He Was Searching for a Lost Dog. He Found More Than He'd Ever Hoped For. On Valentine's Day 2019, someone stole Steven Carino's dog, Oliver, from his car. Having lost his mother at thirteen and grown up with an alcoholic father, he could always count on his dogs for comfort and company. But now, with his beloved Oliver missing, Steven felt utterly alone. Then, the miracle. In a series of near-impossible coincidences, people from different walks of life crossed paths with Oliver and with Steven.

Hardworking immigrants, wealthy suburbanites, car mechanics, deli workers, old friends, close relatives, street cops, gang members, a TV news reporter, social media followers around the world, and one very gifted hairdresser all played a part in Steven's desperate journey to find Oliver. In the middle of it all, Steven realized that no one is ever truly alone--and that the power of community can be life-changing. Oliver is not just a book about a stolen dog. At its core, it's a story about kindness, friendship, and the power of faith. As Steven says, "This is more than just a dog story. This is an everybody story. This is a love story."

Lola was a buckshot-riddled stray, lost on a Memphis highway. Cody was rejected from seven different homes. Ace had been sprayed with mace and left for dead on a train track. They were deemed unadoptable. Untrainable. Unsalvageable. These would become the same dogs America relied on when its worst disasters hit. In 1995, Wilma Melville volunteered as a canine search-and-rescue (SAR) handler with her Black Labrador Murphy in the aftermath of the Oklahoma

City bombing. At the time, there were only fifteen FEMA certified SAR dogs in the United States.

Believing in the value of these remarkable animals to help save lives, Wilma knew many more were needed in the event of future major disasters. She made a vow to help 168 dogs receive search-and-rescue training in her lifetime—one for every Oklahoma City victim.

Wilma singlehandedly established the National Disaster Search Dog Foundation (SDF) to meet this challenge. The first canine candidates—Ana, Dusty, and Harley—were a trio of golden retrievers with behavioral problems so severe the dogs were considered irredeemable and unadoptable. But with patience, discipline, and love applied during training, they proved to have the ability, agility, and stamina to graduate as SARs. Paired with a trio of firefighters, they were among the first responders searching the ruins of the World Trade Center following 9/11—setting the standard for the more than 168 of the SDF's search-and-rescue dogs that followed.

Beautiful and heart-wrenching, Hero Dogs is the story of one woman's dream brought to fruition by dedicated volunteers and firefighters—and the bonds they forged with the incredible rescued-turned-rescuer dogs to create one of America's most vital resources in disaster response.

character is a man named Santiago Jim Nunez. He is a Mexican American born in East Los Angeles, CA in 1949. He lived through foster homes since the age of six years old till he was 18 years old. The battle between good and evil showdowns the ultimate test of faith. The battle is constantly fought throughout the entire book. This story is through the eyes of a young, battle weary soldier, adjusting to civilian life. The horrors that came home with Jim were relentless. They also took a toll on his personal relationships and his family. With nowhere to turn for help and the VA's lack to acknowledge veteran issues, Jim turned to the Lord for help. His faith would be tested in the most crucial times of his life. Throughout all the good and bad times,

Jim never lost his faith. It is the biggest reason he conquered his demons and is here to share his story today. His story is one that is not here to glamourize his mistakes. What it is here for is to instill hope and faith in others who feel alone. To help those who have gone through the same pitfalls as he has. Others who feel like they have no place to turn for help. The same way he felt when he came back from Vietnam. It is here to give thanks to the many who helped him with his struggles along the way. It is here to give thanks to the Lord for all his blessings he has endured through life. The great changes he made to make life worth living and fighting for.

Structophis is a heartwarming YA adventure from the author of *The Book of Deacon*, *Bypass Gemini*, and *Free-Wrench*. It is based upon a concept and artwork by ProjectENDO. In a small town in Colorado, Markus Spiros was just getting his life on track. By day he worked as a veterinary tech, by night he took classes. His steady little routine was rolling along nicely when his impulsive Uncle Dimitrios threw a wrench in the works. Thanks to an unannounced trip, Markus had to swing by his uncle's bistro to tend to the 'special oven.' When he arrived, he discovered it wasn't the oven that was special, it was the rare and exotic egg that had been incubating inside it. And now it had hatched. Suddenly, Markus

found his life had become a good deal more complicated. The creature was a Structophis Gastrignae—a strange creature that was equal parts dragon and oven—and she'd become quite a big girl. Large as a refrigerator and curious as a toddler, the creature he'd dubbed Blodgette would have been a handful in any situation. Markus had bigger problems than figuring out how to take care of her, though. Owning such a rare and special beast was illegal, so should the cops learn of it, Markus would be destined for jail. Worse, there were certain unscrupulous people who would do anything to acquire Blodgette. Now, with the help of his old classmate Gale, Markus must scramble to stay two steps ahead of the authorities and a corrupt CEO, all while being the best 'mommy' he can be to his brand-new pizza dragon.

Lone Survivor meets Marley & Me in this “inspiring and very moving” (Bear Grylls, host of the hit TV show Man vs. Wild) memoir of an extraordinary service dog whose enduring love brought a wounded soldier back to life. A decade ago, special forces warrior Jason Morgan parachuted into the Central American jungle on an antinarcotics raid. He’d served with the famous Night Stalkers on countless such missions. This one was different. Months later, he regained consciousness in a U.S. military hospital with no memory of how he’d gotten there. The first words he heard were from his surgeon telling him he would never walk again. The determined soldier responded, “Sir, yes, I will.” After multiple surgeries, unbearable chronic pain, and numerous setbacks, Morgan was finally making progress when his wife left him and their three young sons. He was a single father confined to a wheelchair and tortured by his pain. At this very dark, very low point, Morgan found light: Napal, the black Labrador who would change his life forever. A Dog Called Hope is the incredible story of a service dog who brought a devastated warrior back from the brink and taught him how to be a true father. It is the

story of Napal, who built bridges between his wheelchair-bound battle buddy and the rest of able-bodied humankind. From the author of the beloved novel The Giant's House—finalist for the National Book Award—comes a beautiful new story collection, her first in twenty years. Laced through with the humor, the empathy, and the rare and magical descriptive powers that have led Elizabeth McCracken's fiction to be hailed as "exquisite" (The New York Times Book Review), "funny and heartbreaking" (The Boston Globe), and "a true marvel" (San Francisco Chronicle), these nine vibrant stories navigate the fragile space between love and loneliness. In "Property," selected by Geraldine Brooks for The Best American Short Stories, a young scholar, grieving the sudden death of his wife, decides to refurbish the Maine rental house they were to share together by removing his landlord's possessions. In "Peter Elroy: A Documentary by Ian Casey," the household of a successful filmmaker is visited years later by his famous first subject, whose trust he betrayed. In "The Lost & Found Department of Greater Boston," the manager of a grocery store becomes fixated on the famous case of a missing local woman, and on the fate of the teenage son she left behind. And in the unforgettable title story, a family makes a quixotic decision to flee to Paris for a summer, only to find their lives altered in an unimaginable way by their teenage daughter's risky behavior. In Elizabeth McCracken's universe, heartache is always interwoven with strange, charmed moments of joy—an unexpected conversation with small children, the gift of a parrot with a bad French accent—that remind us of the wonder and mystery of being alive. continued. “He will never be able to do anything for himself.” Forty-seven years later, a yellow Labrador retriever puppy was born in the whelping unit of Guide Dogs for the Blind in San Rafael, California. The puppy’s name was Roselle. On September 11, 2001, she saved Michael’s life. This is Roselle’s story too. —From the Introduction Every moment in Michael Hingson’s and Roselle’s lives seemed to lead up to this day. When one of four hijacked planes flew into the World Trade Center’s north tower on September 11, 2001, Michael Hingson, a district sales manager for a data protection and network security systems company, was sitting down for a meeting. His guide dog, Roselle, was at his feet. Paired for twenty-one months, man and dog spent that time forging a bond of trust, much like police partners who trust their lives to each other. Michael couldn’t see a thing, but he could hear the sounds of shattering glass, falling debris, and terrified people flooding around him and Roselle. However, Roselle sat calmly beside him. In that moment, Michael chose to trust Roselle’s judgment and not to panic. They were a team. Thunder Dog is a story that will forever change your spirit and your perspective. It illuminates Hingson’s lifelong determination to achieve parity in a sighted world and how the rare trust between a man and his guide dog can inspire an unshakable faith in each one of us.
