During one month in the autumn of election year 2000, scores of movie-business strivers are focused on one goal: getting a piece of an elusive, but surely huge, television saga, the one that opens with Huns sweeping through Mongolia and closes with a Mormon diviner in the Las Vegas desert; the sure-to-please-everyone multigenerational TV miniseries about diviners, those miracle workers who bring water to perpetually thirsty (and hungry and love-starved) humankind. Among the wannabes: Vanessa Meandro, hot-tempered head of Means of Production, an indie film company; her harried and varied staff; a Sikh cab driver, promoted to the office of -theory and practice of TV; a bipolar bicycle messenger, who makes a fateful mis-delivery; two celebrity publicists, the Vanderbilt girls; a thriller writer who gives Botox parties; the daughter of an L.A. big-shot, who is hired to fetch Vanessa's Krispy Kremes and more; a word man who coined the phrase -- inspired by a true story; and a supreme court justice who wants to write the script. A few true artists surface in the course of Moody's rollicking but intricately woven novel, and real emotion eventually blossoms for most of Vanessa's staff at Means of Production, even herself. *The Diviners* is a cautionary tale about pointless ambition; a richly detailed look at the interlocking worlds of money, politics, addiction, sex, work, and family in modern America; and a masterpiece of comedy that will bring Rick Moody to a still higher level of appreciation.

Evie Walman is not obsessed with death. She does think about it a lot, though, but only because her family runs a Jewish funeral home. At twelve, Evie already knows she's going to be a funeral director when she grows up. So what if the kids at school call her "corpse girl" and say she smells like death? They're just mean and don't get how important it is to have someone take care of things when your world is falling apart. Evie loves dusting caskets, polishing pews, and vacuuming the chapel—and on funeral days, she dresses up and hands out tissues and offers her condolences to mourners. She doesn't normally help her parents with the grieving families directly, until one day when they ask her to help with Oren, a boy who was in a horrific car accident that killed both his parents. Oren refuses to speak and Evie, who is nursing her own private grief, is determined to find a way to help him deal with his loss. Praise for previous books by Joanne Levy: "Levy's narrative is spot on." Booklist review for *The Sun Will Come Out* "The story gives voice to the experience of Jewish preteens; chronic illness and disability are also sensitively tackled in this complex tale about difference, acceptance, and self-confidence. A heartfelt tear-jerker about love, friendship, and courage." Kirkus Reviews review for *The Sun Will Come Out* "Uplifting, gentle...Exudes inter-generational warmth, family love, and

friendship. Association of Jewish Libraries review for Fish Out of Water "Though brief, this text masterfully connects the toxic masculinity to its roots in deep misogyny, making Fish a hero people of all genders can stand up and cheer for. All readers will appreciate this book's nuanced messaging around gender roles and trusting yourself." Kirkus Reviews, review for Fish Out of Water

the Australian outback, where the grief and guilt surrounding an unsolved disappearance haunt a small farming community...and will ultimately lead to a reckoning. The tiny out town of Nannine lies in the harsh red interior of Australia. Once a thriving center of stockyards and sheep stations, years of punishing drought have petrified the land and Nannine has been whittled down to no more than a stoplight, a couple bars, and a police station. And it has another, more sinister claim to fame: the still-unsolved disappearance of young Evelyn McCreery nineteen years ago. Mina McCreery's life has been defined by the intense public interest in her sister's case—which is still a hot topic in true-crime channels and on social media. Now an anxious and reclusive adult, Mina lives alone on her family's sunbaked destocked sheep farm. Enter Lane Holland, a young private investigator who dropped out of the police academy to earn a living cracking cold cases. Before she dies, Mina's mother funded a million-dollar reward for anyone who could explain how Evelyn vanished from her bed in the family's farmhouse. The lure of cash has only increased Mina's obsession with Evelyn and Mina—but yielded no answers. Lane wins Mina's trust when some of his more unconventional methods show promise. But Lane also has darker motivations, and his obsession with the search will ultimately risk both their lives—and yield shocking results. Compulsively readable, with an unforgettable setting and cast of characters, *Traces of Guilt* is a powerful, unsparing story of how trauma ripples outward when people's private tragedies become public property, and how it's never too late for the truth to come out.

Three Romantic Suspense Novellas

Threads of Suspicion

Roaming Wild

This historical novel, literary and engaging, examines a close-knit community of Amish pioneers over several decades (right up to the eve of the American Civil War). Employing eight different voices, Miller unpeels the cohesions and tensions as settlers move west while others stay behind. Beneath the surface but never quite forgotten is the unsolved murder of an Amish baby (based on a true incident). This is a story of judgment and misplaced responsibility, of attempts at love and forgiveness, and finally of grace despite unspeakable loss. It is told lyrically from within this often-idealized but sometimes scarred human community. An unforgettable story. Skyhorse Publishing, as well as our Arcade, Yucca, and Good Books imprints, are proud to publish a broad range of books for readers interested in fiction—novels, novellas, political and medical thrillers, comedy, satire, historical fiction, romance, erotic and love stories, mystery, classic literature, folklore and mythology, literary classics including Shakespeare, Dumas, Wilde, Cather, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Former casino lounge singer/variety act Evie Parish has moved up in the world, joining Chameleon, an organization that exposes fraud using reformed crooks to catch current ones. Her last assignment landed her in the arms of the delicious bad boy Arch Duval who taught her how to spot a grift and how to get over a lousy ex by having a superheated fling. Now it's time to take to heart what she's learned. When Evie's mother falls for a sweetheart scam, Evie rushes to the rescue (undercover, of course), accompanied by Milo Beckett, her sexy new boss at Chameleon. Closely pursuing is Arch, who's decided Evie may not be a passing fancy after all. It's hard to concentrate on the case with these two macho males squaring off, but Evie's up to the challenge. What should have been a fun-filled, carefree day takes a tragic turn for the worse for one mother when her best friend's child goes missing in this "seriously page-turning" (Lisa Jewell, New York Times bestselling author), suspenseful, and darkly twisted psychological thriller that is perfect for fans of Christina McDonald and Liz Nugent. Charlotte was supposed to be looking after the children, and she swears she was. But while her three kids are all safe and sound at the school fair, Alice, her best friend Harriet's daughter, is nowhere to be found. Frantically searching everywhere, Charlotte knows she must find the courage to tell Harriet that her beloved only child is missing—and admit that she's solely to blame. Harriet, devastated by this unbearable loss, can no longer bring herself to speak to Charlotte again, much less trust her. Struggling to keep her marriage afloat, Harriet is more isolated than ever. But as the police bear down on both women, trying to piece together the puzzle of what happened to this little girl, dark secrets begin to surface—and Harriet discovers that trusting Charlotte again may be the only thing that will reunite her with her daughter... "A chilling, captivating story of friendship, motherhood, and deceit" (Megan Miranda, New York Times bestselling author), *Her One Mistake* will keep you guessing until the very last page.

Instant New York Times Bestseller Longlisted for Andrew Carnegie Medal for Excellence 2020 New England Society Book Award Winner for Fiction "The Guest Book is monumental in a way that few novels dare attempt." —The Washington Post The thought-provoking new novel by New York Times bestselling author Sarah Blake

An exquisitely written, poignant family saga that illuminates the great divide, the gulf that separates the rich and poor, black and white, Protestant and Jew. Spanning three generations, *The Guest Book* deftly examines the life and legacy of one unforgettable family as they navigate the evolving social and political landscape from Crockett's Island, their family retreat off the coast of Maine. Blake masterfully lays bare the memories and mistakes each generation makes while coming to terms with what it means to inherit the past.

But commanding the ballistic missile submarine USS Nevada, keeping her crew trained and alert during ninety-day submerged patrols, and being prepared to launch weapons on valid presidential orders, carries a burden of command like few other jobs in the military. Mark Bishop is a man who accepts that responsibility, and handles it well. And at a time when tensions are escalating around the Pacific Rim, the Navy is glad to have him. Mark wants someone to come home to after sea patrols. The woman he has in mind is young, with a lovely smile, and very smart. She's a civilian, yet she understands the U.S. Navy culture. And he has a strong sense

that life with her would never be boring. But she may be too deep in her work to see the potential in a relationship with him. Gina Gray would love to be married. She has always envisioned her life that way. A breakup she didn't see coming, though, has her focusing all her attention on what she does best--ocean science research. She's on the cusp of a major breakthrough, and she needs Mark Bishop's perspective and help. Because what she told the Navy she's figured out is only the beginning. If she's right, submarine warfare is about to enter a new and dangerous chapter.

Six years later, still unidentified, she is living in a secure children's home with a new name, Evie Cormac. When she initiates a court case demanding the right to be released as an adult, forensic psychologist Cyrus Haven must determine if Evie is ready to go free. But she is unlike anyone he's ever met—fascinating and dangerous in equal measure. Evie knows when someone is lying, and no one around her is telling the truth. Meanwhile, Cyrus is called in to investigate the shocking murder of a high school figure-skating champion, Jodie Sheehan, who died on a lonely footpath close to her home. Pretty and popular, Jodie is portrayed by everyone as the ultimate girl-next-door, but as Cyrus peels back the layers, a secret life emerges—one that Evie Cormac, the girl with no past, knows something about. A man haunted by his own tragic history, Cyrus is caught between the two cases—one girl who needs saving and another who needs justice. What price will he pay for the truth? Emotionally explosive, swiftly paced, and "haunting...Robotham expertly raises the tension as the action hurtles toward the devastating climax" (Publishers Weekly, starred review).
