

Tiger Nel Fango (Italia Storica Ebook Vol 1)

Reprint of the classic World War II memoir German General Kurt "Panzer" Meyer's autobiography is a fascinating insight into the mind of one of Germany's most highly decorated and successful soldiers of World War II. If you love small-unit actions, this is the book for you. Follow Meyer with the 1st SS-Panzer Division "Leibstandarte" and the 12th SS-Panzer Division "Hitlerjugend," from the first day of the war in Poland, through service in France, Russia, and Greece, up until his capture in Normandy in 1944 and his postwar trials and tribulations.

The Atlas of Italian Amphibians and Reptiles presents the distribution, ecology and conservation status of the 37 species of amphibians and the 50 species of reptiles found in Italy. A 10x10 km UTM grid map is supplied for each species, on the basis of more than 70,000 records contributed by 900 collaborators during the Societas Herpetologica Italica survey project, started in 1994. Entries, illustrated with photos, are subdivided into the following headings: taxonomy, general distribution, comments on the distribution map, habitat, altitudinal distribution, annual activity cycle, reproduction and status of the Italian populations. General sections on biogeography, history of herpetology in Italy, paleoherpetology and herpetological fauna of the small Italian islands are also included. Italian and English text.

Autobiography of World War Two Luftwaffe pilot Hans Ulrich Rudel, the most highly decorated German serviceman of WW2. Shot down over 24 times, he destroyed over 500 tanks, 2,000 ground targets, the Russian battleship Marat, two cruisers and a destroyer. His flying record of over 2,500 combat missions remains unmatched by any pilot since.

The photographs in this book were taken by Feldwebel Georg Gundlach on behalf of the 291 Command. Infanterie-Division, to

Get Free Tiger Nel Fango (Italia Storica Ebook Vol 1)

document the war operations in Russia, illustrate the fighting of German Division, and in particular the infantry of Infanterie-Regiment 506, during operation Barbarossa through the Baltic States during the winter 1941-1942 and in the swamp and forest of Volchov, in the Leningrad sector. The photos, often taken in action, depict both the men and the means of the German units employed in these operations, and the extremely harsh living conditions of the civilian population and the Russian soldiers of General Vlassov's 2nd Assault Army inside the Volchov sack, among the unhealthy swamps and inhospitable forests, the scene of bitter fighting. Le fotografie di questo libro, scattate dal Feldwebel Georg Gundlach su incarico del Comando della 291. Infanterie-Division per documentare le operazioni belliche in Russia, illustrano i combattimenti della divisione tedesca, e in particolare della fanteria dell'Infanterie-Regiment 506, durante l'Operazione Barbarossa attraverso i Paesi Baltici nell'inverno 1941-1942 e nelle paludi e nelle foreste del Volchov, nel settore di Leningrad. Le foto, spesso scattate in azione, ritraggono sia gli uomini e i mezzi delle unità tedesche impiegate in queste operazioni, sia le durissime condizioni di vita della popolazione civile e dei soldati russi della 2a Armata d'assalto del generale Vlassov all'interno del sacco di Volchov, tra paludi malsane e foreste inospitali, teatro di aspri combattimenti. The Generals (Wellington and Napoleon 2)

This collection of essays surveys some of the artistic productions by female figures who stood at the forefront

Get Free Tiger Nel Fango (Italia Storica Ebook Vol 1)

of Italian modernity in the fields of literature, photography, and even the theatre, in order to explore how artistic engagement in women informed their views on, and reactions to the challenges of a changing society and a 'disinhibiting' intellectual landscape. However, one other objective takes on a central role in this volume: that of opening a window on the re-definition of the subjectivity of the self that occurred during an intriguing and still not fully studied period of artistic and societal changes. In particular, the present volume aims to define a female Italian Modernism which can be seen as complementary, and not necessarily in opposition, to its male counterpart.

This autobiographical narrative provides an alternative perspective of World War I, recounting the experiences of a Roman schoolboy who volunteered to fight against the Allies after Italy surrendered in 1943. But he is not sent to the front. Instead, with professional soldiers from the Russian front and fanatical fascists, he fights in the civil war that raged in Mussolini's puppet state. He is captured in Milan after the German surrender and is spared execution by his captors, boys of his own age.

The British Army during the Napoleonic Wars experienced a time of rapid change. At the beginning of the French Revolutionary Wars in 1793, the army was a small, awkwardly administered force of barely 40,000 men. By the end of the period, the numbers had vastly increased. At its peak, in 1813, the regular army contained over 250,000 men. The British infantry was "the only military force not to suffer a major reverse at the hands of Napoleonic France."

In Search of a Glorious Death

The Ss-Panzer-Korps on the Attack, July 1943

John Hawkwood

In the summer of 1942, German forces resumed their attack on the Eastern Front, this time concentrating exclusively on the southern sector, with the objective of conquering Stalingrad and the Caucasus. After having been engaged in the recapture of Rostov, the Wiking Division penetrated deeply into the Cuacanus, crossing many rivers that criss-crossed that area, facing thousands of ambushes and thousands of encounters against an enemy that was increasingly battle-tested, tough and impossible to pin down. Throughout this new campaign there lacked, in fact, the sweeping maneuvers of annihilation of the Soviet forces that had characterized the

Get Free Tiger Nel Fango (Italia Storica Ebook Vol 1)

1941 summer campaign. This time, the Soviet commands and soldiers learned to withdraw and regroup their forces in order to launch ferocious counterattacks, adding skill to their courage. Despite everything, the SS troops were able to reach the far-off Asiatic regions, threatening to reach the shores of the Caspian Sea. The terrain conditions, the strong enemy resistance, logistics problems and heavy losses slowed down the ambitions of the SS and of all of the German forces. With the deterioration of the situation on the Stalingrad front, the German forces in the Caucasus were forced to withdraw rapidly to avoid being trapped themselves and it was only due to the stoic stand made by Von Paulus' German forces that enabled them to save themselves, given them time to pull back to the north and return to the positions they had occupied the previous year. The Wiking Division was involved in a terrible winter retreat, characterized by bitter fighting against the enemy and against glacial cold, suffering additional heavy losses, managing to pull the survivors of that terrible adventure across the Mius river. The chronology of events is told through direct testimony of the participants, period war reports and

original documents, all accompanied as always by an exceptional host of images, maps and documents taken from military archives throughout the world and from highly respected private archives, all designed to make treatment of the subject more compelling.

The contents of this new issue: the Totenkopf-Division on the Western Front (May-June 1940), General der Waffen-SS Matthias Kleinheisterkamp, Hitler's Cossacks (part 3), Hans Siegel, Knight's Cross Holder of the 12. SS-Panzer Division, SS-Panzer Grenadier-Division Wiking on the Manytsch Front and the Panzerschreck.

The German Tiger I was the most feared battle tank of the Second World War. Its invincibility lay in its main 8.8cm gun and heavy defensive armour. Tiger Tank gives a rare insight into acquiring, owning and operating one of these awesome fighting machines, using the UK's Tank Museum's Tiger 131 – the only Tiger I in the world that has been restored to full running order. In addition to offering unique insights into maintenance and driving the Tiger, the book includes vivid personal recollections from wartime German

Get Free Tiger Nel Fango (Italia Storica Ebook Vol 1)

tank crewmen and reveals what it was like to operate this 57-ton giant in combat. It was written by a team of experts from the Tank Museum who were closely involved with the strip-down and rebuild of the Tiger I. David Fletcher is a historian, a prolific author and a world expert on tanks. David Willey is a curator, and Mike Hayton is workshop manager. Other members of the writing team include volunteers Darren Hayton and Steven Vase, Mike Gibb of the SdKfz Military Vehicle Foundation and David Schofield, a specialist in forensic science.

deserting the German army, Sven Hassel is sent to a penal regiment on the Russian Front. He and his comrades are regarded as expendable, cannon fodder in the battle against the implacable Red Army.

Outnumbered and outgunned, they fight their way across the frozen steppe... This iconic anti-war novel is a testament to the atrocities suffered by the lone soldier in the fight for survival. Sven Hassel's unflinching narrative is based on his own experiences in the German Army. He began writing his first novel, *LEGION OF THE DAMNED* in a prisoner of war camp at the end of the Second World War.

Finalmente disponibile in ebook le avvincenti memorie di Otto Carius, uno dei più noti comandanti di carri tedeschi, decorato con la Ritterkreuz, e delle sue esperienze di combattimento sul Fronte Russo durante la seconda guerra mondiale con i Panzer e i Tiger, con più di 150 carri armati nemici distrutti. Libro imperdibile per tutti gli appassionati di storia.

Content. The Tiger and King Tiger tanks gained legendary status during World War II. Numerous tank commanders attained phenomenal numbers of kills and accomplished extraordinary feats during combat in these tanks, increasing the legend to near mythic proportions after the war. By the end of the war, the Germans created eleven Army and three Waffen-SS heavy tank battalions. These heavy tank battalions were employed in nearly every part of Europe against almost every enemy of Germany. As vast in breadth and scope as the employment of Tiger battalions themselves, this book provides historical examples and analysis of heavy tank

Get Free Tiger Nel Fango (Italia Storica Ebook Vol 1)

battalions? actions in North Africa, Normandy, Italy, the Ardennes Offensive, and numerous battles on the Eastern Front including Operation Zitadelle/the Battle of Kursk, Operation Bagration, the battle of the Cherkassy Pocket, late war attacks to relieve Budapest, and many other, more minor engagements. Significance. Although a great deal has already been published about Tiger tanks' technical details and some of the units which used them, until now, very little has been written concerning the organization and tactical employment of these tanks throughout the German armed forces and across the theaters in which they were employed. Sledgehammers provides an in-depth look at heavy tank battalions? organizations and tactics, including the tactical doctrine by which these elite units were supposed to fight and how they were actually employed on the battlefield by their commanders and crews. Even given the Tiger's reputation, many readers will be amazed by the fearsome casualties inflicted by the crews of many of these behemoth armored vehicles. It is safe to say that no other armored vehicle of the war wreaked as much havoc among enemy formations as Tigers. Many will, however, also find it equally stunning to learn of the Tigers? many technical and tactical vulnerabilities. Through the systematic use of extremely detailed primary source and other research, Sledgehammers demolishes several major myths about Tigers in World War II. Most readers will be shocked by the actual casualties inflicted by Allied tactical aircraft (far fewer than many think!); the loss rate of Tigers to mechanical failures (always high, and sometimes decisively so); the

widespread use?and consequent high losses?of Tigers in mine clearing operations (even when they were critically needed for other operations); and much more.Meticulously researched and written with the respect for Tiger crews and the insights that only a professional tanker can bring to the subject, Sledgehammers synthesizes information to provide new and definitive perspectives into the strengths and flaws of World War II?s most feared and legendary tanks.

WWII began with a metallic roar as the German Blitzkrieg raced across Europe, spearheaded by the most dreaded weapon of the 20th century: the Panzer. No German tank better represents that thundering power than the infamous Tiger, and Otto Carius was one of the most successful commanders to ever take a Tiger into battle, destroying well over 150 enemy tanks during his incredible career.

This book contains the story of Rommel, the famous German Field Marshal of World War II, commonly known as Desert Fox. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

The campaign of Italy, during the Second World War, saw several combat formations of the German army, from the Wehrmacht to the Luftwaffe, among these there were also departments of the Waffen SS or SS fighters who flanked departments of the SS of the Waffen SS or SS fighters who flanked departments of the SS Polizei and intelligence services Germanic. In the summer of 1943 the Waffen SS in Italy were present only with the Sturmbrigade "Reichsführer", located in the garrison of Corsica. The "Reichsführer" will be the only unit of the Waffen SS to fight in Italy until, at the beginning of 1944,

Get Free Tiger Nel Fango (Italia Storica Ebook Vol 1)

it will be joined by the 29th SS division "Italien", made up of Italian soldiers assisted by German SS officers, to whom added the 24th division SS "Karstjäger", a mountain unit that will find itself involved in the mountains of Yugoslavia and eastern Italy in the guerrilla war against the partisans.

The Reception of the Cities Buried by Vesuvius in Literature, Music, and Drama
Michael Wittmann

The Axis Forces 15

Atlante degli anfibi e dei rettili d'Italia

The Combat C

From #1 New York Times bestselling author Stephen King whose “storytelling transcends genre” (Newsday) comes “another winner: creepy and touching and horrifyingly believable” (The Boston Globe) about a group of kids confronting evil. In the middle of the night, in a house on a quiet street in suburban Minneapolis, intruders silently murder Luke Ellis’s parents and load him into a black SUV. The operation takes less than two minutes. Luke will wake up at The Institute, in a room that looks just like his own, except there’s no window. And outside his door are other doors, behind which are other kids with special talents—telekinesis and telepathy—who got to this place the same way Luke did: Kalisha, Nick, George, Iris, and ten-year-old Avery Dixon. They are all in Front Half. Others, Luke learns, graduated to Back Half, “like the roach motel,” Kalisha says. “You check in, but you don’t check

out.” In this most sinister of institutions, the director, Mrs. Sigsby, and her staff are ruthlessly dedicated to extracting from these children the force of their extranormal gifts. There are no scruples here. If you go along, you get tokens for the vending machines. If you don’t, punishment is brutal. As each new victim disappears to Back Half, Luke becomes more and more desperate to get out and get help. But no one has ever escaped from the Institute. As psychically terrifying as Firestarter, and with the spectacular kid power of It, The Institute is “first-rate entertainment that has something important to say. We all need to listen” (The Washington Post). At the beginning of World War II, Prince Junio Valerio Borghese, dashing Italian nobleman, assembled the famous Decima MAS naval unit-the first modern naval commando squad. Borghese's "frogmen" were trained to fight undercover and underwater with small submarines and assault boats armed with a variety of destructive torpedoes. The covert tactics he and the Decima MAS developed, including the use of midget submarines, secret nighttime operations, and small teams armed with explosives, have become a standard for special forces around the world to this very day. After the Italian capitulation in 1943, Borghese determinedly fought on as a Fascist commando leader. After the war, he became a man of mystery, variously said to be involved with several right-wing conspiracies, abortive coups, and clandestine activity. The Prince's death in 1974 was every bit as mysterious as his life. Greene and Massignani have drawn upon official archives as well as information from Allied and Axis veterans in an unprecedented attempt to separate fact from fantasy

in this detailed examination of Borghese, the Decima MAS, and the Italian naval special forces.

A lavishly illustrated new account of the battle of Kursk.

The military career of Jochen Peiper, one of the most valiant and decorated officers of the Waffen SS, told through the main battles and campaigns, which involved the units under his command, especially the armored Kampfgruppen of the Leibstandarte Adolf Hitler, starting from the fighting on the front Kharkov, between February and March 1943, passing through the fighting for the salient of Kursk, the intervention in Italy, the new campaign on the Ukrainian front between autumn and winter of 1943-44, fighting on the front of Normandy, the counter-offensive in the Ardennes, until the last fighting on the Hungarian front and in Austria. The analysis of the various battles told through the testimonies of the direct protagonists, the war reports of the period, the original documents, without forgetting the involvement in some war crimes, all accompanied as always, by an exceptional iconographic apparatus, maps, documents and images, coming from the military archives all over the world and from the main private collections, to make the discussion of the topics even more compelling and realistic.

The Italian Legacy in the Dominican Republic

Michael Wittmann (Vogelthal, 22 April 1914 - Caen, 8 August 1944) was a famous officer of the Waffen-SS, he is considered one of the most legendary and combative tank commanders of the Second World War. He achieved his tactical masterpiece immediately after the Allied landings in Normandy on 13 June 1944, when in just an hour he destroyed 21 tanks and 28 other armored vehicles of the British 7th Armored Division in the village of Villers-Bocage. Less than a month later, on August 8, during Operation Totalize, Wittmann died along with four other members of his crew, not before achieving the most victories in history for a tank crew, with the destruction of nearly 300 enemy vehicles. For a long time the remains of the mythical commander were not found, giving rise to a legend that lasted until 1983 when the mystery was revealed with the discovery of his remains. Wittmann is still considered a legend in Germany today and is sometimes known as the "Black Baron", a clear reference to the Red Baron Manfred Von Richtofen.

Twenty-eight Poems, lyrics composed by Steve J. Drakos for the albums "Blood To Blood" (2008) and "Industrial Devils" (2020), hits from the 90s, rock singles. With interviews, vinyl and cd covers, historical

photographs. Preface: James Porrazzo, Andreas Nyqvist, Marco E. Malaguti, Susi Medusa Gottardi. Afterword: Francesco Boco.

THE GENERALS is the compelling second novel in Simon Scarrow's bestselling Wellington and Napoleon quartet. A must read for fans of Bernard Cornwell. In the turbulent aftermath of the French Revolution Napoleon Bonaparte stands accused of treachery and corruption. His reputation is saved by his skill in leading his men to victory in Italy and Egypt. But then he must restore order in France and find peace or victory over her enemies: England - and Arthur Wellesley (the future Duke of Wellington). Wellesley is leading a vast army in India, where British interests are under threat. The campaign will result in the creation of the Raj - the jewel in the British Empire's crown. Wellesley returns to England a hardened veteran and more determined than ever to end France's domination of Europe. Both Wellesley and Napoleon intend to win - whatever the cost. Who will ultimately succeed?

This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for

German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, *Achtung Panzer!* argues how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Barbara Spackman here examines the ways in which decadent writers adopted the language of physiological illness and alteration as a figure for psychic

otherness. By means of an ideological and rhetorical analysis of scientific as well as literary texts, she shows how the rhetoric of sickness provided the male decadent writer with an alibi for the occupation and appropriation of the female body.

John Hawkwood was fourteenth-century Italy's most notorious and successful soldier. A man known for cleverness and daring, he was the most feared mercenary in Renaissance Italy. Born in England, Hawkood began his career in France during the Hundred Years' War and crossed into Italy with the famed White Company in 1361. From that time until his death in 1394, Hawkwood fought throughout the peninsula as a captain of armies in times of war and as a commander of marauding bands during times of peace. He achieved international fame, and his acquaintances included such prominent people as Geoffrey Chaucer, Catherine of Siena, Jean Froissart, and Francis Petrarch. City-states constantly tried to outbid each other for his services, for which he received money, land, and in the case of Florence, citizenship -- a most unusual

honor for an Englishman. When Hawkwood died, the Florentines buried him with great ceremony in their cathedral, an honor denied their greatest poet, Dante. His final resting place, however, is disputed. Historian William Caferro's ambitious account of Hawkwood is both a biography and a study of warfare and statecraft. Caferro has mined more than twenty archives in England and Italy, creating an authoritative portrait of Hawkwood as an extraordinary military leader, if not always an admirable human being. Caferro's Hawkwood possessed a talent for dissimulation and craft both on the battlefield and at the negotiating table, and, ironically, managed to gain a reputation for "honesty" while beating his Italian hosts at their own game of duplicity and manipulation. In addition to a thorough account of Hawkwood's life and career, Caferro's study offers a fundamental reassessment of the Italian military situation and of the mercenary system. Hawkwood's career is treated not in isolation but firmly within the context of Italian society, against the backdrop of unfolding crises: famine, plague, popular

unrest, and religious schism. Indeed, Hawkwood's life and career offer a unique vantage point from which we can study the economic, social, and political impacts of war. -- John France

Although there are many works dealing with Pompeii and Herculaneum, none of them try to encompass the entire spectrum of material related to its reception in popular imagination.

Pompeii's Ashes surveys a broad variety of such works, ranging from travelogues between ca. 1740 and 2010 to 250 years of fiction, including stage works, music, and films. The first two chapters provide an in-depth analysis of the excavation history and an overview of the reflections of travelers. The six remaining chapters discuss several clearly-defined genres: historical novels with pagan tendencies, and those with Christians and Jews as protagonists, contemporary adventures, time traveling, mock manuscripts, and works dedicated to Vesuvius. "Pompeii's Ashes" demonstrates how the eternal fascination with the oldest still-running archaeological projects in the world began, developed, and continue until now.
