From an exciting new master of fantasy comes the second novel of an epic tale filled with dangerous magic, dark mystery, and unrelenting suspense. The Keep Of Fire Travis Wilder has returned from the otherworld of Eldh, hoping to settle back into his humdrum life in the mountains of contemporary Colorado. But he soon finds himself stalked by two shadowy organizations, each aware of his incredible journey and each determined to exploit it--whatever the cost to Travis...or to Eldh. Meanwhile, a terrifying new contagion is spreading like wildfire, a disease with no cure, which some are comparing to the Black Plague. When the disease strikes his closest friend, Travis is drawn back to Eldh, where the same epidemic, known as the Burning Plague, is wreaking another kind of havoc. There, in a realm of gods and monsters, myths and runecraft, Travis and his former companion Grace Beckett--herself from Earth, but now living on Eldh--must solve the riddle of the plague. Where did it come from? What is its purpose? And how can it possibly be stopped...before it completely destroys two coexisting worlds: ancient Eldh and modern Earth.

If you're looking for the kind of story about a naïve virgin who doesn't like alcohol, scrunches her nose at cigarettes, or doesn't believe vampires exist...this isn't the story for you. Oh, vampires? I know they exist because I had the displeasure of meeting some when I was a kid. Don't worry, they're all dead. I'm not a kid anymore. I'm a red-blooded woman with a "glamorous" bartending job at a place called After Midnight, and I thought fangers were but a distant memory. Until he walked in. Tall, pale, and far too handsome for his own undead good. Between the insults tossed back and forth, caught gazes and fleeting touches that made my skin electrify as much as it made it crawl...he came with a warning. An unwanted visitor was on its way to town, and my name had been whispered in passing. With a name like Freya, it was hard to forget. This time around I have friends to help me keep the arrogant vampire at arm's length...or at least neck's

length. Not to mention any other creepy crawlies who emerge from the night. I may be nocturnal, but I'll be damned if I ever let the night claim me. IRRESISTIBLE DEMISE is the first in the After Midnight series. If you're a fan paranormal romance, urban fantasy, the enemies to lovers trope, and/or a bit of mythology/magic, this is a new series for you!

16-year-old Clary Fray is an ordinary teenager, who likes hanging out in Brooklyn with her friends. But everything changes the night she witnesses a murder, committed by a group of teens armed with medieval weaponry.

A Nature Book of the Year (The Times (UK)) "The hoverflies are only props. No, not only, but to some extent. Here and there, my story is about something else." A mesmerizing memoir of extraordinary brilliance by an entomologist, The Fly Trap chronicles Fredrik Sjöberg's life collecting hoverflies on a remote island in Sweden. Warm and humorous, self-deprecating and contemplative, and a major best seller in its native country, The Fly Trap is a meditation on the unexpected beauty of small things and an exploration of the history of entomology itself. What drives the obsessive curiosity of collectors to catalog their finds? What is the importance of the hoverfly? As confounded by his unusual vocation as anyone, Sjöberg reflects on a range of ideas—the passage of time, art, lost loves—drawing on

sources as disparate as D. H. Lawrence and the fascinating and nearly forgotten naturalist René Edmond Malaise. From the wilderness of Kamchatka to the loneliness of the Swedish isle he calls home, Sjöberg revels in the wonder of the natural world and leaves behind a trail of memorable images and stories.

Dreading the one night per tide he's forced to travel between the realms, Draigen Eric Locke has only one desire on Samhain-to retrieve the fae transporting daemon relics through the realms and escort her to the Dark Court to face the sidhe king. When he mistakenly recovers the wrong fae, the dragon under his skin responds in a way he never could have predicted, and he discovers he's found the woman destined to him by the Fates-his Chosen. Runa Charon is an anomaly among her kind, the mortal offspring of a human and a fae. Unlike other sidhe, she longs to experience pleasure instead of pain, love instead of lust. Immortally strong but mortally fragile, she's been sheltered all of her life. When she's taken captive by a Draigen who plans to return her to the Otherworld for crimes she didn't commit, she attempts to fight him off only to discover her destiny has been changed forever. Draigen mate for life, choosing to follow the path of their beloved mate in this reality or the next. Knowing a future with his Chosen can only span one lifetime, Eric defies the Fates and claims Runa as his own. He'll do whatever it takes to possess her, protect her and keep her by his side.
