#1 NEW YORK TIMES BESTSELLER • From the bestselling author and master of narrative nonfiction comes the enthralling story of the sinking of the Lusitania “ Both terrifying and enthralling. ” —Entertainment Weekly “ Thrilling, dramatic and powerful. ” —NPR “ Thoroughly engrossing. ” —George R.R. Martin On May 1, 1915, with WWI entering its tenth month, a luxury ocean liner as richly appointed as an English country house sailed out of New York, bound for Liverpool, carrying a record number of children and infants. The passengers were surprisingly at ease, even though Germany had declared the seas around Britain to be a war zone. For months, German U-boats had brought terror to the North Atlantic. But the Lusitania was one of the era 's great transatlantic “ Greyhounds ” —the fastest liner then in service—and her captain, William Thomas Turner, placed tremendous faith in the gentlemanly strictures of warfare that for a century had kept civilian ships safe from attack. Germany, however, was determined to change the rules of the game, and Walther Schwieger, the captain of Unterseeboot-20, was happy to oblige. Meanwhile, an ultra-secret British intelligence unit tracked Schwieger 's U-boat, but told no one. As U-20 and the Lusitania made their way toward Liverpool, an array of forces both grand and achingly small—hubris, a chance fog, a closely guarded secret, and more—all converged to produce one of the great disasters of history. It is a story that many of us think we know but don 't, and Erik Larson tells it thrillingly, switching between hunter and hunted while painting a larger portrait of America at the height of the Progressive Era. Full of glamour and suspense, Dead Wake brings to life a cast of evocative characters, from famed Boston bookseller Charles Lauriat to pioneering female architect Theodate Pope to President Woodrow Wilson, a man lost to grief, dreading the widening war but also captivated by the prospect of new love. Gripping and important, Dead Wake captures the sheer drama and emotional power of a disaster whose intimate details and true meaning have long been obscured by history. Finalist for the Washington State Book Award • One of the Best Books of the Year. The Washington Post, St. Louis Post-Dispatch, Miami Herald, Library Journal, Kirkus Reviews, LibraryReads, Indigo

With the emergence of the Industrial Revolution in Great Britain came increased riches for the wealthy and desperate poverty for the poor. The Industrial Revolution was, in fact, the creation of mass production of goods previously generated by cottage industries. Large numbers of rural people followed the job route becoming the new urban poor. As a result of many varied reasons hordes of children found themselves living on the streets of the cities. The British Government, in a valiant attempt to help these lost souls, entered into an agreement with the Canadian Government, resulting in large numbers of British children emigrating to Canada in the new world. These were to become known as the British Home Children because they largely started out in a philanthropic home. Some even migrated through other means, as will be seen in the case of John Buchan, a significant character in this novel. The authors determined that the wealth of books presently available did not truly reflect the reality of the situation to which these children were subjected. Through this novel they hope to generate a greater interest in the children who were to play a large part in forming the demographic of an emerging nation. In Ontario alone 1 in 10 are believed to be descendants of these children.

THE "UNSYNKABLE!" MEETS THE UNTHINKABLE -- A gripping account of the ill-fated maiden voyage of the Titanic. It took 4,000 men to build it, 23 tons of animal grease to slide it into the ocean, 100,000 people to wave bon voyage, but only one wrong move to tear the Titanic apart, sinking it into the pages of history. On a cold moonless night in April of 1912, 2,000 passengers--both the uber-rich enjoying a luxury cruise and the dirt-poor hoping to find a new life in America--struggled to survive. Only 700 succeeded. Lifeboats were launched half-full; women were forced to leave their husbands and sons behind; and even those who made it out alive were forever haunted, constantly wondering "why me?!" This is one of the first and most famous books published after the sinking of the Titanic, and contains much material from contemporary newspaper accounts. It was written by Logan Howard-Smith (under the pen name of Logan Marshall), an editor who specialized in the rapid publication of books about current events. For this book, his crowning achievement, the initial print run was for no fewer than 110,000 copies. The publisher achieved this by running 11 presses simultaneously, and the books were then sold door-to-door across America for a dollar apiece.

Although Marshall's own description of the sinking is melodramatic and sensationalistic, the many verbatim interviews with survivors of the disaster have stood the test of time, and are often cited in Titanic literature.
