This is the true story of a young Cambodian woman who has challenged her country's social and cultural norms throughout her life and as a consequence has become an ambassador for female empowerment. Growing up on an island in the Bassac River, removed from many of the conveniences of modern life and surrounded by traditional customs and thought, Thavry's story is one of inspiration to females around the world. As Cambodia slowly recovers from the great turmoil and destruction of civil war and the Khmer Rouge, rural life largely returned to familiar, century-old ways. For women, this meant marrying young, bearing children and working on the family farm, with little say in anything. But with support from her parents, whose own childhood experiences had been greatly shaped by the four years of Khmer Rouge rule, Thavry was taught to value education as a means of breaking from the confines of the village and to forge her own independent future. In an inspiring book of spiritual, academic and artistic contributions, women celebrate the power of the feminine spirit. Contributors include bestselling author Jean Houston, Jean Shinoda Bolen, Marion Woodman, Isabel Allende, Angeles Arrien, and Nicki Scully.

In this groundbreaking book about how women perceive, are prepared for, and cope with ambition and achievement, psychiatrist Anna Fels examines ambition at the deepest psychological level. Cutting to the core what ambition can provide—the essential elements of a fulfilling life—Fels describes why, for women but not for men, ambition still remains fraught with often painful conflict. Fels draws on case studies, research, interviews and autobiographies of accomplished and celebrated women past and present—writers, artists, architects, politicians, actors—to explore the ways in which women are brought up to avoid recognition and visibility in favor of traditional feminine values and why they often choose to nurture and defer to rather than compete with men. She poses invaluable questions: What is the nature of ambition and how important is it in a woman's life? What are the forces that promote or impede its development? To what extent does ambition go against a woman's very nature? And she challenges currently held theories about the state of mind and the needs of women. Incisive and highly readable, *Necessary Dreams* is a unique exploration of the options and obstacles women face in the pursuit of their goals. It is a book that every woman will want—and need—to read.

Warm, wise, and magical—the latest novel by the bestselling author of *THE LITTLE PARIS BOOKSHOP* and *THE LITTLE FRENCH BISTRO* is an astonishing exploration of the thresholds between life and death. Henri Skinner is a hardened ex-war reporter on the run from his past. On his way to see his son, Sam, for the first time in years, Henri steps into the road without looking and collides with oncoming traffic. He is rushed to a nearby hospital where he floats, comatose, between dreams, reliving the fairytales of his childhood and the secrets that made him run away in the first place. After the accident, Sam—a thirteen-year old synesthete with an IQ of 144 and an appetite for science fiction—waits by his father's bedside every day. There he meets Eddie Tomlin, a woman forced to confront her love for Henri after all these years, and twelve-year old Madelyn Zeidler, a coma patient like Henri and the sole survivor of a traffic accident that killed her family. As these four very different individuals fight—for hope, for patience, for life—they are bound together inextricably, facing the ravages of loss and first love side by side. A revelatory and urgently human story that examines what we consider serious and painful alongside light and whimsy, *THE BOOK OF DREAMS* is a tender meditation on memory, liminality, and empathy, asking with grace and gravitas what we will truly find meaningful in our lives once we are gone.

The Invisible Garment introduces a set of principles that reminds us of the wonder of life, the breathtaking nature of each person's uniqueness, and the incomparable miracle of humanity. When we come to discover our own configuration of principles, we come to realize the beauty of our being. And when we begin to articulate those principles, we can begin to experience that all-embracing energy of love, which is the fabric of the universe living itself through us. And as we begin to wear our own invisible garment, whether impeccably or imperfectly, we contribute to the tapestry of society. It may seem ludicrous in this scientific age to put forth the possibility that human life is influenced and guided by intangible spiritual principles. It is perhaps even more outlandish to suggest concrete ways to discern those principles. And most frivolous is the idea that one uses those principles to design the blueprint for one's life before his or her birth. That is tantamount to saying that each person is a divine co-creator of life. In this revolutionary work, Dr. Kaplan makes all of these unorthodox (although not original) suggestions, including that in other dimensions of consciousness, each of us writes a pre-natal contract with life that we sign and seal at first breath. one's own home with ordinary household items. An annual cycle of celebrations is included, as is advice on how to set up an altar and use simple tools. The author, a practitioner of Wicca (witchcraft), expounds the life-affirming, eco-feminist values of that tradition. Suggestions for rituals and ideas for inventing one's own are given. Poetry and blessings blend in a title which supports celebration of the Goddess image in daily life. These rituals are personal, moving rites which celebrate love and peace, and which act as meditations for considering new rituals, old traditions, and the course of women's lives.

It was a thunderous and stormy summer day in the Northern Rivers of Australia when Grace Harris found herself fighting for her life after a simple medical procedure turned fatal due to an accidental anaesthesia overdose. A successful career woman and single mother of two, Grace travelled the world with her children and enjoyed the privileges that financial security brings. On the outside, her life resembled the quintessential modern household full of excitement and abundance. But on the inside, Grace secretly suffered from high functioning depression and chronic anxiety, stemming from her life in Southern Philippines when at the age of six, she was abandoned by her mother to live amongst relatives, where she grew up sexually, emotionally, and psychologically abused. She suppressed her trauma so deeply in an effort to create a loving life that she had always longed for. In doing so, Grace's suppression of her demons resulted to a vicious cycle of self-sabotage, by attracting abusive relationships that resemble the ones she had grown up in. On that fateful day in 2013, while coughing and spluttering blood on the hospital bed, and as the doctors tried to bring her to life from her

overdue slumber, Grace was faced by her mortality. The realisation that she was so close to death gave her a raw insight on how she had chosen to live her life so far. For the first time, a gripping true story about the repercussions of unaddressed trauma, and the epidemic child abandonment in the Philippines, is written. *Become The Woman of Your Dreams* is a true story of healing from the inside. The decision to win the war, instead of simply fighting the battles, was a pivotal moment in Grace's life. From there, she traced her steps backwards and faced all the pain and suffering that created the woman she was; and then she mapped out a bold pathway to become the woman of her dreams. This book will take you through a journey of healing through unapologetic stories of pain, pleasure, adventures, life and death, and then the ultimate gift of finding inner joy and fearless self-love. Ladies, we all know how hard it can be to catch the eye of a good man. We are always looking for ideas or tips to attract the opposite sex. How to become the woman of his dreams contains just that. Winner of a 2017 NAACP Image Award for Outstanding Literary Work, this moving manifesto "empowers women to access a fearlessness that will enable community progress" (Essence). Through one incredible woman's journey from a small Zimbabwe village to becoming one of the world's most recognizable voices in women's empowerment and education, this book "can help any woman achieve her full potential" (Kirkus Reviews). Before Tererai Trent landed on Oprah's stage as her "favorite guest of all time," she was a woman with a forgotten dream. of three. Tererai encountered a visiting American woman who assured her that anything was possible, reawakening her sacred dream. Tererai planted her dreams deep in the earth and prayed they would grow. They did, and now not only has she earned her PhD but she has also built schools for girls in Zimbabwe, with funding from Oprah. *The Awakened Woman: A Guide for Remembering & Igniting Your Sacred Dreams* is her accessible, intimate, and evocative guide that teaches nine essential lessons to encourage all women to reexamine their dreams and uncover the power hidden within them—power that can recreate our world for the better. Tererai points out that there is a massive, untapped, global resource in women who have, for one reason or another, set aside their wisdom, their skills, and their dreams in order to take care of the personal business of their lives. Not only is this a type of invisible suffering experienced by countless women, this rich resource is a secret weapon for improving our world. Women have the capacity to inspire, to create, to transform—and Tererai's call to action "shines as a beacon of hope to women everywhere" (Danica McKellar, actress and New York Times bestselling author).

The author of *The Woman's Book of Dreams* draws on excerpts from her own dream journal and from those of members of her dream circles to demonstrate how dreams allow us to connect with the creative force of the universe in a kind of collective soul; describes various types of dreams; and explains how to unlock their hidden meaning to transform our lives. 15,000 first printing.

Follow her to the Yucatan, where the medicine wheel leads her, and she is faced with the terrifying reality of the butterfly tree (Jaguar Woman). Enter the Dreamtime with her, where she emerges in medieval England as Catherine, and encounters the Grandmother, who offers to show Andrews how to make her life one of goodness, power, adventure, and love (The Woman of Wyrdd). Not all these stories describe the author's own spiritual experiences. Meet Sin Coraz?n, an initiate into the Sisterhood, whose husband abandons her. She nearly succumbs to her inner dark power and unleashes her rage on men and the Sisterhood (Dark Sister). Andrews also writes about the elder women of the Sisterhood: their loves, their lives, their losses (Tree of Dreams). Andrews shows us how to channel our own spiritual and intellectual energy and balance the need for love with the desire for power (Love and Power). She takes the reader on numerous spiritual journeys that inevitably uplift.
