*Based on Stanford University psychologist Kelly McGonigal's wildly popular course "The Science of Willpower," The Willpower Instinct is the first book to explain the science of self-control and how it can be harnessed to improve our health, happiness, and productivity. Informed by the latest research and combining cutting-edge insights from psychology, economics, neuroscience, and medicine, The Willpower Instinct explains exactly what willpower is, how it works, and why it matters. For example, readers will learn: • Willpower is a mind-body response, not a virtue. It is a biological function that can be improved through mindfulness, exercise, nutrition, and sleep. • Willpower is not an unlimited resource. Too much self-control can actually be bad for your health. • Temptation and stress hijack the brain's systems of self-control, but the brain can be trained for greater willpower • Guilt and shame over your setbacks lead to giving in again, but self-forgiveness and self-compassion boost self-control. • Giving up control is sometimes the only way to gain self-control. • Willpower failures are contagious—you can catch the desire to overspend or overeat from your friends—but you can also catch self-control from the right role models. In the groundbreaking tradition of Getting Things Done, The Willpower Instinct combines life-changing prescriptive advice and complementary exercises to help readers with goals ranging from losing weight to more patient parenting, less procrastination, better health, and greater productivity at work.*

At Canaan's Edge concludes America in the King Years, a three-volume history that will endure as a masterpiece of storytelling on American race, violence, and democracy. Pulitzer Prize-winner and bestselling author Taylor Branch makes clear in this magisterial account of the civil rights movement that Martin Luther King, Jr., earned a place next to James Madison and Abraham Lincoln in the pantheon of American history. In At Canaan's Edge, King and his movement stand at the zenith of America's defining story, one decade into an epic struggle for the promises of democracy. Branch opens with the authorities' violent suppression of a voting-rights march in Alabama on March 7, 1965. The quest to cross Selma's Edmund Pettus Bridge engages the conscience of the world, strains the civil rights coalition, and embroils King in negotiations with all three branches of the U.S. government. The marches from Selma coincide with the first landing of large U.S. combat units in South Vietnam. The escalation of the war severs the cooperation of King and President Lyndon Johnson after a collaboration that culminated in the landmark 1965 Voting Rights Act. After Selma, young pilgrims led by Stokely Carmichael take the movement into adjacent Lowndes County, Alabama, where not a single member of the black majority has tried to vote in the twentieth century. Freedom workers are murdered, but sharecroppers learn to read, dare to vote, and build their own political party. Carmichael leaves in frustration to proclaim his famous black power doctrine, taking the local panther ballot symbol to become an icon of armed rebellion. Also after Selma, King takes nonviolence into Northern urban ghettos. Integrated marches through Chicago expose hatreds and fears no less virulent than the Mississippi Klan's, but King's 1966 settlement with Mayor Richard Daley does not gain the kind of national response that generated victories from Birmingham and Selma. We watch King overrule his advisers to bring all his eloquence into dissent from the Vietnam War. We watch King make an embattled decision to concentrate his next campaign on a positive compact to address poverty. We reach Memphis, the garbage workers' strike, and King's assassination. Parting the Waters provided an unsurpassed portrait of King's rise to greatness, beginning with the 1955 Montgomery bus boycott and ending with the assassination of President John F. Kennedy in 1963. In Pillar of Fire, theologians and college students braved the dangerous Mississippi Freedom Summer of 1964 as Malcolm X raised a militant new voice for racial separatism. The Civil Rights Act of 1964 outlawed segregation by race and mandated equal opportunity for women. From the pinnacle of winning the Nobel Peace Prize, King willed himself back to "the valley" of jail in his daunting Selma campaign. At Canaan's Edge portrays King at the height of his moral power even as his

worldly power is waning. It shows why his fidelity to freedom and nonviolence makes him a defining figure long beyond his brilliant life and violent end.

Each person is given the opportunity to respond to popular culture in a variety of ways. They can condemn, critique, consume or copy. Not only do individuals have this choice, each church has to choose its response to culture as well. What if we were never designed to passively respond to culture, but to create it? God specifically created each person to build a culture that honors Him. We are called to create a culture around us based upon the worship of God. The purpose of this culture is help people engage in worship beyond the corporate worship service. To teach them how to hear and see what God is doing and carry it out in every relationship and situation they encounter. To present something new and more compelling to the world than what they have seen before. This book will help you discover how to create culture by examining Jesus' example and then give you practical application on how to apply it to your life. This book is an invitation to come and discover the path towards creating a culture that acknowledges and worships God.

**"Firewatching and Nighthawking are comparable with the best of Michael Connelly's Bosch books and James Lee Burke's Robicheaux novels, and – naturally – Ian Rankin; but there's an elegiac quality here that reminds me of Kate Atkinson's Jackson Brodie titles and the Dublin Murder Squad series by Tana French."**--AJ Finn, author of *The Woman in the Window* When a nighthawker on the hunt for antiquities instead uncovers the body of a foreign student, Detective Adam Tyler is pulled into a serpentine mystery of dangerous secrets, precious finds, and illegal dealings. You are a trespasser. You are a thief. You are a Nighthawker. Under the dark cover of night, a figure climbs over the wall of the Botanical Garden with a bag and a metal detector. It's a dicey location in the populous city center, but they're on the hunt--and while most of what they find will be worthless, it takes only one big reward to justify the risk. Only this time, the nighthawker unearths a body. . . . Detective Sergeant Adam Tyler and his newly promoted protégé, Detective Constable Amina Rabbani, are officially in charge of Cold Case Reviews. But with shrinking budgets and

manpower in the department, both are shunted onto the murder investigation--and when the victim is identified as a Chinese national from a wealthy family, in the UK on a student visa, the case takes on new urgency to prevent an international incident. As Tyler and Rabbani dig further into the victim's life, it's becomes clear there's more to her studies and relationships than meets the eye, and that the original investigation into her disappearance was shoddy at best. Meanwhile, someone else is watching these events . . . someone who knew the victim, and might hold the key to what happened the night she vanished.

Even the humid weather of Magnolia Blossom couldn't melt the tension that flared between Rachel Peters and Michael Hunter. High school sweethearts ten years before, they were finally face-to-face again, and in place of young love were unanswered questions. Luckily Rachel was only back temporarily, to get to know her younger sister and brother again before she took them off with her. But nurturing her siblings wasn't as easy as she thought it would be, and as she watched Michael tenderly caring for his own son, she knew she needed help. So he agreed to teach her--about family, about God and about the small-town life she'd forgotten. But she was learning much more--she was learning about how leaving again might not be the answer.

"The best way I can describe the Four Corners neighborhood of Chicago is find a length of rebar, scratch a big cross into the concrete, set your feet solid in the quadrant you like best, lean back, and start shooting." Officer Bobby Vargas is hard-edged but idealistic, a Chicago cop who stands at the epicenter of a subterranean plot that will have horrific ramifications for both himself and the entire city. Twenty-five years earlier, a gruesome murder rocked the unforgiving streets of Four Corners. Now, suddenly, a dying Chicago paper is running a serial

exposé on new evidence in that old case, threatening to implicate Bobby and his older brother, Ruben—a decorated, high-ranking detective and cop-prince of the streets. The smear campaign stirs up decades-old bad blood, leading the Vargas brothers down an increasingly twisted and terrifying path, where the sins of the past threaten to destroy what remains of the truth. As readers and critics discovered in his first novel, *Calumet City*, Charlie Newton's Chicago is a landscape as brutal and poignant as any in modern crime fiction—a multi-faceted, shockingly violent labyrinth of gangland politics, political backstabbing, corporate malfeasance, and, possibly, hope. *Start Shooting* is a riveting read.

In dreams and out of them, this brutally frank confrontation with the work of parenting (parenting both one's self and one's children) talks back to those who would reduce mothering to a series of quaint conditionals. Talks back in a timbre that is memorable for its mettle, in a voice that is at once hypnotic and homespun, in craft that spars with a sly bravura, and in lines that joust with disquieting fondness.-- Tom Daley, author of *House You Cannot Reach: Poems in the Voice of My Mother and Other Poem*

It is 1860, and Emerson Sharp has grown from a boy into a handsome man. Ever since he can remember, his father has governed every aspect of his life. When his father proclaims he will wed a neighbors plain daughter, Emerson rebels, has a fling with a local girl, and flees his Indiana farm to escape her angry brothers. When the brothers finally catch him, Emerson barely survives the deadly encounter. As he is led down a new path, Emerson partners with notorious gambler Weakes Daley. After their travels land them in the middle of the Civil War, Weakes is killed in a poker game shoot-out, leading Emerson to befriend a Quantrill guerilla fighter and participate in a stagecoach holdup that eventually makes him a wanted man. After he changes his name to Tom Thackery, Emerson meets a woman he hopes will change everything for the better. But as the end of 1863 approaches, Emerson is brought full circle to a time when he had nothing but a gun, a horse, and a dream to head west. Now he must determine if salvation lies in that direction again. *Guerilla Bride* shares the tale of a young mans journey from an Indiana farm into the midst of the Civil War where it seems everyone is intent on killing him.

"Quite extraordinary."—Toni Morrison In this lyrical, unsentimental, and

compelling memoir, the son of a black African father and a white American mother searches for a workable meaning to his life as a black American. It begins in New York, where Barack Obama learns that his father—a figure he knows more as a myth than as a man—has been killed in a car accident. This sudden death inspires an emotional odyssey—first to a small town in Kansas, from which he retraces the migration of his mother's family to Hawaii, and then to Kenya, where he meets the African side of his family, confronts the bitter truth of his father's life, and at last reconciles his divided inheritance. Praise for *Dreams from My Father* "Beautifully crafted . . . moving and candid . . . This book belongs on the shelf beside works like James McBride's *The Color of Water* and Gregory Howard Williams's *Life on the Color Line* as a tale of living astride America's racial categories."—Scott Turow "Provocative . . . Persuasively describes the phenomenon of belonging to two different worlds, and thus belonging to neither."—*The New York Times Book Review* "Obama's writing is incisive yet forgiving. This is a book worth savoring."—Alex Kotlowitz, author of *There Are No Children Here* "One of the most powerful books of self-discovery I've ever read, all the more so for its illuminating insights into the problems not only of race, class, and color, but of culture and ethnicity. It is also beautifully written, skillfully layered, and paced like a good novel."—Charlayne Hunter-Gault, author of *In My Place* "Dreams from My Father is an exquisite, sensitive study of this wonderful young author's journey into adulthood, his search for community and his place in it, his quest for an understanding of his roots, and his discovery of the poetry of human life. Perceptive and wise, this book will tell you something about yourself whether you are black or white."—Marian Wright Edelman

Confessions abound—some of them quite unexpected—in Sheldon Siegel's new legal thriller. Mike Daley doesn't go to confession much since he left the priesthood twenty years ago and became a lawyer, but that doesn't stop his old friend, Father Ramon Aguirre, from trying to get him there. "It wouldn't kill you to go to church once in a while," he tells Mike. But it does kill someone. For several months, a ruinous sexual harassment suit has been building against the San Francisco Catholic Archdiocese, and when the plaintiff's lawyer is found dead, an apparent suicide, an almost audible sigh of relief is heard in certain quarters. But that is before the police find evidence of murder. Even worse—the evidence points to Father Aguirre. Mike and his ex-wife law partner, Rosie, jump in to take the priest's case, but what started out as difficult soon appears impossible as forensics, witnesses, and secrets from Father Aguirre's past all incriminate their client. Soon, their wits are the only things keeping the priest from a life sentence or worse, and wits simply may not be enough—unless they can conjure up a miracle of their own.

Provides a social history of how the CIA used the psychedelic drug LSD as a tool of espionage during the early 1950s and tested it on U.S. citizens before it spread into popular culture, in particular the counterculture as represented by Timothy Leary, Allen Ginsberg, Ken Kesey, and others who helped spawn political and social upheaval.

What is Jewish cooking in France? In a journey that was a labor of love, Joan Nathan traveled the country to discover the answer and, along the way, unearthed a treasure trove of recipes and the often moving stories behind them. Nathan takes us into kitchens in Paris, Alsace, and the Loire Valley; she visits the bustling Belleville market in Little Tunis in Paris; she breaks bread with Jewish families around the observation of the Sabbath and the celebration of special holidays. All across France, she finds that Jewish cooking is more alive than ever: traditional dishes honored, yet have acquired a certain French finesse. And completing the circle of influences: following Algerian independence, there has been a huge wave of Jewish immigrants from North Africa, whose stuffed brik and couscous, eggplant dishes and tagines—as well as their hot flavors and Sephardic elegance—have infiltrated contemporary French cooking. All that Joan Nathan has tasted and absorbed is here in this extraordinary book, rich in a history that dates back 2,000 years and alive with the personal stories of Jewish people in France today.

*A born storyteller, Troy Cassar-Daley has at last turned his talent to sharing his own inspiring life. `Troy's achievements are many, and perhaps the finest may be his ability to make us listen to his heart.? Joy McKean For the first time, Troy talks about his early life - how his parent's divorce changed things for him, about missing his Dad and growing up in Grafton surrounded by the warmth and love of his mother, Irene, his Nan and Pop and his extended Indigenous family. A larrikin at heart, Troy includes all the highs and lows on his path to stardom: the thrill of performing on stage at the Tamworth Music Festival with Jimmy Little when he was just 15; the excitement of heading off on tour with Brian Young and then discovering just how lonely life on the road could be; his first record deal; playing with the greats ? Johnny Cash, Willie Nelson, Merle Haggard and Slim Dusty; his first album Beyond the Dancing, which blended his indigenous heritage with his rural background; meeting the woman who would steal his heart; recording in Nashville; and, finally, releasing True Believer, the album that really launched his career. The multiple Golden Guitar, APRA, ARIA and Deadlys winner also lets us in on some of the life lessons he learned the hard way, lessons that kept this prodigiously talented Aussie on the straight and narrow (most of the time). Things I Carry Around, is the warm, genuine, and inspiring story of a young indigenous Australian who had a dream and turned that dream into reality. `Troy's a true gentleman, warm and genuine, always a pleasure to be around. He sings straight from his heart and straight from the heart of his country.? Paul Kelly*
