding of the ways in which Artemidorus might be of interest to the cultural or social historian of the Graeco-Roman world. Alongside chapters on Artemidorus' life, career, and world-view, it also provides valuable insights into his conceptions of the human body, sexuality, the natural world, and the gods; his attitudes towards Rome, the contemporary Greek polis, and the social order; and his knowledge of Greek literature, myth, and history. In addition, its accessible exploration of the differences and similarities between ancient traditions of dream-analysis and modern psychoanalytic approaches will make this volume of interest to anybody with an interest in the history of dreams and dream interpretation.

Concentrating on the dance traditions of the Upper Sacramento Valley and Sierra foothills, LaPena discusses how being an Indian dancer has influenced him physically, spiritually, and socially. His paintings portray ceremonial and sacred elements from all three realms, with fascinating stories infused in every image.

Weaving is a highly accessible craft — over, under is the basic technique — but the stumbling block for many would-be weavers has been the high cost of a commercial loom. The Weaving Explorer removes that barrier, inviting crafters and artists to try out an amazing range of techniques and creative projects that are achievable with a simple homemade loom, or no loom at all! Weavers Deborah Jarchow and Gwen W. Steege take inspiration from the world of folk weaving traditions, adding a contemporary spin by introducing an unexpected range of materials and home dec projects. From sturdy rag fabric grocery bags to freeform wire baskets, delicately woven thread bracelets to colorful woven rugs, crafters will delight in exploring the opportunities to make their own personal variations on these beautiful — and functional — creations.

A Southern family is torn apart by Civil War—and their convictions—in the final American Dreams novel from the author of Dream of Life. Torn by war on both sides, the Davidsons pray for both of their sons to come home safe—even as they struggle to keep their land in the face of financial troubles. When Seth is reported missing and feared dead, the family despairs. But his new love, Cherity Waters, refuses to accept the news passively. She sets out on a dangerous journey through the war-torn South to find Seth—and bring him home safe.

From the author who brought you the award-winning Grey Wolves and Elfin Series, now brings you a new series based on the human legend, the Sandman. The truth of who and what he is lies between these pages and he is so much more than anyone could have ever imagined. "In the evening... [he] blows softly upon their necks, till their heads begin to droop... Under each arm he carries an umbrella; one of them, with pictures on the inside, he spreads over the good children, and then they dream the most beautiful stories the whole night." ~Hans Christian Anderson Since the dawn of time, Brudair, otherwise known as the Sandman to the world, has faithfully lived out his purpose, faithfully performed his duties. He has never questioned his lot among the immortals, until now, until her. Sarah Serenity Tillman, a consummate

beauty both inside and out, is a high school senior five months from her graduation. She has great plans, dreams of leaving the small town of her childhood behind her forever. But destiny has other plans, and it's the Sandman's job to make sure those plans are fulfilled. The tall muscular Sandman, known as Dair to his friends, dressed in black, wrapped in shadows, is more than a myth. And he has a job to do. His very existence makes him a creature of the night, because dreams, (yes the legends got that part right), were indeed his specialty. But his purpose was more than just weaving dreams for sleeping children. No, his dreams were made to influence, made to ensure that certain special individuals, those individuals who would change the course of history, actually accepted their chosen destiny. Little does Serenity know that she is Dair's next assignment. And the dream that he weaves for her, if she follows its influence, will change the course of, not only her life but possibly the whole of history as well. But she isn't the only one being influenced. The beauty inside of her was weighing on the Sandman, lighting up the darkness that was his constant companion. Her light was warmth, it was life, and he didn't understand how he had survived the previous millennia without it. The Sandman was indeed greater than anything humans had ever imagined, and his purpose was vital to the course of history. So what happens when the weaver of dreams gets so distracted by a mere human that he ignores his own duties in the immortal realm? How can an immortal who was never meant to have a mate, join a young woman in her destiny without irrevocably changing the lives of millions and potentially altering history in a way the Creator never intended? "Dream of me, Princess," Dair whispered into her ear. "Then weave me a dream, Sandman," she said softly. "And we can dream together." As her eyes grew heavy, she heard Dair's voice telling her to sleep, to open her mind to him and let him in. "I'm all yours, she thought as sleep finally claimed her. The magical qualities of nature are revealed as a young boy patiently watches a tiny yellow spider make her web out of silken threads.

Part family memoir, part political commentary, part apologia, *Dream State* is all Floridian, telling the grand and sometimes crazy story of the twenty-seventh state through the eyes of one of its native daughters. Acclaimed journalist and NPR commentator Diane Roberts has many family secrets and she's ready to tell them. Like the time her cousin state Senator Luther Tucker wrapped his Caddy around a tree, allegedly with a jug of moonshine on the seat next to him. Or how cousin Susan Branford was given an African girl for her eighth birthday. Or the time when cousin Enid Broward was made the May Queen of 1907, even though her daddy the governor shocked the state by trying to drain the entire Everglades. Roberts' ancestors helped settle Florida, kill off its pesky Indians, enslave some of its inhabitants, clear its forests, lay its train tracks, and pave its roads, all the time weaving themselves into the very fabric of this dangling chad of a state. With a storyteller's talent for setting great scenes, Roberts lays out the sweeping history of eight generations of Browards and Bradfords, Tuckers and Robertses, even as she Forest Gumps them into situations with more historically familiar names. Whether it's the American court of Catherine de Médicis, the Tallahassee court of Katherine Harris, Henry Flagler's boardroom -- not to mention his bedroom -- or Jeb Bush's statehouse, you're likely to find a branch or a root of the Roberts family growing entangled nearby. Starting in the recent past with the botched presidential election of 2000, Roberts introduces the many sides of the debate, coincidentally peopled with cousins both kissing and close. She then goes back to Florida's first inhabitants, showing how this alluring peninsula many called a paradise played a role in the destiny of those who settled there. Following their colorful progress up to the present, she renders them all with a deep, familial affection. Florida has forced itself into the collective American unconscious with its messed-up elections, anthrax scares, shark attacks, boat lifts, snowbirds, and the Bush dynasty. While exposing the real people whom Carl Hiaasen and Elmore Leonard have been fictionalizing for years, *Dream State* ultimately reveals the cogs and wheels that make the state tick.

Author, psychiatrist and scholar, painter, world traveler, and above all visionary dreamer, Carl Jung was one of the great figures of the twentieth century. A comprehensive compilation of his work on dreams, this popular book is without parallel. Skilfully weaving a narrative that encompasses all of his major themes - mysticism, religion, culture and symbolism - Jung brings a wealth of allusion to the collection. He identifies such issues as the filmic quality of some dreams, and the differences between 'personal dreams' - dreams that exist on the individual level - and 'big dreams' - dreams that we all experience, that come from the collective unconscious. *Dreams* provides the perfect introduction to his concepts to those unfamiliar with Jung's work. Perfectly illuminating his user-friendly approach to life, *Dreams* is the ideal addition to any Jung collection.

The Black Jewels Trilogy established Anne Bishop as an author whose "sublime skill...blend[s] the darkly macabre with spine-tingling emotional intensity" (SF Site). Now, the saga continues in this collection that includes four more adventures of Jaenelle and her kindred... Jaenelle is the most powerful Witch ever known, centuries of hopes and dreams made flesh at last. She has forged ties with three of the realm's mightiest Blood warriors: Saetan, the High Lord of Hell, who trains Jaenelle in magic and adopts her as his daughter; Lucivar, the winged Eyrien warlord who becomes her protector; and the near-immortal Daemon, born to be Witch's lover. Jaenelle has assumed her rightful place as Queen of the Darkness and restored order and peace to the realms, but at a terrible cost. Collected here are the beguiling stories about the origin of the mystical Jewels, the forbidden passion between Lucivar and a simple hearth witch, the clash between Saetan and a Priestess, and the choice Jaenelle must make, between her magic and happiness with Daemon...

Winner of the William G. Bowen Prize Named a "Triumph" of 2018 by New York Times Book Critics Shortlisted for the 800-CEO-READ Business Book Award The untold history of the surprising origins of the "gig economy"--how deliberate decisions made by consultants and CEOs in the 50s and 60s upended the stability of the workplace and the lives of millions of working men and women in postwar America. Over the last fifty years,

job security has cratered as the institutions that insulated us from volatility have been swept aside by a fervent belief in the market. Now every working person in America today asks the same question: how secure is my job? In *Temp*, Louis Hyman explains how we got to this precarious position and traces the real origins of the gig economy: it was created not by accident, but by choice through a series of deliberate decisions by consultants and CEOs--long before the digital revolution. Uber is not the cause of insecurity and inequality in our country, and neither is the rest of the gig economy. The answer to our growing problems goes deeper than apps, further back than outsourcing and downsizing, and contests the most essential assumptions we have about how our businesses should work. As we make choices about the future, we need to understand our past.

**A portrait of ten-year-old Angela who is learning the tradition of art weaving from others in her village while also becoming aware of the myths behind the symbols that are used. In this full-length novel from the New York Times Bestselling author of The Christmas Hope series Donna VanLiere has written a beautifully rendered and poignant story about one woman's unlikely path to motherhood and the healing power of love. Tennessee, 1950: Still single and in her early thirties, Ivorie Walker is considered an old maid; a label she takes with good humor and a grain of salt. But when her mother dies, leaving her to live alone in the house she grew up in, to work the farm she was raised to take care of, she finds herself lost in a kind of loneliness she hadn't expected. After years of rebuffing the advances of imperfect, yet eligible bachelors from her small town, Ivorie is without companionship with more love in her heart and time on her hands than she knows what to do with. But her life soon changes when a feral, dirty-faced boy who has been sneaking onto her land to steal from her garden comes into her life. Even though he runs back into the hills as quickly as he arrives, she's determined to find out who he is because something about the young boy haunts her. What would make him desperate enough to steal and eat from her garden? But what she can't imagine is what the boy faces, each day and night, in the filthy lean-to hut miles up in the hills. Who is he? How did he come to live in the hills? Where did he come from? And, more importantly, can she save him? As Ivorie steps out of her comfort zone to uncover the answers, she unleashes a firestorm in the town-a community that would rather let secrets stay that way. This pitch perfect story of redemption and the true meaning of familial love is Donna VanLiere at her very best.**

People love their communities and want them to become safer, healthier, more prosperous places. But the standard approach to public meetings somehow makes everyone miserable. Conversations that should be inspiring can become shouting matches. So what would it look like to facilitate truly meaningful discussions? What if they could be fun? For twenty years, James Rojas and John Kamp have been using art, creative expression, and storytelling to shake up the classic community meeting. In *Dream Play Build*, they share their insights into building common ground and inviting active participation among diverse groups. Their approach, "Place It!," draws on three methods: the interactive model-building workshop, the pop-up, and site exploration using our senses. Blending fact and fiction, this darkly comic fable “may be the purest distillation yet of Mr. Ma’s talent for probing the country’s darkest corners and exposing what he regards as the Communist Party’s moral failings” (Mike Ives, The New York Times). Called “Red Guards meet Kurt Vonnegut . . . powerful!” by Margaret Atwood on Twitter, China Dream is an unflinching satire of totalitarianism. Ma Daode, a corrupt and lecherous party official, is feeling pleased with himself. He has an impressive office, three properties, and multiple mistresses who text him day and night. After decades of loyal service, he has been appointed director of the China Dream Bureau, charged with replacing people's private dreams with President Xi Jinping's great China Dream of national rejuvenation. But just as he is about to present his plan for a mass golden wedding anniversary celebration, his sanity begins to unravel. Suddenly plagued by flashbacks of the Cultural Revolution, Ma Daode's nightmare visions from the past threaten to destroy his dream of a glorious future. Exposing the damage inflicted on a nation's soul when authoritarian regimes, driven by an insatiable hunger for power, seek to erase memory, rewrite history, and falsify the truth, China Dream is a dystopian vision of repression, violence, and state-imposed amnesia that is set not in the future, but in China today.

When the beautiful tapestry woven by a poor woman is stolen by fairies, her three sons set out on a magical journey to retrieve it. A retelling of a traditional Chinese tale.

A world-renowned Pomo basket weaver and medicine woman, Mabel McKay expressed her genius through her celebrated baskets, her Dreams, her cures, and the stories with which she kept her culture alive. She spent her life teaching others how the spirit speaks through the Dream, how the spirit heals, and how the spirit demands to be heard. Greg Sarris weaves together stories from Mabel McKay's life with an account of how he tried, and she resisted, telling her story straight--the white people's way. Sarris, an Indian of mixed-blood heritage, finds his own story in his search for Mabel McKay's. Beautifully narrated, Weaving the Dream initiates the reader into Pomo culture and demonstrates how a woman who worked most of her life in a cannery could become a great healer and an artist whose baskets were collected by the Smithsonian. Hearing Mabel McKay's life story, we see that distinctions between material and spiritual and between mundane and magical disappear. What remains is a timeless way of healing, of making art, and of being in the world. Sarris's new preface, written expressly for this edition, meditates on Mabel McKay's enduring legacy and the continued importance of her teachings.
